

## ASTHMA REMEDIATION REFERRAL FORM

Environmental asthma trigger remediations are physical modifications to a home environment that are necessary to ensure the health, welfare and safety of the individual or enable the individual to function in the home and without which acute asthma episodes could result in the need for emergency services and hospitalization. The services are available in a home that is owned, rented, leased or occupied by the member or their caregiver. For more information, review the [Asthma Remediation Authorization Guide](#).

Complete and submit this referral form with the *Medi-Cal – Prior Authorization Request Form – Outpatient* either online (recommended) at [provider.healthnetcalifornia.com](http://provider.healthnetcalifornia.com) or by fax at **800-743-1655**.
