CHOICE AND FLEXIBILITY – THE BEST OF BOTH WORLDS

Our EOA plans combine HMO predictability with set copayments, plus the freedom to visit our PPO Network physicians or specialists without referrals for certain professional services. Available in copayment and coinsurance plan designs, your clients can choose the one that's right for their business and budget. Employees choose between two tiers of benefits – HMO or PPO – whenever they need services in a doctor's office.

Our EOA plans are available in our popular **Enhanced Choice** portfolio and other standard plan options.

Product offering

EOA and EOA ExcelCare Network plans are a good choice for people who want:

- ✓ **Predictable costs** with fixed copayments for most services.
- ✓ **The convenience** of having their primary care physician coordinate their services.
- ✓ **No claim form filing** (except for out-of-network emergency care).
- ✓ **Self-referral flexibility** to PPO specialists¹ statewide and are willing to pay a higher copayment or coinsurance for it:
 - HMO (tier 1) – member's primary care physician (PCP) coordinates most care. If a member needs specialist care, surgery or hospital services, the PCP will make arrangements with his or her participating physician group.
 - PPO (tier 2) – members have the option to self-refer to statewide PPO specialists for exams and evaluations.
