Affordable choices for your clients!

Our deductible plans offer pricing options that can meet the varied needs of your employer groups – which can translate into more sales for you. And remember the great added value for employees:

- All preventive care services are covered at \$0 copay.
- All plan designs include telehealth at \$0 copay.
- Members who complete their RealAge Test and share the results with their primary care physician will receive a \$100 wellness reward.

Note: The deductible is shared across all of the specified benefits and applies to the member's annual out-of-pocket maximum. The deductible is waived for regular primary care physician (PCP) office visits.

To achieve cost reductions, these plans employ a calendar-year deductible that applies to facility-based services:
