This Salud Con Health Net Plan is specifically designed for Groups located in the Health Net Salud Service Area. Please refer to the "Health Net Salud Service Area" section at the end of the EOC for more information on the approved areas of California and Mexico where this Salud Con Health Net Plan is available.

In order to enroll in this Plan, the Subscriber must:

- Meet the eligibility requirements of his or her Group;
- Live in California; and
- Live or work in the Health Net Salud Service Area.

How to Obtain Care

- **If you live in California:**

You may receive covered services in either California (from your Salud Network Provider) or in Mexico (from a SIMNSA Provider). When you enroll in this Plan, you must select a Salud Network Physician Group where you want to receive all of your medical care in California. That Physician Group will provide or authorize all medical care received in California. Call your Physician Group directly to make an appointment. For contact information on your Physician Group, please call the Customer Contact Center at the telephone number on your Health Net ID card. In Mexico you may go to any contracting Physician Group in the SIMNSA Network and are not required to select a particular SIMNSA Physician Group for covered services.

In addition, CVS MinuteClinic licensed practitioners are available to provide you with treatment of common illnesses, vaccinations and other health services inside CVS/pharmacy stores. However, Specialist referrals following care from CVS MinuteClinic must be obtained through the contracting Physician Group. Members traveling in another state which has a CVS Pharmacy with a MinuteClinic can access MinuteClinic covered services under this Plan at that MinuteClinic under the terms of this *Evidence of Coverage*.

- **If you live in Mexico (Family Members):**

You must receive covered services from a SIMNSA Provider, except in the case of Emergency Care or Urgently Needed Care.

The following chart will help you understand how to obtain care.

Please refer to the "Specialists and Referral Care" and "Emergency and Urgently Needed Care" provisions of this section for more details on referrals and how to obtain Emergency Care.

Please see the "Schedule of Benefits and Copayments" section for covered services.

Please call Health Net's Customer Contact Center or SIMNSA if you need a Provider Directory or if you have questions involving reasonable access to care. SIMNSA Members may contact SIMNSA at (011-52-664) 683-29-02 or 683-30-05 or 1-619-407-4082.

Some Hospitals and other providers do not provide one or more of the following services that may be covered under your *Evidence of Coverage* and that you or your Family Member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; Infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association or clinic or call Health Net's Customer Contact Center at 1-800-522-0088 to ensure that you can obtain the Health Care Services that you need.

Health Net Salud Service Area

The Health Net Salud Service Area encompasses certain regions in Southern California and Mexico (Baja California within fifty miles of the California – Mexico Border).

Please refer to the "Health Net Salud Plan Service Area" section at the end of the EOC for more information on the approved areas of California and Mexico where this Salud Con Health Net Plan is available.

Transition of Care for New Enrollees

You may request continued care from a provider, including a Hospital that does not contract with Health Net or SIMNSA if, at the time of enrollment with Health Net, you were receiving care from such a provider for any of the following conditions:

- An Acute Condition;
- A Serious Chronic Condition not to exceed twelve months from the your Effective Date of coverage under this Plan;
- A pregnancy (including the duration of the pregnancy and immediate postpartum care);
- Maternal mental health, not to exceed 12 months from the diagnosis or from the end of pregnancy, whichever occurs later;
- A newborn up to 36 months of age not to exceed twelve months from your Effective Date of coverage under this Plan;
- A Terminal Illness (for the duration of the Terminal Illness); or
- A surgery or other procedure that has been authorized by the Member's prior health Plan as part of a documented course of treatment.

For definitions of Acute Condition, Serious Chronic Condition and Terminal Illness see the "Definitions" section.

Health Net may provide coverage for completion of services from such a provider, subject to applicable Copayments and any exclusions and limitations of this Plan. You must request the coverage within 60 days of your Group's Effective Date unless you can show that it was not reasonably possible to make the request within 60 days of your Group's Effective Date and you make the request as soon as reasonably possible. The non-Participating Provider must be willing to accept the same contract terms applicable to providers currently contracted with Health Net, who are not capitated and who practice in the same or

similar geographic region. If the provider does not accept such terms, Health Net is not obligated to provide coverage with that provider.

To request continued care, you will need to complete a Continuity of Care Request Form. If you would like more information on how to request continued care, or request a copy of the Continuity of Care Request Form or of our continuity of care policy, please contact the Customer Contact Center at the telephone number on your Health Net ID card.

Selecting a Primary Care Physician

Health Net requires the designation of a Primary Care Physician. A Primary Care Physician provides and coordinates your medical care. You have the right to designate any Primary Care Physician who participates in our network and who is available to accept you or your Family Members, subject to the requirements set out below under "Selecting a Contracting Physician Group."

For children, a pediatrician may be designated as the Primary Care Physician. Until you make this Primary Care Physician designation, Health Net designates one for you. Information on how to select a Primary Care Physician and a list of the participating Primary Care Physicians in the Health Net Service Area are available on the Health Net website at www.healthnet.com. You can also call the Customer Contact Center at the number shown on your Health Net ID card to request provider information.

Selecting a Contracting Physician Group

At the time of enrollment, Subscribers and Family Members who live in California must select a Salud Network Physician Group close enough to their residence or place of work to allow reasonable access to medical care. Family Members may select different Participating Physician Groups.

A Subscriber who resides outside the Health Net Salud Service Area may enroll based on the Subscriber's work address that is within the Health Net Salud Service Area. Family Members who reside outside the Health Net Salud Service Area may also enroll based on the Subscriber's work address that is within the Health Net Salud Service Area. If you choose a Physician Group based on its proximity to the Subscriber's work address, you will need to travel to that Physician Group for any non-emergency or non-urgent care that you receive. Additionally, some Physician Groups may decline to accept assignment of a Member whose home or work address is not close enough to the Physician Group to allow reasonable access to care. Subscribers and Family Members who live in California may also obtain covered services from SIMNSA Providers in Mexico.

Family Members living in Mexico may go to any contracting Physician Group in the SIMNSA Network and are not required to select a particular SIMNSA Physician Group for covered services. Such Family Members may not obtain any services in California, except in the case of Emergency Care or Urgently Needed Care.

Selecting a Participating Mental Health Professional

Mental Disorders and Chemical Dependency benefits are administered by MHN Services, an affiliate behavioral health administrative services company (the Behavioral Health Administrator), which contracts with Health Net to administer these benefits. When you need to see a Participating Mental Health Professional, contact the Behavioral Health Administrator by calling the Health Net Customer Contact Center at the phone number on your Health Net ID card. The Behavioral Health Administrator will help you identify a Participating Mental Health Professional, a participating independent Physician or a sub-contracted provider association (IPA) within the network, close to where you live or work, with whom you can make an appointment.

Certain services and supplies for Mental Disorders and Chemical Dependency may require Prior Authorization by the Behavioral Health Administrator in order to be covered. Please refer to the "Mental Disorders and Chemical Dependency" provision in "Covered Services and Supplies," section for a complete description of Mental Disorders and Chemical Dependency services and supplies, including those that require Prior Authorization by the Behavioral Health Administrator.

Specialists and Referral Care

Sometimes, you may need care that your Physician cannot provide. At such times, in order to see a Specialist or other health care provider for that care, you will need to have a referral. Refer to the "Selecting a Participating Mental Health Professional" section above for information about receiving care for Mental Disorders and Chemical Dependency.

If you are a California Member and you need medical care that your Salud Network Physician Group cannot provide, your Physician Group may refer you to a Specialist or other health care provider for that care. Your Salud Network Physician Group must authorize all treatments recommended by such provider.

Members in California and Mexico may self-refer to any provider in the SIMNSA Network in Mexico without Prior Authorization. You must receive authorization from SIMNSA to receive care from providers outside the SIMNSA Network, except in case of Emergency or Urgently Needed Care.

THE CONTINUED PARTICIPATION OF ANY ONE PHYSICIAN, HOSPITAL OR OTHER PROVIDER CANNOT BE GUARANTEED.

THE FACT THAT A PHYSICIAN OR OTHER PROVIDER MAY PERFORM, PRESCRIBE, ORDER, RECOMMEND OR APPROVE A SERVICE, SUPPLY OR HOSPITALIZATION DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY, OR MAKE IT A COVERED SERVICE.

Standing Referral to Specialty Care for Medical and Surgical Services

A standing referral is a referral to a participating Specialist for more than one visit without your Primary Care Physician having to provide a specific referral for each visit. You may receive a standing referral to a Specialist if your continuing care and recommended treatment plan is determined Medically Necessary by your Primary Care Physician, in consultation with the Specialist, Health Net's Medical Director and you. The treatment plan may limit the number of visits to the Specialist, the period of time that the visits are authorized or require that the Specialist provide your Primary Care Physician with regular reports on the health care provided. Extended access to a participating Specialist is available to Members who have a life threatening, degenerative or disabling condition (for example, Members with HIV/AIDS). To request a standing referral ask your Primary Care Physician or Specialist.

If you see a Specialist before you get a referral, you may have to pay for the cost of the treatment. If Health Net denies the request for a referral, Health Net will send you a letter explaining the reason. The letter will also tell you what to do if you don't agree with this decision. This notice does not give you all the information you need about Health Net's Specialist referral policy. To get a copy of our policy, please contact us at the number shown on your Health Net ID card.

Changing Contracting Physician Groups Facilities

Subscribers and dependents residing in California may, depending on the circumstances, transfer to another contracting Physician Group in the Salud Network. These transfers must be according to the

conditions explained in the "Transferring to Another Contracting Physician Group" portion of the "Eligibility, Enrollment and Termination" section.

Members residing in Mexico will not be required to select a contracting Physician Group; they may obtain care from any Physician provided he or she contracts to participate in the SIMNSA network.

Your Financial Responsibility

Your Salud Network or SIMNSA Provider will authorize and coordinate all your care, providing you with medical services or supplies. You are financially responsible only for any required Copayment described in the "Schedule of Benefits and Copayments" section.

You are completely financially responsible for medical care that is not provided or authorized by your Salud Network or SIMNSA Provider except for Medically Necessary care provided in a legitimate emergency. However, if you receive Covered Services at a contracted network health facility at which, or as a result of which, you receive services provided by a non-contracted provider, you will pay no more than the same cost sharing you would pay for the same Covered Services received from a contracted network provider. You are also financially responsible for care that this Plan does not cover.

appointment, identify yourself as a Health Net Member, and tell the receptionist when you would like to see your doctor. The receptionist will make every effort to schedule an appointment at a time convenient for you. If you need to cancel an appointment, notify your Physician as soon as possible.

- **Urgent care appointment with PCP:** within 48 hours of request for an appointment.
- **Routine Check-up/Physical Exam:** within 30 business days of request for an appointment.

Your Primary Care Physician may decide that it is okay to wait longer for an appointment as long as it does not harm your health.

Scheduling Appointments with Your Participating Mental Health Professional

When you need to see your designated Participating Mental Health Professional, call his or her office for an appointment. When you call for an appointment, identify yourself as a Health Net Member with mental health benefits administered by MHN Services, and tell the receptionist when you would like to see your provider. The receptionist will make every effort to schedule an appointment at a time convenient for you. If you need to cancel an appointment, notify your provider as soon as possible.

- **Urgent appointment for mental health visit:** within 48 hours of request for an appointment.
- **Non-life threatening behavioral health emergency:** within 6 hours of request for an appointment.

Your Participating Mental Health Professional may decide that it is okay to wait longer for an appointment as long as it does not harm your health.

Scheduling Appointments with a Specialist for Medical and Surgical Services

Your Primary Care Physician is your main doctor who makes sure you get the care you need when you need it. Sometimes your Primary Care Physician will send you to a Specialist.

Once you get approval to receive the Specialist services, call the Specialist's office to schedule an appointment. Please call ahead as soon as possible. When you make an appointment, identify yourself as a Health Net Member, and tell the receptionist when you would like to see the Specialist. The Specialist's office will do their best to make your appointment at a time that works best for you.

This is a general idea of how many business days, as defined above, that you may need to wait to see the Specialist. Wait times for an appointment depend on your condition and the type of care you need. You should get an appointment to see the Specialist:

- **Specialist appointments:** within 15 business days of request for an appointment.

- **Urgent care appointment:** with a Specialist or other type of provider that needs approval in advance – within 96 hours of request for an appointment.

Scheduling Appointments for Ancillary Services

Sometimes your doctor will tell you that you need ancillary services such as lab, x-ray, therapy, and medical devices, for treatment or to find out more about your health condition.

Here is a general idea of how many business days, as defined above, that you may need to wait for the appointment:

- **Ancillary Service appointment:** within 15 business days of request for an appointment.
- **Urgent care appointment for services that need approval in advance:** within 96 hours of request for an appointment.

Canceling or Missing Your Appointments

If you cannot go to your appointment, call the doctor's office right away. If you miss your appointment, call right away to reschedule your appointment. By canceling or rescheduling your appointment, you let someone else be seen by the doctor.

Triage and/or Screening/24-Hour Nurse Advice Line

As a Health Net Member, when you are sick and cannot reach your doctor, like on the weekend or when the office is closed, you can call Health Net's Customer Contact Center at the number shown on your Health Net ID card, and select the Triage and/or Screening option to these services. You will be connected to a health care professional (such as a doctor, nurse, or other provider, depending on your needs) who will be able to help you and answer your questions. As a Health Net Member, you have access to triage or screening service, 24 hours per day, 7 days per week.

If you have a life threatening emergency, call "911" or go immediately to the closest emergency room. Use "911" only for true emergencies.

Emergency and Urgently Needed Care

What to do when you need medical care immediately

In serious emergency situations: Call "911" or go to the nearest Hospital. If you reside in Mexico please go to the nearest medical center or Hospital.

Notes

There is no "911" or similar emergency response system in Mexico, therefore, the "911" number is not applicable to enrollees who reside in Mexico.

If your situation is not so severe: Call your Primary Care Physician or Physician Group (medical) or the Behavioral Health Administrator (Mental Disorders and Chemical Dependency) or, if you cannot call them or you need medical care right away, go to the nearest medical center or Hospital.

If you are outside your Physician Group's Service Area: Go to the nearest medical center or Hospital, or call "911."

Your Salud Network and SIMNSA Providers and Behavioral Health Administrator are available 24 hours a day, seven days a week, to respond to your phone calls regarding care that you believe is needed immediately. They will evaluate your situation and give you directions about where to go for the care you need.

Except in an emergency or other urgent medical circumstances, the covered services of this Plan must be performed by your Salud Network or SIMNSA Provider or authorized by them to be performed by others. You may use other providers outside your Salud Network or SIMNSA only when you are referred to them by your Salud Network or SIMNSA Provider.

Members are solely responsible for any U.S. Immigration and Naturalization Service documentation or authorization to enter the United States. Health Net is not responsible to assure access to covered services from its Participating Providers in the United States where the Member is not permitted to enter the United States to obtain such services because he or she has not obtained the necessary documentation or authorization from the U.S. Immigration and Naturalization Service. Members without such documentation and authorization will be required to receive all covered services through SIMNSA Participating Providers in Mexico.

If you are not sure whether you have an emergency or require urgent care please contact Health Net at the number shown on your Health Net ID card. As a Health Net Member, you have access to triage or screening services, 24 hours per day, 7 days per week.

Urgently Needed Care within a 30-mile radius of your Physician Group and all Non-Emergency Care —Must be performed by your Salud Network Physician Group or a SIMNSA Provider or be authorized by them in order to be covered.

Urgently Needed Care outside a 30-mile radius of your Physician Group and all Emergency Care (including care outside of California) — may be performed by your Physician Group, SIMNSA or another provider when your circumstances require it. Services by other Providers will be covered if the facts demonstrate that you required Emergency or Urgently Needed Care. Authorization is not mandatory to secure coverage. See the "Definitions Related to Emergency and Urgently Needed Care" section below for the definition of Urgently Needed Care.

It is critical that you contact your Salud Network Provider in California or SIMNSA Provider in Mexico as soon as you can after receiving emergency services from others outside your Physician Group. Your Salud Network or SIMNSA Physician Group will evaluate your circumstances and make all necessary arrangements to assume responsibility for your continuing care. They will also advise you about how to obtain reimbursement for charges you may have paid.

Always present your Health Net ID card to the health care providers regardless of where you are. It will help them understand the type of coverage you have and they may be able to assist you in contacting your Physician Group.

After your medical problem (including Severe Mental Illness and Serious Emotional Disturbances of a Child) no longer requires Urgently Needed Care or ceases to be an emergency and your condition is stable, any additional care you receive is considered Follow-Up Care.

Follow-Up Care services must be performed or authorized by a provider within the Salud Network or SIMNSA (medical) or the Behavioral Health Administrator (Mental Disorders and Chemical Dependency) or they will not be covered.

Follow-Up Care after Emergency Care at a Hospital that is not contracted with the Salud Network or SIMNSA: *If you are treated for Emergency Care at a Hospital that is not contracted with*

the Salud Network or SIMNSA, Follow-Up Care must be authorized by Health Net or SIMNSA (medical) or the Behavioral Health Administrator (Mental Disorders and Chemical Dependency) or it will not be covered. Once your Emergency Medical Condition or Psychiatric Emergency Medical Condition is stabilized, and your treating health care provider at the Hospital believes that you require additional Medically Necessary Hospital services, the non-contracted Hospital must contact Health Net or SIMNSA to obtain timely authorization. If Health Net or SIMNSA determines that you may be safely transferred to a Hospital that is contracted with the Salud Network or SIMNSA and you refuse to consent to the transfer, the non-contracted Hospital must provide you with written notice that you will be financially responsible for 100% of the cost for services provided to you once your Emergency condition is stable. Also, if the non-contracted Hospital is unable to determine the contact information at Health Net or SIMNSA in order to request Prior Authorization, the non-contracted Hospital may bill you for such services.

For Members who live in Mexico, non-Emergency or Urgently Needed Care is not covered in California.

Definitions Related to Emergency and Urgently Needed Care

Please refer to the "Definitions" section of this *Evidence of Coverage* for definitions of Emergency Care, Emergency Medical Condition, Health Net Salud Service Area, Psychiatric Emergency Medical Condition and Urgently Needed Care.

Prescription Drugs

If you purchase a covered Prescription Drug for a medical Emergency or Urgently Needed Care from a Nonparticipating Pharmacy, this Plan will reimburse you for the retail cost of the drug less any required Copayment shown in the "Schedule of Benefits and Copayments" section. You will have to pay for the Prescription Drug when it is dispensed.

To be reimbursed, you must file a claim with Health Net or SIMNSA. Call Health Net Customer Contact Center or SIMNSA at the telephone number on your Health Net ID card or visit our website at www.healthnet.com to obtain claim forms and information.

Note

The Prescription Drugs portion of the "Exclusions and Limitations" section and the requirements of the Health Net Essential Rx Drug List (in the United States), also apply when drugs are dispensed by a Nonparticipating Pharmacy.

Pediatric Vision Services

In the event you require Pediatric Emergency Vision Care, please contact a Health Net Participating Vision Provider to schedule an immediate appointment. Most Participating Vision Providers are available during extended hours and weekends and can provide services for urgent or unexpected conditions that occur after-hours.

Pediatric Dental Services

Emergency pediatric dental services are dental procedures administered in a dentist's office, dental clinic, or other comparable facility, to evaluate and stabilize dental conditions of a recent onset and severity accompanied by excessive bleeding, severe Pain, or acute infection that a person could reasonably expect that immediate dental care is needed.

All Selected General Dentists provide emergency pediatric dental services twenty-four (24) hours a day, seven (7) days a week and we encourage you to seek care from your Selected General Dentist. **If you require emergency pediatric dental services, you may go to any dental provider, go to the closest emergency room, or call 911 for assistance, as necessary. Prior Authorization for Emergency Dental services is not required.**

Your reimbursement from us for emergency pediatric dental services, if any, is limited to the extent the treatment you received directly relates to emergency pediatric dental services - i.e. to evaluate and stabilize the dental condition. All reimbursements will be allocated in accordance with your plan benefits, subject to any exclusions and limitations. Hospital charges and/or other charges for care received at any Hospital or outpatient care facility that are not related to treatment of the actual dental condition are not covered benefits.

SCHEDULE OF BENEFITS AND COPAYMENTS

Copayments, benefits and certain legal remedies (as shown in the "General Provisions" section) available to Members who obtain care in Mexico through SIMNSA may differ from those available to Members who obtain care in California through the Salud Network.

All care except for Emergency and Urgently Needed Care must be performed by your Physician Group or SIMNSA, or authorized by them to be performed by other health care provider.

The following schedule shows the Copayments (fixed dollar and percentage amounts) that you must pay for this Plan's covered services and supplies.

There are two levels of Copayments listed for each covered service or supply. The Health Net Salud Network (Salud Network) Copayment will apply when you receive care through your Salud Network Physician Group. The SIMNSA Copayment will apply when you receive care in Mexico through SIMNSA.

Please note: Members who live in California may receive covered services in either California from their Salud Network Physician Group or in Mexico from a SIMNSA Provider. Members residing in Mexico, however, may only receive covered services from SIMNSA Providers in Mexico.

You must pay the stated fixed dollar Copayments at the time you receive services. Percentage Copayments are usually billed after services are received.

Pediatric Dental Services (in California only)

Except as otherwise provided in the "Pediatric Dental Services" portion of "Covered Services and Supplies," and "Pediatric Dental Services" portion of "Introduction to Health Net," all of the following services must be provided by your selected Health Net Participating Primary Dental Provider in order to be covered. Refer to the "Pediatric Dental Services" portion of "Exclusions and Limitations" for limitations on covered pediatric dental services.

Pediatric dental services are covered until the last day of the month in which the individual turns nineteen years of age.

IMPORTANT: If you opt to receive dental services that are not covered services under this Plan, a participating dental provider may charge you his or her usual and customary rate for those services. Prior to providing a patient with dental services that are not a covered benefit, the dentist should provide to the patient a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If you would like more information about dental coverage options, you may call the Customer Contact Center at the telephone number on your Health Net dental ID card or your insurance broker. To fully understand your coverage, you may wish to carefully review this *Evidence of Coverage* document.

Administration of these pediatric dental plan designs comply with requirements of the pediatric dental EHB benchmark plan, including coverage of services in circumstances of Medical Necessity as defined in the Early Periodic Screening, Diagnosis and Treatment (EPSDT) benefit for pediatric dental services.

OUT-OF-POCKET MAXIMUM

The Salud Network and SIMNSA Out-of-Pocket Maximum (OOPM) amounts below are the maximum amounts you must pay for Salud Network and SIMNSA covered services during a particular Calendar Year for most covered medical services and supplies of this Plan, except as described in the "Exceptions to the OOPM."

Once the total amount of all Copayments you pay for Salud Network and SIMNSA covered services and supplies under this *Evidence of Coverage*, including covered services and supplies provided by American Specialty Health Plans of California, Inc. (ASH Plans) in any one Calendar Year equals the Out-of-Pocket Maximum amount, no Copayment for covered services and benefits may be imposed on any Member, except as described in "Exceptions to the OOPM" below.

The OOPM amounts for this Plan are:	Salud Network	SIMNSA Network
One Member	\$1,750	\$1,500
Family (two or more Members)	\$3,500	\$4,500

Any Copayment or Coinsurance paid for covered services received from a Salud Network Provider will also apply toward the OOPM for SIMNSA Provider. Any Coinsurance paid for covered services received from a SIMNSA Provider will also apply toward the OOPM for Salud Network Provider.

Exception to OOPM

- Your payments for services or supplies that this Plan does not cover will not be applied to the OOPM amount, including services from a CVS MinuteClinic that are not otherwise covered under this Plan. Please refer to the "Exclusions and Limitations" section for additional information.
- Infertility covered services and supplies

How the OOPM Works

Keep a record of your payment for covered services and supplies. When the total in a Calendar Year reaches the OOPM amount shown above, contact the Customer Contact Center at the telephone number shown on your Health Net ID card for instructions.

- If an individual Member pays amounts for covered services and supplies in a Calendar Year that equal the OOPM amount shown above for an individual Member, no further payment is required for that Member for the remainder of the Calendar Year.
- Once an individual Member in a family satisfies the individual OOPM, the remaining enrolled Family Members must continue to pay the Copayments until either (a) the aggregate of such Copayments paid by the family reaches the family OOPM or (b) each enrolled Family Member individually satisfies the individual OOPM.
- If amounts for covered services and supplies paid for all enrolled Members equal the OOPM amount shown for a family, no further payment is required from any enrolled Member of that family for the remainder of the Calendar Year for those services.

- Only amounts that are applied to the individual Member's OOPM amount may be applied to the family's OOPM amount. Any amount you pay for covered services and supplies for yourself that would otherwise apply to your individual OOPM but exceeds the above stated OOPM amount for one Member will be refunded to you by Health Net, and will not apply toward your family's OOPM. Individual Members cannot contribute more than their individual OOPM amount to the family OOPM.

You must notify Health Net when the OOPM amount has been reached. Please keep a copy of all receipts and canceled checks for payments for covered services and supplies as proof of Copayments made.

ELIGIBILITY, ENROLLMENT AND TERMINATION

Who Is Eligible for Coverage

The covered services and supplies of this Plan are available to the following eligible employees (Subscribers) as long as they live or work in the Health Net Salud Service Area for California residents and the SIMNSA Service area for Mexico residents (as respectively defined in the "Definitions" section); either work or live in the Health Net Service Area; are full-time paid on a salary/hourly basis (not 1099, commissioned or substitute) and are non-seasonal employees working the minimum number of hours per week as specified in the Group Application; and meet any additional eligibility requirements set forth by California State law, applicable Federal Law, and as defined by the Group.

Covered services and supplies of this Plan are also available to the following Family Members of the Subscriber who meet any eligibility requirements of the Group or as mutually agreed upon with Health Net:

- Spouse: The Subscriber's lawful spouse as defined by California law. (The term "spouse" also includes the Subscriber's Domestic Partner as defined in "Definitions," section.)
- Children: The children of the Subscriber or his or her spouse (including legally adopted children, stepchildren and wards, as defined in the following provision).
- Wards: Children for whom the Subscriber or his or her spouse is a court-appointed guardian.

Enrollment of Subscribers (employees) in this benefit Plan is restricted to those Subscribers who work or live in the Health Net Salud Service Area provided such Subscribers have reasonable access to Salud Network providers from their residence or work location. Additionally, enrollment is restricted to:

- Eligible dependents who live or work in the Health Net Salud Service Area provided such dependents have reasonable access to Salud Network providers from their residence or work location; or
- Eligible dependents living in Mexico who live or work in Baja California within 50 miles of the California-Mexico border (see also the definition of "SIMNSA Service Area").

Children of the Subscriber or spouse who are the subject of a Medical Child Support Order, according to state or federal law, are eligible even if they live outside the above Service Areas. Coverage of care received outside the Health Net Service Area will be limited to services provided in connection with Emergency Care or Urgently Needed Care.

The Subscriber and any Family Members of the Subscriber who reside outside the Health Net Service Area may enroll based on the Subscriber's work address that is within the Health Net Service Area. If you choose a Physician Group based on its proximity to the Subscriber's work address, you will need to travel to that Physician Group for any non-emergency or non-urgent care that you receive. Additionally, some Physician Groups may decline to accept assignment of a Member whose home or work address is not close enough to the Physician Group to allow reasonable access to care.

Please refer to the "Health Net Salud Plan Service Area" section for more information on the approved areas of California and Mexico where this Salud Con Health Net Plan is available.

Age Limit for Children

Each child is eligible until the age of 26 (the limiting age).

Disabled Child

Children who reach age 26 are eligible to continue coverage if ***all*** of the following conditions apply:

- The child is incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition; and
- The child is chiefly dependent upon the Subscriber for support and maintenance.

If you are *enrolling* a disabled child for new coverage, you must provide Health Net with proof of incapacity and dependency within 60 days of the date you receive a request for such information about the dependent child from Health Net. The child must have been continuously covered as a dependent of the Subscriber or spouse under a previous Group health plan at the time the child reached the age limit.

Health Net must provide you notice at least 90 days prior to the date your enrolled child reaches the age limit at which the dependent child's coverage will terminate. You must provide Health Net with proof of your child's incapacity and dependency within 60 days of the date you receive such notice from Health Net in order to continue coverage for a disabled child past the age limit.

You must provide the proof of incapacity and dependency at no cost to Health Net.

A disabled child may remain covered by this Plan for as long as he or she remains incapacitated and continues to meet the eligibility criteria described above.

How to Enroll for Coverage

Notify the Group that you want to enroll an eligible person. The Group will send the request to Health Net according to current procedures.

Employee

Eligible employees must enroll within 30 days of the date they first become eligible for this Plan. Eligible Family Members may also be enrolled at this time (see "Who Is Eligible for Coverage" above in this section).

If enrollment of the eligible employee or eligible Family Members does not occur within this time period, enrollment may be carried out as stated below in the "Late Enrollment Rule" provision of this section.

The employee may enroll on the earlier of the following dates:

- When the Plan takes effect, if the employee is eligible on that date. No proof of good health shall be required of initial enrollees. You cannot be denied coverage due to present medical conditions at enrollment; or
- When any waiting or probationary period required by the Group has been completed. However, when the employee is not subject to a probationary period, enrollment becomes effective on the first day of the month following 30 days from the date of hire.

Eligible employees who enroll in this Plan are called Subscribers.

Newly Acquired Dependents

You are entitled to enroll newly acquired dependents under the following qualifying events as shown below:

Spouse: If you are the Subscriber and you marry while you are covered by this Plan, you may enroll your new spouse (and your spouse's eligible children) within 60 days of the date of marriage. Coverage begins on the first of the month following the date of the qualifying event, provided the application is received within 60 days of the date of the qualifying event.

Domestic Partner: If you are the Subscriber and you enter into a Domestic Partnership while you are covered by this Plan, you may enroll your new Domestic Partner (and his or her eligible children) within 60 days of the date a Declaration of Domestic Partnership is filed with the Secretary of State or other recognized state or local agency, or within 60 days of the formation of the Domestic Partnership according to your Group's eligibility rules.

Coverage begins on the first of the month following the date of the qualifying event, provided the application is received within 60 days of the date of the qualifying event.

Newborn Child: A child newly born to the Subscriber or his or her spouse will automatically be covered for 31 days (including the date of birth). If you do not enroll the newborn within 60 days (including the date of birth), he or she is covered for only the 31 days starting on and including the day of birth.

If the mother is the Subscriber's spouse and an enrolled Member, the child will be assigned to the mother's Physician Group. If the mother is not enrolled, the child will be automatically assigned to the Subscriber's Physician Group. If you want to choose another contracting Physician Group for that child, the transfer will take effect only as stated in the "Transferring to Another Contracting Physician Group" portion of this section.

Adopted Child: A newly adopted child or a child who is being adopted becomes eligible on the date of adoption or the date of placement for adoption, as requested by the adoptive parent.

Coverage begins automatically and will continue for 30 days from the date of eligibility. The child will be assigned to the Subscriber's Physician Group if residing in California. Children residing in Mexico will be assigned to a SIMNSA Provider. You must enroll the child before the 60th day for coverage to continue beyond the first 30 days. If you want to choose another contracting Physician Group for that child, the transfer will take effect only as stated in the "Transferring to Another Contracting Physician Group" portion of this section.

Health Net will require written proof of the right to control the child's health care when you enroll him or her.

Legal Ward (Guardianship): If the Subscriber or spouse becomes the legal guardian of a child, the child is eligible to enroll on the Effective Date of the court order, but coverage is not automatic. The child must be enrolled within 60 days of the Effective Date of the guardianship. Coverage will begin on the first day of the month after Health Net receives the enrollment request.

Health Net will require proof that the Subscriber or spouse is the court-appointed legal guardian.

Note

Any newly acquired dependents residing in Mexico are eligible to enroll in this Health Net Plan. However, they will not be eligible to select the same Physician Group as the Subscriber. Except for

emergency and Urgently Needed Care, the dependents will only be eligible for Covered Services under this Plan with providers affiliated with SIMNSA in Mexico.

In Hospital on Your Effective Date

If you are confined in a Hospital or Skilled Nursing Facility on the Effective Date of coverage, this Plan will cover the remainder of that confinement only if you inform Health Net's Customer Contact Center upon your Effective Date about the confinement. The Skilled Nursing Facility benefit is provided for Members residing in Mexico in a Hospital Skilled Nursing Facility unit.

Health Net, SIMNSA and your selected Physician Group will consult with your attending Physician and may transfer you to a participating facility when medically appropriate.

Totally Disabled on Your Effective Date

Generally, under the federal Health Insurance Portability and Accountability Act, Health Net cannot deny You benefits due to the fact that You are totally disabled on your Effective Date. However, if upon your Effective Date you are totally disabled and pursuant to state law you are entitled to an extension of benefits from your prior Group health plan, benefits of this Plan will be coordinated with benefits payable by your prior Group health plan, so that not more than 100% of covered expenses are provided for services rendered to treat the disabling condition under both plans.

For the purposes of coordinating benefits under this *Evidence of Coverage*, if you are entitled to an extension of benefits from your prior Group health plan, and state law permits such arrangements, your prior Group health plan shall be considered the primary plan (paying benefits first) and benefits payable under this *Evidence of Coverage* shall be considered the secondary plan (paying any excess covered expenses), up to 100% of total covered expenses.

Late Enrollment Rule

Health Net's late enrollment rule requires that if an individual does not enroll within the time limit of becoming eligible for this Group coverage, he or she must wait until the next Open Enrollment Period to enroll. (Time limits for enrolling are explained in the "Employee" provision above.). For time limits for enrolling individuals who become eligible as a dependent outside the Open Enrollment Period, see "Newly Acquired Dependents" provision above. See also "Exceptions to Late Enrollment Rule" below.

You may have decided not to enroll upon first becoming eligible. At that time, your employer should have given you a form to review and sign. It would have contained information to let you know that there are circumstances when you will not be considered a late enrollee.

If you later change your mind and decide to enroll, Health Net can impose its late enrollment rule. This means that individuals identified on the form you signed will not be allowed to enroll before the next Open Enrollment Period. However, there are exceptions to this rule.

Exceptions to Late Enrollment Rule

If any of the circumstances below are true, the late enrollment rule will not apply to you.

1. You Did Not Receive a Form to Sign or a Signed Form Cannot Be Produced

If you chose not to enroll when you were first eligible, the late enrollment rule will not apply to you.

- If you never received from your employer or signed, a form explaining the consequences of your decision.

- If the signed form exists but cannot be produced as evidence of your informed decision.

2. You or Your Dependents Did Not Enroll Because of Other Coverage and Later the Other Coverage Is Lost

If You or Your Dependents declined coverage in this Plan and You stated on the form that the reason You or Your Dependents were not enrolling was because of coverage through another Group health plan and coverage is or will be lost for any of the following reasons, the late enrollment rule will not apply to You or Your Dependents.

- Loss of coverage in a plan with minimum essential coverage (except for either failure to pay premium contributions or a "for cause" termination such as fraud or misrepresentation of an important fact).
- Loss of coverage because of termination of employment or reduction in the number of hours of employment.
- Loss of coverage through an HMO or other individual arrangement because an individual ceases to reside, live or work in the service area.
- Loss of coverage through an HMO or other arrangement in the Group market because an individual ceases to reside, live or work in the service area, and no other benefit package is available to the individual.
- The other plan is terminated and not replaced with other Group coverage.
- The other employer stops making contributions toward employee's or dependent's coverage.
- When the individual's plan ceases to offer any benefits to the class of similarly situated individuals that includes the individual.
- The other Subscriber or employee dies.
- The Subscriber and spouse are divorced or legally separated and this causes loss of the other Group coverage.
- Loss of coverage because of cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the plan).
- The other coverage was federal COBRA or California Small Employer COBRA and the period of coverage ends.

3. You are Determined Ineligible or Lose Eligibility from a Medi-Cal Plan

If You and/or Your dependents apply for coverage with Medi-Cal during the annual open enrollment period and are determined ineligible for such coverage after open enrollment has ended or if You become ineligible and lose coverage under Medi-Cal, You and/or Your dependent(s) will be eligible to enroll in this plan upon submitting a completed application form within 60 days of losing such cover age. If You and/or Your dependent(s) wait longer than 60 days to enroll, You and/or Your dependent(s) may not enroll until the next Open Enrollment period.

4. Multiple Health Plans

If you are enrolled as a dependent in a health plan (not Health Net) and the Subscriber, during open enrollment, chooses a different plan (such as moving from an HMO plan to a fee-for-service plan), and you do not wish to continue to be covered by it, you will not be considered a late enrollee should you decide to enroll in this Plan.

5. Court Orders

If a court orders the Subscriber to provide coverage for a spouse (a current spouse, not a former spouse) or orders the Subscriber or enrolled spouse to provide coverage for a minor child through Health Net, that spouse or child will not be treated as a late enrollee.

6. Other Special Enrollment Triggering Events

We shall allow an employee, and when specified below, his or her dependent, to enroll in or change health benefit plans as a result of the following triggering events:

- An employee or his or her dependent loses minimum essential coverage for any other reason except failure to pay premiums or when the coverage is rescinded for fraud or intentional misrepresentation of material fact.
- An employee gains a Dependent or becomes a Dependent through marriage, domestic partnership, birth, adoption, placement for adoption, assumption of a parent-child relationship as described under the “Newly Acquired Dependents” section above or through a child support order or other court order.
- An employee or his or her dependent gains access to new health plans as a result of a permanent move.
- An employee or his or her dependent loses eligibility for coverage under Medi-Cal.
- An enrollee or his or her dependent’s prior plan substantially violated a material provision of the health coverage contract.
- An employee or enrollee or his or her dependent was a member of the reserve forces of the United States military or a member of the California National Guard returning from active duty.
- An employee is a victim of domestic abuse or spousal abandonment, as defined by 26 Code of Federal Regulation 1.36B-2, including a dependent or unmarried victim within a household, are enrolled in minimum essential coverage and seek to enroll in coverage separate from the perpetrator of the abuse or abandonment. Dependents of the victim, who are on the same application as the victim, are also eligible to enroll at the same time as the victim.
- An employee or his or her dependent was receiving services under another health benefit plan from a contracting provider, who no longer participates in that health plan, for any of the following conditions: (a) an acute or serious condition; (b) a Terminal Illness; (c) a pregnancy; (d) maternal mental health, not to exceed 12 months from the diagnosis or from the end of the pregnancy, whichever occurs later; (e) care of a newborn between birth and 36 months; or (f) a surgery or other procedure authorized as part of a documented course of treatment to occur within 180 days of the contracts termination date or the Effective Date of coverage for a newly covered Member.
- The other plan substantially violates a material provision of the health coverage contract.
- An employee or his or her dependent apply for coverage through Covered California during the Covered California annual open enrollment period or due to a qualifying event and are assessed by Covered California as potentially eligible for Medi-Cal, and are determined ineligible for such coverage either after the Group open enrollment has ended or more than 60 days after the qualifying event.

- An employee or his or her dependent apply for coverage with Medi-Cal during the annual Covered California open enrollment period and are determined ineligible for such coverage after the Group open enrollment has ended.
- An employee or his or her dependent demonstrates to the Department of Managed HealthCare that he or she did not enroll in a health plan during the immediately preceding enrollment period available to the individual because he or she was misinformed that he or she was covered under minimum essential coverage.

If the exceptions in 2, 3, or 4 above apply, you must enroll within 60 days of the loss of coverage. If you wait longer than 60 days to enroll, you will be a late enrollee and you may not enroll until the next Open Enrollment Period. A court ordered dependent may be added without any regard to Open Enrollment restrictions.

Special Enrollment Rule for Newly Acquired Dependents

If an employee gains new dependents due to childbirth, adoption, or marriage the following rules apply:

If the Employee Is Enrolled in this Plan

If you are covered by this Plan as a Subscriber, you can enroll your new dependent if you request enrollment within 60 days after childbirth, marriage, adoption, or placement for adoption. In addition, a court ordered dependent may be added without any regard to open enrollment restrictions.

More information about enrolling new dependents and their Effective Date of coverage is available above under the heading "How to Enroll for Coverage" and the subheading "Newly Acquired Dependents."

If the Employee Declined Enrollment in this Plan

If you previously declined enrollment in this Plan because of other Group coverage and you gain a new dependent due to childbirth, marriage, adoption or placement for adoption, you can enroll yourself and the dependent within 60 days of birth, marriage, adoption or placement for adoption.

If you gain a new dependent due to a court order and you did not previously enroll in this Plan, you may enroll yourself and your court ordered dependent(s) without any regard to open enrollment restrictions.

In addition any other Family Members who are eligible for coverage may enroll at the same time as the new dependent. You no longer have to wait for the next Open Enrollment Period and whether or not you are covered by another Group Plan has no effect on this right.

If you do not enroll yourself, the new dependent and any other Family Members within 60 days of acquiring the new dependent, you will have to wait until the next Open Enrollment to do so.

The Effective Date of coverage for you and all Family Members who enroll within 60 days of childbirth, marriage, adoption or placement for adoption will be the same as for the new dependent.

- In the case of childbirth, the Effective Date will be the moment of birth.
- For marriage or registration of Domestic Partnership, the Effective Date will be on the first of the month following the date of the qualifying event, provided the application for coverage is received within 60 days of the date of the qualifying event.
- Regarding adoption, the Effective Date for the adopted child or a child who is being adopted will be the date of adoption or the date of placement for adoption, as requested by the adoptive parent.

- In the case of a Medical Child Support Order, the Effective Date will be the date the Group is notified of the court order.

Notes

When you (the employee) are not enrolled in this Plan and you wish to have coverage for a newborn or adopted child who is ill, please contact your employer as soon as possible and ask that you (the employee) and the newborn or adopted child be enrolled. An employee must be enrolled in order for his or her eligible dependent to be enrolled.

While you have 60 days within which to enroll the child, until you and your child are formally enrolled and recorded as Members in our computer system, we cannot verify coverage to any inquiring medical provider.

Special Reinstatement Rule for Reservists Returning from Active Duty

Reservists ordered to active duty on or after January 1, 2007 who were covered under this Plan at the time they were ordered to active duty and their eligible dependents will be reinstated without waiting periods or exclusion of coverage for pre-existing conditions. A reservist means a member of the U.S. Military Reserve or California National Guard called to active duty as a result of the Iraq conflict pursuant to Public Law 107-243 or the Afghanistan conflict pursuant to Presidential Order No. 13239. Please notify the Group when you return to employment if you want to reinstate your coverage under the Plan.

Special Reinstatement Rule Under USERRA

USERRA, a federal law, provides service Members returning from a period of uniformed service who meet certain criteria with reemployment rights, including the right to reinstate their coverage without pre-existing exclusions or waiting periods, subject to certain restrictions. Please check with your Group to determine if you are eligible.

Transferring to Another Contracting Physician Group

As stated in the "Selecting a Contracting Physician Group" portion of the "Introduction to Health Net" section, Members residing in California must select a contracting Physician Group close enough to his or her residence or place of work to allow reasonable access to care. Please call Health Net Customer Contact Center if you have questions involving reasonable access to care. Members accessing care in Mexico may go to any Primary Care Physician in the SIMNSA network and will not be limited to selecting a contracting Physician Group for services.

Note

Enrollment in this Plan is limited to Physician Groups in the Salud Network in California and SIMNSA in Mexico.

Dependents in Mexico may transfer to a contracting Physician Group participating in the Salud Network only upon a residential transfer within the Health Net Salud Service Area in California. Dependents living in California may transfer to a contracting Physician Group in Mexico only upon

a residential transfer to Mexico. For coverage under this policy to continue, the Subscriber must work or live in the Health Net Salud Service Area in California at all times.

Any individual Member may change Physician Group facilities by transferring from one to another when:

- The Group's Open Enrollment Period occurs;
- The Member moves to a new address (notify Health Net within 30 days of the change);
- The Member's employment work-site changes (notify Health Net within 30 days of the change);
- Determined necessary by Health Net; or
- The Member exercises the once-a-month transfer option.

Exceptions

Health Net will not permit a once-a-month transfer at the Member's option if the Member is confined to a Hospital. However, if you believe you should be allowed to transfer to another contracting Physician Group because of unusual or serious circumstances and you would like Health Net to give special consideration to your needs, please contact our Customer Contact Center at the telephone number on your Health Net ID card for prompt review of your request.

Effective Date of Transfer

Once we receive your request for a transfer, the transfer will occur on the first day of the following month. (Example: Request received March 12, transfer effective April 1.)

If your request for a transfer is not allowed because of hospitalization and you still wish to transfer after the medical condition or treatment for it has ended, please call Health Net's Customer Contact Center or SIMNSA to process the transfer request. The transfer in a case like this will take effect on the first day of the calendar month following the date the treatment for the condition causing the delay ends.

For a newly eligible child who has been automatically assigned to a contracting Physician Group, the transfer will not take effect until the first day of the calendar month following the date the child first becomes eligible. (Automatic assignment takes place with newborn and adopted children and is described in the "How to Enroll for Coverage" provision earlier in this section.)

Members residing in Mexico may go to any Primary Care Physician in the SIMNSA Provider Directory at any time without sending in a request.

When Coverage Ends

You must notify the Group of changes that will affect your eligibility. The Group will send the appropriate request to Health Net according to current procedures. Health Net is not obligated to notify you that you are no longer eligible or that your coverage has been terminated.

All Group Members

All Members of a Group become ineligible for coverage under this Plan at the same time if the Group Service Agreement (between the Group and Health Net) is terminated, including for termination due to nonpayment of subscription charges by the Group, as described below in the "Termination for Nonpayment of Subscription Charges" provision.

Termination for Nonpayment of Subscription Charges

If the Group fails to pay the required subscription charges when due, the Group Service Agreement could be canceled after a 30-day grace period.

When subscription charges are not paid by the due date, a Late Payment Notice is generated. The date of the Late Payment Notice is the first day of the 30-day grace period. The Notice will include the dollar amount due to Health Net, the last day of paid coverage, and the start and last day of the grace period after which coverage will be cancelled if subscription charges are not paid. Coverage will continue during the grace period but the Member is responsible for unpaid premiums and any required Copayments, coinsurance or Deductible amounts.

If Health Net does not receive payment of the delinquent subscription charges from your employer within the 30-day grace period, Health Net will mail a termination notice that will provide the following information: (a) that the Group Service Agreement has been cancelled for non-payment of Subscription Charges; (b) the specific date and time when coverage is terminated for the Subscribers and all Dependents; and (c) your right to submit a grievance.

If coverage through this Plan ends for reasons other than non-payment of subscription charges, see the "Coverage Options Following Termination" section below for coverage options.

Termination for Loss of Eligibility

In addition to no longer residing in the Service Area, individual Members become ineligible on the date any of the following occurs:

- The Member no longer meets the eligibility requirements established by your Group and Health Net. This will include a child subject to a Medical Child Support Order, according to state or federal law, who becomes ineligible on the earlier of:
 1. The date established by the order; or
 2. The date the order expired.
- The Member becomes eligible for Medicare and assigns Medicare benefits to another health maintenance organization or competitive medical plan.
- The Subscriber's marriage or Domestic Partnership ends by divorce, annulment, or some other form of dissolution. Eligibility for the Subscriber's enrolled spouse (now former spouse) and that spouse's enrolled dependents, who were related to the Subscriber only because of the marriage, will end.

When the Member ceases to reside in the Service area, coverage will be terminated effective on midnight of the last day of the month in which loss of eligibility occurred. However, a child subject to a Medical Child Support Order, according to state or federal law, who moves out of the Health Net Service Area, does not cease to be eligible for this Plan. But, while that child may continue to be enrolled, coverage of care received outside the Health Net Service Area will be limited to services provided in connection with Emergency Care or Urgently Needed Care. Follow-Up Care, routine care and all other benefits of this Plan are covered only when authorized by Health Net (medical) or the Behavioral Health Administrator (Mental Disorders and Chemical Dependency).

For any termination for loss of eligibility, a cancellation or nonrenewal notice will be sent at least 30 days prior to the termination which will provide the following information: (a) the reason for and Effective Date of the termination; (b) names of all the enrollees affected by the notice; (c) your right to

submit a grievance; and (d) information regarding possible eligibility for reduced-cost coverage through the California Health Benefit Exchange or no-cost coverage through Medi-Cal. Once coverage is terminated, Health Net will send a termination notice which will provide the following information: (a) the reason for and Effective Date of the termination; (b) names of all enrollees affected by the notice and (c) your right to submit a grievance.

The Subscriber and all his or her Family Members will become ineligible for coverage at the same time if the Subscriber loses eligibility for this Plan.

Termination for Cause

Health Net has the right to terminate your coverage from this Plan for good cause, as set forth below. Your coverage may be terminated with a 30-day written notice if you commit any act or practice, which constitutes fraud, or for any intentional misrepresentation of material fact under the terms of the agreement, including:

- Misrepresenting eligibility information about yourself or a Dependent;
- Presenting an invalid prescription or Physician order;
- Misusing a Health Net Member ID card (or letting someone else use it); or
- Failing to notify us of changes in family status that may affect your eligibility or benefits.

We may also report criminal fraud and other illegal acts to the authorities for prosecution.

For any termination for cause, a cancellation or nonrenewal notice will be sent at least 30 days prior to the termination which will provide the following information: (a) the reason for and Effective Date of the termination; (b) names of all enrollees affected by the notice; (c) your right to submit a grievance; and (d) information regarding possible eligibility for reduced-cost coverage through the California Health Benefit Exchange or no-cost coverage through Medi-Cal. Once coverage is terminated, Health Net will send a termination notice which will provide the following information: (a) the reason for and Effective Date of the termination; (b) names of all enrollees affected by the notice and (c) your right to submit a grievance.

How to Appeal Your Termination

You have the right to file a complaint if you believe that your coverage is improperly terminated or not renewed. A complaint is also called a grievance or an appeal. Refer to the "Grievance Procedures" provision in "General Provisions," section for information about how to appeal Health Net's decision to terminate your coverage.

If your coverage is terminated based on any reason other than for nonpayment of subscription charges and your coverage is still in effect when you submit your complaint, Health Net will continue your coverage under this Plan until the review process is completed, subject to Health Net's receipt of the applicable subscription charges. You must also continue to pay the Deductible and Copayments for any services and supplies received while your coverage is continued during the review process.

If your coverage has already ended when you submit your request for review, Health Net is not required to continue coverage. However, you may still request a review of Health Net's decision to terminate your coverage by following the complaint process described in the "Grievance Procedures" provision in "General Provisions," section. If your complaint is decided in your favor, Health Net will reinstate your coverage back to the date of the termination.

Health Net will conduct a fair investigation of the facts before any termination for any of the above reasons is carried out. Your health status or requirements for Health Care Services will not determine eligibility for coverage. If you believe that coverage was terminated because of health status or the need for health services, you may request a review of the termination by the Director of the California Department of Managed Health Care.

Coverage Options Following Termination

If coverage through this Plan ends as a result of the Group's non-payment of subscription charges, see "All Group Members" portion of "When Coverage Ends" in this section for coverage options following termination. If coverage through this Plan ends for reasons other than the Group's non-payment of subscription charges, the terminated Member may be eligible for additional coverage.

- **COBRA Continuation Coverage:** Many Groups are required to offer continuation coverage by the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). For most Groups with 20 or more employees, COBRA applies to employees and their eligible dependents, even if they live outside California. Please check with your Group to determine if you and your covered dependents are eligible.
- **Small Employer Cal-COBRA Continuation Coverage:** For employers with fewer than 20 employees who were eligible to enroll in the employer's health plan on 50% of the employer's business days in the preceding year, Health Net is required by state law to offer continuation coverage. This subject is detailed below in the section titled "Small Employer Cal-COBRA Continuation Coverage."
- **Cal-COBRA Continuation Coverage:** If you have exhausted COBRA and you live in the Health Net Service Area, you may be eligible for additional continuation coverage under state Cal-COBRA law. This coverage may be available if you have exhausted federal COBRA coverage, have had less than 36 months of COBRA coverage and you are not entitled to Medicare. If you are eligible, you have the opportunity to continue Group coverage under this *Evidence of Coverage* (EOC) through Cal-COBRA for up to 36 months from the date that federal COBRA coverage began.

Health Net Will Offer Cal-COBRA to Members: Health Net will send Members whose federal COBRA coverage is ending information on Cal-COBRA rights and obligations along with the necessary premium information, enrollment forms, and instructions to formally choose Cal-COBRA Continuation Coverage. This information will be sent with the notice by U.S. mail of pending termination of federal COBRA.

Choosing Cal-COBRA: If an eligible Member wishes to choose Cal-COBRA Continuation Coverage, he or she must deliver the completed enrollment form (described immediately above) to Health Net by first class mail, personal delivery, express mail, or private courier company. The address appears on the back cover of this EOC.

The Member must deliver the enrollment form to Health Net within 60 days of the later of (1) the Member's termination date for COBRA coverage or (2) the date he or she was sent a notice from Health Net that he or she may qualify for Cal-COBRA Continuation.

Payment for Cal-COBRA: The Member must pay Health Net 110% of the applicable Group rate charged for employees and their dependents.

The Member must submit the first payment within 45 days of delivering the completed enrollment form to Health Net in accordance with the terms and conditions of the health Plan contract. The first payment

must cover the period from the last day of prior coverage to the present. There can be no gap between prior coverage and Cal-COBRA Continuation Coverage. The Member's first payment must be delivered to Health Net by first-class mail, certified mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company. If the payment covering the period from the last day of prior coverage to the present is not received within 45 days of providing the enrollment form to Health Net, the Member's Cal-COBRA election is not effective and no coverage is provided.

All subsequent payments must be made on the first day of each month. If the payment is late, the Member will be allowed a grace period of 30 days. Fifteen days from the due date (the first of the month), Health Net will send a letter warning that coverage will terminate 15 days from the date on the letter. If the Member fails to make the payment within 15 days of the notice of termination, enrollment will be canceled by Health Net. If the Member makes the payment before the termination date, coverage will be continued with no break in coverage. Amounts received after the termination date will be refunded to the Member by Health Net within 20 business days.

Employer Replaces Previous Plan: There are two ways the Member may be eligible for Cal-COBRA Continuation Coverage if the employer replaces the previous plan:

1. If the Member had chosen Cal-COBRA Continuation Coverage through a previous plan provided by his or her current employer and replaced by this Plan because the previous policy was terminated, or
2. If the Member selects this Plan at the time of the employer's open enrollment.

The Member may choose to continue to be covered by this Plan for the balance of the period that he or she could have continued to be covered by the prior Group Plan. In order to continue Cal-COBRA coverage under the new plan, the Member must request enrollment and pay the required premium within 30 days of receiving notice of the termination of the prior plan. If the Member fails to request enrollment and pay the premium within the 30-day period, Cal-COBRA continuation coverage will terminate.

Employer Replaces this Plan: If the agreement between Health Net and the employer terminates, coverage with Health Net will end. However, if the employer obtains coverage from another insurer or HMO, the Member may choose to continue to be covered by that new plan for the balance of the period that he or she could have continued to be covered by the Health Net plan.

When Does Cal-COBRA Continuation Coverage End?

When a Qualified Beneficiary has chosen Cal-COBRA Continuation Coverage, coverage will end due to any of the following reasons:

1. You have been covered for 36 months from your original COBRA Effective Date (under this or any other plan).*
2. The Member becomes entitled to Medicare, that is, enrolls in the Medicare program.
3. The Member moves outside the Health Net Service Area.
4. The Member fails to pay the correct premium amount on the first day of each month as described above under "Payment for Cal-COBRA."
5. The Group's Agreement with Health Net terminates. (See "Employer Replaces this Plan.")
6. The Member becomes covered by another Group health plan that does not contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan.

If the Member becomes covered by another Group health plan that does contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan, coverage through this Plan will continue. Coordination of Benefits will apply, and Cal-COBRA plan will be the primary plan.

- * The COBRA Effective Date is the date the Member first became covered under COBRA continuation coverage.
- **USERRA Coverage:** Under a federal law known as the Uniformed Services Employment and Reemployment Rights Act (USERRA), employers are required to provide employees who are absent from employment to serve in the uniformed services and their dependents who would lose their Group health coverage the opportunity to elect continuation coverage for a period of up to 24 months. Please check with your Group to determine if you are eligible.
- **Extension of Benefits:** Described below in the subsection titled "Extension of Benefits."

Small Employer Cal-COBRA Continuation Coverage

If a Subscriber or Family Member is about to lose coverage through this Plan for reasons other than the Group's nonpayment of subscription charges, and is interested in choosing continuation coverage, the Subscriber or Family Member needs to ask the employer whether the employer is subject to federal COBRA law. If the employer is subject to federal COBRA law, the employer will be the primary source of information about continuation coverage. If the employer is a Small Employer as defined below, contact the Customer Contact Center at the telephone number on your Health Net ID card.

Definitions

Small Employer Cal-COBRA Continuation Coverage means extended coverage by this Plan that is chosen by the Qualified Beneficiary following loss of coverage due to a Qualifying Event, but only if the employer is a Small Employer.

However, if this Plan has been terminated by Health Net or the employer and replaced by the employer, the continuation coverage is provided by the Group health plan that is currently offered by the employer.

Also, if, during Small Employer Cal-COBRA Continuation Coverage, the Member chooses other coverage during the employer's Open Enrollment Period, continuation coverage is provided by that plan.

Qualified Beneficiary means anyone who, on the date of a Qualifying Event, is or was validly enrolled in this Plan or another Group health plan sponsored by the employee's current employer.

Qualifying Event means any of the following events that, except for the choosing of Small Employer Cal-COBRA Continuation Coverage through this Plan, would result in loss of coverage for one or all enrolled Members:

- Termination of employment for reasons other than gross misconduct. (For individuals who began receiving Cal-COBRA continuation coverage prior to January 1, 2003, 18 months of coverage is available. For individuals who began receiving their Cal-COBRA coverage on or after January 1, 2003, 36 months of coverage is available.)
- Reduction in hours worked. (For individuals who began receiving Cal-COBRA continuation coverage prior to January 1, 2003, 18 months of coverage is available. For individuals who began receiving their Cal-COBRA coverage on or after January 1, 2003, 36 months of coverage is available.)*

- Death of the employee or Subscriber. (36 months of coverage is available.)
- Divorce or legal separation of the enrolled employee from his or her enrolled spouse. (36 months of coverage is available.)
- A dependent child ceases to be a dependent child according to the eligibility rules of the plan. (36 months of coverage is available.)
- A Family Member ceases to be eligible when the employee or Subscriber becomes entitled to Medicare coverage (enrolls in Medicare). (36 months of coverage is available.)
- * The COBRA Effective Date is the date the Member first became covered under COBRA continuation coverage.

Small Employer means an employer that meets the definition of Small Employer as described in Section 1357.500 of the California Health and Safety Code or Section 1075 of the California Insurance Code. For Small Employer Cal-COBRA Continuation, the following must also be true of the employer:

- Employed fewer than 20 employees who were eligible to enroll in the company's health plan on at least 50% of its working days during the preceding Calendar Year,
- Has contracting for health care coverage through a Group benefit plan offered by a Health Care Service plan or a disability insurer, and
- Is not subject to Section 4980B of the United States Internal Revenue Code or Chapter 18 of the Employee Retirement Income Security Act, 29 U.S.C., Section 1161 et seq. (these describe federal COBRA).

Who Is Eligible for Small Employer Cal-COBRA Continuation Coverage?

Qualifying Event: If the Member is validly enrolled through this Plan, and he or she experiences a Qualifying Event (as described above), and as a result of that event loses coverage through this Plan, that Member has the right to choose to continue to be covered by this Plan.

Employer Replaces Previous Plan: There are two ways the Member may be eligible for Small Employer Cal-COBRA Continuation Coverage if the employer replaces the previous plan:

- If the Member had chosen Small Employer Cal-COBRA Continuation Coverage through a previous plan provided by his or her current employer and replaced by this plan because the previous policy was terminated, or
- If the Member selects this Plan at the time of the Group's open enrollment.

The Member may choose to continue to be covered by this Plan for the balance of the period that he or she could have continued to be covered by the prior Group plan. In order to continue Cal-COBRA coverage under the new plan, the Member must request enrollment and pay the required premium within 30 days of receiving notice of the termination of the prior plan. If the Member fails to request enrollment and pay the premium within the 30-day period, Cal-COBRA continuation coverage will terminate.

Group Replaces This Plan: If the agreement between Health Net and the Group terminates, coverage with Health Net will end. However, if the Group obtains coverage from another insurer or HMO, the Member may choose to continue to be covered by that new plan for the balance of the period that he or she could have continued to be covered by the Health Net plan.

Newborns and Adoptions During Small Employer Cal-COBRA Continuation Coverage: If a child is born to or placed for adoption with the former employee, the child shall have the status of Qualified Beneficiary. This means the child will have the same rights as all other Qualified Beneficiaries. Children who began receiving Cal-COBRA continuation coverage prior to January 1, 2003, could experience a second Qualifying Event during their initial 18 months of Small Employer Cal-COBRA Continuation Coverage. For example, the death of the Subscriber, would entitle the child to an additional period of coverage. The additional period of coverage would be 18 months. The total period of coverage would be 36 months.

These newborns and adopted children are covered from the moment of birth or placement with the former employee for adoption, but the Member must formally enroll the child within 30 days of birth or placement in order for coverage to continue beyond 30 days. To do this, contact Health Net to request an enrollment form. Health Net must receive the enrollment form within 30 days of birth or placement or coverage will not continue beyond 30 days.

Who May Choose Small Employer Cal-COBRA Continuation Coverage?

If the Subscriber experiences a Qualifying Event, he or she may choose Small Employer Cal-COBRA for himself or herself alone, or for any one or all of the other Family Members who are enrolled at the time of the Qualifying Event. In addition, any individual who is enrolled at that time may choose Small Employer Cal-COBRA for himself or herself alone. In other words, the Subscriber does not have to be among the persons who choose Small Employer Cal-COBRA Continuation Coverage. Further, a Subscriber may choose coverage for one or more minor children without an adult being included.

Who May Not Choose Small Employer Cal-COBRA Continuation Coverage?

Individuals may not choose Small Employer Cal-COBRA if the individual:

- Is enrolled in Medicare.
- Is covered by another Group health plan that does not contain a pre-existing condition limitation that prevents the individual from receiving the full benefits of such plan.
- If the individual is covered by another Group health plan that does contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan, the individual may choose Small Employer Cal-COBRA Continuation Coverage. Coordination of Benefits will apply, and this Small Employer Cal-COBRA plan will be the primary plan.
- Is covered or could become covered by any federal laws regarding continuation of Group health plan coverage.
- Fails to notify Health Net of a Qualifying Event according to the requirements described below under "Notify Health Net of Small Employer Cal-COBRA Qualifying Event."
- Fails to submit the initial premium payment in the correct amount as described below under "Payment for Small Employer Cal-COBRA."

personal delivery, express mail or private courier company to the address appears on the ID card and on the back cover of this *Evidence of Coverage*.

If the Member fails to notify Health Net of a Qualifying Event within 60 days of the event, that Member will be disqualified from receiving Small Employer Cal-COBRA Continuation Coverage.

Health Net Will Offer Small Employer Cal-COBRA to Members

If a Member notifies Health Net in writing within 60 days of a Qualifying Event, Health Net will send that Member by U.S. mail information about his or her Small Employer Cal-COBRA rights and obligations along with the necessary premium information, enrollment forms and instructions to formally choose Small Employer Cal-COBRA Continuation Coverage.

Choosing Small Employer Cal-COBRA

If a Member wishes to formally choose Small Employer Cal-COBRA Continuation Coverage, he or she must deliver the completed enrollment form (described immediately above) to Health Net by first class mail, personal delivery, express mail or private courier company. The Member must deliver the enrollment form to Health Net within 60 days of the later of (1) the Qualifying Event or (2) the date he or she was sent a notice from Health Net that he or she has the right to continue Small Employer Cal-COBRA Continuation Coverage or (3) the date that coverage through the employer plan terminated.

Payment for Small Employer Cal-COBRA

The Member must pay Health Net 110% of the applicable Group rate charged for employees and their dependents.

The Member must submit the first payment within 45 days of delivering the completed enrollment form to Health Net in accordance with the terms and conditions of the health plan contract. The first payment must cover the period from the last day of prior coverage to the present. There can be no gap between prior coverage and Small Employer Cal-COBRA Continuation Coverage. The Member's first payment must be delivered to Health Net by first-class mail, certified mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company. If the payment covering the period from the last day of prior coverage to the present is not received within 45 days of providing the enrollment form to Health Net, the Member's Cal-COBRA election is not effective and no coverage is provided.

All subsequent payments must be made on the first day of each month. If the payment is late, the Member will be allowed a grace period of 30 days. Fifteen days from the due date (the first of the month), Health Net will send a letter warning that coverage will terminate 15 days from the date on the letter. If the Member fails to make the payment within 15 days of the notice of termination, enrollment will be canceled by Health Net. If the Member makes the payment before the termination date, coverage will be continued with no break in coverage. Amounts received after the termination date will be refunded to the Member by Health Net within 20 business days.

When Does Small Employer Cal-COBRA Continuation Coverage End?

When a Qualified Beneficiary has chosen Small Employer Cal-COBRA Continuation Coverage, coverage will end due to any of the following reasons:

- 36 months from the date coverage would ordinarily have ended due to termination of employment for reasons other than gross misconduct for individuals who began receiving their Cal-COBRA continuation coverage prior on or after January 1, 2003 and 18 months for individuals who began receiving their Cal-COBRA continuation coverage prior to January 1, 2003.*

- For individuals who began receiving Cal-COBRA continuation coverage prior to January 1, 2003, 36 months from the date coverage would ordinarily have ended due to termination of employment for reasons other than gross misconduct or reduction in hours worked, but only if the Qualified Beneficiary was determined by the Social Security Administration to be totally disabled, pursuant to Title II or Title XVI of the Social Security Act and to have been disabled on the date that coverage would have been lost due to the initial Qualifying Event or during the first 30 days of Small Employer Cal-COBRA Continuation Coverage.
- 36 months from the date coverage would ordinarily have ended due to:
 1. Death of the covered employee or Subscriber.
 2. Divorce or separation of the covered employee or Subscriber from his or her spouse.
 3. Loss of dependent status by a covered dependent child.
 4. The Subscriber becomes entitled to Medicare, that is, enrolls in the Medicare program.

Extension of Benefits

When Benefits May Be Extended

Benefits may be extended beyond the date coverage would ordinarily end if you lose your Health Net coverage because the Group Service Agreement is discontinued, and you are totally disabled at that time.

When benefits are extended, you will not be required to pay subscription charges. However, the Copayments shown in the "Schedule of Benefits and Copayments" section will continue to apply.

Benefits will only be extended for the condition that caused you to become totally disabled. Benefits will not be extended for other medical conditions.

Benefits will not be extended if coverage was terminated for cause as stated in the "Individual Members - Termination for Cause" or provision of this "Eligibility, Enrollment and Termination" section.

"Totally disabled" has a different meaning for different Family Members.

- For the Subscriber it means that because of an illness or injury, the Subscriber is unable to engage in employment or occupation for which he or she is or becomes qualified by reason of education, training, or experience; furthermore, the Subscriber must not be employed for wage or profit.
- For a Family Member it means that because of an illness or injury, that person is prevented from performing substantially all regular and customary activities usual for a person of his or her age and family status.

How to Obtain an Extension

The request must include written certification by the Member's Physician Group that the Member is totally disabled.

If benefits are extended because of total disability, provide Health Net with proof of total disability at least once every 90 days during the extension. The Member must ensure that Health Net receives this proof before the end of each 90-day period.

When the Extension Ends

The Extension of Benefits will end on the earliest of the following dates:

- a. On the date the Member is no longer totally disabled.
- b. On the date the Member becomes covered by a replacement health policy or plan obtained by the Group and this coverage has no limitation for the disabling condition.
- c. On the date that available benefits are exhausted.
- d. On the last day of the 12-month period following the date the extension began.

The Essential Rx Drug List (in the United States Only)

What Is the Essential Rx Drug List?

Health Net developed the Essential Rx Drug List for Members who reside in California. It was developed to identify the safest and most effective medications for Health Net Members while attempting to maintain affordable pharmacy benefits. We specifically suggest to all Health Net contracting Physicians, and participating or authorized referral Specialists that they refer to this Essential Rx Drug List when choosing drugs for patients who are Health Net Members. When your Physician prescribes medications listed in the Essential Rx Drug List, it is ensured that you are receiving a high quality and high value prescription medication. In addition, the Health Net Essential Rx Drug List identifies whether a Generic version of a Brand Name Drug exists and whether the drug requires Prior Authorization. If the Generic version exists, it will be dispensed instead of the Brand Name version.

Members residing in California may call Customer Contact Center at the telephone number on your Health Net ID card to find out if a particular drug is listed in the Essential Rx Drug List. You may also request a copy of the current Essential Rx Drug List, and it will be mailed to you. The current List is also available on the Health Net website at www.healthnet.com".

The Health Net Essential Rx Drug List is applicable to drugs (1) prescribed for Members living in the California and (2) purchased at Health Net Participating Pharmacies.

How Are Drugs Chosen for the Health Net Essential Rx Drug List?

The Essential Rx Drug List is created and maintained by the Pharmacy and Therapeutics Committee. Before deciding whether to include a drug on the Essential Rx Drug List, a Committee made up of Physician's reviews medical and scientific publications, relevant utilization experience, State and Federal requirements and Physician recommendations to assess the drug for its:

- Safety
- Effectiveness
- Cost-effectiveness (when there is a choice between two drugs having the same effect, the less costly drug will be listed)
- Side effect profile
- Therapeutic outcome

This Committee has quarterly meetings to review medications and to establish policies and procedures for drugs included in the Essential Rx Drug List. The Essential Rx Drug List is updated as new clinical information and the FDA approves medications.

Who Is on the Pharmacy and Therapeutics Committee and How Are Decisions Made?

The Committee is made up of actively participating Physicians of various medical specialties from Health Net Physician Groups, as well as clinical pharmacists. Voting members are recruited from contracting Physician Groups based on their experience, knowledge and expertise. In addition, the Pharmacy and Therapeutics Committee frequently consults with other medical experts to provide additional input to the Committee. A vote is taken before a drug is added to the Essential Rx Drug List.

The voting members are not employees of Health Net. This ensures that decisions are unbiased and without conflict of interest.

Prior Authorization Process for Prescription Drugs

Prior Authorization status is included in the Health Net Essential Rx Drug List – The Essential Rx Drug List identifies which drugs require Prior Authorization. For Members residing in California, a Physician must get approval from Health Net before writing a Prescription Drug Order for a drug that is listed as requiring Prior Authorization, in order for the drug to be covered by Health Net. If a drug is not on the Essential Rx Drug List, your Physician should call Health Net to determine if the drug requires Prior Authorization. You may obtain a list of drugs requiring Prior Authorization by visiting our website at www.healthnet.com or call the Customer Contact Center at the telephone number on your Health Net ID card.

Brand Name Drugs that have generic equivalents also require Prior Authorization. Health Net will cover Brand Name Drugs that have generic equivalents when Medically Necessary and the Physician obtains approval from Health Net.

Requests for Prior Authorization may be submitted electronically or by telephone or facsimile. Urgent requests from Physicians for authorization are processed, and prescribing providers notified of Health Net's determination, as soon as possible, not to exceed 24 hours, whichever is less, after Health Net's receipt of the request and any additional information requested by Health Net that is reasonably necessary to make the determination. A Prior Authorization request is urgent when a Member is suffering from a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function. Routine requests from Physicians are processed and prescribing providers notified of Health Net's determination, in a timely fashion, not to exceed 72 hours for both urgent and routine requests, Health Net must also notify the Member or his or her designee of its decision. If Health Net fails to respond within the required time limit, the Prior Authorization request is deemed granted.

Health Net will evaluate the submitted information upon receiving your Physician's request for Prior Authorization and make a determination based on established clinical criteria for the particular medication. The criteria used for Prior Authorization are developed and based on input from the Health Net Pharmacy and Therapeutics Committee as well as Physician experts. Your Physician may contact Health Net to obtain the usage guidelines for specific medications.

Once a medication is approved, its authorization becomes effective immediately.

If you are denied Prior Authorization, please refer to the "Grievance, Appeals, Independent Medical Review and Arbitration" portion of "General Provisions" section of this *Evidence of Coverage*.

Retail Pharmacies (In Mexico) and the Mail Order Program

In order to obtain Prescription Drugs in Mexico, the Prescription Drug Order must be written by a Provider in Mexico; to obtain Prescription Drugs in the United States, the Prescription Drug Order must be written by a provider in California.

Purchase Drugs at Participating Pharmacies

Except as described below under "Nonparticipating Pharmacies and Emergencies" you must purchase covered drugs at a Participating Pharmacy.

In Mexico, SIMNSA is contracted with pharmacies in the SIMNSA Service Area. To find a conveniently located SIMNSA Participating Pharmacy please call SIMNSA at **(011-52-664) 683-29-02** or **683-30-05** or **1-619-407-4082**.

In the United States, Health Net is contracted with many major pharmacies, supermarket-based pharmacies and privately owned pharmacies in California. To find a conveniently located Health Net Participating Pharmacy please visit our website at www.healthnet.com or call the Customer Contact Center at the telephone number on your Health Net card. Present the Health Net ID card and pay the appropriate Copayment when the drug is dispensed.

Up to a 30-consecutive-calendar-day supply is covered for each Prescription Drug Order. In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or Health Net's usage guidelines. Medications taken on an "as-needed" basis may have a Copayment based on a specific quantity, standard package, vial, ampoule, tube, or other standard units. In such a case, the amount of medication dispensed may be less than a 30-consecutive-calendar day supply. If Medically Necessary, your Physician may request a larger quantity from Health Net. See also the "Schedule II Narcotic Drugs" portion of the "Exclusions and Limitations" section.

Participating Pharmacies located in Riverside County and Sonoma Counties can dispense up to three times the 30-day-consecutive-calendar-day supply amount in one fill for maintenance medications, provided the Prescription Drug Order stipulates refills. One 30-day Copayment, as shown in the "Schedule of Benefits and Copayments" section, will continue to apply for each 30-consecutive-day supply dispensed.

If the Health Net ID card is not available or eligibility cannot be determined:

- Pay the entire cost of the drug; and
- Submit a claim for possible reimbursement.

Health Net will reimburse you for the cost of the Prescription Drug, less any required Copayment shown in the "Schedule of Benefits and Copayments" section.

Except as described below in "Nonparticipating Pharmacies and Emergencies," for new Members and emergent care, if you elect to pay out-of-pocket and submit a prescription claim directly to Health Net instead of having the contracted pharmacy submit the claim directly to Health Net, you will be reimbursed based on the lesser of Health Net's contracted pharmacy rate or the pharmacy's retail price, less any applicable Copayment or Deductible.

Nonparticipating Pharmacies and Emergencies

During the first 30 days of your coverage, Prescription Drugs will be covered if dispensed by a Nonparticipating Pharmacy, but only if you are a new Member and have not yet received your Health Net ID card. After 30 days, Prescription Drugs dispensed by a Nonparticipating Pharmacy will be covered only for Emergency Care or Urgently Needed Care, as defined in "Definitions," section.

If the above situations apply to you:

- Pay the full cost of the Prescription Drug that is dispensed; and
- Submit a claim to Health Net for possible reimbursement.

Health Net will reimburse you Prescription Drug covered expenses, less any required Copayment shown in "Schedule of Benefits and Copayments," section.

If you present a Prescription Order for a Brand Name Drug, the pharmacist will offer a Generic Drug equivalent if commercially available. In cases of Emergency or Urgently Needed Care, you should advise the treating Physician of any drug allergies or reactions, including to any Generic Drugs.

There are no benefits through Nonparticipating Pharmacies after 30 days of coverage or if the Prescription Drug was not purchased for Emergency or Urgently Needed Care.

Note: The "Prescription Drug" portion of the "Exclusions and Limitations" section and the requirements of the Essential Rx Drug List described above still apply when Prescription Drugs are dispensed by a Nonparticipating Pharmacy.

Claim forms will be provided by Health Net upon request or may be obtained from the Health Net website at www.healthnet.com.

If your prescription is for a Maintenance Drug, you have the option of filling it through our convenient mail order program. You may obtain a Prescription Mail Order Form and further information by contacting the Customer Contact Center at the telephone number on your Health Net ID card.

The mail order administrator may dispense up to a 90-consecutive-calendar-day supply of a covered Maintenance Drug and each refill allowed by that order. After you satisfy the Prescription Drug Deductible, the required Copayment applies each time a drug is dispensed. In some cases, a 90-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan, according to Food and Drug Administration (FDA) or Health Net's usage guidelines. If this is the case, the mail order may be less than a 90-consecutive-calendar-day supply. Mail order Prescription Drug coverage is limited to enrollees residing or working in California. Mental Disorders and Chemical Dependency

The coverage described below complies with requirements under the Paul Wellstone-Pete Domenici Mental Health Parity and Addiction Equity Act of 2008.

Certain limitations or exclusions may apply. Please read the "Exclusions and Limitations" section of this Evidence of Coverage.

In order for a Mental Disorder service or supply to be covered, it must be Medically Necessary and authorized by the Behavioral Health Administrator.

The Mental Disorders and Chemical Dependency benefits are administered by MHN Services, an affiliate behavioral health administrative services company (the Behavioral Health Administrator) which contracts with Health Net to administer these benefits. When you need to see a Participating Mental Health Professional, contact the Behavioral Health Administrator by calling the Health Net Customer Contact Center at the phone number on your Health Net ID card.

Certain services and supplies for Mental Disorders and Chemical Dependency require Prior Authorization by the Behavioral Health Administrator to be covered. The services and supplies that require Prior Authorization are:

- Outpatient procedures that are not part of an office visit (for example: psychological and neuropsychological testing, outpatient electroconvulsive therapy (ECT) and transcranial magnetic stimulation (TMS), outpatient detoxification, partial hospitalization, day treatment, and half-day partial hospitalization);
- Inpatient, residential, partial hospitalization, inpatient ECT, inpatient psychological and neuropsychological testing and intensive outpatient services; and
- Behavioral health treatment for Pervasive Developmental Disorder or Autism (see below under "Outpatient Services").

The Behavioral Health Administrator will help you identify a nearby Participating Mental Health Professional, participating independent Physician or a subcontracted provider association (IPA), within the network and with whom you can schedule an appointment, as discussed in "Introduction to Health Net," section. The designated Participating Mental Health Professional, independent Physician or IPA will evaluate you, develop a treatment plan for you, and submit that treatment plan to the Behavioral Health Administrator for review. Upon review and authorization (if authorization is required) by the Behavioral Health Administrator or IPA, the proposed services will be covered by this Plan if they are determined to be Medically Necessary.

If the services under the proposed treatment plan are determined by the Behavioral Health Administrator to not be Medically Necessary, as defined in the "Definitions" section, services and supplies will not be covered for that condition. However, the Behavioral Health Administrator may direct you to community resources where alternative forms of assistance are available. See the "General Provisions" section for the procedure to request Independent Medical Review of a Plan denial of coverage. Medically Necessary speech, occupational and physical therapy services are covered under the terms of this Plan, regardless of whether community resources are available.

For additional information on accessing mental health services, visit our website at www.healthnet.com and select the MHN link or contact the Behavioral Health Administrator at the Health Net Customer Contact Center phone number shown on your Health Net ID card.

In an emergency, call **911** or go to the nearest Hospital. If your situation is not so severe, or if you are unsure of whether an emergency condition exists, you may call the Behavioral Health Administrator at the Customer Contact Center telephone number shown on your Health Net ID card. Please refer to the "Emergency and Urgently Needed Care" portion of "Introduction to Health Net," for more information.

Transition of Care for New Enrollees

If you are receiving ongoing care for an acute, serious or chronic mental health condition from a non-Participating Mental Health Professional at the time you enroll with Health Net, we may temporarily cover services from a provider not affiliated with the Behavioral Health Administrator, subject to applicable Copayments and any other exclusions and limitations of this Plan.

Your non-Participating Mental Health Professional must be willing to accept the Behavioral Health Administrator's standard mental health provider contract terms and conditions and be located in the Plan's service area.

To request continued care, you will need to complete a Continuity of Care Request Form. If you would like more information on how to request continued care or how to request a copy of the Continuity of Care Request Form or our continuity of care policy, please call the Customer Contact Center at the telephone number on your Health Net ID card.

Grievance, Appeals, Independent Medical Review and Arbitration

Enrollees who obtain care through SIMNSA in Mexico have certain grievance rights, as described below, but do not have access to the same legal rights and remedies regarding grievance processing as those enrollees who obtain care through the Salud Network in the U. S. These differences are noted below.

Health Net has established and administers the Health Net Member grievance procedure. This process includes a detailed description of the roles and responsibilities that Health Net, contracting Physician Groups participating in the Salud Network and SIMNSA have in resolving Health Net Member grievances. This includes a detailed description of any and all delegation and oversight that Health Net monitors with respect to contracting Physician Groups or SIMNSA. Health Net does not delegate to SIMNSA any level of appeals or grievance resolution for any Health Net Member seeking care through or in the Salud Network.

SIMNSA, contracting Physician Groups and Health Net shall establish and maintain grievance policies and procedures and shall make a written summary of such policies and procedures available to Health Net, employees and contracting Physicians of Physician Groups and SIMNSA and to Members. Such summary shall include the current address and telephone number for registering a complaint through the Physician Group's or SIMNSA's grievance procedures in accordance with the Health Net standards.

Physician Groups and SIMNSA shall report to Health Net all Health Net Member appeals by type of appeal or grievance and timeliness of appeal or grievance resolution on a quarterly basis. Health Net will periodically audit all delegated appeals and grievances to ensure that the appeals and grievances are being handled in a timely and appropriate manner.

In the event any complaint or grievance of a Health Net Member cannot be settled through the appeal or grievance process, such matter shall be submitted to binding arbitration in accordance with the terms of the Member's Benefits Disclosure and *Evidence of Coverage*. In that event, the parties hereto agree to cooperate and, at the request of a party, participate in any arbitration proceedings arising there from and, subject to either party's right to seek judicial review thereof in accordance with the terms of the Health Net Benefits Disclosure and *Evidence of Coverage*, to abide by all provisions of any final award rendered as a result of such proceedings.

For urgent grievances, Health Net will immediately notify you of the right to contact the Department of Managed Health Care. In such cases you may immediately contact the Department of Managed Health Care to request an IMR of the denial.

If you continue to be dissatisfied after the grievance procedure has been completed, you may contact the Department of Managed Health Care for assistance or to request an independent medical review or you may initiate binding arbitration, as described below. Binding arbitration is the final process for the resolution of disputes.

Independent Medical Review of Grievances Involving a Disputed Health Care Service

You may request an independent medical review (IMR) of disputed Health Care Services from the Department of Managed Health Care (Department) if you believe that Health Care Services eligible for coverage and payment under your Health Net Plan have been improperly denied, modified or delayed by Health Net or one of its contracting providers. A "Disputed Health Care Service" is any Health Care Service eligible for coverage and payment under your Health Net Plan that has been denied, modified or delayed by Health Net or one of its contracting providers, in whole or in part because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. Health Net will provide you with an IMR application form and Health Net's grievance response letter that states its position on the Disputed Health Care Service. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against Health Net regarding the Disputed Health Care Service.

Eligibility

Your application for IMR will be reviewed by the Department to confirm that it meets all the eligibility requirements of the law for IMR which are set out below:

1. Your provider has recommended a Health Care Service as Medically Necessary; you have received urgent or Emergency Care that a provider determined to have been Medically Necessary; or in the absence of the provider recommendation, you have been seen by a Health Net Member Physician for the diagnosis or treatment of the medical condition for which you seek IMR;
2. The Disputed Health Care Service has been denied, modified or delayed by Health Net or one of its contracting providers, based in whole or in part on a decision that the Health Care Service is not Medically Necessary; and
3. You have filed a grievance with Health Net and the disputed decision is upheld by Health Net or the grievance remains unresolved after 30 days. Within the next six months, you may apply to the Department for IMR or later, if the Department agrees to extend the application deadline. If your grievance requires expedited review you may bring it immediately to the Department's attention. The Department may waive the requirement that you follow Health Net's grievance process in extraordinary and compelling cases.

If your case is eligible for IMR, the dispute will be submitted to a medical Specialist who will make an independent determination of whether or not the care is Medically Necessary. You will receive a copy of the assessment made in your case from the IMR. If the IMR determines the service is Medically Necessary, Health Net will provide the Disputed Health Care Service. If your case is not eligible for IMR, the Department will advise you of your alternatives.

For non-urgent cases, the IMR organization designated by the Department must provide its determination within 30 days of receipt of the application for review and the supporting documents. For urgent cases involving imminent and serious threat to your health, including, but not limited to, serious Pain, the potential loss of life, limb, or major bodily function or the immediate and serious deterioration of your health, the IMR organization must provide its determination within three business days.

For more information regarding the IMR process, or to request an application form, please call Health Net's Customer Contact Center at the telephone number on your Health Net ID card.

Independent Medical Review of Investigational or Experimental Therapies

Health Net does not cover Experimental or Investigational drugs, devices, procedures or therapies. However, if Health Net denies or delays coverage for your requested treatment on the basis that it is Experimental or Investigational and you meet the eligibility criteria set out below, you may request an independent medical review (IMR) of Health Net's decision from the Department of Managed Health Care. The Department does not require you to participate in Health Net's grievance system or appeals process before requesting IMR of denials based on the Investigational or Experimental nature of the therapy. In such cases you may immediately contact the Department to request an IMR of this denial.

Eligibility

1. You must have a life-threatening or seriously debilitating condition.
2. Your Physician must certify to Health Net that you have a life-threatening or seriously debilitating condition for which standard therapies have not been effective in improving your condition or are otherwise medically inappropriate and there is no more beneficial therapy covered by Health Net.

3. Your Physician must certify that the proposed Experimental or Investigational therapy is likely to be more beneficial than available standard therapies or, as an alternative, you submit a request for a therapy that, based on documentation you present from the medical and scientific evidence, is likely to be more beneficial than available standard therapies.
4. You have been denied coverage by Health Net for the recommended or requested therapy.
5. If not for Health Net's determination that the recommended or requested treatment is Experimental or Investigational, it would be covered.

If Health Net denies coverage of the recommended or requested therapy and you meet the eligibility requirements, Health Net will notify you within five business days of its decision and your opportunity to request external review of Health Net's decision through IMR. Health Net will provide you with an application form to request an IMR of Health Net's decision. The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of your request for IMR. If your Physician determines that the proposed therapy should begin promptly, you may request expedited review and the experts on the IMR panel will render a decision within seven days of your request. If the IMR panel recommends that Health Net cover the recommended or requested therapy, coverage for the services will be subject to the terms and conditions generally applicable to other benefits to which you are entitled. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against Health Net regarding the denial of the recommended or requested therapy. For more information, please call the Customer Contact Center at the telephone number on your Health Net ID card.

Department of Managed Health Care

The California Department of Managed Health Care is responsible for regulating Health Care Service Plans. (Health Net is a Health Care Service Plan.)

If you have a grievance against Health Net, you should first telephone Health Net at **1-800-522-0088** and use our grievance process before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you.

If you need help with a grievance involving an Emergency, a grievance that has not been satisfactorily resolved by Health Net, or a grievance that has remained unresolved for more than 30 days, then you may call the Department for assistance.

You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health Plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatments that are Experimental or Investigational in nature and payment disputes for emergency or urgent medical services. The Department also has a toll-free telephone number (**1-888-466-2219**) and a TDD line (**1-877-688-9891**) for the hearing and speech impaired. The Department's internet website www.dmhca.ca.gov has complaint forms, IMR application forms and instructions online.

Binding Arbitration

As a condition to becoming a Health Net Member, **YOU AGREE TO SUBMIT ALL DISPUTES RELATING TO OR ARISING OUT OF YOUR HEALTH NET MEMBERSHIP TO FINAL BINDING ARBITRATION, EXCEPT AS THOS DESCRIBED BELOW AND YOU AGREE NOT TO PURSUE ANY CLAIMS ON A CLASS ACTION BASIS.** Likewise, Health Net agrees to arbitrate all such disputes. This mutual agreement to arbitrate disputes means that both you and Health Net are bound to use binding bilateral arbitration as the final means of resolving disputes that may arise between the parties, and thereby the parties agree to forego any right they may have to a jury trial on such disputes. However, no remedies that otherwise would be available to either party in a court of law will be forfeited by virtue of this agreement to use and be bound by Health Net's binding arbitration process. This agreement to arbitrate shall be enforced even if a party to the arbitration is also involved in another action or proceeding with a third party arising out of the same matter.

Sometimes disputes or disagreements may arise between you (including your enrolled Family Members, heirs or personal representatives) and Health Net regarding the construction, interpretation, performance or breach of this *Evidence of Coverage* or regarding other matters relating to or arising out of your Health Net membership. Typically such disputes are handled and resolved through the Health Net Grievance, Appeal and Independent Medical Review process described above, and you must attempt to resolve your dispute by utilizing that process before instituting arbitration. However, in the event that a dispute is not resolved in that process, Health Net uses binding arbitration as the final method for resolving all such disputes, whether stated in tort, contract or otherwise, and whether or not other parties such as employer groups, health care providers, or their agents or employees, are also involved. In addition, disputes with Health Net involving alleged professional liability or medical malpractice (that is, whether any medical services rendered were unnecessary or unauthorized or were improperly, negligently or incompetently rendered) also must be submitted to binding arbitration.

Health Net's binding arbitration process is conducted by mutually acceptable arbitrator(s) selected by the parties. The Federal Arbitration Act, 9 U.S.C. § 1, et seq., will govern arbitration's under this process. In the event that the total amount of damages claimed is \$500,000 or less, the parties shall, within 30 days of submission of the demand for arbitration to Health Net, appoint a mutually acceptable single neutral arbitrator who shall hear and decide the case and have no jurisdiction to award more than \$500,000. In the event that total amount of damages is over \$500,000, the parties shall, within 30 days of submission of the demand for arbitration to Health Net, appoint a mutually acceptable panel of three neutral arbitrators (unless the parties mutually agree to one arbitrator), who shall hear and decide the case.

If the parties fail to reach an agreement during this time frame, then either party may apply to a Court of Competent Jurisdiction for appointment of the arbitrator(s) to hear and decide the matter.

Arbitration can be initiated by submitting a demand for arbitration to Health Net at the address provided below. The demand must have a clear statement of the facts, the relief sought and a dollar amount.

Health Net of California
Attention: Legal Department
P.O. Box 4504
Woodland Hills, CA 91365-4504

The arbitrator is required to follow applicable state or federal law. The arbitrator may interpret this *Evidence of Coverage*, but will not have any power to change, modify or refuse to enforce any of its terms, nor will the arbitrator have the authority to make any award that would not be available in a court

of law. At the conclusion of the arbitration, the arbitrator will issue a written opinion and award setting forth findings of fact and conclusions of law. The award will be final and binding on all parties except to the extent that state or federal law provide for judicial review of arbitration proceedings.

The parties will share equally the arbitrator's fees and expenses of administration involved in the arbitration. Each party also will be responsible for their own attorneys' fees. In cases of extreme hardship to a Member, Health Net may assume all or a portion of a Member's share of the fees and expenses of the Arbitration. Upon written notice by the Member requesting a hardship application, Health Net will forward the request to an independent professional dispute resolution organization for a determination. Such request for hardship should be submitted to the Legal Department at the address provided above.

Members who are enrolled in an employer's Plan that is subject to ERISA, 29 U.S.C. § 1001 et seq., a federal law regulating benefit Plans, are not required to submit disputes about certain "adverse benefit determinations" made by Health Net to mandatory binding arbitration. Under ERISA, an "adverse benefit determination" means a decision by Health Net to deny, reduce, terminate or not pay for all or a part of a benefit. However, you and Health Net may voluntarily agree to arbitrate disputes about these "adverse benefit determinations" at the time the dispute arises.

Involuntary Transfer to Another Primary Care Physician or Contracting Physician Group

Health Net has the right to transfer you to another Primary Care Physician or contracting Physician Group under certain circumstances. The following are examples of circumstances that may result in involuntary transfer:

- **Refusal to Follow Treatment:** You may be involuntarily transferred to an alternate Primary Care Physician or Physician Group if you continually refuse to follow recommended treatment or established procedures of Health Net, the Primary Care Physician or the contracting Physician Group.

Health Net will offer you the opportunity to develop an acceptable relationship with another Primary Care Physician at the contracting Physician Group, or at another contracting Physician Group, if available. A transfer to another Physician Group will be at Health Net's discretion.

- **Disruptive or Threatening Behavior:** You may be involuntarily transferred to an alternate Primary Care Physician or Physician Group if you repeatedly disrupt the operations of the Physician Group or Health Net to the extent that the normal operations of either the Physician's office, the contracting Physician Group or Health Net are adversely impacted.
- **Abusive Behavior:** You may be involuntarily transferred to an alternate Primary Care Physician or Physician Group if you exhibit behavior that is abusive or threatening in nature toward the health care provider, his or her office staff, the contracting Physician Group or Health Net personnel.
- **Inadequate Geographic Access to Care:** You may be involuntarily transferred to an alternate Primary Care Physician or contracting Physician Group if it is determined that neither your residence nor place of work are within reasonable access to your current Primary Care Physician.

Other circumstances may exist where the treating Physician or Physicians have determined that there is an inability to continue to provide you care because the patient-Physician relationship has been compromised to the extent that mutual trust and respect have been impacted. In the U.S. the treating Physicians and contracting Physician Group must always work within the code of ethics established

through the American Medical Association (AMA). (For information on the AMA code of ethics, please refer to the American Medical Association website at <http://www.ama-assn.org>). Under the code of ethics, the Physician will provide you with notice prior to discontinuing as your treating Physician that will enable you to contact Health Net and make alternate care arrangements.

Health Net will conduct a fair investigation of the facts before any involuntary transfer for any of the above reasons is carried out.

Technology Assessment

New technologies are those procedures, drugs or devices that have recently been developed for the treatment of specific diseases or conditions or are new applications of existing procedures, drugs or devices. New technologies are considered Investigational or Experimental during various stages of clinical study as safety and effectiveness are evaluated and the technology achieves acceptance into the medical standard of care. The technologies may continue to be considered Investigational or Experimental if clinical study has not shown safety or effectiveness or if they are not considered standard care by the appropriate medical specialty. Approved technologies are integrated into Health Net benefits.

Health Net determines whether new technologies should be considered medically appropriate, or Investigational or Experimental, following extensive review of medical research by appropriately specialized Physicians. Health Net requests review of new technologies by an independent, expert medical reviewer in order to determine medical appropriateness or Investigational or Experimental status of a technology or procedure.

The expert medical reviewer also advises Health Net when patients require quick determinations of coverage, when there is no guiding principle for certain technologies or when the complexity of a patient's medical condition requires expert evaluation. If Health Net denies, modifies or delays coverage for your requested treatment on the basis that it is Experimental or Investigational, you may request an independent medical review (IMR) of Health Net's decision from the Department of Managed Health Care. Please refer to the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" above in this "General Provisions" section for additional details.

Medical Malpractice Disputes

Health Net and the health care providers that provide services to you through this Plan are each responsible for their own acts or omissions and are ordinarily not liable for the acts or omissions or costs of defending others.

Recovery of Benefits Paid by Health Net

WHEN YOU ARE INJURED

If you are ever injured through the actions of another person or yourself (responsible party), Health Net will provide benefits for all covered services that you receive through this Plan. However, if you receive money or are entitled to receive money because of your injuries, whether through a settlement, judgment or any other payment associated with your injuries, Health Net, SIMNSA or the medical providers retain the right to recover the value of any services provided to you through this Plan.

As used throughout this provision, the term responsible party means any party actually or potentially responsible for making any payment to a Member due to a Member's injury, illness or condition. The term responsible party includes the liability insurer of such party or any insurance coverage.

Some examples of how you could be injured through the actions of a responsible party are:

- You are in a car accident.
- You slip and fall in a store.

Health Net's rights of recovery apply to any and all recoveries made by you or on your behalf from the following sources, including but not limited to:

- Payments made by a third party or any insurance company on behalf of a third party;
- Uninsured or underinsured motorist coverage;
- Personal injury protection (PIP), no fault or any other first party coverage;
- Workers Compensation or Disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners' insurance coverage, umbrella coverage; and
- Any other payments from any other source received as compensation for the responsible party's actions.

By accepting benefits under this Plan, you acknowledge that Health Net has a right of reimbursement that attaches when this Plan has paid for health care benefits for expenses incurred due to the actions of a responsible party and you or your representative recovers or is entitled to recover any amounts from a responsible party.

Under California law, Health Net's legal right to reimbursement creates a health care lien on any recovery.

By accepting benefits under this Plan, you also grant Health Net an assignment of your right to recover medical expenses from any medical payment coverage available to the extent of the full cost of all covered services provided by the Plan and you specifically direct such medical payments carriers to directly reimburse the Plan on your behalf.

STEPS YOU MUST TAKE

If you are injured because of a responsible party, you must cooperate with Health Net's and the medical providers' efforts to obtain reimbursement, including:

- Telling Health Net and the medical providers the name and address of the responsible party, if you know it, the name and address of your lawyer, if you are using a lawyer, the name and address of any insurance company involved with your injuries and describing how the injuries were caused;
- Completing any paperwork that Health Net or the medical providers may reasonably require to assist in enforcing the lien;
- Promptly responding to inquiries from the lienholders about the status of the case and any settlement discussions;
- Notifying the lienholders immediately upon you or your lawyer receiving any money from the responsible parties, any insurance companies, or any other source;

- Pay the health care lien from any recovery, settlement or judgment, or other source of compensation and all reimbursement due Health Net for the full cost of benefits paid under the Plan that are associated with injuries through a responsible party regardless of whether specifically identified as recovery for medical expenses and regardless of whether you are made whole or fully compensated for your loss;
- Do nothing to prejudice Health Net's rights as set forth above. This includes, but is not limited to, refraining from any attempts to reduce or exclude from settlement or recovery the full cost of all benefits paid by the Plan; and
- Hold any money that you or your lawyer receive from the responsible parties or, from any other source, in trust and reimbursing Health Net and the medical providers for the amount of the lien as soon as you are paid.

HOW THE AMOUNT OF YOUR REIMBURSEMENT IS DETERMINED

The following section is not applicable to Workers' Compensation liens and may not apply to certain ERISA Plans, Hospital liens, Medicare Plans and certain other programs and may be modified by written agreement.*

Your reimbursement to Health Net or the medical provider under this lien is based on the value of the services you receive and the costs of perfecting this lien. For purposes of determining the lien amount, the value of the services depends on how the provider was paid as summarized below, and will be calculated in accordance with California Civil Code, Section 3040, or as otherwise permitted by law.

- The amount of the reimbursement that you owe Health Net or the Physician Group will be reduced by the percentage that your recovery is reduced if a judge, jury or arbitrator determines that you were responsible for some portion of your injuries.
- The amount of the reimbursement that you owe Health Net or the Physician Group will also be reduced a prorated share for any legal fees or costs that you paid from the money you received.
- The amount that you will be required to reimburse Health Net or the Physician Group for services you receive under this Plan will not exceed one-third of the money that you receive if you do engage a lawyer, or one-half of the money you receive if you do not engage a lawyer.

* *Reimbursement related to Workers' Compensation benefits, ERISA plans, Hospital liens, Medicare and other programs not covered by California Civil Code, Section 3040 will be determined in accordance with the provisions of this Evidence of Coverage and applicable law.*

Surrogacy Arrangements

A Surrogacy Arrangement is an arrangement in which a woman agrees to become pregnant and to carry the child for another person or persons who intend to raise the child.

Your Responsibility for Payment to Health Net

If you enter into a surrogacy arrangement, you must pay us for covered services and supplies you receive related to conception, pregnancy, or delivery in connection with that arrangement ("Surrogacy Health Services"), except that the amount you must pay will not exceed the payments you and/or any of your Family Members are entitled to receive under the surrogacy arrangement. You also agree to pay us for the covered services and supplies that any child born pursuant to the surrogacy arrangement receives at the time of birth or in the initial Hospital stay, except that if you provide proof of valid insurance

coverage for the child in advance of delivery or if the intended parents make payment arrangements acceptable to Health Net in advance of delivery, you will not be responsible for the payment of the child's medical expenses.

Assignment of Your Surrogacy Payments

By accepting Surrogacy Health Services, you automatically assign to us your right to receive payments that are payable to you or your chosen payee under the surrogacy arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and/or any escrow account or trust established to hold those payments. Those payments shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Duty to Cooperate

Within 30 days after entering into a surrogacy arrangement, you must send written notice of the arrangement, including the names and addresses of the other parties to the arrangement to include any escrow agent or trustee, and a copy of any contracts or other documents explaining the arrangement as well as the account number for any escrow account or trust, to:

Surrogacy Third Party Liability – Product Support
The Rawlings Company
One Eden Parkway
LaGrange, KY 40031-8100

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this "Surrogacy Arrangements" provision and/or to determine the existence of (or accounting for funds contained in) any escrow account or trust established pursuant to your surrogacy arrangement and to satisfy Health Net's rights.

You must do nothing to prejudice the health Plan's recovery rights. You must also provide us the contact and insurance information for the persons who intend to raise the child and whose insurance will cover the child at birth.

You may not agree to waive, release, or reduce our rights under this provision without our prior, written consent. If your estate, parent, guardian, or conservator asserts a claim against a third party based on the surrogacy arrangement, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the third party. We may assign our rights to enforce our liens and other rights.

Relationship of Parties

Contracting Physician Groups, SIMNSA, Member Physicians, Hospitals and other health care providers are not agents or employees of Health Net.

Health Net and its employees are not the agents or employees of any Physician Group in the Salud Network, SIMNSA, Member Physician, Hospital or other health care provider.

All of the parties are independent contractors and contract with each other to provide you the covered services or supplies of this Plan.

The Group and the Members are not liable for any acts or omissions of Health Net, its agents or employees or of Salud Network or SIMNSA provider, or any Physician or Hospital, or any other person or organization with which Health Net has arranged or will arrange to provide the covered services and supplies of this Plan.

Provider/Patient Relationship

Member Physicians maintain a doctor-patient relationship with the Member and are solely responsible for providing professional medical services. Hospitals maintain a Hospital-patient relationship with the Member and are solely responsible for providing Hospital services.

Liability for Charges

While it is not likely, it is possible that Health Net may be unable to pay a Health Net provider. If this happens, the provider has contractually agreed not to seek payment from the Member.

However, this provision only applies to providers who have contracted with Health Net. You may be held liable for the cost of services or supplies received from a noncontracting provider if Health Net does not pay that provider.

This provision does not affect your obligation to pay any required Copayment or to pay for services and supplies that this Plan does not cover.

Prescription Drug Liability

Health Net will not be liable for any claim or demand as a result of damages connected with the manufacturing, compounding, dispensing or use of any Prescription Drug this Plan covers.

Continuity of Care upon Termination of Provider Contract

If Health Net's contract with a Salud Network or SIMNSA participating Physician Group or other provider is terminated, Health Net will transfer any affected Members to another Salud Network or SIMNSA participating Physician Group or provider and make every effort to ensure continuity of care. At least 60-days prior to termination of a contract with a Physician Group or acute care Hospital to which Members are assigned for services, Health Net will provide a written notice to affected Members. For all other Hospitals that terminate their contract with Health Net, a written notice will be provided to affected Members within five days after the Effective Date of the contract termination.

In addition, a Member may request continued care from a provider whose contract is terminated if at the time of termination the Member was receiving care from such a provider for:

- An Acute Condition;
- A Serious Chronic Condition not to exceed twelve months from the contract termination date;
- A pregnancy (including the duration of the pregnancy and immediate postpartum care);
- Maternal mental health, not to exceed 12 months from the diagnosis or from the end of the pregnancy, whichever occurs later;
- A newborn up to 36 months of age, not to exceed twelve months from the contract termination date;

- A Terminal Illness (for the duration of the Terminal Illness); or
- A surgery or other procedure that has been authorized by Health Net as part of a documented course of treatment.

For definitions of Acute Condition, Serious Chronic Condition and Terminal Illness see the "Definitions" section.

Health Net may provide coverage for completion of services from a provider whose contract has been terminated, subject to applicable Copayments and any other exclusions and limitations of this Plan and if such provider is willing to accept the same contract terms applicable to the provider prior to the provider's contract termination. You must request continued care within 30 days of the provider's date of termination unless you can show that it was not reasonably possible to make the request within 30 days of the provider's date of termination and you make the request as soon as reasonably possible.

To request continued care, you will need to complete a Continuity of Care Request Form. If you would like more information on how to request continued care or request a copy of the Continuity of Care Request Form or of our continuity of care policy, please contact the Customer Contact Center at the telephone number on your Health Net ID card.

Contracting Administrators

Health Net may designate or replace any contracting administrator that provides the covered services and supplies of this Plan. If Health Net designates or replaces any administrator and as a result procedures change, Health Net will inform you.

Any administrator designated by Health Net is an independent contractor and not an Employee or agent of Health Net, unless otherwise specified in this *Evidence of Coverage*.

Decision-Making Authority

Health Net has discretionary authority to interpret the benefits of this Plan and to determine when services are covered by the Plan.

Coordination of Benefits

The Member's coverage is subject to the same limitations, exclusions and other terms of this Evidence of Coverage whether Health Net is the Primary Plan or the Secondary Plan.

Coordination of benefits (COB) is a process, regulated by law, that determines financial responsibility for payment of allowable expenses between two or more Group health Plans.

Allowable expenses are generally the cost or value of medical services that are covered by two or more Group health Plans, including two Health Net Plans.

The objective of COB is to ensure that all Group health Plans that provide coverage to an individual will pay no more than 100% of the allowable expense for services that are received. This payment will not exceed total expenses incurred or the reasonable cash value of those services and supplies when the Group health Plan provides benefits in the form of services rather than cash payments.

Health Net's COB activities will not interfere with your medical care.

Coordination of benefits is a bookkeeping activity that occurs between the two HMOs or insurers. However, you may occasionally be asked to provide information about your other coverage.

This coordination of benefits (COB) provision applies when a Member has health care coverage under more than one Plan. "Plan" is defined below.

The order of benefit determination rules below determine which Plan will pay as the primary Plan. The primary Plan that pays first pays without regard to the possibility that another Plan may cover some expenses. A Secondary Plan pays after the Primary Plan and may reduce the benefits it pays so that payment from all Group Plans do not exceed 100% of the total allowable expense. "Allowable Expense" is defined below.

Definitions

The following definitions apply to the coverage provided under this Subsection only.

A. **"Plan"**--A Plan is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a Group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. **"Plan" includes** group insurance, closed panel (HMO, PPO or EPO) coverage or other forms of group or group-type coverage (whether insured or uninsured); Hospital indemnity benefits in excess of \$200 per day; medical care components of group long-term care contracts, such as skilled nursing care.

(Medicare is not included as a Plan with which Health Net engages in COB. We do, however, reduce benefits of this Plan by the amount paid by Medicare. For Medicare coordination of benefits please refer to "Government Coverage" portion of this "General Provisions" section.)

2. **"Plan" does not include** nongroup coverage of any type, amounts of Hospital indemnity insurance of \$200 or less per day, school accident-type coverage, benefits for nonmedical components of group long-term care policies, Medicare supplement policies, a state Plan under Medicaid or a governmental Plan that, by law, provides benefits that are in excess of those of any private insurance Plan or other non-governmental Plan.

Each contract for coverage under (1) and (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. **Primary Plan or Secondary Plan**--The order of benefit determination rules determine whether this Plan is a "Primary Plan" or "Secondary Plan" when compared to another Plan covering the person.

When this Plan is primary, its benefits are determined before those of any other Plan and without considering any other Plan's benefits. When this Plan is secondary, its benefits are determined after those of another Plan and may be reduced because of the Primary Plan's benefits.

C. **Allowable Expense**--This concept means a Health Care Service or expense, including Deductibles and Copayments, that is covered at least in part by any of the plans covering the person. When a Plan provides benefits in the form of services, (for example an HMO) the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an Allowable Expense.

The following are examples of expenses or services that are **not Allowable Expenses**:

1. If a Member is confined in a private room, the difference between the cost of a semi-private room in the Hospital and the private room, is not an Allowable Expense.

Exception

If the patient's stay in a private Hospital room is Medically Necessary in terms of generally accepted medical practice or one of the Plans routinely provides coverage for Hospital private rooms, the expense or service is an Allowable Expense.

2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees, any amount in excess of the highest of the usual and customary fees for a specific benefit is not an Allowable Expense.
3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangements shall be the Allowable Expense for all Plans.
5. The amount a benefit is reduced by the Primary Plan because of a Member does not comply with the Plan provisions is not an Allowable Expense.

Examples of these provisions are second surgical opinions, precertification of admissions and preferred provider arrangements.

- D. **Claim Determination Period**--This is the Calendar Year or that part of the Calendar Year during which a person is covered by this Plan.
- E. **Closed Panel Plan**--This is a Plan that provides health benefits to Members primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. **Custodial Parent**--This is a parent who has been awarded custody of a child by a court decree. In the absence of a court decree, it is the parent with whom the child resided more than half of the Calendar Year without regard to any temporary visitation.

Order of Benefit Determination Rules

If the Member is covered by another Group health Plan, responsibility for payment of benefits is determined by the following rules. These rules indicate the order of payment responsibility among Health Net and other applicable Group health Plans by establishing which Plan is primary, secondary and so on.

- A. **Primary or Secondary Plan**--The Primary Plan pays or provides its benefits as if the Secondary Plan or Plans did not exist.
- B. **No COB Provision**--A Plan that does not contain a coordination of benefits provision is always primary.

There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Plan Hospital and surgical benefits and insurance-type coverages that are written in connection with a closed Panel Plan to provide out-of-network benefits.

- C. **Secondary Plan Performs COB**--A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. **Order of Payment Rules**--The first of the following rules that describes which Plan pays its benefits before another Plan is the rule that will apply.
1. **Subscriber (Non-Dependent) vs. Dependent**--The Plan that covers the person other than as a dependent, for example as an employee, subscriber or retiree, is primary, and the Plan that covers the person as a dependent is secondary.
 2. **Child Covered By More Than One Plan**--The order of payment when a child is covered by more than one Plan is:
 - a. **Birthday Rule**--The Primary Plan is the Plan of the parent whose birthday is earlier in the year if:
 - The parents are married;
 - The parents are not separated (whether or not they ever have been married); or
 - A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.If both parents have the same birthday, the Plan that covered either of the parents longer is primary.
 - b. **Court Ordered Responsible Parent**--If the terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to Claim Determination Periods or plan years commencing after the Plan is given notice of the court decree.
 - c. **Parents Not Married, Divorced or Separated**--If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - The Plan of the Custodial Parent.
 - The Plan of the spouse of the Custodial Parent.
 - The Plan of the noncustodial parent.
 - The Plan of the spouse of the noncustodial parent.
 3. **Active vs. Inactive Employee**--The Plan that covers a person as an employee who is neither laid off nor retired (or his or her dependent), is primary in relation to a Plan that covers the person as a laid off or retired employee (or his or her dependent). When the person has the same status under both Plans, the Plan provided by active employment is first to pay.

If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

Coverage provided an individual by one Plan as a retired worker and by another Plan as a dependent of an actively working spouse will be determined under the rule labeled D (1) above.

4. **COBRA Continuation Coverage**--If a person whose coverage is provided under a right of continuation provided by federal (COBRA) or state law (similar to COBRA) also is covered under another Plan, the Plan covering the person as an employee or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
5. **Longer or Shorter Length of Coverage**--If the preceding rules do not determine the order or payment, the Plan that covers the subscriber (non-dependent), retiree or dependent of either for the longer period is primary.
 - a. **Two Plans Treated As One**--To determine the length of time a person has been covered under a Plan, two Plans shall be treated as one if the Member was eligible under the second within twenty-four hours after the first ended.
 - b. **New Plan Does Not Include**--The start of a new Plan does not include:
 - A change in the amount or scope of a Plan's benefits.
 - A change in the entity that pays, provides or administers the Plan's benefits.
 - A change from one type of Plan to another (such as from a single group Plan to that of a multiple group Plan).
 - c. **Measurement of Time Covered**--The person's length of time covered under a Plan is measured from the person's first date of coverage under that Plan. If that date is not readily available for a group Plan, the date the person first became a Member of the group shall be used as the date from which to determine the length of time the person's coverage under the present Plan has been in force.
6. **Equal Sharing**--If none of the preceding rules determines the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

Effect on the Benefits of This Plan

- A. **Secondary Plan Reduces Benefits**--When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Claim Determination Period are not more than 100% of total Allowable Expenses.
- B. **Coverage by Two Closed Panel Plans**--If a Member is enrolled in two or more closed Panel Plans and if, for any reason, including the person's having received services from a non-panel provider, benefits are not covered by one closed Panel Plan, COB shall not apply between that Plan and other closed Panel Plans.

But, if services received from a non-panel provider are due to an emergency and would be covered by both Plans, then both Plans will provide coverage according to COB rules.

Right to Receive and Release Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other Plans.

Health Net may obtain the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other Plans covering the person claiming benefits.

Health Net need not tell or obtain the consent of any person to do this. Each person claiming benefits under this Plan must give Health Net any facts it needs to apply those rules and determine benefits payable.

Health Net's Right to Pay Others

A "payment made" under another Plan may include an amount that should have been paid under this Plan. If this happens, Health Net may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under this Plan. Health Net will not have to pay that amount again.

The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Recovery of Excessive Payments by Health Net

If the "amount of the payment made" by Health Net is more than it should have paid under this COB provision, Health Net may recover the excess from one or more of the persons it has paid or for whom it has paid or for any other person or organization that may be responsible for the benefits or services provided for the Member.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Government Coverage

Medicare Coordination of Benefits (COB)

When you reach age 65, you may become eligible for Medicare based on age. You may also become eligible for Medicare before reaching age 65 due to disability or end stage renal disease. We will solely determine whether we are the primary Plan or the secondary Plan with regard to services to a Member enrolled in Medicare in accordance with the Medicare Secondary Payer rules established under the provisions of Title XVIII of the Social Security Act and its implementing regulations. Generally, those rules provide that:

If you are enrolled in Medicare Parts A and Part B, and are not an active Employee or your employer group has less than twenty employees, then this Plan will coordinate with Medicare and be the secondary Plan. This Plan also coordinates with Medicare if you are an active Employee participating in a Trust through a small employer, in accordance with Medicare Secondary Payer rules. (If you are not enrolled in Medicare Part A and Part B, Health Net will provide coverage for Medically Necessary Covered Services without coordination with Medicare.)

For services and supplies covered under Medicare Part A and Part B, claims are first submitted by your provider or by you to the Medicare administrative contractor for determination and payment of allowable amounts. The Medicare administrative contractor then sends your medical care provider a Medicare Summary Notice (MSN), (formerly an Explanation of Medicare Benefits (EOMB)). In most cases, the MSN will indicate that the Medicare administrative contractor has forwarded the claim to Health Net for secondary coverage consideration. Health Net will process secondary claims received from the Medicare administrative contractor. Secondary claims not received from the Medicare administrative contractor must be submitted to Health Net by you or the provider of service, and must include a copy of the MSN. Health Net and/or your medical provider is responsible for paying the

difference between the Medicare paid amount and the amount allowed under this Plan for the Covered Services described in this *Evidence of Coverage*, subject to any limits established by Medicare COB law. This Plan will cover benefits as a secondary payer only to the extent services are coordinated by your Primary Care Physician and authorized by Health Net as required under this *Evidence of Coverage*.

If either you or your spouse is over the age of 65 and you are actively employed, neither you nor your spouse is eligible for Medicare Coordination of benefits, unless you are employed by a small employer and pertinent Medicare requirements are met.

Medi-Cal

Medi-Cal is last to pay in all instances. Health Net will not attempt to obtain reimbursement from Medi-Cal.

Veterans' Administration

Health Net will not attempt to obtain reimbursement from the Department of Veterans' Affairs (VA) for service-connected or nonservice-connected medical care.

Workers' Compensation

This Plan does not replace Workers' Compensation Insurance. Your Group will have separate insurance coverage that will satisfy Workers' Compensation laws.

If you require covered services or supplies, and the injury or illness is work-related and benefits are available as a requirement of any Workers' Compensation or Occupational Disease Law, Salud Network or SIMNSA will provide services, and Health Net will then obtain reimbursement from the Workers' Compensation carrier liable for the cost of medical treatment related to your illness or injury.

MISCELLANEOUS PROVISIONS

Cash Benefits

Health Net, in its role as a health maintenance organization, generally provides all covered services and supplies through a network of contracting Physician Groups or SIMNSA. Your Physician Group or SIMNSA performs or authorizes all care and you will not have to file claims.

There is an exception when you receive covered Emergency Care or Urgently Needed Care from a provider who does not have a contract with Health Net.

When cash benefits are due, Health Net will reimburse you for the amount you paid for services or supplies, less any applicable Copayment. If you signed an assignment of benefits and the provider presents it to us, we will send the payment to the provider. You must provide proof of any amounts that you have paid.

If a parent who has custody of a child submits a claim for cash benefits on behalf of the child who is subject to a Medical Child Support Order, Health Net will send the payment to the Custodial Parent.

Benefits Not Transferable

No person other than a properly enrolled Member is entitled to receive the benefits of this Plan. Your right to benefits is not transferable to any other person or entity.

If you use benefits fraudulently, your coverage will be canceled. Health Net has the right to take appropriate legal action.

Notice of Claim

In most instances, you will not need to file a claim to receive benefits this Plan provides. However, if you need to file a claim (for example, for Emergency or Urgently Needed Care from a non-Health Net provider), you must do so within 90 days from the date you receive the services or supplies. Any claim filed more than one year from the date the expense was incurred will not be paid unless it is shown that it was not reasonably possible to file within that time limit, and that you have filed as soon as was reasonably possible.

Please include your name, family ID number, address and telephone number on all requests for reimbursement.

Health Care Plan Fraud

Health care Plan fraud is defined as a deception or misrepresentation by a provider, Member, employer or any person acting on their behalf. It is a felony that can be prosecuted. Any person who willfully and knowingly engages in an activity intended to defraud the health care Plan by filing a claim that contains a false or deceptive statement is guilty of insurance fraud.

If you are concerned about any of the charges that appear on a bill or Explanation of Benefits form, or if you know of or suspect any illegal activity, call Health Net's toll-free Fraud Hotline at **1-800-977-3565**. The Fraud Hotline operates 24 hours a day, seven days a week. All calls are strictly confidential.

Disruption of Care

Circumstances beyond Health Net's control may disrupt care; for example, a natural disaster, war, riot, civil insurrection, epidemic, complete or partial destruction of facilities, atomic explosion or other release of nuclear energy, disability of significant contracting Physician Group personnel or a similar event.

If circumstances beyond Health Net's control result in your not being able to obtain the Medically Necessary covered services or supplies of this Plan, Health Net will make a good faith effort to provide or arrange for those services or supplies within the remaining availability of its facilities or personnel. In the case of an emergency, go to the nearest doctor or Hospital. See the "Emergency and Urgently Needed Care" section under the "Introduction to Health Net" section.

Sending and Receiving Notices

Any notice that Health Net is required to make will be mailed to the Group at the current address shown in Health Net's files. The *Evidence of Coverage*, however, will be posted electronically on Health Net's website at www.healthnet.com. The Group can opt for the Subscribers to receive the *Evidence of Coverage* online. Transfer of Medical Records

A health care provider may charge a reasonable fee for the preparation, copying, postage or delivery costs for the transfer of your medical records. Any fees associated with the transfer of medical records are the Member's responsibility. State law limits the fee that the providers can charge for copying records to be no more than twenty-five cents (\$0.25) per page, or fifty cents (\$0.50) per page for records that are copied from microfilm and any additional reasonable clerical costs incurred in making the records available. There may be additional costs for copies of x-rays or other diagnostic imaging materials.
