About This Booklet

Please read the following information so you will know from whom or what group of providers health care may be obtained.

This *Evidence of Coverage* constitutes only a summary of the health plan. The health plan contract must be consulted to determine the exact terms and conditions of coverage. See the “Notice of Privacy Practices” under “Miscellaneous Provisions” for information regarding your right to request confidential communications.

Method of Provider Reimbursement

Health Net pays Participating Providers on a fee-for-service basis, according to an agreed Contracted Rate. You may request more information about our payment methods by contacting the Customer Contact Center at the telephone number on your Health Net ID card.

Use of Special Words

Special words used in this *Evidence of Coverage (EOC)* to explain your Plan have their first letter capitalized and appear in the “Definitions” section.

In addition, the following words are used frequently:

- **“You” or “Your”** refers to anyone in your family who is covered; that is, anyone who is eligible for coverage in this Plan and who has been enrolled.
- **“Employee”** has the same meaning as the word “you” above.
- **“We,” “Our,” or “Us”** refers to Health Net.
- **“Subscriber”** means the primary Member, generally an employee of a Group.
- **“Group”** is the business entity (usually an employer) that contracts with Health Net to provide this coverage to you.
- **“Plan” and “Evidence of Coverage (EOC)”** have similar meanings. You may think of these as meaning your Health Net benefits.
- **“Preferred Provider Organization Plan” or “PPO”** means a Preferred Provider Organization (PPO) plan. In a PPO plan, you have the flexibility to choose the providers you see. You can receive care from In-Network Providers or Out-of-Network Providers.
- **“Preferred Provider,” “Participating Physician,” or “In-Network Provider”** means the provider who has agreed to participate in Health Net’s Preferred Provider Organization (“PPO”) to provide covered services and supplies, as explained in this *EOC*, and accept a special Contracted Rate, called the Contracted Rate, as payment in full. Your share of costs is based on this Contracted Rate.
- **“Out-of-Network Provider,” or “Non-Participating Providers”** means the provider who is not part of the Health Net’s Preferred Provider Organization Network (“PPO Network”). Out-of-Network Providers do not have a contract with Health Net to accept Health Net’s Maximum Allowable Amount (MAA) as payment in full for covered services and supplies. Except for Emergency Care (and services received at a Participating Hospital under certain conditions), you will pay more for covered services from an Out-of-Network Provider.
- **“Tier” or “Level”** refers to a benefit option offered in your Health Net PPO Plan benefits.
- **“In-Network Tier,” or “In-Network Benefit Level”** refers to the benefit option in which you receive covered services and supplies from Preferred Providers.
- **“Out-of-Network Tier” or “Out-of-Network Benefit Level”** refers to the benefit option in which you receive covered services and supplies from Out-of-Network Providers.
- **“Cost Sharing”** refers to your share of costs for covered services and supplies under this Plan. This term includes Deductibles, Coinsurance, and Copayments which are determined from Covered Expenses. You are responsible for any charges that are not Covered Expenses.

INTRODUCTION TO HEALTH NET

The coverage described in this *Evidence of Coverage* shall be consistent with the Essential Health Benefits coverage requirements in accordance with the Affordable Care Act (ACA). The Essential Health Benefits are not subject to any annual dollar limits.

The benefits described under this *Evidence of Coverage* do not discriminate on the basis of race, color, national origin, ancestry, religion, sex, marital status, gender, gender identity, sexual orientation, age, or disability, and are not subject to any pre-existing condition or exclusion period.

Welcome to the Preferred Provider Organization (“PPO”) Plan, a product of Health Net, a health care service plan regulated by the California Department of Managed Health Care. Health Net PPO provides two (2) coverage options: the flexibility of a Preferred Provider Organization network (“PPO Network”) through the in-network benefit level and the traditional indemnity arrangement through the out-of-network benefit level.

This Plan covers care from in-network providers and Out-of-Network Providers. You do not need a referral. However, some services do require Prior Authorization (or treatment review). This *Evidence of Coverage* (EOC) will explain the benefits that are available to you under this Plan.

IMPORTANT NOTE: WHEN YOU USE AN OUT-OF-NETWORK PROVIDER, BENEFITS ARE SUBSTANTIALLY REDUCED AND YOU WILL INCUR A SIGNIFICANTLY HIGHER OUT-OF-POCKET EXPENSE. This is because the cost sharing for the out-of-network benefit is typically higher than for the in-network benefit. Plus, you are responsible for the difference between the amount the Out-of-Network Provider bills and the Maximum Allowable Amount (MAA). See “Your Financial Responsibility” later in this section for more details.

Some Hospitals and other providers do not provide one or more of the following services that may be covered under your *Evidence of Coverage* and that you or your Family Member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; Infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association or clinic or the Customer Contact Center at 1-800-522-0088 to ensure that you can obtain the Health Care Services that you need.

Please read this entire *Evidence of Coverage* so you will understand how your benefits work.

How to Obtain Care – In-Network

Under the in-network benefit level, you receive medical care from a Preferred Provider listed in the *Health Net PPO Network Directory*. Simply call the Preferred Provider to schedule an appointment. Refer to “Timely Access to Care – Preferred Providers” later in this section for more details about scheduling an appointment with Preferred Providers.

To receive care related to Mental Health and Substance Use Disorders from a Preferred Provider, contact Health Net by calling the phone number as shown on your Health Net ID card. Health Net will help you identify a nearby Participating Mental Health Professional and with whom you can schedule an appointment.

To obtain a copy of the *Health Net PPO Network Directory*, please contact the Customer Contact Center at the telephone number on your Health Net ID card or visit the Health Net website at www.healthnet.com. The provider directory allows you to find information on network providers including names, addresses, telephone numbers, specialties, and more.

Preferred Providers have agreed to accept the Contracted Rate as payment in full. Your share of cost is based on the Contracted Rate. When you use a Health Net Preferred Provider, you are not responsible for any amounts billed in excess of the Contracted Rate.

The PPO Network is subject to change. It is your obligation to be sure that the provider you choose is a Preferred Provider with a Health Net agreement in effect. **IMPORTANT NOTE:** Please be aware that it is your responsibility and in your best financial interest to verify that the health care providers treating you are Preferred Providers, including:

- The Hospital or other facility where care will be given. After verifying that the Hospital or the facility is a Preferred Provider, you should not assume all providers at that Hospital or facility are also Preferred Providers; if you receive services from an Out-of-Network Provider at that Hospital or facility, refer to “How to Obtain Care – Out-of-Network” below for information on how those services are paid.
- The provider you select, or to whom you are referred, are a Preferred Provider at the specific location at which you will receive care. Some providers participate at one location, but not at others.

Preferred Providers may refer Members to Out-of-Network Providers. If you receive care from an Out-of-Network Provider, even if the referral to that provider is from a Preferred Provider, then services are covered at the out-of-network benefit level. **It is your obligation to confirm if the provider, to whom you are referred, is a Preferred Provider or an Out-of-Network Provider. To verify if the provider is a Preferred Provider, check the *Health Net PPO Network Directory*, contact the Customer Contact Center at the telephone number on your Health Net ID card or visit the Health Net website at www.healthnet.com. You are responsible for the cost share of the benefit level (that is, Preferred Provider or Out-of-Network Provider) that applies to the provider.**

Some of the Covered Expenses under the in-network benefit level are subject to a requirement of Prior Authorization, or treatment review, in order for full benefits to be available to you. Please refer to the “Prior Authorization Requirement” section in this *Evidence of Coverage* for additional information.

Specialists and Referral Care

In the event that you desire to see a Specialist, find the Specialist you wish to see in the *Health Net PPO Network Directory* and schedule an appointment.

Covered Services That Are Not Available Through a Preferred Provider

Health Net may authorize covered services from an out-of-network Specialist or ancillary provider when the Member cannot obtain Medically Necessary care from a Preferred Provider because either: (1) Health Net does not have the provider type in its network; or (2) Health Net does not contract with the

provider type within a reasonable distance from the Member's residence and an Out-of-Network Provider of that type is within such reasonable distance. When Health Net authorizes such care, covered services from the Out-of-Network Provider will be paid at the in-network level of benefit. The Member will pay the cost sharing as shown under the "Preferred Provider" tier in the "Schedule of Benefits" section of this *EOC*.

THE CONTINUED PARTICIPATION OF ANY ONE PHYSICIAN, HOSPITAL OR OTHER PROVIDER CANNOT BE GUARANTEED.

THE FACT THAT A PHYSICIAN OR OTHER PROVIDER MAY PERFORM, PRESCRIBE, ORDER, RECOMMEND OR APPROVE A SERVICE, SUPPLY OR HOSPITALIZATION DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY, OR MAKE IT A COVERED SERVICE.

How to Obtain Care – Out-of-Network

Under the out-of-network benefit level, you may receive medical care from any licensed Out-of-Network Provider. Out-of-Network Providers have not agreed to participate in the Health Net PPO Network. Therefore, you lose the protection of Contracted Rates and must also submit claims for benefits. You will not be reimbursed for any amounts in excess of the Maximum Allowable Amount. Please refer to the "Maximum Allowable Amount (MAA) for Out-of-Network Providers" section of this *Evidence of Coverage* for more details on how we determine MAA.

Some of the Covered Expenses under the out-of-network benefit level are subject to a requirement of Prior Authorization, or treatment review, in order for full benefits to be available to you. Please refer to the "Prior Authorization Requirement" section in this *Evidence of Coverage* for additional information.

Specialists and Referral Care

In the event you desire to see a particular Specialist that is not listed in the Health Net PPO Network *Directory*, you can obtain services from an out-of-network Physician. Simply schedule an appointment with the provider. Services will be reimbursed to you based on the Maximum Allowable Amount and your benefits once you submit the claims to Health Net.

THE FACT THAT A PHYSICIAN OR OTHER PROVIDER MAY PERFORM, PRESCRIBE, ORDER, RECOMMEND OR APPROVE A SERVICE, SUPPLY OR HOSPITALIZATION DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY, OR MAKE IT A COVERED SERVICE.

Your Financial Responsibility

Preferred Providers

Covered services or supplies from Preferred Providers are paid at the in-network benefit level. The maximum amount of Covered Expenses for a service or supply provided by a Preferred Provider is the lesser of the billed charge or the Contracted Rate. You will not be responsible for any amount billed in excess of the Contracted Rate. However, you are responsible for any applicable Deductible, Copayments or Coinsurance payment. You are always responsible for services or supplies not covered by this Plan.

Out-of-Network Providers

Covered services or supplies from Out-of-Network Providers are paid at the out-of-network benefit level. Your share of cost is based on the Maximum Allowable Amount. For more information on how we determine the Maximum Allowable Amount, refer to the “Maximum Allowable Amount (MAA) for Out-of-Network Providers” section of this *Evidence of Coverage*. You are responsible for any applicable Deductible, Copayments or Coinsurance payment, and any amounts billed in excess of the Maximum Allowable Amount. THEREFORE, WHEN YOU USE AN OUT-OF-NETWORK PROVIDER, BENEFITS ARE SUBSTANTIALLY REDUCED AND YOU WILL INCUR A SIGNIFICANTLY HIGHER OUT-OF-POCKET EXPENSE.

You are completely financially responsible for care that this Plan does not cover. Additionally, the Out-of-Network Provider may request that you pay the billed charges when the service is rendered. In this case, you are responsible for paying the full cost and for submitting a claim to Health Net for a determination of what portion of the billed charges is reimbursable to you.

Covered Services from an Out-of-Network Provider at an In-Network Facility

When Nonemergent Services are provided by an Out-of-Network Provider: Nonemergent services provided by an Out-of-Network Provider at a Preferred Provider facility will be payable at the in-network benefit level, with the same cost sharing and Deductible, if applicable, and without balance billing (balance billing is the difference between a provider’s billed charge and the Maximum Allowable Amount); the cost sharing and Deductible will accrue to the in-network Out-of-Pocket Maximum.

However, the Out-of-Network Provider may bill or collect from you the difference between a provider’s billed charge and the Maximum Allowable Amount in addition to any applicable out-of-network Deductible(s), Copayments and/or Coinsurance, only when you consent in writing at least 24 hours in advance of care. In order to be valid, that consent must meet all of the following requirements: (1) it must be in a document that is separate from the document used to obtain the consent for any other part of the care or procedure, (2) the Out-of-Network Provider has given you a written estimate of the total out-of-pocket cost of care, (3) the consent has advised you that you may elect to seek care from a Preferred Provider or may contact Health Net to arrange to receive care from a Preferred Provider, (4) that any costs that you incur as a result of your use of the out-of-network benefit level shall be in addition to the in-network cost-sharing amounts and may not count toward the in-network annual Out-of-Pocket Maximum or an in-network Deductible, if any, and (5) the consent and estimate shall be provided to you in languages other than English under certain circumstances.

For information regarding Health Net’s payment for out-of-network nonemergent services, please refer to the “Maximum Allowable Amount (MAA) for Out-of-Network Providers” section of this *Evidence of Coverage*.

When Emergency Services are provided by an Out-of-Network Provider: When covered services are received in connection with Emergency Care, you will pay the Preferred Provider level of cost sharing, regardless of whether the provider is a Preferred Provider or an Out-of-Network Provider, and without balance billing. Balance billing is the difference between an Out-of-Network Provider’s billed charge and the Maximum Allowable Amount. When you receive Emergency Care from an Out-of-Network Provider, your payment of the cost sharing will accrue toward the Deductible (if applicable) and the Out-of-Pocket Maximum for Preferred Providers.

For information regarding Health Net's payment for out-of-network Emergency Care, please refer to the "Maximum Allowable Amount (MAA) for Out-of-Network Providers" section of this *Evidence of Coverage*.

Deductible

For certain services and supplies under this Plan, a Deductible may apply which must be satisfied before these services and supplies are payable by Health Net. Such services and supplies are only covered to the extent that Covered Expenses exceed the Deductible. You will be notified by us of your Deductible accumulation for each month in which benefits were used. You will also be notified when you have reached your Deductible amount for the Calendar Year. You can also obtain an update on your Deductible accumulation by calling the Customer Contact Center at the telephone number on your ID card. Refer to the "Schedule of Benefits" section for specific information on Deductible(s).

Nonauthorization Penalties

Some Covered Expenses under this Plan require Prior Authorization. Nonauthorization penalties apply to covered services or supplies that require Prior Authorization but Prior Authorization is not obtained. Refer to the "Schedule of Benefits" and "Prior Authorization Requirement" sections for specific information.

Prior Authorization is NOT a determination of benefits. Some of these services or supplies may not be covered under your Plan. Even if a service or supply is authorized, eligibility rules and benefit limitations will still apply.

Triage and/or Screening/24-Hour Nurse Advice Line

As a Health Net Member, you have access to triage or screening service, 24 hours per day, 7 days per week. When you are sick or need urgent behavioral health care and cannot reach your doctor, like on the weekend or when the office is closed, you can call Health Net's Customer Contact Center or the 24-hour Nurse Advice Line at the number shown on your Health Net ID card, and select the Triage and/or Screening option to these services. You will be connected to a health care professional (such as a doctor, nurse, or other provider, depending on your needs) who will be able to help you and answer your questions. You can also call 988, the national suicide and Mental Health crisis hotline system.

If you have a life-threatening emergency, call “911” or go immediately to the closest emergency room. Use “911” only for true emergencies.

Transition of Care for New Enrollees

You may request continued care from a provider, including a Hospital that does not contract with Health Net if, at the time of enrollment with Health Net, you were receiving care from such a provider for any of the following conditions:

- An Acute Condition;
- A Serious Chronic Condition not to exceed twelve months from your Effective Date of coverage under this Plan;
- A pregnancy (including the duration of the pregnancy and immediate postpartum care);
- Maternal Mental Health, not to exceed 12 months from the diagnosis or from the end of pregnancy, whichever occurs later;
- A newborn up to 36 months of age not to exceed twelve months from your Effective Date of coverage under this Plan;
- A Terminal Illness (for the duration of the Terminal Illness); or
- A surgery or other procedure that has been authorized by your prior health plan as part of a documented course of treatment.

For definitions of Acute Condition, Serious Chronic Condition and Terminal Illness see the “Definitions” section.

Health Net may provide coverage for completion of services from such a provider, subject to applicable Copayments, Coinsurance, or Calendar Year Deductibles and any exclusions and limitations of this Plan, at the in-network benefit level. You must request the coverage within 60 days of your Group’s effective date unless you can show that it was not reasonably possible to make the request within 60 days of the Group’s effective date and you make the request as soon as reasonably possible. The Out-of-Network Provider must be willing to accept the same contract terms applicable to providers currently contracted with Health Net, who are not capitated and who practice in the same or similar geographic region. If the provider does not accept such terms, Health Net is not obligated to provide coverage with that provider at the in-network benefit level.

To request continued care, you will need to complete a Continuity of Care Request Form. If you would like more information on how to request continued care or request a copy of the Continuity of Care Request Form or of our continuity of care policy, please contact the Customer Contact Center at the telephone number on your Health Net ID card.

Emergency and Urgently Needed Care through Your PPO Plan

WHAT TO DO WHEN YOU NEED MEDICAL OR MENTAL HEALTH AND SUBSTANCE USE DISORDER CARE IMMEDIATELY

In serious emergency situations: Call “911” or go to the nearest Hospital.

If your situation is not so severe: Call your Physician or if you cannot call them or you need medical or Mental Health care right away, go to the nearest medical center or Hospital. **You can also call 988, the national suicide and Mental Health crisis hotline system.**

If you are not sure whether you have an emergency or require urgent care, please contact Health Net at the number shown on your Health Net ID card. As a Health Net Member, you have access to triage or screening services, 24 hours per day, 7 days per week.

Emergency Care is covered and does not require Prior Authorization. Emergency Care is covered at the in-network benefit level regardless of whether the services are performed by a Preferred Provider or an Out-of-Network Provider.

Urgently Needed Care is covered and does not require Prior Authorization. Urgently Needed Care is covered at the benefit level that applies to the provider of service. Always present your Health Net PPO ID card to the health care provider regardless of where you are. It will help them understand the type of coverage you have and they may be able to assist you in contacting your Physician.

After your medical problem (including Mental Health and Substance Use Disorder) no longer requires Urgently Needed Care or ceases to be an emergency and your condition is stable, any additional care you receive is considered Follow-Up Care.

***Follow-Up Care** services performed by an Out-of-Network Provider are covered as described earlier in this section under “How to Obtain Care – Out-of-Network.”*

Follow-Up Care after Emergency Care at a Hospital: If, once your Emergency Medical Condition or Psychiatric Emergency Medical Condition is stabilized, and your treating health care provider at the Hospital believes that you require additional Medically Necessary Hospital services, the Hospital must contact Health Net to obtain timely Prior Authorization or you will be subject to the nonauthorization penalty. If you want to be transferred from an Out-of-Network Hospital to a Preferred Provider Hospital, and Health Net determines that you may be safely transferred, Health Net will arrange for the transfer and for the care to continue at the Preferred Provider Hospital

Please refer to the “Definitions” section for definitions of Emergency Care, Emergency Medical Condition, Psychiatric Emergency Medical Condition and Urgently Needed Care.

Prescription Drugs

If you purchase a covered Prescription Drug for medical Emergency Care or Urgently Needed Care from a Nonparticipating Pharmacy, this Plan will reimburse you for the retail cost of the drug less any required Deductible and Copayment or Coinsurance shown in the “Schedule of Benefits” section. You may have to pay for the Prescription Drug when it is dispensed.

To be reimbursed, you must file a claim with Health Net. Call our Customer Contact Center at the telephone number on your Health Net ID card or visit our website at www.healthnet.com to obtain claim forms and information.

Note:

The “Prescription Drugs” portion of the “Exclusions and Limitations” section and the requirements of the Essential Drug List also applies.

Pediatric Vision Services

In the event you require Emergency Pediatric Vision Care, please contact a Health Net Participating Vision Provider to schedule an immediate appointment. Most Participating Vision Providers are available during extended hours and weekends and can provide services for urgent or unexpected conditions that occur after-hours.

Pediatric Dental Services

Emergency pediatric Dental Services are Dental Procedures administered in a dentist's office, dental clinic, or other comparable facility, to evaluate and stabilize dental conditions of a recent onset and severity accompanied by excessive bleeding, severe Pain, or acute infection that a person could reasonably expect that immediate dental care is needed.

If you require emergency pediatric Dental Services, you may go to any Dental Provider, go to the closest emergency room, or call 911 for assistance, as necessary. Prior Authorization for emergency Dental Services is not required.

Your reimbursement from us for emergency pediatric Dental Services, if any, is limited to the extent the treatment you received directly relates to emergency pediatric Dental Services - i.e., to evaluate and stabilize the dental condition. All reimbursements will be allocated in accordance with your Plan benefits, subject to any exclusions and limitations. Hospital charges and/or other charges for care received at any Hospital or outpatient care facility that are not related to treatment of the actual dental condition are not covered benefits.

Calendar Year Deductible

Employee-only Coverage

	Preferred Provider	Out-of-Network Provider
Individual Calendar Year Deductible	\$1,700	\$3,400

Family Coverage

The following Calendar Year Deductibles apply to the Subscriber and Family Members who are covered under this *Evidence of Coverage* as a family unit. They do not apply to employee-only coverage. The Member must meet the individual Calendar Year Deductible before benefits are payable. All amounts applied toward the individual Calendar Year Deductibles for each Member in a family unit will accumulate to meet the family Calendar Year Deductible. Once the family Calendar Year Deductible is

met, no further individual Calendar Year Deductibles for Members in the family unit will have to be satisfied during that Calendar Year.

	Preferred Provider	Out-of-Network Provider
Individual Calendar Year Deductible	\$3,400	\$3,400
Family Calendar Year Deductible	\$3,400	\$6,800

Note(s):

The Calendar Year Deductible is required for certain medical services and outpatient Prescription Drugs, unless indicated as “Deductible waived,” and is applied to the Out-of-Pocket Maximum. You must pay an amount of Covered Expenses for these services equal to the Calendar Year Deductible shown above before the benefits are paid by your Plan. After the Deductible is satisfied, you remain financially responsible for paying any other applicable Copayments until you satisfy the individual or family Out-of-Pocket Maximum. The Calendar Year Deductible does not apply to Preventive Care Services through Preferred Providers.

- If the Subscriber has employee-only coverage and changes to family coverage (that is, adds Family Members, such as a newborn child), any amounts applied to the individual Calendar Year Deductible for employee-only coverage will be applied to the individual and family Calendar Year Deductible for family coverage.
- If the Subscriber has family coverage and changes to employee-only coverage (that is, removes all Family Members), any amounts applied to the individual Calendar Year Deductible for family coverage will be applied to the individual Calendar Year Deductible for employee-only coverage.
- Any amount applied toward the Calendar Year Deductible for covered services and supplies received from a Preferred Provider will **not** apply toward the Calendar Year Deductible for Out-of-Network Providers. In addition, any amount applied toward the Calendar Year Deductible for covered services and supplies received from an Out-of-Network Provider will not apply toward the Calendar Year Deductible for Preferred Providers.

Nonauthorization Penalties

Some Covered Expenses require Prior Authorization. Nonauthorization penalties apply to covered services or supplies that require Prior Authorization but Prior Authorization is not obtained. For a list of services which require Prior Authorization, please see the “Prior Authorization Requirement” section. The Coinsurance percentage applicable to the coverage of nonauthorized services is based on the amount determined to be a Covered Expense, not a percentage of the billed charges.

	Preferred Provider	Out-of-Network Provider
Medically Necessary services for which Prior Authorization was required but not obtained	\$250	\$500

Note(s):

Prior Authorization is NOT a determination of benefits. Some of these services or supplies may not be covered under your Plan. Even if a service or supply is authorized, eligibility rules and benefit limitations will still apply.

The nonauthorization penalty listed above will apply before the Coinsurance or Copayment is applied to the nonauthorized service. The nonauthorization penalty will not exceed the cost of the benefit to Health Net.

For a list of services which require Prior Authorization, please see the “Prior Authorization Requirement” section. The Coinsurance percentage applicable to the coverage of nonauthorized services is based on the amount determined to be a Covered Expense, not a percentage of the billed charges.

Copayments and Coinsurance

After you meet the Calendar Year Deductible amount described above, you remain responsible for paying the applicable additional benefit Deductibles, Copayments or Coinsurance described below until you satisfy the Out-of-Pocket Maximum. Certain benefits are not subject to the Calendar Year Deductible and are indicated as “Deductible waived” or “Calendar Year Deductible waived” in this “Schedule of Benefits” section.

Pediatric Dental Services

Pediatric Dental Services are covered until the last day of the month in which the individual turns nineteen years of age.

Administration of these pediatric dental plan designs comply with requirements of the pediatric dental EHB benchmark plan, including coverage of services in circumstances of Medical Necessity as defined in the Early Periodic Screening, Diagnosis and Treatment (EPSDT) benefit for pediatric Dental Services.

Refer to the “Pediatric Dental Services” portion of the “Covered Services and Supplies” and “Exclusions and Limitations” sections of this *Evidence of Coverage* for the complete listing of covered Dental Services under each dental benefit category and the benefit limitations.

If you have purchased a supplemental pediatric dental benefit plan on the Exchange, pediatric dental benefits covered under this Plan will be paid first, with the supplemental pediatric dental benefit plan covering noncovered services and or cost sharing as described in your supplemental pediatric dental benefit plan coverage document.

IMPORTANT: If you opt to receive Dental Services that are not covered services under this Plan, a participating Dental Provider may charge you their usual and customary rate for those services. Prior to providing a patient with Dental Services that are not covered benefits, the dentist should provide to the patient a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If you would like more information about dental coverage options, you may call the Customer Contact Center at the telephone number on your Health Net dental ID card or your insurance broker. To fully understand your coverage, you may wish to carefully review this *Evidence of Coverage* document.

If there are no network dental providers available within the access standards for a given zip code, the Member can ask to see an out-of-network dental provider at the in-network cost share by calling Customer Service at (866) 249-2382. If we determine that an in-network dental provider is not within the access standards for your zip code, the Plan will verbally approve the request during the Customer Service call and the Member will only be responsible for the in-network dental cost share.

OUT-OF-POCKET MAXIMUM

The Out-of-Pocket Maximum (OOPM) amounts below are the maximum amounts you must pay for covered services during a particular Calendar Year, except as described in “Exceptions to OOPM” below.

Once the total amount of all Deductibles, Copayment and Coinsurance you pay for covered services and supplies under this *Evidence of Coverage*, including covered services and supplies provided by American Specialty Health Plans of California, Inc. (ASH Plans) in any one Calendar Year equals the “Out-of-Pocket Maximum” amount, no payment for covered services and benefits may be imposed on any Member, except as described in “Exceptions to OOPM” below.

The OOPM amounts for the medical benefits, including covered services and supplies and Prescription Drug benefits are:

Employee-only Coverage:

	Preferred Provider	Out-of-Network Provider
Individual OOPM	\$4,400	\$8,800

Family Coverage:

The following OOPM amounts apply to the Subscriber and Family Members who are covered under this *Evidence of Coverage* as a family unit. They do not apply to employee-only coverage. The Member must meet the individual OOPM before benefits are payable. All amounts applied toward the individual OOPM for each Member in a family unit will accumulate to meet the family OOPM. Once the family OOPM is met, no further individual OOPM amounts for Members in the family unit will have to be satisfied during that Calendar Year.

	Preferred Provider	Out-of-Network Provider
Individual OOPM	\$4,400	\$8,800
Family OOPM	\$8,800	\$17,600

Exceptions to OOPM

Only Covered Expenses will be applied to OOPM. The following expenses will not be counted, nor will these expenses be paid at 100% after the OOPM is reached.

- Nonauthorization penalties paid for services which were not authorized as required.
- Out-of-pocket costs for Prescription Drugs exceeding Prescription Drug benefit coverage as described in the “Retail Pharmacies and the Mail Order Program” provision of the “Prescription Drugs” subsection of the “Covered Services and Supplies” section and any cost differential between brand/generic medications when dispensing Brand Name Drugs not based on Medical Necessity.

You are required to continue to pay these Deductible(s), Coinsurance and Copayments listed in the bullets above after the Preferred Provider and Out-of-Network Provider OOPM has been reached. In addition, you will continue to pay any charges billed by an Out-of-Network Provider in excess of the Maximum Allowable Amount or Prescription Drug Covered Expense.

How the OOPM Works

- Any Deductible, Copayments or Coinsurance paid for the services of a Preferred Provider will not apply toward the Out-of-Pocket Maximum for Out-of-Network Providers. In addition, Deductible, Copayments or Coinsurance paid for the services of an Out-of-Network Provider will **not** apply toward the Out-of-Pocket Maximum for Preferred Providers. However, Copayments or Coinsurance paid for out-of-network Emergency Care (including emergency medical transportation, emergency Hospital care) and urgent care received outside the United States will be applied to the Out-of-Pocket Maximum for Preferred Providers.
- If the Subscriber has employee-only coverage and changes to family coverage (that is, adds Family Members, such as a newborn child), any amounts applied to the individual Out-of-Pocket Maximum for employee-only coverage will be applied to the individual and family Out-of-Pocket Maximum for family coverage.
- If the Subscriber has family coverage and changes to employee-only coverage (that is, removes all Family Members), any amounts applied to the individual Out-of-Pocket Maximum for family coverage will be applied to the individual Out-of-Pocket Maximum for employee-only coverage.

You will be notified by us of your OOPM accumulation for each month in which benefits were used. You will also be notified when you have reached your OOPM amount for the Calendar Year. You can also obtain an update on your OOPM accumulation by calling the Customer Contact Center at the telephone number on your ID card. Please keep a copy of all receipts and canceled checks for costs for covered services and supplies as proof of payments made.

ELIGIBILITY, ENROLLMENT AND TERMINATION

Who is Eligible for Coverage

The covered services and supplies of this Plan are available to eligible employees (Subscribers) of a Group that is based in the Health Net PPO Service Area, as long as they live in California; are full-time paid on a salary/hourly basis (not 1099, commissioned or substitute) and are nonseasonal employees working the minimum number of hours per week as specified in the Group Application; and meet any additional eligibility requirements of the Group and mutually agreed upon by Health Net.

Covered services and supplies of this Plan are also available to the following Family Members of the Subscriber who meet any eligibility requirements of the Group or as mutually agreed upon with Health Net:

- Spouse: The Subscriber's lawful spouse as defined by California law. (The term "spouse" also includes the Subscriber's Domestic Partner as defined in the "Definitions" section.)
- Children: The children of the Subscriber or their spouse (including legally adopted children, stepchildren and wards, as defined in the following provision).
- Wards: Children for whom the Subscriber or their spouse is a court-appointed guardian.

Children of the Subscriber or spouse who are the subject of a Medical Child Support Order, according to state or federal law, are eligible.

Age Limit for Children

Each child is eligible until the age of 26 (the limiting age).

Disabled Child

Children who reach age 26 are eligible to continue coverage if **all** of the following conditions apply:

- The child is incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition; and
- The child is chiefly dependent upon the Subscriber for support and maintenance.

If you are *enrolling* a disabled child for new coverage, you must provide Health Net with proof of incapacity and dependency within 60 days of the date you receive a request for such information about the Dependent child from Health Net. The child must have been continuously covered as a Dependent of the Subscriber or spouse under a previous group health plan at the time the child reached the age limit.

Health Net must provide you notice at least 90 days prior to the date your enrolled child reaches the age limit at which the Dependent child's coverage will terminate. You must provide Health Net with proof of your child's incapacity and dependency within 60 days of the date you receive such notice in order to continue coverage for a disabled child past the age limit.

You must provide the proof of incapacity and dependency at no cost to Health Net.

Health Net may require proof of continuing incapacity and dependency. If so, Health Net will follow these guidelines:

- Within the first two years following the child's reaching the age limit, you may be asked to provide proof as may be required by Health Net.
- After this two-year period, Health Net may require proof no more frequently than once a year.

A disabled child may remain covered by this Plan for as long as they remain incapacitated and continues to meet the eligibility criteria described above.

How to Enroll for Coverage

Notify the Group that you want to enroll an eligible person. The Group will send the request to Health Net according to current procedures.

Employee

Eligible employees must enroll within 30 days of the date they first become eligible for this Plan. Eligible Family Members may also be enrolled at this time (see "Who Is Eligible for Coverage" above in this section).

If enrollment of the eligible employee or eligible Family Members does not occur within this time period, enrollment may be carried out as stated below in the "Late Enrollment Rule" provision of this section.

The employee may enroll on the earlier of the following dates:

- When this Plan takes effect, if the employee is eligible on that date; or
- When any waiting or probationary period required by the Group has been completed.

Eligible employees who enroll in this Plan are called Subscribers.

Newly Acquired Dependents

You are entitled to enroll newly acquired Dependents as follows:

Spouse: If you are the Subscriber and you marry while you are covered by this Plan, you may enroll your new spouse (and your spouse's eligible children) within 60 days of the date of marriage. Coverage begins on the first day of the calendar month following the date the application for coverage is received.

Domestic Partner: If you are the Subscriber and you enter into a domestic partnership while you are covered by this Plan, you may enroll your new Domestic Partner (and their eligible children) within 60 days of the date a Declaration of Domestic Partnership is filed with the Secretary of State or other recognized state or local agency, or within 60 days of the formation of the domestic partnership according to your Group's eligibility rules.

Coverage begins on the first day of the calendar month following the date the application for coverage is received.

Newborn Child: A child newly born to the Subscriber or their spouse will automatically be covered for 31 days (including the date of birth). If you do not enroll the newborn within 60 days (including the date of birth), they are covered for only the 31 days starting on and including the day of birth.

Adopted Child: A newly adopted child or a child who is being adopted, becomes eligible on the date the appropriate legal authority grants the Subscriber or their spouse, in writing, the right to control the child's health care.

Coverage begins automatically and will continue for 30 days from the date of eligibility. You must enroll the child before the 60th day for coverage to continue beyond the first 30 days.

Health Net will require written proof of the right to control the child's health care when you enroll them.

Legal Ward (Guardianship): If the Subscriber or spouse becomes the legal guardian of a child, the child is eligible to enroll on the effective date of the court order, but coverage is not automatic. The child must be enrolled within 60 days of the effective date of the guardianship. Coverage will begin on the first day of the month after Health Net receives the enrollment request.

Health Net will require proof that the Subscriber or spouse is the court-appointed legal guardian.

In Hospital on Your Effective Date

If you are confined in a Hospital or Skilled Nursing Facility on the Effective Date of coverage, this Plan will cover the remainder of that confinement only if you inform Health Net's Customer Contact Center upon your Effective Date about the confinement.

Health Net will consult with your attending Physician and may transfer you to a participating facility when medically appropriate.

Totally Disabled on Your Effective Date

Generally, under the federal Health Insurance Portability and Accountability Act, Health Net cannot deny you benefits due to the fact that you are totally disabled on your Effective Date. However, if upon your Effective Date you are totally disabled and pursuant to state law you are entitled to an extension of benefits from your prior group health plan, benefits of this Plan will be coordinated with benefits payable by your prior group health plan, so that not more than 100% of Covered Expenses are provided for services rendered to treat the disabling condition under both plans.

For the purposes of coordinating benefits under this *Evidence of Coverage*, if you are entitled to an extension of benefits from your prior group health plan, and state law permits such arrangements, your prior group health plan shall be considered the primary plan (paying benefits first) and benefits payable under this *Evidence of Coverage* shall be considered the secondary plan (paying any excess Covered Expenses), up to 100% of total Covered Expenses.

Late Enrollment Rule

Health Net's late enrollment rule requires that if an individual does not enroll within the time limit of becoming eligible for this Group coverage, they must wait until the next Open Enrollment Period to enroll. (Time limits for enrolling are explained in the "Employee" provision above.) For time limits for enrolling individuals who become eligible as a Dependent outside the Open Enrollment Period, see "Newly Acquired Dependents" provision above. See also "Exceptions to Late Enrollment Rule" below.

You may have decided not to enroll upon first becoming eligible. At that time, your Group should have given you a form to review and sign. It would have contained information to let you know that there are circumstances when you will not be considered a late enrollee.

If you later change your mind and decide to enroll, Health Net can impose its late enrollment rule. This means that individuals identified on the form you signed will not be allowed to enroll before the next Open Enrollment Period. However, there are exceptions to this rule.

Exceptions to Late Enrollment Rule

If any of the circumstances below are true, the late enrollment rule will not apply to you.

1. You Did Not Receive a Form to Sign or a Signed Form Cannot Be Produced

If you chose not to enroll when you were first eligible, the late enrollment rule will not apply to you if:

- You never received from your Group or signed a form explaining the consequences of your decision, or
- The signed form exists but cannot be produced as evidence of your informed decision.

2. You or Your Dependents Did Not Enroll Because of Other Coverage and Later the Other Coverage Is Lost

If you or your Dependents declined coverage in this Plan and you stated on the form that the reason you or your Dependents were not enrolling was because of coverage through another group health plan and coverage is or will be lost for any of the following reasons, the late enrollment rule will not apply to you or your Dependents.

- Loss of coverage in a plan with minimum essential coverage (except for either failure to pay premium contributions or a “for cause” termination such as fraud or misrepresentation of an important fact).
- Loss of coverage because of termination of employment or reduction in the number of hours of employment.
- Loss of coverage through an HMO or other individual arrangement because an individual ceases to reside, live or work in the service area.
- Loss of coverage through an HMO or other arrangement in the group market because an individual ceases to reside, live or work in the service area, and no other benefit package is available to the individual.
- The other plan is terminated and not replaced with other group coverage.
- The other Group stops making contributions toward employee's or Dependent's coverage.
- When the individual's plan ceases to offer any benefits to the class of similarly situated individuals that includes the individual.
- The other subscriber or employee dies.
- The Subscriber and spouse are divorced or legally separated and this causes loss of the other group coverage.
- Loss of coverage because of cessation of dependent status (such as attaining the maximum age to be eligible as a Dependent child under the plan).
- The other coverage was federal COBRA or California COBRA and the period of coverage ends.

3. You are Determined Ineligible or Lose Eligibility from a Medi-Cal Plan

If you and/or your Dependents apply for coverage with Medi-Cal during the annual open enrollment period and are determined ineligible for such coverage after open enrollment has ended or if you become ineligible and lose coverage under Medi-Cal, you and/or your Dependent(s) will be eligible to enroll in this Plan upon submitting a completed application form within 60 days of losing such coverage. If you and/or your Dependent(s) wait longer than 60 days to enroll, you and/or your Dependent(s) may not enroll until the next Open Enrollment period.

4. Multiple Health Plans

If you are enrolled as a Dependent in a health plan (not Health Net) and the subscriber, during open enrollment, chooses a different plan (such as moving from an HMO plan to a fee-for-service plan) and you do not wish to continue to be covered by it, you will not be considered a late enrollee should you decide to enroll in this Plan.

5. Court Orders

If a court orders the Subscriber to provide coverage for a spouse (a current spouse, not a former spouse) or orders the Subscriber or enrolled spouse to provide coverage for a minor child through Health Net, that spouse or child will not be treated as a late enrollee.

6. Other Special Enrollment Triggering Events

We shall allow an employee, and when specified below, their Dependent, to enroll in or change health benefit plans as a result of the following triggering events:

- An employee or their Dependent loses minimum essential coverage for any other reason except failure to pay premiums or when the coverage is rescinded for fraud or intentional misrepresentation of material fact.
- An employee or their Dependent gains access to new health plans as a result of a permanent move.
- An employee or their Dependent loses eligibility for coverage under Medi-Cal.
- An employee or enrollee or their Dependent has been released from incarceration.
- An enrollee or their Dependent's prior plan substantially violated a material provision of the health coverage contract.
- An employee or enrollee or their Dependent was a member of the reserve forces of the United States military or a member of the California National Guard returning from active duty.
- An employee is a victim of domestic abuse or spousal abandonment, as defined by 26 Code of Federal Regulation 1.36B-2, including a Dependent or unmarried victim within a household, are enrolled in minimum essential coverage and seek to enroll in coverage separate from the perpetrator of the abuse or abandonment. Dependents of the victim, who are on the same application as the victim, are also eligible to enroll at the same time as the victim.

- An employee or their Dependent was receiving services under another health benefit plan from a contracting provider, who no longer participates in that health plan, for any of the following conditions: (a) an acute or serious condition; (b) a Terminal Illness; (c) a pregnancy; (d) maternal Mental Health, not to exceed 12 months from the diagnosis or from the end of the pregnancy, whichever occurs later; (e) care of a newborn between birth and 36 months; or (f) a surgery or other procedure authorized as part of a documented course of treatment to occur within 180 days of the contract's termination date or the effective date of coverage for a newly covered member.
- An employee or their Dependent apply for coverage through Covered California during the annual Covered California open enrollment period or due to a qualifying event and are assessed by Covered California as potentially eligible for Medi-Cal and are determined ineligible for such coverage either after the Group open enrollment has ended or more than 60 days after the qualifying event.
- An employee or their Dependent apply for coverage with Medi-Cal during the annual Covered California open enrollment period and are determined ineligible for such coverage after the Group open enrollment has ended.
- An employee or their Dependent demonstrates to the Department of Managed Health Care that they did not enroll in a health plan during the immediately preceding enrollment period available to the individual because they were misinformed that they were covered under minimum essential coverage.

If the exceptions in 2, 3 or 4 above apply, you must enroll within 60 days of the loss of coverage. If you wait longer than 60 days to enroll, you will be a late enrollee and you may not enroll until the next Open Enrollment Period. A court ordered Dependent may be added without any regard to open enrollment restrictions.

Special Enrollment Rule for Newly Acquired Dependents

If an employee gains new Dependents due to childbirth, adoption, marriage, registration of domestic partnership, or assumption of a parent-child relationship the following rules apply:

If the Employee is Enrolled in this Plan

If you are covered by this Plan as a Subscriber, you can enroll your new Dependent if you request enrollment within 60 days after childbirth, marriage, registration of domestic partnership, adoption or placement for adoption. In addition, a court ordered Dependent may be added without any regard to open enrollment restrictions.

More information about enrolling new Dependents and their Effective Date of coverage is available above under the heading "How to Enroll for Coverage" and the subheading "Newly Acquired Dependents."

If the Employee Declined Enrollment in this Plan

If you previously declined enrollment in this Plan because of other group coverage and you gain a new Dependent due to childbirth, marriage, registration of domestic partnership, adoption or placement for adoption, you can enroll yourself and the Dependent within 60 days of childbirth, marriage, adoption or placement for adoption.

If you gain a new Dependent due to a court order and you did not previously enroll in this Plan, you may enroll yourself and your court ordered Dependent(s) without any regard to open enrollment restrictions.

In addition, any other family members who are eligible for coverage may enroll at the same time as you and the new Dependent. You no longer have to wait for the next Open Enrollment Period and whether or not you are covered by another group plan has no effect on this right.

If you do not enroll yourself, the new Dependent and any other family members within 60 days of acquiring the new Dependent, you will have to wait until the next Open Enrollment Period to do so.

The Effective Date of coverage for you and all family members who enroll within 60 days of childbirth, marriage, registration of domestic partnership, adoption or placement for adoption will be the same as for the new Dependent.

- In the case of childbirth, the Effective Date will be the moment of birth.
- For marriage or registration of domestic partnership, the Effective Date will be on the first day of the month following the date the application for coverage is received.
- Regarding adoption, the Effective Date for the adopted child or a child who is being adopted will be the date of adoption or the date of placement for adoption, as requested by the adoptive parent.
- In the case of a Medical Child Support Order, the Effective Date will be the date the Group is notified of the court order.

Note: When you (the employee) are not enrolled in this Plan and you wish to have coverage for a newborn or adopted child who is ill, please contact your Group as soon as possible and ask that you (the employee) and the newborn or adopted child be enrolled. An employee must be enrolled in order for their eligible Dependent to be enrolled.

While you have 60 days within which to enroll the child, until you and your child are formally enrolled and recorded as Members in our computer system, we cannot verify coverage to any inquiring medical provider.

Special Reinstatement Rule for Reservists Returning from Active Duty

Reservists ordered to active duty on or after January 1, 2007, who were covered under this Plan at the time they were ordered to active duty and their eligible Dependents will be reinstated without waiting periods or exclusion of coverage for pre-existing conditions. A reservist means a member of the U.S. Military Reserve or California National Guard called to active duty pursuant to Public Law 107-243 or Presidential Order No. 13239. Please notify the Group when you return to employment if you want to reinstate your coverage under the Plan.

Special Reinstatement Rule Under USERRA

USERRA, a federal law, provides service members returning from a period of uniformed service who meet certain criteria with reemployment rights, including the right to reinstate their coverage without pre-existing exclusions or waiting periods, subject to certain restrictions. Please check with your Group to determine if you are eligible.

When Coverage Ends

You must notify the Group of changes that will affect your eligibility. The Group will send the appropriate request to Health Net according to current procedures. Health Net is not obligated to notify you that you are no longer eligible or that your coverage has been terminated.

All Group Members

All Members of a Group become ineligible for coverage under this Plan at the same time if the Group Service Agreement (between the Group and Health Net) is terminated, including for termination due to nonpayment of subscription charges by the Group, as described below in the “Termination for Nonpayment of Subscription Charges” provision.

Termination for Nonpayment of Subscription Charges

If the Group fails to pay the required subscription charges when due, the Group Service Agreement could be canceled after a 30-day grace period.

When subscription charges are not paid by the due date, a Late Payment Notice is generated. The date of the Late Payment Notice is the first day of the 30-day grace period. The Notice will include the dollar amount due to Health Net, the last day of paid coverage, and the start and last day of the grace period after which coverage will be canceled if subscription charges are not paid. Coverage will continue during the grace period, but the Member is responsible for unpaid subscription charges and any required Copayments, Coinsurance or Deductible amounts.

If Health Net does not receive payment of the delinquent subscription charges from your employer within the 30-day grace period, Health Net will mail a termination notice that will provide the following information: (a) that the Group Service Agreement has been canceled for nonpayment of subscription charges; (b) the specific date and time when coverage is terminated for the Subscribers and all Dependents; and (c) your right to submit a grievance.

If coverage through this Plan ends for reasons other than nonpayment of subscription charges, see the “Coverage Options Following Termination” section below for coverage options.

Termination for Loss of Eligibility

Individual Members become ineligible on the date any of the following occurs:

- The Member no longer meets the eligibility requirements established by the Group and Health Net.
- This will include a child subject to a Medical Child Support Order, according to state or federal law, who becomes ineligible on the earlier of:
 1. The date established by the order.
 2. The date the order expired.
- The Member becomes eligible for Medicare and assigns Medicare benefits to another health maintenance organization or competitive medical plan.
- The Subscriber’s marriage or domestic partnership ends by divorce, annulment, or some other form of dissolution. Eligibility for the Subscriber’s enrolled spouse (now former spouse) and that spouse’s enrolled Dependents, who were related to the Subscriber only because of the marriage, will end.

- When the Member ceases to reside in the continental United States, coverage will be terminated effective on midnight of the last day of the month in which loss of eligibility occurred.
- For any termination for loss of eligibility, a cancellation or nonrenewal notice will be sent at least 30 days prior to the termination which will provide the following information: (a) the reason for and effective date of the termination; (b) names of all enrollees affected by the notice; (c) your right to submit a grievance; and (d) information regarding possible eligibility for reduced-cost coverage through the California Health Benefit Exchange or no-cost coverage through Medi-Cal. Once coverage is terminated, Health Net will send a termination notice which will provide the following information: (a) the reason for and effective date of the termination; (b) names of all enrollees affected by the notice; and (c) your right to submit a grievance.

The Subscriber and all their Family Members will become ineligible for coverage at the same time if the Subscriber loses eligibility for this Plan.

Termination for Cause

Health Net has the right to terminate your coverage from this Plan for good cause, as set forth below. Your coverage may be terminated with a 30-day written notice if you commit any act or practice, which constitutes fraud, or for any intentional misrepresentation of material fact under the terms of the agreement, including:

- Misrepresenting eligibility information about yourself or a Dependent;
- Presenting an invalid prescription or Physician order;
- Misusing a Health Net Member ID card (or letting someone else use it); or
- Failing to notify us of changes in family status that may affect your eligibility or benefits.

We may also report criminal fraud and other illegal acts to the authorities for prosecution.

For any termination for cause, a cancellation or nonrenewal notice will be sent at least 30 days prior to the termination which will provide the following information: (a) the reason for and effective date of the termination; (b) names of all enrollees affected by the notice; (c) your right to submit a grievance; and (d) information regarding possible eligibility for reduced-cost coverage through the California Health Benefit Exchange or no-cost coverage through Medi-Cal. Once coverage is terminated, Health Net will send a termination notice which will provide the following information: (a) the reason for and effective date of the termination; (b) names of all enrollees affected by the notice; and (c) your right to submit a grievance.

How to Appeal Your Termination

You have the right to file a complaint if you believe that your coverage is improperly terminated or not renewed. A complaint is also called a grievance or an appeal. Refer to the “Grievance Procedures” provision in the “General Provisions” section for information about how to appeal Health Net's decision to terminate your coverage.

If your coverage is terminated based on any reason other than for nonpayment of subscription charges and your coverage is still in effect when you submit your complaint, Health Net will continue your coverage under this Plan until the review process is completed, subject to Health Net's receipt of the applicable subscription charges. You must also continue to pay any applicable the Deductible,

Coinsurance and Copayments for any services and supplies received while your coverage is continued during the review process.

If your coverage has already ended when you submit your request for review, Health Net is not required to continue coverage. However, you may still request a review of Health Net's decision to terminate your coverage by following the complaint process described in the "Grievance Procedures" provision in the "General Provisions" section. If your complaint is decided in your favor, Health Net will reinstate your coverage back to the date of the termination.

Health Net will conduct a fair investigation of the facts before any termination for any of the above reasons is carried out. Your health status or requirements for Health Care Services will not determine eligibility for coverage. If you believe that coverage was terminated because of health status or the need for health services, you may request a review of the termination by the Director of the California Department of Managed Health Care.

Coverage Options Following Termination

If coverage through this Plan ends as a result of the Group's nonpayment of subscription charges, see "All Group Members" portion of "When Coverage Ends" in this section for coverage options following termination. If coverage through this Plan ends for reasons other than the Group's nonpayment of subscription charges, the terminated Member may be eligible for additional coverage.

- **COBRA Continuation Coverage:** Many groups are required to offer continuation coverage by the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). For most groups with 20 or more employees, COBRA applies to employees and their eligible Dependents, even if they live outside California. Please check with your Group to determine if you and your covered Dependents are eligible.
- **Small Employer Cal-COBRA Continuation Coverage:** For employers with fewer than 20 employees who were eligible to enroll in the employer's health plan on 50% of the employer's business days in the preceding year, Health Net is required by state law to offer continuation coverage. This subject is detailed below in the section titled "Small Employer Cal-COBRA Continuation Coverage."
- **Cal-COBRA Continuation Coverage:** If you have exhausted COBRA and you live in California, you may be eligible for additional continuation coverage under state Cal-COBRA law. This coverage may be available if you have exhausted federal COBRA coverage, have had less than 36 months of COBRA coverage and you are not entitled to Medicare. If you are eligible, you have the opportunity to continue group coverage under this *Evidence of Coverage* through Cal-COBRA for up to 36 months from the date that federal COBRA coverage began.

Health Net Will Offer Cal-COBRA to Members: Health Net will send Members whose federal COBRA coverage is ending information on Cal-COBRA rights and obligations along with the necessary premium information, enrollment forms, and instructions to formally choose Cal-COBRA Continuation Coverage. This information will be sent by U.S. mail with the notice of pending termination of federal COBRA.

Choosing Cal-COBRA: If an eligible Member wishes to choose Cal-COBRA Continuation Coverage, they must deliver the completed enrollment form (described immediately above) to

Health Net by first class mail, personal delivery, express mail, or private courier company. The address appears on the back cover of this *Evidence of Coverage*.

The Member must deliver the enrollment form to Health Net within 60 days of the later of (1) the Member's termination date for COBRA coverage or (2) the date they were sent a notice from Health Net that they may qualify for Cal-COBRA Continuation.

Payment for Cal-COBRA: The Member must pay Health Net 110% of the applicable group rate charged for employees and their Dependents.

The Member must submit the first payment within 45 days of delivering the completed enrollment form to Health Net in accordance with the terms and conditions of the health Plan contract. The first payment must cover the period from the last day of prior coverage to the present. There can be no gap between prior coverage and Cal-COBRA Continuation Coverage. The Member's first payment must be delivered to Health Net by first-class mail, certified mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company. If the payment covering the period from the last day of prior coverage to the present is not received within 45 days of providing the enrollment form to Health Net, the Member's Cal-COBRA election is not effective, and no coverage is provided.

All subsequent payments must be made on the first day of each month. If the payment is late, the Member will be allowed a grace period of 30 days. Fifteen days from the due date (the first of the month), Health Net will send a letter warning that coverage will terminate 15 days from the date on the letter. If the Member fails to make the payment within 15 days of the notice of termination, enrollment will be canceled by Health Net. If the Member makes the payment before the termination date, coverage will be continued with no break in coverage. Amounts received after the termination date will be refunded to the Member by Health Net within 20 business days.

Employer Replaces Previous Plan: There are two ways the Member may be eligible for Cal-COBRA Continuation Coverage if the employer replaces the previous plan:

1. If the Member had chosen Cal-COBRA Continuation Coverage through a previous plan provided by their current employer and replaced by this Plan because the previous policy was terminated, or
2. If the Member selects this Plan at the time of the employer's open enrollment.

The Member may choose to continue to be covered by this Plan for the balance of the period that they could have continued to be covered by the prior group plan. In order to continue Cal-COBRA coverage under the new plan, the Member must request enrollment and pay the required premium within 30 days of receiving notice of the termination of the prior plan. If the Member fails to request enrollment and pay the premium within the 30-day period, Cal-COBRA continuation coverage will terminate.

Employer Replaces this Plan: If the agreement between Health Net and the employer terminates, coverage with Health Net will end. However, if the employer obtains coverage from another insurer or HMO, the Member may choose to continue to be covered by that new plan for the balance of the period that they could have continued to be covered by the Health Net plan.

When Does Cal-COBRA Continuation Coverage End? When a qualified beneficiary has chosen Cal-COBRA Continuation Coverage, coverage will end due to any of the following reasons:

1. You have been covered for 36 months from your original COBRA effective date (under this or any other plan)*.
2. The Member becomes entitled to Medicare; that is, enrolls in the Medicare program.
3. The Member moves outside California.
4. The Member fails to pay the correct premium amount on the first day of each month as described above under “Payment for Cal-COBRA.”
5. The date your Group's agreement with Health Net terminates. (See “Employer Replaces this Plan.”)
6. The Member becomes covered by another group health plan that does not contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan.

If the Member becomes covered by another group health plan that does contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan, coverage through this Plan will continue. Coordination of benefits will apply, and Cal-COBRA plan will be the primary plan.

*The COBRA effective date is the date the Member first became covered under COBRA continuation coverage.

- **USERRA Coverage:** Under a federal law known as the Uniformed Services Employment and Reemployment Rights Act (USERRA), employers are required to provide employees who are absent from qualifying employment to serve in the uniformed services and their Dependents who would lose their group health coverage the opportunity to elect continuation coverage for a period of up to 24 months. Please check with your Group to determine if you are eligible.
- **Extension of Benefits:** Described below in the subsection titled “Extension of Benefits.”

Small Employer Cal-COBRA Continuation Coverage

If a Subscriber or Family Member is about to lose coverage through this Plan for reasons other than the Group's nonpayment of subscription charges, and is interested in choosing continuation coverage, the Subscriber or Family Member needs to ask the employer whether the employer is subject to federal COBRA law. If the employer is subject to federal COBRA law, the employer will be the primary source of information about continuation coverage. If the employer is a Small Employer as defined below, contact the Customer Contact Center at the telephone number on your Health Net ID card.

Definitions

Small Employer Cal-COBRA Continuation Coverage means extended coverage by this Plan that is chosen by the Qualified Beneficiary following loss of coverage due to a Qualifying Event, but only if the employer is a Small Employer.

However, if this Plan has been terminated by Health Net or the employer and replaced by the employer, the continuation coverage is provided by the group health plan that is currently offered by the employer.

Also, if, during Small Employer Cal-COBRA Continuation Coverage, the Member chooses other coverage during the employer's Open Enrollment Period, continuation coverage is provided by that plan.

Qualified Beneficiary means anyone who, on the date of a Qualifying Event, is or was validly enrolled in this Plan or another group health plan sponsored by the employee's current employer.

Qualifying Event means any of the following events that, except for the choosing of Small Employer Cal-COBRA Continuation Coverage through this Plan, would result in loss of coverage for one or all enrolled Members:

- Termination of employment for reasons other than gross misconduct. *
- Reduction in hours worked. *
- Death of the employee or Subscriber. (36 months of coverage is available.)
- Divorce or legal separation of the enrolled employee from their enrolled spouse. (36 months of coverage is available.)
- A Dependent child ceases to be a Dependent child according to the eligibility rules of the plan. (36 months of coverage is available.)
- A Family Member ceases to be eligible when the employee or Subscriber becomes entitled to Medicare coverage (enrolls in Medicare). (36 months of coverage is available.)

*The COBRA Effective Date is the date the Member first became covered under COBRA continuation coverage.

Small Employer means an employer that meets the definition of Small Employer as described in Section 1357.500 of the California Health and Safety Code or Section 1075 of the California Insurance Code. For Small Employer Cal-COBRA Continuation, the following must also be true of the employer:

- Employed fewer than 20 employees who were eligible to enroll in the company's health plan on at least 50% of its working days during the preceding Calendar Year,
- Has contracting for health care coverage through a group benefit plan offered by a health care service plan or a disability insurer, and
- Is not subject to Section 4980B of the United States Internal Revenue Code or Chapter 18 of the Employee Retirement Income Security Act, 29 U.S.C., Section 1161 et seq. (these describe federal COBRA).

Who is Eligible for Small Employer Cal-COBRA Continuation Coverage?

Qualifying Event: If the Member is validly enrolled through this Plan, and they experience a Qualifying Event (as described above), and as a result of that event loses coverage through this Plan, that Member has the right to choose to continue to be covered by this Plan.

Employer Replaces Previous Plan: There are two ways the Member may be eligible for Small Employer Cal-COBRA Continuation Coverage if the employer replaces the previous plan:

- If the Member had chosen Small Employer Cal-COBRA Continuation Coverage through a previous plan provided by their current employer and replaced by this Plan because the previous policy was terminated, or
- If the Member selects this Plan at the time of the Group's open enrollment.

The Member may choose to continue to be covered by this Plan for the balance of the period that they could have continued to be covered by the prior group plan. In order to continue Cal-COBRA coverage under the new plan, the Member must request enrollment and pay the required premium within 30 days of receiving notice of the termination of the prior plan. If the Member fails to request enrollment and pay the premium within the 30-day period, Cal-COBRA continuation coverage will terminate.

Group Replaces This Plan: If the agreement between Health Net and the Group terminates, coverage with Health Net will end. However, if the Group obtains coverage from another insurer or HMO, the Member may choose to continue to be covered by that new plan for the balance of the period that they could have continued to be covered by the Health Net plan.

Newborns and Adoptions During Small Employer Cal-COBRA Continuation Coverage: If a child is born to or placed for adoption with the former employee, the child shall have the status of Qualified Beneficiary. This means the child will have the same rights as all other Qualified Beneficiaries.

These newborns and adopted children are covered from the moment of birth or placement with the former employee for adoption, but the Member must formally enroll the child within 30 days of birth or placement in order for coverage to continue beyond 30 days. To do this, contact Health Net to request an enrollment form. Health Net must receive the enrollment form within 30 days of birth or placement or coverage will not continue beyond 30 days.

Who May Choose Small Employer Cal-COBRA Continuation Coverage?

If the Subscriber experiences a Qualifying Event, they may choose Small Employer Cal-COBRA for themselves alone, or for any one or all of the other Family Members who are enrolled at the time of the Qualifying Event. In addition, any individual who is enrolled at that time may choose Small Employer Cal-COBRA for themselves alone. In other words, the Subscriber does not have to be among the persons who choose Small Employer Cal-COBRA Continuation Coverage. Further, a Subscriber may choose coverage for one or more minor children without an adult being included.

Who May Not Choose Small Employer Cal-COBRA Continuation Coverage?

Individuals may not choose Small Employer Cal-COBRA if the individual:

- Is enrolled in Medicare;
- Is covered by another group health plan that does not contain a pre-existing condition limitation that prevents the individual from receiving the full benefits of such plan.

If the individual is covered by another group health plan that does contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan, the individual may choose Small Employer Cal-COBRA Continuation Coverage. Coordination of benefits will apply, and this Small Employer Cal-COBRA plan will be the primary plan;

- Is covered or could become covered by any federal laws regarding continuation of group health plan coverage;
- Fails to notify Health Net of a Qualifying Event according to the requirements described below under “Notify Health Net of Small Employer Cal-COBRA Qualifying Event;” or
- Fails to submit the initial premium payment in the correct amount as described below under “Payment for Small Employer Cal-COBRA.”

Notify Health Net of Small Employer Cal-COBRA Qualifying Event

If the Member loses coverage through this Plan due to a Qualifying Event, and wishes to choose Small Employer Cal-COBRA Continuation Coverage, they must notify Health Net in writing within 60 days of the Qualifying Event. The Member must deliver the notice to Health Net by first class mail, personal delivery, express mail or private courier company to the address that appears on the ID card and on the back cover of this *Evidence of Coverage*.

If the Member fails to notify Health Net of a Qualifying Event within 60 days of the event, that Member will be disqualified from receiving Small Employer Cal-COBRA Continuation Coverage.

Health Net Will Offer Small Employer Cal-COBRA to Members

If a Member notifies Health Net in writing within 60 days of a Qualifying Event, Health Net will send that Member by U.S. mail information about their Small Employer Cal-COBRA rights and obligations along with the necessary premium information, enrollment forms, and instructions to formally choose Small Employer Cal-COBRA Continuation Coverage.

Choosing Small Employer Cal-COBRA

If a Member wishes to formally choose Small Employer Cal-COBRA Continuation Coverage, they must deliver the completed enrollment form (described immediately above) to Health Net by first class mail, personal delivery, express mail or private courier company. The address appears on the ID card and on the back cover of this *Evidence of Coverage*.

The Member must deliver the enrollment form to Health Net within 60 days of the later of (1) the Qualifying Event or (2) the date they received a notice from Health Net that they have the right to continue Small Employer Cal-COBRA Continuation Coverage or (3) the date that coverage through the employer plan terminated.

Payment for Small Employer Cal-COBRA

The Member must pay Health Net 110% of the applicable Group rate charged for employees and their Dependents.

The Member must submit the first payment within 45 days of delivering the completed enrollment form to Health Net in accordance with the terms and conditions of the health plan contract. The first payment must cover the period from the last day of prior coverage to the present. There can be no gap between prior coverage and Small Employer Cal-COBRA Continuation Coverage. The Member's first payment must be delivered to Health Net by first-class mail, certified mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company. If the payment covering the period from the last day of prior coverage to the present is not received within 45 days of providing the enrollment form to Health Net, the Member's Cal-COBRA election is not effective, and no coverage is provided.

All subsequent payments must be made on the first day of each month. If the payment is late, the Member will be allowed a grace period of 30 days. Fifteen days from the due date (the first of the month), Health Net will send a letter warning that coverage will terminate 15 days from the date on the letter. If the Member fails to make the payment within 15 days of the notice of termination, enrollment will be canceled by Health Net. If the Member makes the payment before the termination date, coverage

will be continued with no break in coverage. Amounts received after the termination date will be refunded to the Member by Health Net within 20 business days.

When Does Small Employer Cal-COBRA Continuation Coverage End?

When a Qualified Beneficiary has chosen Small Employer Cal-COBRA Continuation Coverage, coverage will end due to any of the following reasons:

- 36 months from the date coverage would ordinarily have ended due to termination of employment for reasons other than gross misconduct.*
- 36 months from the date coverage would ordinarily have ended due to reduction in hours worked.*
- 36 months from the date coverage would ordinarily have ended due to:
 1. Death of the covered employee or Subscriber.
 2. Divorce or separation of the covered employee or Subscriber from their spouse.
 3. Loss of Dependent status by a covered Dependent child.
 4. The Subscriber becomes entitled to Medicare, that is, enrolls in the Medicare program.
- The Member becomes or could become covered, in accordance with any federal laws regarding continuation of group health plan coverage.
- The Member fails to pay the correct premium amount on the first day of each month as described above under “Payment for Small Employer Cal-COBRA.”
- The Member becomes covered by another group health plan that does not contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan.

If the Member becomes covered by another group health plan that does contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan, coverage through this Plan will continue. Coordination of benefits will apply, and this Small Employer Cal-COBRA plan will be the primary plan.

*The COBRA effective date is the date the Member first became covered under COBRA continuation coverage.

Under no circumstances may a Qualified Beneficiary be covered by Small Employer Cal-COBRA Continuation Coverage for more than 36 months.

Extension of Benefits

When Benefits May be Extended

Benefits may be extended beyond the date coverage would ordinarily end if you lose your Health Net coverage because the Group Service Agreement is discontinued and you are totally disabled at that time.

When benefits are extended, you will not be required to pay subscription charges. However, the Deductible, Copayments and Coinsurance payments shown in the “Schedule of Benefits” section will continue to apply.

Benefits will only be extended for the condition that caused you to become totally disabled. Benefits will not be extended for other medical conditions.

Benefits will not be extended if coverage was terminated for cause as stated in the “Individual Members - Termination for Cause” provision of this “Eligibility, Enrollment and Termination” section.

“Totally disabled” has a different meaning for different Family Members.

- For the Subscriber it means that because of an illness or injury, the Subscriber is unable to engage in employment or occupation for which they are or become qualified by reason of education, training or experience; furthermore, the Subscriber must not be employed for wage or profit.
- For a Family Member it means that because of an illness or injury, that person is prevented from performing substantially all regular and customary activities usual for a person of their age and family status.

How to Obtain an Extension

If your coverage ended because the Group Service Agreement between Health Net and the Group was terminated and you are totally disabled and want to continue to have extended benefits, you must send a written request to Health Net within 90 days of the date the Agreement terminates. The request must include written certification by the Member's Physician that the Member is totally disabled.

If benefits are extended because of total disability, provide Health Net with proof of total disability at least once every 90 days during the extension. The Member must ensure that Health Net receives this proof before the end of each 90-day period.

When the Extension Ends

The Extension of Benefits will end on the earliest of the following dates:

1. On the date the Member is no longer totally disabled;
2. On the date the Member becomes covered by a replacement health policy or plan obtained by the Group and this coverage has no limitation for the disabling condition;
3. On the date that available benefits are exhausted; or
4. On the last day of the 12-month period following the date the extension began.

PRIOR AUTHORIZATION REQUIREMENT

Some of the Covered Expenses under this Plan are subject to a requirement of Prior Authorization, or treatment review, before services are received, in order for the nonauthorization penalty to not apply.

Prior Authorizations are performed by Health Net or an authorized designee. The telephone number which you can use to obtain Prior Authorization is listed on your Health Net ID card. If you are outside California, require medical care or treatment, and use a provider from the supplemental network, Prior Authorizations will be performed by the supplemental network. For additional information, see “Out-of-State Providers” in the “Miscellaneous Provisions” section. For additional information regarding Prior Authorization requirements for Mental Health and Substance Use Disorders, see the “Mental Health and Substance Use Disorders” portion of “Covered Services and Supplies.”

Services provided as the result of an emergency are covered at the in-network benefit level and do not require Prior Authorization.

We may revise the Prior Authorization list from time to time. Any such changes including additions and deletions from the Prior Authorization list will be communicated to Participating Providers and posted on the www.healthnet.com website.

Prior Authorization is NOT a determination of benefits. Some of these services or supplies may not be covered under your Plan. Even if a service or supply is authorized, eligibility rules and benefit limitations will still apply.

Prior Authorization is not needed for the first 48 hours of inpatient Hospital services following a vaginal delivery, nor the first 96 hours following a cesarean section. However, please notify Health Net within 24 hours following birth or as soon as reasonably possible. Prior Authorization must be obtained if the Physician determines that a longer Hospital stay is Medically Necessary either prior to or following the birth.

Prior Authorization is not required for the length of a Hospital stay for reconstructive surgery incident to a mastectomy (including lumpectomy).

Other than Prescription Drugs, services provided pursuant to a CARE agreement or CARE plan approved by a court do not require Prior Authorization. See “Treatment Related to Judicial or Administrative Proceedings” in the “Exclusions and Limitations” section for more information.

Prior Authorization by Health Net may be required for certain drugs. Please refer to “Prior Authorization Process for Prescription Drugs” in the “Prescription Drugs” section. You may refer to our website www.healthnet.com to review the drugs that require a Prior Authorization as noted in the Essential Drug List.

Prior Authorization Procedure

Prior Authorization must be requested by you within the following periods:

- Five or more business days before the proposed elective admission date or the commencement of treatment, except when due to a medical emergency.
- 72 hours or sooner, taking into account the medical exigencies, for proposed elective services needed urgently.
- In the event of being admitted into a Hospital following outpatient emergency room or urgent care center services for Emergency Care; please notify the Plan of the inpatient admission within 24 hours or as soon as reasonably possible.
- Before admission to a Skilled Nursing Facility or Hospice Care program or before Home Health Care Services are scheduled to begin.

In order to obtain Prior Authorization, you or your Physician is responsible for contacting Health Net as shown on your Health Net ID card before receiving any service requiring Prior Authorization. If you receive any such service and do not follow the procedures set forth in this “Prior Authorization” section, your benefits are subject to the “Nonauthorization Penalties” as shown in the “Schedule of Benefits” section. However, for services that require notification only, the nonauthorization penalty will not apply.

Health Net will make its decision to approve, modify, or deny Prior Authorization within five (5) business days of receiving your or your Physician’s request and within 72 hours of receiving the request if you face an imminent and serious threat to your health.

Verbal Prior Authorization may be given for the service. Written Prior Authorization for inpatient services will be sent to the patient and the provider of service.

If Prior Authorization is denied for a covered service, Health Net will send a written notice to the patient and to the provider of the service.

Effect on Benefits

If Prior Authorization is obtained and services are rendered within the scope of the Prior Authorization, benefits for Covered Expenses will be provided in accordance with the “Covered Services and Supplies” section of this *EOC*.

If Prior Authorization is not obtained, or services, supplies or expenses are received or incurred beyond the scope of Prior Authorization given, the payable percentage will be the reduced percentage as shown in the “Schedule of Benefits” section of this *Evidence of Coverage*. Also, an additional Deductible may be applied to Covered Expenses as shown in the “Schedule of Benefits” section.

Resolution of Disputes

In the event that you or your Physician should disagree with any Prior Authorization decision made, the following dispute resolution procedure must be followed:

- Either you or your Physician may contact Health Net to request an appeal of our decision. Refer to the “Grievance and Appeals Process” provision in the “General Provisions” section for more details. Additional information may be requested or the treating Physician may be consulted in any reconsideration. A written reconsideration decision will be provided; and
- If you still remain dissatisfied with the reconsideration decision following review by Health Net, you may request an independent review or go through the binding arbitration remedy set forth in the “Independent Medical Review of Grievances Involving a Disputed Health Care Service” and “Binding Arbitration” provisions of the “General Provisions” section of this *EOC*.

MAXIMUM ALLOWABLE AMOUNT (MAA) FOR OUT-OF-NETWORK PROVIDERS

When you receive care from an Out-of-Network Provider, your share of cost is based on the Maximum Allowable Amount. You are responsible for any applicable Deductible, Copayments or Coinsurance payment, and any amounts billed in excess of MAA. You are completely financially responsible for care that this Plan does not cover.

MAA may be less than the amount the provider bills for services and supplies. Health Net calculates MAA as the lesser of the amount billed by the Out-of-Network Provider or the amount determined as set forth below. MAA is not the amount that Health Net pays for a covered service; the actual payment will be reduced by applicable Coinsurance, Copayments, Deductibles and other applicable amounts set forth in this *Evidence of Coverage*.

- **Maximum Allowable Amount for covered services and supplies, excluding Emergency Care, pediatric Dental Services and outpatient pharmaceuticals**, received from an Out-of-Network Provider is a percentage of what Medicare would pay, known as the Medicare Allowable Amount, as defined in this *Evidence of Coverage*.

For illustration purposes only, Out-of-Network Provider: 70% Health Net Payment, 30% Member Coinsurance:

Out-of-Network Provider's billed charge for extended office visit.....	\$128.00
MAA allowable for extended office visit (example only; does not mean that MAA always equals this amount).....	\$102.40

You also are responsible for the difference between the billed charge (\$128.00) and the MAA amount (\$102.40)	\$25.60

The Maximum Allowable Amount for facility services, including, but not limited to, Hospital, Skilled Nursing Facility, and outpatient surgery, is determined by applying 150% of the Medicare Allowable Amount.

Maximum Allowable Amount for Physician and all other types of services and supplies is the lesser of the billed charge or 100% of the Medicare Allowable Amount.

In the event there is no Medicare Allowable Amount for a billed service or supply code:

- Maximum Allowable Amount for professional and ancillary services shall be 100% of FAIR Health's Medicare gapfilling methodology. Services or supplies not priced by gapfilling methodology shall be the lesser of: (1) the average amount negotiated with Preferred Providers within the geographic region for the same covered services or supplies provided; (2) the 50th percentile of FAIR Health database of professional and ancillary services not included in FAIR Health Medicare gapfilling methodology; (3) 100% of the Medicare Allowable Amount for the same covered services or supplies under alternative billing codes published by Medicare; or (4) 50% of the Out-of-Network Provider's billed charges for covered services. A similar type of database or valuation service will only be substituted if a named database or valuation services becomes unavailable due to discontinuation by the vendor or contract termination.

- b. Maximum Allowable Amount for facility services shall be the lesser of: (1) the average amount negotiated with Preferred Providers within the geographic region for the same covered services or supplies provided; (2) 100% of the derived amount using a method developed by Data iSight for facility services (a data service that applies a profit margin factor to the estimated costs of the services rendered), or a similar type of database or valuation service, which will only be substituted if a named database or valuation services becomes unavailable due to discontinuation by the vendor or contract termination; (3) 150% of the Medicare Allowable Amount for the same covered services or supplies under alternative billing codes published by Medicare; or (4) 50% of the Out-of-Network Provider's billed charges for covered services.
- **Maximum Allowable Amount for out-of-network Emergency Care** will be the greatest of: (1) the median of the amounts negotiated with Preferred Providers for the emergency service provided, excluding any in-network Copayment or Coinsurance; (2) the amount calculated using the same method Health Net generally uses to determine payments for Out-of-Network providers, excluding any in-network Deductible, Copayment or Coinsurance; or (3) the amount paid under Medicare Part A or B, excluding any in-network Copayment or Coinsurance.
 - **Maximum Allowable Amount for nonemergent services at an in-network health facility**, at which, or as a result of which, you receive nonemergent covered services by an Out-of-Network Provider, the nonemergent services provided by an Out-of-Network Provider will be payable at the greater of the average Contracted Rate or 125% of the amount Medicare reimburses on a fee-for-service basis for the same or similar services in the general geographic region in which the services were rendered unless otherwise agreed to by the noncontracting individual health professional and Health Net.
 - **Maximum Allowable Amount for covered outpatient pharmaceuticals** (including, but not limited to, injectable medications) dispensed and administered to the patient, in an outpatient setting, including, but not limited to, Physician office, outpatient Hospital facilities, and services in the patient's home, will be the lesser of billed charges or the Average Wholesale Price for the drug or medication.
 - **Maximum Allowable Amount for pediatric Dental Services** is calculated by Health Net based on available data resources of competitive fees in that geographic area and must not exceed the fees that the Dental Provider would charge any similarly situated payor for the same services for each covered Dental Service. The data resources of competitive fees are supplied by FAIR Health, which are updated twice a year. Health Net reimburses non-network Dental Providers at 55% of FAIR Health rates. You must pay the amount by which the non-network provider's billed charge exceeds the Eligible Dental Expense.

The Maximum Allowable Amount may also be subject to other limitations on Covered Expenses. See the "Schedule of Benefits," "Covered Services and Supplies" and "Exclusions and Limitations" sections for specific benefit limitations, maximums, Prior Authorization requirements and payment policies that limit the amount Health Net pays for certain covered services. Health Net uses available guidelines of Medicare and its contractors, other governmental regulatory bodies and nationally recognized medical societies and organizations to assist in its determination as to which services and procedures are eligible for reimbursement.

In addition to the above, from time to time, Health Net also contracts with vendors that have contracted fee arrangements with providers ("third-party networks"). In the event Health Net contracts with a third-party network that has a contract with the Out-of-Network Provider, Health Net may, at its option, use the rate agreed to by the third-party network as the Maximum Allowable Amount. Alternatively, we

may, at our option, refer a claim for out-of-network services to a fee negotiation service to negotiate the Maximum Allowable Amount for the service or supply provided directly with the Out-of-Network Provider. In either of these two circumstances, you will not be responsible for the difference between billed charges and the Maximum Allowable Amount. You will be responsible for any applicable Deductible, Copayment and/or Coinsurance at the out-of-network benefit level.

NOTE: When the Centers for Medicare and Medicaid Services (CMS) adjusts the Medicare Allowable Amount, Health Net will adjust, without notice, the Maximum Allowable Amount based on the CMS schedule currently in effect. Claims payment will be determined according to the schedule in effect at the time the charges are incurred.

Claims payment will also never exceed the amount the Out-of-Network Provider charges for the service or supply. You should contact the Customer Contact Center if you wish to confirm the Covered Expenses for any treatment or procedure you are considering.

For more information on the determination of Maximum Allowable Amount, or for information, services and tools to help you further understand your potential financial responsibilities for out-of-network services and supplies, please log on to www.healthnet.com or contact Health Net Customer Service at the number on your Member identification card.

COVERED SERVICES AND SUPPLIES

In order for a service or supply to be covered, it must be Medically Necessary. Any covered service may require a Deductible, Copayment, Coinsurance payment or have a benefit limit. Refer to the “Schedule of Benefits” section for details.

In addition, certain covered services and supplies listed herein are subject to Prior Authorization, in many instances, prior to the expenses being incurred. If Prior Authorization is not obtained, the available benefits will be subject to the nonauthorization penalty shown in the “Schedule of Benefits” section. Please refer to the “Prior Authorization Requirement” section for further details.

THE FACT THAT A PHYSICIAN OR OTHER PROVIDER MAY PERFORM, PRESCRIBE, ORDER, RECOMMEND OR APPROVE A SERVICE, SUPPLY OR HOSPITALIZATION DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY, OR MAKE IT A COVERED SERVICE.

Certain limitations may apply. Be sure you read the section entitled “Exclusions and Limitations” of this Evidence of Coverage before obtaining care.

Medical Services and Supplies

Please refer to the “Schedule of Benefits” section of this *Evidence of Coverage* to determine the benefits and cost sharing that apply under each benefit level.

- Guidelines for women’s preventive health care as supported by the Health Resources and Services Administration (HRSA) (www.hrsa.gov/womensguidelines)

Your Physician will evaluate your health status (including, but not limited to, your risk factors, family history, gender and/or age) to determine the appropriate Preventive Care Services and frequency. The

One breast pump and the necessary supplies to operate it (as prescribed by your Physician) will be covered for each pregnancy at no cost through Preferred Providers to the Member. This includes one retail-grade breast pump (either a manual pump or a standard electric pump) as prescribed by your Physician. We will determine the type of equipment, whether to rent or purchase the equipment and the

vendor who provides it. You can find out how to obtain a breast pump by calling the Customer Contact Center at the phone number on your Health Net ID card or contacting us at www.healthnet.com.

Preventive Care Services are covered as shown in the “Schedule of Benefits” section.

COVID-19 Outpatient Services

After the Calendar Year Deductible has been met, COVID-19 diagnostic and screening testing, therapeutics, and vaccinations are:

- Covered in full when provided by a Participating Pharmacy or through a Preferred Provider; or
- Covered at the applicable Member cost share when provided by a Nonparticipating Pharmacy or Out-of-Network Provider.

Preventive Care Services received through a Participating Pharmacy or Preferred Provider are covered in full and the Calendar Year Deductible does not apply. Preventive Care Services received through a Nonparticipating Pharmacy or Out-of-Network Provider are covered at the applicable Member cost share after the Calendar Year Deductible has been met.

The Member cost shares above apply to these listed services only.

Surgical Services

Services by a surgeon, assistant surgeon, anesthetist or anesthesiologist are covered. Health Net uses available guidelines of Medicare and its contractors, other governmental regulatory bodies and nationally recognized medical societies and organizations to assist in its determination as to which services and procedures are eligible for reimbursement. Health Net uses Medicare guidelines to determine the circumstances under which claims for assistant surgeon services and co-surgeon and team surgeon services will be eligible for reimbursement, in accordance with Health Net’s normal claims filing requirements.

When adjudicating claims for covered services for the postoperative global period for surgical procedures, Health Net applies Medicare’s global surgery periods to the American Medical Association defined Surgical Package. The Surgical Package includes typical postoperative care. These criteria include consideration of the time period for recovery following surgery and the need for any subsequent services or procedures which are part of routine postoperative care.

When multiple procedures are performed at the same time, Covered Expenses include the Contracted Rate or Maximum Allowable Amount (as applicable) for the first (or major) procedure and one-half the Contracted Rate or Maximum Allowable Amount for each additional procedure. Health Net uses Medicare guidelines to determine the circumstances under which claims for multiple surgeries will be eligible for reimbursement, in accordance with Health Net’s normal claims filing requirements. No benefit is payable for incidental surgical procedures, such as an appendectomy performed during gall bladder surgery.

Health Net uses available Medicare guidelines to determine which services and procedures are eligible for payment separately or as part of a bundled package, including, but not limited to, which items are separate professional or technical components of services and procedures. Health Net also uses proprietary guidelines to identify potential billing errors.

Prior Authorization may be required for surgical services. Please refer to the “Prior Authorization Requirement” section for details.

Gender Affirming Surgery

Medically Necessary gender affirming services, including, but not limited to, Mental Health evaluation and treatment, pre-surgical and post-surgical hormone therapy, fertility preservation, speech therapy, and surgical services (such as hysterectomy, ovariectomy, orchiectomy, genital surgery, breast surgery, mastectomy, and other reconstructive surgery) for the treatment of gender dysphoria or gender identity disorder are covered. Services not Medically Necessary for the treatment of gender dysphoria or gender identity disorder are not covered. Surgical services must be performed by a qualified provider in conjunction with gender affirming surgery or a documented gender affirming surgery treatment plan.

Certain services require Prior Authorization. Please refer to the “Prior Authorization Requirement” section for details.

Laboratory and Diagnostic Imaging (including X-ray) Services

Laboratory and diagnostic imaging (including x-ray) services and materials are covered as Medically Necessary.

Payment of benefits will be reduced as set forth in this *EOC* if Prior Authorization is not obtained for certain services. Please refer to the “Prior Authorization Requirement” section of this *EOC* for details.

Rehabilitation Therapy

Rehabilitation therapy services (physical, speech, and occupational therapy) are covered when Medically Necessary, except as stated in the “Exclusions and Limitations” section.

Payment of benefits will be reduced as set forth in this *EOC* if Prior Authorization is not obtained. Please refer to the “Prior Authorization Requirement” section of this *EOC* for details.

Habilitative Services

Coverage for habilitative services and/or therapy is limited to Health Care Services and devices that help a person keep, learn, or improve skills and functioning for daily living, when provided by a Member Physician, licensed physical, speech or occupational therapist or other contracted provider, acting within the scope of their license, to treat physical and Mental Health conditions, subject to any required Prior Authorization from Health Net. The services must be based on a treatment plan authorized, as required by Health Net and address the skills and abilities needed for functioning in interaction with an individual's environment.

Examples include therapy for a child who is not walking or talking at the expected age. These services may include physical and occupational therapy, speech language pathology and other services for people with disabilities in a variety of inpatient and/or outpatient settings. Habilitative services shall be covered under the same terms and conditions applied to rehabilitative services under this *Evidence of Coverage*.

Cardiac Rehabilitation Therapy

Pulmonary Rehabilitation Therapy

Rehabilitation therapy services provided in connection with the treatment of chronic respiratory impairment is covered when Medically Necessary.

Clinical Trials

Routine patient care costs for items and services furnished in connection with participating in an approved clinical trial are covered when Medically Necessary, authorized by Health Net, and either the Member's treating Physician has recommended participation in the trial or the Member has provided medical and scientific information establishing eligibility for the clinical trial. Clinical trial services performed by non-Participating Providers are covered only when the protocol for the trial is not available through a Participating Provider within California. Services rendered as part of a clinical trial may be provided by a nonparticipating or Participating Provider subject to the reimbursement guidelines as specified in the law.

The following definitions apply to the terms mentioned in the above provision only.

"Approved clinical trial" means a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition. The treatment shall be provided in a clinical trial that involves either a drug that is exempt from federal regulation in relation to a new drug application, or is approved or funded through in-kind donations by one of the following:

- The National Institutes of Health, the federal Centers for Disease Control and Prevention, the Agency for Health Care Research and Quality, the federal Centers for Medicare & Medicaid Services, the United States Department of Defense, or the United States Department of Veterans Affairs; or
- A cooperative group or center of any of the entities described above; or
- A qualified nongovernmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants; or
- One of the following departments, if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of the United States Department of Health and Human Services determines is comparable to the system of peer review used by the National Institutes of Health and ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review:
 1. The United States Department of Veterans Affairs;
 2. The United States Department of Defense;
 3. The United States Department of Energy; or
- The FDA as an Investigational new drug application.

“Life-threatening condition” means any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

“Routine patient care costs” are the costs associated with the requirements of Health Net, including drugs, items, devices and services that would normally be covered under this *Evidence of Coverage*, if they were not provided in connection with a clinical trials program.

Please refer to the “Services and Supplies” portion of the “Exclusions and Limitations” section for more information.

Pregnancy

Hospital and professional services for conditions of pregnancy are covered, including prenatal and postnatal care, delivery, and newborn care. In cases of identified high-risk pregnancy, prenatal diagnostic procedures, alpha-fetoprotein testing and genetic testing of the fetus are also covered. Prenatal diagnostic procedures include services provided by the California Prenatal Screening Program administered by the California Department of Public Health and are covered at no cost to the Members. The California Prenatal Screening Program is a statewide program offered by prenatal care providers to all pregnant individuals in California. Prenatal screening uses a pregnant individual’s blood samples to screen for certain birth defects in their fetus. Prenatal screenings must be performed at or through a PNS-contracted lab. Individuals with a fetus found to have an increased chance of one of those birth defects are offered genetic counseling and other follow-up services through state-contracted Prenatal Diagnosis Centers.

Please refer to the “Schedule of Benefits” section, under the headings “Care for Conditions of Pregnancy” and “Inpatient Hospital Services” for Copayment and Coinsurance requirements.

After meeting the Calendar Year Deductible, termination of pregnancy and related services, including initial consultation, diagnostic services and follow up care, are covered at no cost to the Member. Travel allowances for Members outside California may be available; call the Customer Contact Center at the telephone number on your Health Net ID card for additional information.

Coverage for pregnancy includes at least one Maternal Mental Health screening during pregnancy and another within the first six weeks postpartum. Additional screenings will be provided if your provider determines they are Medically Necessary.

As an alternate to a Hospital setting, birthing center services are covered when authorized by Health Net and provided by a Preferred Provider. A birthing center is a homelike facility accredited by the Commission for Accreditation of Birth Centers (CABC) that is equipped, staffed and operated to provide maternity-related care, including prenatal, labor, delivery and postpartum care. Services provided by other than a CABC-accredited designated center will not be covered.

Preventive services for pregnancy, as listed in the U.S. Preventive Services Task Force A&B recommendations and Health Resources and Services Administration’s (“HRSA”) Women’s Preventive Service are covered as Preventive Care Services.

Health Net offers a doula program for Members who are pregnant or were pregnant in the past year. Doulas are birth workers who provide health education, advocacy, and physical, emotional, and non-medical support for pregnant and postpartum persons before, during, and after childbirth, including support for miscarriage, stillbirth, and termination of pregnancy. For more information, you can call the Customer Contact Center telephone number listed on your Health Net ID card or visit our website at www.healthnet.com.

When you give birth to a child in a Hospital, you are entitled to coverage of at least 48 hours of care following a vaginal delivery or at least 96 hours following a cesarean section delivery.

Your Physician will not be required to obtain Prior Authorization for a Hospital stay that is equal to or less than 48 hours following vaginal delivery or 96 hours following cesarean section. Longer stays in the Hospital and scheduled or elective cesarean sections will require Prior Authorization. Please notify Health Net upon confirmation of pregnancy.

You may be discharged earlier only if you and your Physician agree to it.

If you are discharged earlier, your Physician may decide, at their discretion, that you should be seen at home or in the office, within 48 hours of the discharge, by a licensed health care provider whose scope of practice includes postpartum care and newborn care. Your Physician will not be required to obtain Prior Authorization for this visit.

*The coverage described above meets requirements for Hospital length of stay under the **Newborns' and Mothers' Health Protection Act of 1996**, which states:*

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Donor human milk is an alternative to breastfeeding or formula for infants and is of particular benefit to pre-term infants. Medically Necessary pasteurized donor human milk obtained from a licensed tissue bank is covered. See "Prostheses" in the "Schedule of Benefits" section for Copayment or Coinsurance requirements.

Medical Social Services

Hospital discharge planning and social service counseling are covered. In some instances, a medical social service worker may refer you to providers or agencies for additional services. These services are covered only if not otherwise excluded under this Plan.

Home Health Care Services

The services of a Home Health Care Agency in the Member's home are covered when provided by a registered nurse or licensed vocational nurse and/or licensed physical, occupational, speech therapist or respiratory therapist. These services are in the form of visits that may include, but are not limited to, skilled nursing services, medical social services, rehabilitation therapy (including physical, speech and occupational), pulmonary rehabilitation therapy and cardiac rehabilitation therapy.

Home Health Care Services must be ordered by your Physician, approved by Health Net and provided under a treatment plan describing the length, type and frequency of the visits to be provided. The following conditions must be met in order to receive Home Health Care Services:

- The skilled nursing care is appropriate for the medical treatment of a condition, illness, disease or injury;

- The Member is homebound because of illness or injury (this means that the Member is normally unable to leave home unassisted, and, when the Member does leave home, it must be to obtain medical care, or for short, infrequent nonmedical reasons such as a trip to get a haircut, or to attend religious services or adult day care);
- The Home Health Care Services are part-time and intermittent in nature; a visit lasts up to 4 hours in duration in every 24 hours; and
- The services are in place of a continued hospitalization, confinement in a Skilled Nursing Facility, or outpatient services provided outside of the Member's home.

Additionally, Home Infusion Therapy is also covered. A provider of infusion therapy must be a licensed pharmacy. Home nursing services are also provided to ensure proper patient education, training, and monitoring of the administration of prescribed home treatments. Home treatments may be provided directly by infusion pharmacy nursing staff or by a qualified home health agency. The patient does not need to be homebound to be eligible to receive Home Infusion Therapy. See the “Definitions” section.

Custodial Care services and Private Duty Nursing, as described in the “Definitions” section and any other types of services primarily for the comfort or convenience of the Member, are not covered even if they are available through a Home Health Care Agency. Home Health Care Services do not include Private Duty Nursing or shift care. Private Duty Nursing (or shift care, including any portion of shift care services) is not a covered benefit under this Plan even if it is available through a Home Health Care Agency or is determined to be Medically Necessary. See the “Definitions” section.

Payment of benefits will be subject to the nonauthorization penalty shown in the “Schedule of Benefits” section if Prior Authorization is not obtained for home-based physical, speech or occupational therapy.

Outpatient Infusion Therapy

Outpatient infusion therapy used to administer covered drugs and other substances by injection or aerosol is covered when appropriate for the Member’s illness, injury or condition and will be covered for the number of days necessary to treat the illness, injury or condition.

Infusion therapy includes: Total Parenteral Nutrition (TPN) (nutrition delivered through the vein); injected or intravenous antibiotic therapy; chemotherapy; injected or intravenous Pain management; intravenous hydration (substances given through the vein to maintain the patient's fluid and electrolyte balance, or to provide access to the vein); aerosol therapy (delivery of drugs or other Medically Necessary substances through an aerosol mist); and tocolytic therapy to stop premature labor.

Covered services include professional services (including clinical pharmaceutical support) to order, prepare, compound, dispense, deliver, administer or monitor covered drugs or other covered substances used in infusion therapy.

Covered supplies include injectable Prescription Drugs or other substances which are approved by the California Department of Public Health or the Food and Drug Administration for general use by the public. Other Medically Necessary supplies and Durable Medical Equipment necessary for infusion of covered drugs or substances are covered.

All services must be billed and performed by a provider licensed by the state. Up to a 30-day supply will be dispensed per delivery.

Infusion therapy benefits will not be covered in connection with the following:

- Infusion medication administered in an outpatient Hospital setting that can be administered in the home or a non-Hospital infusion suite setting;
- Non-Prescription Drugs or medications;
- Any drug labeled “Caution, limited by federal law to Investigational use” or Investigational drugs not approved by the FDA;
- Drugs or other substances obtained outside of the United States;
- Homeopathic or other herbal medications not approved by the FDA;
- FDA-approved drugs or medications prescribed for indications that are not approved by the FDA, or which do not meet medical community standards (except for non-Investigational FDA-approved drugs used for off-label indications when the conditions of state law have been met);
- Growth hormone treatment; or
- Supplies used by a health care provider that are incidental to the administration of infusion therapy, including, but not limited to: cotton swabs, bandages, tubing, syringes, medications and solutions.

Payment of benefits will be reduced as set forth in this *EOC* if Prior Authorization is not obtained for certain services.

Certain drugs that are administered as part of outpatient infusion therapy require Prior Authorization. Refer to the Health Net website, www.healthnet.com, for a list of services and infused drugs that require Prior Authorization.

Ambulance Services

All air and ground ambulance and ambulance transport services provided as a result of a “911” emergency response system request for assistance will be covered, when the criteria for Emergency Care, as defined in this *Evidence of Coverage*, have been met.

Covered services provided by an out-of-network ground or air ambulance provider will be payable at the Preferred Provider level of cost sharing and Deductible, if applicable, and without balance billing (balance billing is the difference between a provider’s billed charge and the Maximum Allowable Amount).

Ambulance services that do not meet the criteria for Emergency Care may require Prior Authorization. Please refer to the “Prior Authorization Requirement” section for more information.

Nonemergency ambulance services are covered when Medically Necessary and when your conditions require the use of services that only a licensed ambulance can provide when the use of other means of transportation would endanger your health. These services are covered only when the vehicle transports you to or from covered services.

Please refer to the “Ambulance Services” provision of “Exclusions and Limitations” for additional information.

Payment of benefits will be reduced as set forth in this *EOC* if Prior Authorization is not obtained for certain services.

Hospice Care

Hospice Care is available for Members diagnosed as terminally ill by a Physician. To be considered terminally ill, a Member must have been given a medical prognosis of one year or less to live.

Hospice Care includes Physician services, counseling, medications, other necessary services and supplies, and homemaker services. The Physician will develop a plan of care for a Member who elects Hospice Care.

In addition, up to five consecutive days of inpatient care for the Member may be authorized to provide relief for relatives or others caring for the Member.

Payment of benefits will be subject to the nonauthorization penalty shown in the “Schedule of Benefits” section if Prior Authorization is not obtained for the care.

Durable Medical Equipment

Durable Medical Equipment, which includes, but is not limited to wheelchairs, crutches, standard curved handle or quad cane and supplies, dry pressure pad for a mattress, compression burn garments, IV pole, tracheostomy tube and supplies, enteral pump and supplies, bone stimulator, cervical traction (over door), phototherapy blankets for treatment of jaundice in newborns, bracing, supports, casts, nebulizers (including face masks and tubing), inhaler spacers, peak flow meters and Hospital beds, is covered. Durable Medical Equipment also includes Orthotics (such as bracing, supports and casts) that are custom made for the Member.

Equipment and medical supplies required for home hemodialysis and home peritoneal dialysis are covered after you receive appropriate training at a dialysis facility approved by Health Net. Coverage is limited to the standard item of equipment or supplies that adequately meets your medical needs.

Except for podiatric devices to prevent or treat diabetes-related complications as discussed below, Corrective Footwear (including specialized shoes, arch supports and inserts) is only covered when all of the following circumstances are met:

- The Corrective Footwear is Medically Necessary;
- The Corrective Footwear is custom made for the Member; and
- The Corrective Footwear is permanently attached to a Medically Necessary Orthotic device that is also a covered benefit under this Plan.

Corrective Footwear for the management and treatment of diabetes-related medical condition is covered under the “Diabetic Equipment” benefit as Medically Necessary.

Covered Durable Medical Equipment will be repaired or replaced when necessary. However, repair or replacement for loss or misuse is not covered. Health Net will decide whether to repair or replace an item. Health Net will also determine the type of equipment, whether to rent or purchase the equipment and the vendor who provides it.

In assessing Medical Necessity for Durable Medical Equipment (DME) coverage, Health Net applies nationally recognized DME coverage guidelines such as those defined by the InterQual (McKesson) and Durable Medical Equipment Medicare Administrative Contractor (DME MAC), Healthcare Common Procedure Coding System (HCPCS) Level II and Medicare National Coverage Determinations (NCD).

We also cover up to two Medically Necessary contact Lenses per eye (including fitting and dispensing) in any 12-month period to treat conditions of aniridia (missing iris). An aniridia contact Lens will not be covered if we provided an allowance toward (or otherwise covered) more than one aniridia contact Lens for that eye within the previous 12 months.

For adults age 19 and older, special contact Lenses are covered when prescribed for conditions of aphakia. Up to six Medically Necessary aphakic contact Lenses per eye (including fitting and dispensing) per Calendar Year to treat aphakia (absence of the crystalline lens of the eye). We will not cover an aphakic contact Lens if we provided an allowance toward (or otherwise covered) more than six aphakic contact Lenses for that eye during the same Calendar Year. For children through age 18, see the “Pediatric Vision Services” portion of “Covered Services and Supplies” for coverage details.

Coverage for Durable Medical Equipment is subject to the limitations described in the “Durable Medical Equipment” portion of the “Exclusions and Limitations” section.

Prior Authorization may be required. Please refer to the “Prior Authorization Requirement” section for details.

Breastfeeding devices and supplies, as supported by HRSA guidelines, are covered as Preventive Care Services. For additional information, please refer to the “Preventive Care Services” provision in this “Covered Services and Supplies” section.

When applicable, coverage includes fitting and adjustment of covered equipment or devices.

How to Obtain Care – In Network

When you need to see a Participating Mental Health Professional, contact the Health Net Customer Contact Center at the phone number on your Health Net ID card. Health Net will help you identify a nearby Participating Mental Health Professional, within the network and with whom you can schedule an appointment, as discussed in the “Introduction to Health Net” section. The designated Participating Mental Health Professional will evaluate you, develop a treatment plan for you, and submit that treatment plan to Health Net for review. If services under the proposed treatment plan are determined by Health Net to not be Medically Necessary, as defined in the “Definitions” section, services and supplies will not be covered for that condition. However, Health Net may direct you to community resources where alternative forms of assistance are available. See the “General Provisions” section for the procedure to request independent medical review of a Plan denial of coverage. Medically Necessary speech, occupational and physical therapy services are covered under the terms of this Plan, regardless of whether community resources are available.

For additional information on accessing Mental Health services, visit our website at www.healthnet.com or contact the Health Net Customer Contact Center phone number shown on your Health Net ID card.

In an emergency, call **911** or go to the nearest Hospital. Please refer to the “Emergency and Urgently Needed Care” portion of “Introduction to Health Net” for more information.

You have a right to receive timely and geographically accessible Mental Health/Substance Use Disorder (MH/SUD) services when you need them. If Health Net fails to arrange those services for you with an appropriate provider who is in the health plan's network, the health plan must cover and arrange needed services for you from an Out-of-Network Provider. If that happens, you do not have to pay anything other than your ordinary in-network cost sharing.

If you do not need the services urgently, your health plan must offer an appointment for you that is no more than 10 business days from when you requested the services from the health plan. If you urgently need the services, your health plan must offer you an appointment within 48 hours of your request (if the health plan does not require Prior Authorization for the appointment) or within 96 hours (if the health plan does require Prior Authorization).

If your health plan does not arrange for you to receive services within these timeframes and within geographic access standards, you can arrange to receive services from any licensed provider, even if the provider is not in your health plan's network. To be covered by your health plan, your first appointment with the provider must be within 90 calendar days of the date you first asked the plan for the MH/SUD services.

If you have questions about how to obtain MH/SUD services or are having difficulty obtaining services you can: (1) call your health plan at the telephone number on the back of your health plan identification card; (2) call the California Department of Managed Health Care's Help Center at 1-888-466-2219; or (3) contact the California Department of Managed Health Care through its website at www.healthhelp.ca.gov to request assistance in obtaining MH/SUD services.

Simply schedule an appointment with the provider you desire, and the services will be reimbursed to you based on the Maximum Allowable Amount and your benefits once you submit the claims to Health Net.

Prior Authorization is required for certain services as explained above. Payment of benefits for Mental Health and Substance Use Disorder services will be subject to the nonauthorization penalty shown in the “Schedule of Benefits” section if Prior Authorization is required but not obtained before you obtain the services.

Emergency care services, regardless of whether the Member is admitted, do not require Prior Authorization.

Transition of Care for New Enrollees

If you are receiving ongoing care for an acute, serious, or chronic Mental Health condition from a non-Participating Mental Health Professional at the time you enroll with Health Net, we may temporarily cover services from a provider not affiliated with Health Net at the in-network benefit level, subject to applicable Copayments and any other exclusions and limitations of this Plan.

Your non-Participating Mental Health Professional must be willing to accept Health Net's standard Mental Health provider contract terms and conditions and be located in the Plan's service area.

To request continued care, you will need to complete a Continuity of Care Request Form. If you would like more information on how to request continued care or request a copy of the Continuity of Care Request Form or of our continuity of care policy, please call the Customer Contact Center at the telephone number on your Health Net ID card.

Please read the “Prescription Drugs” portion of the “Exclusions and Limitations” section of this Evidence of Coverage.

Covered Drugs and Supplies

Medically Necessary Prescription Drugs that are prescribed by a Physician who is either a Preferred Provider or Out-of-Network Provider are covered. Prescription Drugs must be dispensed for a condition, illness or injury that is covered by this Plan. Refer to the “Exclusion and Limitations” section to find out if a particular condition is not covered.

Cost sharing and any accrual of amounts from all Drug Coupons paid on your behalf for any Prescription Drugs obtained by you through the use of a Drug Discount, Coupon, or Copay Card provided by a Prescription Drug manufacturer will not apply toward your Plan Deductible or Out-of-Pocket Maximum.

Tier 1 Drugs (Most Generic and Low-Cost Preferred Brand Name Drugs) and Tier 2 Drugs (Nonpreferred Generic Drugs and Preferred Brand Name Drugs, Certain Brand Name Drugs with a Generic Equivalent or Drugs Recommended by the Pharmacy and Therapeutics Committee Based on Drug Safety, Efficacy and Cost).

Tier 1 and Tier 2 Drugs listed in the Health Net Essential Drug List (also referred to as “the List”) are covered, when dispensed by Participating Pharmacies and prescribed by a Member Physician or an emergent or urgent care Physician. Some Tier 1 and Tier 2 Drugs require Prior Authorization from Health Net to be covered. The fact that a drug is listed in the Essential Drug List does not guarantee that your Physician will prescribe it for you for a particular medical condition.

Tier 3 Drugs

Tier 3 Drugs are Prescription Drugs that are nonpreferred Brand Name Drugs, drugs that generally have a preferred and often less costly therapeutic alternative at a lower tier, drugs recommended by the Pharmacy and Therapeutics Committee based on drug safety, efficacy and cost, Brand Name Drugs with generic equivalents (when Medically Necessary), drugs listed as Tier 3 Drugs in the Essential Drug List, drugs indicated as “NF,” if approved, or drugs not listed in the Essential Drug List.

Some Tier 3 Drugs require Prior Authorization from Health Net in order to be covered.

Please refer to the “Essential Drug List” portion of this section for more details.

Tier 4 Drugs (Specialty Drugs)

Tier 4 Drugs (Specialty Drugs) are drugs that the Food and Drug Administration of the United States Department of Health and Human Services or the manufacturer requires to be distributed through a specialty pharmacy, drugs that require the Member to have special training or clinical monitoring for self-administration, or drugs that cost the health plan more than six hundred dollars (\$600) net of rebates for a one-month supply. These drugs may have limited pharmacy availability or distribution, may be self-administered orally, topically, by inhalation, or by injection (either subcutaneously, intramuscularly, or intravenously) requiring the Member to have special training or clinical monitoring for self-administration, includes drugs that the FDA or drug manufacturer requires to be distributed through a specialty pharmacy, or have high cost as established by Covered California. Tier 4 Drugs (Specialty Drugs) are identified in the Essential Drug List with “SP.” Refer to Health Net’s Essential Drug List on our website at www.healthnet.com for the Tier 4 Drugs (Specialty Drugs) listing. You can also call the Customer Contact Center telephone number listed on your Health Net ID card.

All Tier 4 Drugs (Specialty Drugs) require Prior Authorization from Health Net and may be required to be dispensed through the specialty pharmacy vendor to be covered. Tier 4 Drugs (Specialty Drugs) are not available through mail order.

Self-injectable drugs (other than insulin), including drugs for the treatment of hemophilia, and needles and syringes used with these self-injectable drugs are included under Tier 4 Drugs (Specialty Drugs), which are subject to Prior Authorization and must be obtained through Health Net’s contracted specialty pharmacy vendor. Your Participating Provider or treating Physician will coordinate the authorization and upon approval the specialty pharmacy vendor will arrange for the dispensing of the drugs, needles and syringes. The specialty pharmacy vendor may contact you directly to coordinate the delivery of your medications.

Generic Equivalents to Brand Name Drugs

Generic Drugs will be dispensed when a Generic Drug equivalent is available. Brand Name Drugs that have generic equivalents will be dispensed when the Brand Name Drug is Medically Necessary and the Physician obtains Prior Authorization from Health Net, subject to the Copayment or Coinsurance requirements described in the “Prescription Drugs” portion of the “Schedule of Benefits” section.

Off-Label Drugs

A Prescription Drug prescribed for a use that is not stated in the indications and usage information published by the manufacturer is covered only if the drug meets all of the following coverage criteria:

1. The drug is approved by the Food and Drug Administration; AND
2. The drug meets one of the following conditions:
 - A. The drug is prescribed by a participating licensed health care professional for the treatment of a life-threatening condition; OR

 - i. The Elsevier Gold Standard's Clinical Pharmacology.
 - ii. The National Comprehensive Cancer Network Drug and Biologics Compendium.
 - iii. The Thomson Micromedex DrugDex; OR
 - C. Two articles from major peer reviewed medical journals that present data supporting the proposed off-label use or uses as generally safe and effective unless there is clear and convincing contradictory evidence presented in a major peer reviewed medical journal.

The following definitions apply to the terms mentioned in this provision only.

“Life-threatening” means either or both of the following:

- A. Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted;
- B. Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

“Chronic and seriously debilitating” refers to diseases or conditions that require ongoing treatment to maintain remission or prevent deterioration and cause significant long-term morbidity.

Diabetic supplies are also covered including, but not limited to specific brands of pen delivery systems, specific brands of disposable insulin needles and syringes, disposable insulin pen needles, specific brands of blood glucose monitors (including those designed to assist the visually impaired) and test strips, ketone test strips, lancet puncture devices and lancets when used in monitoring blood glucose levels. Prescription Drugs for the treatment of asthma are covered as stated in the Essential Drug List. Inhaler spacers and peak flow meters used for the management and treatment of asthma are covered when Medically Necessary. Nebulizers (including face masks and tubing) are covered under the medical benefit. Please refer to the “Medical Services and Supplies” portion of this section under “Durable Medical Equipment” for additional information.

Compounded Drugs

Compounded drugs are prescription orders that have at least one ingredient that is Federal Legend or state restricted in a therapeutic amount as Medically Necessary and are combined or manufactured by

the pharmacist and placed in an ointment, capsule, tablet, solution, suppository, cream or other form and require a prescription order for dispensing. Compounded drugs (that use FDA-approved drugs for an FDA-approved indication) are covered when at least one of the primary ingredients is on the Essential Drug List and when there is no similar commercially available product. Coverage for compounded drugs must be obtained from a Participating Pharmacy, and is subject to Prior Authorization by the Plan and Medical Necessity. Refer to the “Off-Label Drugs” provision in the “Prescription Drugs” portion of this “Covered Services and Supplies” section, for information about FDA-approved drugs for off-label use. Coverage for compounded drugs requires the Tier 3 Drug Copayment, must be obtained from a Participating Pharmacy, and is subject to Prior Authorization by the Plan and Medical Necessity.

Sexual Dysfunction Drugs

Drugs that establish, maintain or enhance sexual functioning are covered for sexual dysfunction when Medically Necessary. These Prescription Drugs are covered for up to the number of doses or tablets specified in Health Net's Essential Drug List. For information about Health Net's Essential Drug List, please call the Customer Contact Center at the telephone number on your ID card or visit our website at www.healthnet.com.

Preventive Drugs and Contraceptives:

Preventive drugs, including smoking cessation drugs, and contraceptives that are approved by the Food and Drug Administration and recommended by the United States Preventive Services Task Force (USPSTF) are covered at no cost to the Member through a Participating Pharmacy. Covered preventive drugs are over-the-counter drugs or Prescription Drugs that are used for preventive health purposes per the U.S. Preventive Services Task Force A and B recommendations, including smoking cessation drugs.

Drugs for the relief of nicotine withdrawal symptoms require a prescription from the treating Physician. For information regarding smoking cessation behavioral modification support programs available through Health Net, contact the Customer Contact Center at the telephone number on your Health Net ID card or visit the Health Net website at www.healthnet.com. No annual limits will be imposed on the number of days for the course of treatment for all FDA-approved smoking and tobacco cessation medications.

Covered contraceptives are FDA-approved contraceptives that are either available over-the-counter or are only available with a Prescription Drug Order. Contraceptives that are covered under this Prescription Drug benefit include vaginal, oral, transdermal and emergency contraceptives and condoms. For a complete list of contraceptive products covered under the Prescription Drug benefit, please refer to the Essential Drug List.

Over-the-counter preventive drugs, except for over-the-counter contraceptives, which are covered under this Plan require a Prescription Drug Order. You must present the Prescription Drug Order at a Health Net Participating Pharmacy to obtain such drugs. Over-the-counter contraceptives that are covered under this Plan do not require a Prescription Drug Order but must be obtained from a Health Net Participating Pharmacy at the Prescription Drug counter.

Intrauterine devices (IUDs), injectable and implantable contraceptives are covered as a medical benefit when administered by a Physician. Please refer to the “Medical Services and Supplies” portion of this section, under the headings “Preventive Care Services” and “Family Planning” for information regarding contraceptives covered under the medical benefit.

For the purpose of coverage provided under this provision, “emergency contraceptives” means FDA-approved drugs taken after intercourse to prevent pregnancy. Emergency contraceptives required in conjunction with Emergency Care, as defined in the “Definitions” section, will be covered when obtained from any licensed pharmacy, but must be obtained from a Plan contracted pharmacy if not required in conjunction with Emergency Care as defined.

Appetite Suppressants or Drugs for Body Weight Reduction

Drugs that require a prescription in order to be dispensed for the treatment of obesity are covered when Medically Necessary for the treatment of morbid obesity or when you meet Health Net Prior Authorization coverage requirements. The prescribing Physician must request and obtain Prior Authorization for coverage.

The Essential Drug List

What Is the Health Net Essential Drug List?

Health Net developed the Essential Drug List to identify the safest and most effective medications for Health Net Members while attempting to maintain affordable pharmacy benefits. We specifically suggest to all Health Net contracting Physicians and Specialists that they refer to the Essential Drug List when choosing drugs for patients who are Health Net Members. When your Physician prescribes medications listed in the Essential Drug List, it is ensured that you are receiving a high quality and high value prescription medication. In addition, the Essential Drug List identifies whether a generic version of a Brand Name Drug exists and whether Prior Authorization is required. If the generic version exists, it will be dispensed instead of the brand name version.

You may call the Customer Contact Center at the telephone number on your Health Net ID card to find out if a particular drug is listed in the Essential Drug List. You may also request a copy of the current Essential Drug List and it will be mailed to you. The current Essential Drug List is also available on the Health Net website at www.healthnet.com. To obtain specific benefit and drug information, including your cost for a specific drug at your preferred pharmacy, please log into your secure member portal or call the Customer Contact Center at the number on your Health Net ID card.

How Are Drugs Chosen for the Health Net Essential Drug List?

The Essential Drug List is created and maintained by the Pharmacy and Therapeutics Committee. Before deciding whether to include a drug on the Essential Drug List, the Committee reviews medical and scientific publications, relevant utilization experience, state and federal requirements and Physician recommendations to assess the drug for its:

- Safety
- Effectiveness
- Cost-effectiveness (when there is a choice between two drugs having the same effect, the less costly drug will be listed)
- Side effect profile
- Therapeutic outcome

This Committee has quarterly meetings to review medications and to establish policies and procedures for drugs included in the Essential Drug List. The Essential Drug List is updated as new information and medications are approved by the FDA.

Who Is on the Pharmacy and Therapeutic Committee and How Are Decisions Made?

The Committee is made up of actively practicing Physicians of various medical specialties from Health Net Physician groups, as well as clinical pharmacists. Voting members are recruited from contracting Physician groups throughout California based on their experience, knowledge and expertise. In addition, the Pharmacy and Therapeutics Committee frequently consults with other medical experts to provide additional input to the Committee. A vote is taken before a drug is added to the Essential Drug List. The voting members are not employees of Health Net. This ensures that decisions are unbiased and without conflict of interest.

Step Therapy

Step therapy is a process in which you may need to use one type of Prescription Drug before Health Net will cover another one. We check certain Prescription Drugs to make sure that proper prescribing guidelines are followed. These guidelines help you get high quality and cost-effective Prescription Drugs. Exceptions to the step therapy process are subject to Prior Authorization. However, if you were taking a Prescription Drug for a medical condition under a previous plan before enrolling in this PPO Plan, you will not be required to use the step therapy process to continue using the Prescription Drug.

Step Therapy Exception

A step therapy exception is defined as a decision to override a generally applicable step therapy protocol in favor of coverage of the Prescription Drug prescribed by a health care provider for a Member. For more information on the step therapy exception process, please see “Step Therapy Exception” in the Essential Drug List on www.healthnet.com.

Prior Authorization Process and Step Therapy Exception for Prescription Drugs

Prior Authorization status is included in the Essential Drug List – The Essential Drug List identifies which drugs require Prior Authorization or step therapy. A Physician must get approval from Health Net before writing a Prescription Drug Order for a drug that is listed as requiring Prior Authorization, in order for the drug to be covered by Health Net. Step therapy exceptions are also subject to the Prior Authorization process.

You may obtain a list of drugs requiring Prior Authorization by visiting our website at www.healthnet.com or call the Customer Contact Center at the telephone number on your Health Net ID card. If a drug is not on the Essential Drug List, your Physician should call Health Net to determine if the drug requires Prior Authorization.

Brand Name Drugs that have generic equivalents also require Prior Authorization. Health Net will cover Brand Name Drugs that have generic equivalents when Medically Necessary and the Physician obtains approval from Health Net.

Prior Authorization and Step Therapy Exception Process

Requests for Prior Authorization, including step therapy exceptions, may be submitted electronically or by telephone or facsimile. Urgent requests from Physicians for authorization are processed, and

prescribing providers are notified of Health Net's determination as soon as possible, not to exceed 24 hours, whichever is less, after Health Net's receipt of the request and any additional information requested by Health Net that is reasonably necessary to make the determination. A Prior Authorization request is urgent when a Member is suffering from a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function. Routine requests from Physicians are processed, and prescribing providers notified of Health Net's determination in a timely fashion, not to exceed 72 hours. For both urgent and routine requests, Health Net must also notify the Member or their designee of its decision. If Health Net fails to respond within the required time limit, the Prior Authorization request is deemed granted.

Health Net will evaluate the submitted information upon receiving your Physician's request for Prior Authorization and make a determination based on established clinical criteria for the particular medication. The criteria used for Prior Authorization are developed and based on input from the Pharmacy and Therapeutics Committee as well as Physician experts. Your Physician may contact Health Net to obtain the usage guidelines for specific medications.

Once a medication is approved, its authorization becomes effective immediately.

If the Prior Authorization or step therapy exception request is approved, drugs will be covered, including refills, as shown in the "Schedule of Benefits" section. If the Prior Authorization or step therapy exception is denied, the drug is not covered and you are responsible for the entire cost of the drug.

If you are denied Prior Authorization, please refer to the "Grievance, Appeals, Independent Medical Review and Arbitration" portion of the "General Provisions" section of this *Evidence of Coverage*.

Retail Pharmacies and the Mail Order Program

Purchase Drugs at Participating Pharmacies

Except as described below under "Nonparticipating Pharmacies and Emergencies" and "Drugs Dispensed by Mail Order," you must purchase covered drugs at a Participating Pharmacy.

Health Net is contracted with many major pharmacies, supermarket-based pharmacies and privately owned pharmacies in California. To find a conveniently located Participating Pharmacy please visit our website at www.healthnet.com or call the Customer Contact Center at the telephone number on your Health Net ID card. Present the Health Net ID card and pay the appropriate Copayment when the drug is dispensed.

Up to a 30-consecutive-calendar-day supply is covered for each Prescription Drug Order. In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or Health Net's usage guidelines. Medications taken on an "as-needed" basis may have a Copayment or Coinsurance based on a specific quantity, standard package, vial, ampoule, tube, or other standard units. In such a case, the amount of medication dispensed may be less than a 30-consecutive-calendar day supply. If Medically Necessary, your Physician may request a larger quantity from Health Net. See also the "Schedule II Narcotic Drugs" portion of the "Exclusions and Limitations" section.

If refills are stipulated on the Prescription Drug Order, a Participating Pharmacy may dispense up to a 30-consecutive-calendar day supply for each Prescription Drug Order or for each refill at the appropriate time interval.

If the Health Net ID card is not available or eligibility cannot be determined:

- Pay the entire cost of the drug; and
- Submit a claim for possible reimbursement.

Health Net will reimburse you for the cost of the Prescription Drug, less any required Deductible, Copayment or Coinsurance shown in the “Schedule of Benefits” section.

Except as described below in “Nonparticipating Pharmacies and Emergencies” for new Members and emergent care, if you elect to pay out-of-pocket and submit a prescription claim directly to Health Net instead of having the contracted pharmacy submit the claim directly to Health Net, you will be reimbursed based on the lesser of Health Net’s contracted pharmacy rate or the pharmacy’s cost of the prescription, less any applicable Deductible, Copayment or Coinsurance.

Nonparticipating Pharmacies and Emergencies

During the first 30 days of your coverage, Prescription Drugs will be covered if dispensed by a Nonparticipating Pharmacy, but only if you are a new Member and have not yet received your Health Net ID card. After 30 days, Prescription Drugs dispensed by a Nonparticipating Pharmacy will be covered only for Emergency Care or Urgently Needed Care, as defined in the “Definitions” section.

If the above situations apply to you:

- Pay the full cost of the Prescription Drug that is dispensed; and
- Submit a claim to Health Net for reimbursement.

Health Net will reimburse you for the cost of the Prescription Drug, less any applicable Deductible, Copayment or Coinsurance shown in the “Schedule of Benefits” section.

If you present a prescription order for a Brand Name Drug, the pharmacist will offer a Generic Drug equivalent if commercially available. In cases of Emergency or Urgently Needed Care, you should advise the treating Physician of any drug allergies or reactions, including to any Generic Drugs.

There are no benefits through Nonparticipating Pharmacies after 30 days of coverage or if the Prescription Drug was not purchased for Emergency or Urgently Needed Care.

Note: The “Prescription Drug” portion of the “Exclusions and Limitations” section and the requirements of the Essential Drug List described above still apply when Prescription Drugs are dispensed by a Nonparticipating Pharmacy.

Claim forms will be provided by Health Net upon request or may be obtained from the Health Net website at www.healthnet.com.

Drugs Dispensed by Mail Order

If your prescription is for a Maintenance Drug, you have the option of filling it through a mail order program selected by Health Net. To receive Prescription Drugs by mail, send the following to the designated mail order administrator:

- The completed Prescription Mail Order Form.
- The original Prescription Drug Order (not a copy) written for up to a 90-consecutive-calendar-day supply, when appropriate.
- The appropriate Copayment.

You may obtain a Prescription Mail Order Form and further information by contacting the Health Net Customer Contact Center at the telephone number on your Health Net ID card or visit our website at www.healthnet.com.

The mail order administrator may dispense up to a 90-consecutive-calendar-day supply of a covered Maintenance Drug and each refill allowed by that order. The required Copayment or Coinsurance applies each time a drug is dispensed. In some cases, a 90-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan, according to the Food and Drug Administration (FDA) or Health Net's usage guidelines. If this is the case, the mail order may be less than a 90-consecutive-calendar-day supply.

Maintenance drugs may also be obtained at a CVS retail pharmacy under the mail order program benefit.

Note: Tier 4 Drugs (Specialty Drugs) and Schedule II narcotic drugs are not covered through our mail order program. Refer to the “Prescription Drug” portion of the “Exclusions and Limitations” section for more information.

Pediatric Vision Services

When you receive benefits from a Participating Vision Provider you only pay the applicable Copayment amount that is stated in the “Pediatric Vision Services” portion of the “Schedule of Benefits” section. For materials, you are responsible for payment of any amount in excess of the allowance specified in the “Pediatric Vision Services” portion of the “Schedule of Benefits” section.

Standard contact Lens fit and follow-up applies to routine application soft, spherical, daily wear contact Lenses for single vision prescriptions. Standard contact Lens fit and follow-up does not include extended or overnight wear for any prescription.

See the “Pediatric Vision Services” portion of the “Schedule of Benefits” section for limitations.

Materials - Eyeglass Lenses

If an examination results in corrective Lenses being prescribed for the first time or if a current wearer of corrective Lenses needs new Lenses, this vision Plan will cover a pair of Lenses subject to the benefit maximum as specified in the “Pediatric Vision Services” portion of the “Schedule of Benefits” section.

Cosmetic Contact Lenses

Eyewear, including contact Lenses, is only covered when there is a need for vision correction.

Medically Necessary Contact Lenses

Coverage for prescriptions for Medically Necessary contact Lenses is subject to Medical Necessity.

Contact lenses may be Medically Necessary and appropriate in the treatment of patients affected by certain conditions. In general, contact lenses may be Medically Necessary and appropriate when the use of contact lenses, in lieu of eyeglasses, will result in significantly better visual and/or improved binocular function, including avoidance of diplopia or suppression.

Contact Lenses may be determined to be Medically Necessary in the treatment of the following conditions: keratoconus, pathological myopia, aphakia, anisometropia, aniseikonia, aniridia, corneal disorders, post-traumatic disorders, and irregular astigmatism.

For coverage of Medically Necessary contact Lenses to treat conditions of aniridia, see the “Durable Medical Supplies” under the “Medical Services and Supplies” portion of “Covered Services and Supplies.”

Pediatric Dental Services

Please read the “Pediatric Dental Services” portion of the “Exclusions and Limitations” section.

Pediatric Dental Services are covered until the last day of the month in which the individual turns nineteen years of age.

We provide toll-free access to our Customer Service Associates to assist you with benefit coverage questions, resolving problems or changing your dental office. Customer Service can be reached Monday through Friday at **(866) 249-2382** from 5:00 a.m. to 8:00 p.m. Pacific Standard Time. Automated service is also provided after hours for eligibility verification and dental office transfers.

How to Obtain Care**In-Network Benefits**

In-network benefits apply when you choose to obtain covered Dental Services from a Participating Dentist. You generally are required to pay less than you would pay for services from a nonparticipating Dentist. Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between us and the provider rather than a percentage of the provider's billed charge. Our negotiated rate with the provider is ordinarily lower than the provider's billed charge. In no event, will you be required to pay a Participating Dentist an amount for a covered Dental Service in excess of the contracted fee.

A Participating Dentist cannot charge you or us for any service or supply that is not Medically Necessary. If you agree to receive a service or supply that is not Medically Necessary, the Participating Dentist may charge you. However, these charges will not be considered covered Dental Services and benefits will not be payable.

In order for covered Dental Services to be paid as in-network benefits, you must obtain all covered Dental Services directly from a Participating Dentist.

You must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. You can verify the participation status by calling us and/or the provider. If necessary, we can provide assistance in referring you to a Participating Dentist.

We will make available to you a *Directory of Network Dental Providers*. You can also call Customer Service to determine which providers participate in the network. The telephone number for Customer Service is on your ID card.

Out-of-Network Benefits

Out-of-Network benefits apply when you decide to obtain covered Dental Services from nonparticipating Dentist. You generally are required to pay the difference between Health Net's Maximum Allowable Amount and the dentist's total billed charges. Out-of-network benefits are determined based on the "Maximum Allowable Amount" for pediatric Dental Services as calculated by Health Net, based on available data resources of competitive fees in that geographic area and must not exceed the fees that the Dental Provider would charge any similarly situated payor for the same services for each covered Dental Service. The data resources of competitive fees are supplied by FAIR Health, which are updated twice a year. Health Net reimburses nonparticipating Dentist at 55% of FAIR Health rates. The actual charge made by a nonparticipating Dentist for a covered Dental Service may exceed the Maximum Allowable Amount. As a result, you may be required to pay a nonparticipating Dentist an amount for a covered Dental Service in excess of the Maximum Allowable Amount. In addition, when you obtain covered Dental Services from nonparticipating Dentist, you must file a claim with us to be reimbursed for Eligible Dental Expenses.

Facilities

A complete list of contracted facilities is contained in the provider directory. You may obtain an updated provider directory by calling (866) 249-2382 or at www.healthnet.com.

New Patient and Routine Services

As a Member, you have the right to expect that the first available appointment time for new patient or routine dental care services is within four (4) weeks of your initial request. If your schedule requires that an appointment be scheduled on a specific date, day of the week, or time of day, the dentist may need additional time to meet your special request.

Making an Appointment

Once your coverage begins, you may contact a dentist of your choice to schedule an appointment. When scheduling an appointment, please identify yourself as a Member. Your dentist will also need to know your chief dental concern and basic personal data. Arrive early for your first appointment to complete any paperwork. There is an office visit Copayment on some plans and also be aware that there is a charge for missing your appointment. Your first visit to your dentist will usually consist of x-rays and an examination only. By performing these procedures first, your dentist can establish your treatment plan according to your overall health needs.

We recommend that you take this *Evidence of Coverage* with you on your appointment. Remember, only pediatric Dental Services listed as covered benefits in this *Evidence of Coverage* are covered.

Orthodontic Benefits

This dental Plan covers orthodontic benefits as described herein. Extractions and initial diagnostic x-rays are not included in these fees.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, you may notify us of such treatment before treatment begins and receive a pre-treatment estimate. If you desire a pre-treatment estimate, you or your Dental Provider should send a notice to us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

We will determine if the proposed treatment is a covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the *Evidence of Coverage*.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets you know in advance approximately what portion of the expenses will be considered for payment.

Covered Dental Services

Benefits are provided for the Dental Services stated in this subsection when such services are:

- Medically Necessary;
- Provided by or under the direction of a Dental Provider; and
- Not excluded as described under “Pediatric Dental Services” in the “Exclusions and Limitations” section of this *Evidence of Coverage*.

Medically Necessary Dental Services are dental benefits which are necessary and appropriate for treatment of a Member’s teeth, gums and supporting structures according to professionally recognized standards of practice and is:

- Necessary to treat decay, disease or injury of the teeth; or
- Essential for the care of the teeth and supporting tissues of the teeth.

The fact that a dentist has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease does not mean that the procedure or treatment is a covered dental Service under this *Evidence of Coverage*.

If you have purchased a supplemental pediatric dental benefit plan, pediatric dental benefits covered under this Plan will be paid first, with the supplemental pediatric dental benefit plan covering noncovered services and or cost sharing as described in your supplemental pediatric dental benefit plan coverage document.

IMPORTANT: If you opt to receive Dental Services that are not covered services under this Plan, a participating Dental Provider may charge you their usual and customary rate for those services. Prior to providing a patient with Dental Services that are not covered benefits, the dentist should provide to the patient a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If you would like more information about dental coverage options, you may call the Customer Contact Center at the telephone number on your Health Net dental ID card or your insurance broker. To fully understand your coverage, you may wish to carefully review this *Evidence of Coverage* document.

EXCLUSIONS AND LIMITATIONS

It is extremely important to read this section before you obtain services in order to know what Health Net will and will not cover.

Health Net does not cover the services or supplies listed below. Also, services or supplies that are excluded from coverage in the *Evidence of Coverage*, exceed *Evidence of Coverage* limitations or are Follow-Up Care (or related to Follow-Up Care) to *Evidence of Coverage* exclusions or limitations, will not be covered. However, the Plan does cover Medically Necessary services for medical conditions directly related to noncovered services when complications exceed routine Follow-Up Care (such as life-threatening complications of cosmetic surgery).

Please note that an exception may apply to the exclusions and limitations listed below, to the extent a requested service is either a basic Health Care Service under applicable law or is required to be covered by other state or federal law, and is Medically Necessary as defined in the “Definitions” section.

Services and Supplies

The exclusions and limitations in this subsection apply to any category or classification of services and supplies described throughout this *Evidence of Coverage*.

Ambulance Services

Air and ground ambulance and ambulance transport services are covered as shown in the “Ambulance Services” provision of “Covered Services and Supplies.”

Paramedic, ambulance, or ambulance transport services are not covered in the following situations:

- If Health Net determines that the ambulance or ambulance transport services were never performed; or
- If Health Net determines that the criteria for Emergency Care, as defined in “Emergency Care” in the “Definitions” section, were not met, unless Prior Authorization was obtained, as discussed in the “Ambulance Services” provision of “Covered Services and Supplies;” or
- Upon findings of fraud, incorrect billings, that the provision of services that were not covered under the Plan, or that membership was invalid at the time services were delivered for the pending emergency claim.

Annual Physical Examinations

This Plan does not cover annual physical examinations (including psychological examinations or drug screening) for insurance, licensing, employment, school, camp or other nonpreventive purposes. An annual examination is one that is not otherwise medically indicated or Physician-directed and is obtained for the purposes of checking a Member’s general health in the absence of symptoms or other nonpreventive purpose. Examples include examinations taken to obtain employment, or examinations administered at the request of a third party, such as a school, camp or sports organization.

Breast reconstruction surgery and dental or orthodontic services for cleft palate procedures will be subject to the Prior Authorization requirements described in the “Prior Authorization Requirement” section. Please include all information from your Health Net identification card and the details of the concern or problem.

We will:

- For grievances filed for reasons other than cancellation or nonrenewal of coverage, confirm in writing within five calendar days that we received your request. For grievances filed regarding cancellation, rescission or nonrenewal of coverage, confirm in writing within three calendar days that we received your request.

- For grievances filed for reasons other than cancellation or nonrenewal of coverage, review your complaint and inform you of our decision in writing within 30 days from the receipt of the grievance. For conditions where there is an immediate and serious threat to your health, including severe Pain, the potential for loss of life, limb or major bodily function exists, Health Net must notify you of the status of your grievance no later than three days from receipt of the grievance. For urgent grievances, Health Net will immediately notify you of the right to contact the Department of Managed Health Care. There is no requirement that you participate in Health Net's grievance or appeals process before requesting IMR for denials based on the Investigational or Experimental nature of the therapy. In such cases you may immediately contact the Department of Managed Health Care to request an IMR of the denial.

If you continue to be dissatisfied after the grievance procedure has been completed, you may contact the Department of Managed Health Care for assistance or to request an independent medical review, or you may initiate binding arbitration with Health Net, as described below. Binding arbitration is the final process for the resolution of disputes.

Independent Medical Review of Grievances Involving a Disputed Health Care Service

You may request an independent medical review ("IMR") of disputed Health Care Services from the Department of Managed Health Care ("Department") if you believe that Health Care Services eligible for coverage and payment under your Health Net Plan have been improperly denied, modified or delayed by Health Net or one of its contracting providers. A "Disputed Health Care Service" is any Health Care Service eligible for coverage and payment under your Health Net Plan that has been denied, modified or delayed by Health Net or one of its contracting providers, in whole or in part because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. Health Net will provide you with an IMR application form and Health Net's grievance response letter that states its position on the Disputed Health Care Service. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against Health Net regarding the Disputed Health Care Service.

Eligibility

Your application for IMR will be reviewed by the Department to confirm that it meets all the eligibility requirements of the law for IMR which are set out below:

1. Your provider has recommended a Health Care Service as Medically Necessary; you have received urgent or Emergency Care that a provider determined to have been Medically Necessary; or in the absence of the provider recommendation, you have been seen by a Health Net Member Physician for the diagnosis or treatment of the medical condition for which you seek IMR;
2. The Disputed Health Care Service has been denied, modified or delayed by Health Net or one of its contracting providers, based in whole or in part on a decision that the Health Care Service is not Medically Necessary; and

3. You have filed a grievance with Health Net and the disputed decision is upheld by Health Net or the grievance remains unresolved after 30 days. Within the next six months, you may apply to the Department for IMR or later if the Department agrees to extend the application deadline. If your grievance requires expedited review, you may bring it immediately to the Department's attention. The Department may waive the requirement that you follow Health Net's grievance process in extraordinary and compelling cases.

If your case is eligible for IMR, the dispute will be submitted to a medical Specialist who will make an independent determination of whether or not the care is Medically Necessary. You will receive a copy of the assessment made in your case from the IMR. If the IMR determines the service is Medically Necessary, Health Net will provide the Disputed Health Care Service. If your case is not eligible for IMR, the Department will advise you of your alternatives.

For nonurgent cases, the IMR organization designated by the Department must provide its determination within 30 days of receipt of the application for review and the supporting documents. For urgent cases involving imminent and serious threat to your health, including, but not limited to, serious Pain, the potential loss of life, limb or major bodily function or the immediate and serious deterioration of your health, the IMR organization must provide its determination within three business days.

For more information regarding the IMR process or to request an application form, please call Health Net's Customer Contact Center at the telephone number on your Health Net ID card or visit our website at www.healthnet.com.

Independent Medical Review of Investigational or Experimental Therapies

Health Net does not cover Experimental or Investigational drugs, devices, procedures or therapies. However, if Health Net denies or delays coverage for your requested treatment on the basis that it is Experimental or Investigational and you meet the eligibility criteria set out below, you may request an independent medical review ("IMR") of Health Net's decision from the Department of Managed Health Care. The Department does not require you to participate in Health Net's grievance system or appeals process before requesting IMR of denials based on the Investigational or Experimental nature of the therapy. In such cases you may immediately contact the Department to request an IMR of this denial.

Eligibility

1. You must have a life-threatening or seriously debilitating condition.
2. Your Physician must certify to Health Net that you have a life-threatening or seriously debilitating condition for which standard therapies have not been effective in improving your condition or are otherwise medically inappropriate and there is no more beneficial therapy covered by Health Net.
3. Your Physician must certify that the proposed Experimental or Investigational therapy is likely to be more beneficial than available standard therapies or, as an alternative, you submit a request for a therapy that, based on documentation you present from the medical and scientific evidence, is likely to be more beneficial than available standard therapies.
4. You have been denied coverage by Health Net for the recommended or requested therapy.
5. If not for Health Net's determination that the recommended or requested treatment is Experimental or Investigational, it would be covered.

If Health Net denies coverage of the recommended or requested therapy and you meet the eligibility requirements, Health Net will notify you within five business days of its decision and your opportunity to request external review of Health Net's decision through IMR. Health Net will provide you with an application form to request an IMR of Health Net's decision. The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of your request for IMR. If your Physician determines that the proposed therapy should begin promptly, you may request expedited review and the experts on the IMR panel will render a decision within seven days of your request. If the IMR panel recommends that Health Net cover the recommended or requested therapy, coverage for the services will be subject to the terms and conditions generally applicable to other benefits to which you are entitled. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against Health Net regarding the denial of the recommended or requested therapy. For more information, please call the Customer Contact Center at the telephone number on your Health Net ID card or visit our website at www.healthnet.com.

Department of Managed Health Care

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at (1-800-522-0088) and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (1-888-466-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The department's internet website www.dmhc.ca.gov has complaint forms, IMR application forms and instructions online.

Binding Arbitration

As a condition to becoming a Health Net Member, **YOU AGREE TO SUBMIT ALL DISPUTES RELATING TO OR ARISING OUT OF YOUR HEALTH NET MEMBERSHIP TO FINAL BINDING ARBITRATION, EXCEPT AS THOSE DESCRIBED BELOW AND YOU AGREE NOT TO PURSUE ANY CLAIMS ON A CLASS ACTION BASIS.** Likewise, Health Net agrees to arbitrate all such disputes. This mutual agreement to arbitrate disputes means that both you and Health Net are bound to use binding bilateral arbitration as the final means of resolving disputes that may arise between the parties, and thereby the parties agree to forego any right they may have to a jury trial on such disputes. However, no remedies that otherwise would be available to either party in a court of law will be forfeited by virtue of this agreement to use and be bound by Health Net's binding arbitration process. This agreement to arbitrate shall be enforced even if a party to the arbitration is also involved in another action or proceeding with a third party arising out of the same matter.

Sometimes disputes or disagreements may arise between you (including your enrolled Family Members, heirs or personal representatives) and Health Net regarding the construction, interpretation, performance

or breach of this *Evidence of Coverage* or regarding other matters relating to or arising out of your Health Net membership. Typically, such disputes are handled and resolved through the Health Net grievance, appeal and independent medical review process described above, and you must attempt to resolve your dispute by utilizing that process before instituting arbitration. However, in the event that a dispute is not resolved in that process, Health Net uses binding bilateral arbitration as the final method for resolving all such disputes, whether stated in tort, contract or otherwise and whether or not other parties such as employer groups, health care providers or their agents or employees, are also involved. In addition, disputes with Health Net involving alleged professional liability or medical malpractice (that is, whether any medical services rendered were unnecessary or unauthorized or were improperly, negligently or incompetently rendered) also must be submitted to binding arbitration.

Health Net's binding arbitration process is conducted by mutually acceptable arbitrator(s) selected by the parties. The Federal Arbitration Act, 9 U.S.C. § 1, et seq., will govern arbitrations under this process. In the event that the total amount of damages claimed is \$500,000 or less, the parties shall, within 30 days of submission of the demand for arbitration to Health Net, appoint a mutually acceptable single neutral arbitrator who shall hear and decide the case and have no jurisdiction to award more than \$500,000. In the event that the total damages are over \$500,000, the parties shall, within 30 days of submission of the demand for arbitration to Health Net, appoint a mutually acceptable panel of three neutral arbitrators (unless the parties mutually agree to one arbitrator), who shall hear and decide the case.

If the parties fail to reach an agreement during this time frame, then either party may apply to a Court of Competent Jurisdiction for appointment of the arbitrator(s) to hear and decide the matter.

Arbitration can be initiated by submitting a demand for arbitration to Health Net at the address provided below. The demand must have a clear statement of the facts, the relief sought and a dollar amount:

Health Net of California
Attention: Legal Department
PO Box 4504
Woodland Hills, CA 91365-4504

The arbitrator is required to follow applicable state or federal law. The arbitrator may interpret this *Evidence of Coverage*, but will not have any power to change, modify or refuse to enforce any of its terms, nor will the arbitrator have the authority to make any award that would not be available in a court of law. At the conclusion of the arbitration, the arbitrator will issue a written opinion and award setting forth findings of fact and conclusions of law. The award will be final and binding on all parties except to the extent that the state or federal law provide for judicial review of arbitration proceedings.

The parties will share equally the arbitrator's fees and expenses of administration involved in the arbitration. Each party also will be responsible for their own attorneys' fees. In cases of extreme hardship to a Member, Health Net may assume all or a portion of a Member's share of the fees and expenses of the arbitration. Upon written notice by the Member requesting a hardship application, Health Net will forward the request to an independent professional dispute resolution organization for a determination. Such request for hardship should be submitted to the Legal Department at the address provided above.

Members who are enrolled in an employer's plan that is subject to ERISA, 29 U.S.C. § 1001 et seq., a federal law regulating benefit plans, are not required to submit disputes about certain "adverse benefit determinations" made by Health Net to mandatory binding arbitration. Under ERISA, an "adverse

benefit determination” means a decision by Health Net to deny, reduce, terminate or not pay for all or a part of a benefit. However, you and Health Net may voluntarily agree to arbitrate disputes about these “adverse benefit determinations” at the time the dispute arises.

Technology Assessment

New technologies are those procedures, drugs or devices that have recently been developed for the treatment of specific diseases or conditions or are new applications of existing procedures, drugs or devices. New technologies are considered Investigational or Experimental during various stages of clinical study as safety and effectiveness are evaluated and the technology achieves acceptance into the medical standard of care. The technologies may continue to be considered Investigational or Experimental if clinical study has not shown safety or effectiveness or if they are not considered standard care by the appropriate medical specialty. Approved technologies are integrated into Health Net benefits.

Health Net determines whether new technologies should be considered medically appropriate, or Investigational or Experimental, following extensive review of medical research by appropriately specialized Physicians. Health Net requests review of new technologies by an independent, expert medical reviewer in order to determine medical appropriateness or Investigational or Experimental status of a technology or procedure.

The expert medical reviewer also advises Health Net when patients require quick determinations of coverage, when there is no guiding principle for certain technologies or when the complexity of a patient’s medical condition requires expert evaluation. If Health Net denies, modifies or delays coverage for your requested treatment on the basis that it is Experimental or Investigational, you may request an independent medical review (IMR) of Health Net’s decision from the Department of Managed Health Care. Please refer to the “Independent Medical Review of Grievances Involving a Disputed Health Care Service” above in this “General Provisions” section for additional details.

Medical Malpractice Disputes

Health Net and the health care providers that provide services to you through this Plan are each responsible for their own acts or omissions and are ordinarily not liable for the acts or omissions or costs of defending others.

Recovery of Benefits Paid by Health Net

WHEN YOU ARE INJURED

If you are ever injured through the actions of another person or yourself (responsible party), Health Net will provide benefits for all covered services that you receive through this Plan. However, if you receive money or are entitled to receive money because of your injuries, whether through a settlement, judgment or any other payment associated with your injuries, Health Net or the medical providers retain the right to recover the value of any services provided to you through this Plan.

As used throughout this provision, the term responsible party means any party actually or potentially responsible for making any payment to a Member due to a Member's injury, illness or condition. The term responsible party includes the liability insurer of such party or any insurance coverage.

Some examples of how you could be injured through the actions of a responsible party are:

- You are in a car accident; or
- You slip and fall in a store.

Health Net's rights of recovery apply to any and all recoveries made by you or on your behalf from the following sources, including, but not limited to:

- Payments made by a third party or any insurance company on behalf of a third party;
- Uninsured or underinsured motorist coverage;
- Personal injury protection, no fault or any other first party coverage;
- Workers' Compensation or Disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners' insurance coverage, umbrella coverage; and
- Any other payments from any other source received as compensation for the responsible party's actions.

By accepting benefits under this Plan, you acknowledge that Health Net has a right of reimbursement that attaches when this Plan has paid for health care benefits for expenses incurred due to the actions of a responsible party and you or your representative recovers or is entitled to recover any amounts from a responsible party.

Under California law, Health Net's legal right to reimbursement creates a health care lien on any recovery.

By accepting benefits under this Plan, you also grant Health Net an assignment of your right to recover medical expenses from any medical payment coverage available to the extent of the full cost of all covered services provided by the Plan and you specifically direct such medical payments carriers to directly reimburse the Plan on your behalf.

STEPS YOU MUST TAKE

If you are injured because of a responsible party, you must cooperate with Health Net's and the medical provider's effort to obtain reimbursement, including:

- Telling Health Net and the medical providers, the name and address of the responsible party, if you know it, the name and address of your lawyer, if you are using a lawyer, the name and address of any insurance company involved in your injuries and describing how the injuries were caused;
- Completing any paperwork that Health Net or the medical providers may reasonably require to assist in enforcing the lien;
- Promptly responding to inquiries from the lienholders about the status of the case and any settlement discussions;

- Notifying the lienholders immediately upon you or your lawyer receiving any money from the responsible parties, any insurance companies, or any other source;
- Pay the health care lien from any recovery, settlement or judgment, or other source of compensation and all reimbursement due Health Net for the full cost of benefits paid under the Plan that are associated with injuries through a responsible party regardless of whether specifically identified as recovery for medical expenses and regardless of whether you are made whole or fully compensated for your loss;
- Do nothing to prejudice Health Net's rights as set forth above. This includes, but is not limited to, refraining from any attempts to reduce or exclude from settlement or recovery the full cost of all benefits paid by the Plan; and
- Hold any money that you or your lawyer receive from the responsible parties or, from any other source, in trust and reimbursing Health Net and the medical providers for the amount of the lien as soon as you are paid.

HOW THE AMOUNT OF YOUR REIMBURSEMENT IS DETERMINED

The following section is not applicable to Workers' Compensation liens and may not apply to certain ERISA plans, Hospital liens, Medicare plans and certain other programs and may be modified by written agreement.*

Your reimbursement to Health Net or the medical provider under this lien is based on the value of the services you receive and the costs of perfecting this lien. For purposes of determining the lien amount, the value of the services depends on how the provider was paid, as summarized below, and will be calculated in accordance with California Civil Code Section 3040, or as otherwise permitted by law.

- The amount of the reimbursement that you owe Health Net or the medical provider will be reduced by the percentage that your recovery is reduced if a judge, jury or arbitrator determines that you were responsible for some portion of your injuries.
- The amount of the reimbursement that you owe Health Net or the medical provider will also be reduced a pro rata share for any legal fees or costs that you paid from the money you received.
- The amount that you will be required to reimburse Health Net or the medical provider for services you receive under this Plan will not exceed one-third of the money that you receive if you do engage a lawyer or one-half of the money you receive if you do not engage a lawyer.

** Reimbursement related to Workers' Compensation benefits, ERISA plans, Hospital liens, Medicare and other programs not covered by California Civil Code, Section 3040 will be determined in accordance with the provisions of this Evidence of Coverage and applicable law.*

Surrogacy Arrangements

A Surrogacy Arrangement is an arrangement in which a person agrees to become pregnant and to carry the child for another person or persons who intend to raise the child.

Your Responsibility for Payment to Health Net

If you enter into a surrogacy arrangement, you must pay us for covered services and supplies you receive related to conception, pregnancy, or delivery in connection with that arrangement ("Surrogacy

Health Services”), except that the amount you must pay will not exceed the payments you and/or any of your family members are entitled to receive under the surrogacy arrangement. You also agree to pay us for the covered services and supplies that any child born pursuant to the surrogacy arrangement receives at the time of birth or in the initial Hospital stay, except that if you provide proof of valid insurance coverage for the child in advance of delivery or if the intended parents make payment arrangements acceptable to Health Net in advance of delivery, you will not be responsible for the payment of the child’s medical expenses.

Assignment of Your Surrogacy Payments

By accepting Surrogacy Health Services, you automatically assign to us your right to receive payments that are payable to you or your chosen payee under the surrogacy arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and/or any escrow account or trust established to hold those payments. Those payments shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Duty to Cooperate

Within 30 days after entering into a surrogacy arrangement, you must send written notice of the arrangement, including the names and addresses of the other parties to the arrangement to include any escrow agent or trustee, and a copy of any contracts or other documents explaining the arrangement as well as the account number for any escrow account or trust, to:

Surrogacy Third Party Liability –Product Support
The Rawlings Company
One Eden Parkway
LaGrange, KY 40031-8100

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this “Surrogacy Arrangements” provision and/or to determine the existence of (or accounting for funds contained in) any escrow account or trust established pursuant to your surrogacy arrangement and to satisfy Health Net’s rights.

You must do nothing to prejudice the health plan’s recovery rights.

You must also provide us the contact and insurance information for the persons who intend to raise the child and whose insurance will cover the child at birth.

You may not agree to waive, release, or reduce our rights under this provision without our prior, written consent. If your estate, parent, guardian, or conservator asserts a claim against a third party based on the surrogacy arrangement, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the third party. We may assign our rights to enforce our liens and other rights.

Relationship of Parties

Participating Providers, Hospitals and other health care providers are not agents or employees of Health Net.

Health Net and its employees are not the agents or employees of any Participating Provider, Hospital or other health care provider.

All of the parties are independent contractors and contract with each other to provide you the covered services or supplies of this Plan.

The Group and the Members are not liable for any acts or omissions of Health Net, its agents or employees or of Participating Providers, any Physician or Hospital or any other person or organization with which Health Net has arranged or will arrange to provide the covered services and supplies of this Plan.

Provider/Patient Relationship

Participating Physicians maintain a doctor-patient relationship with the Member and are solely responsible for providing professional medical services. Hospitals maintain a Hospital-patient relationship with the Member and are solely responsible for providing Hospital services.

Liability for Charges

While it is not likely, it is possible that Health Net may be unable to pay a Health Net Participating Provider. If this happens, the Participating Provider has contractually agreed not to seek payment from the Member.

However, this provision only applies to providers who have contracted with Health Net. You may be held liable for the cost of services or supplies received from a noncontracting provider if Health Net does not pay that provider.

This provision does not affect your obligation to pay any required Deductible, Copayment, or Coinsurance or to pay for services and supplies that this Plan does not cover.

Prescription Drug Liability

Health Net will not be liable for any claim or demand as a result of damages connected with the manufacturing, compounding, dispensing or use of any Prescription Drug this Plan covers.

Contracting Administrators

Health Net may designate or replace any contracting administrator that provides the covered services and supplies of this Plan. If Health Net designates or replaces any administrator and as a result procedures change, Health Net will inform you.

Any administrator designated by Health Net is an independent contractor and not an employee or agent of Health Net, unless otherwise specified in this *Evidence of Coverage*.

Decision-Making Authority

Health Net has discretionary authority to interpret the benefits of this Plan and to determine when services are covered by the Plan.

Continuity of Care upon Termination of Provider Contract

If Health Net's contract with a Preferred Provider is terminated, Health Net will make every effort to ensure continuity of care. A Member may request continued care from an Out-of-Network Provider at the in-network benefit level, if at the time of provider contract termination the Member was receiving care from such a provider for:

- An Acute Condition;
- A Serious Chronic Condition not to exceed twelve months from the contract termination date;
- A pregnancy (including the duration of the pregnancy and immediate postpartum care);
- Maternal Mental Health, not to exceed 12 months from the diagnosis or from the end of pregnancy, whichever occurs later;
- A newborn up to 36 months of age, not to exceed twelve months from the contract termination date;
- A Terminal Illness (for the duration of the Terminal Illness); or
- A surgery or other procedure that has been authorized by Health Net as part of a documented course of treatment.

For definitions of Acute Condition, Serious Chronic Condition and Terminal Illness see the “Definitions” section.

Health Net may provide coverage for completion of services from a provider whose contract has been terminated, subject to applicable Copayments and any other exclusions and limitations of this Plan and if such provider is willing to accept the same contract terms applicable to the provider prior to the provider's contract termination. You must request continued care within 30 days of the provider's date of termination unless you can show that it was not reasonably possible to make the request within 30 days of the provider's date of termination and the request is made as soon as reasonably possible.

To request continued care, you will need to complete a Continuity of Care Request Form. If you would like more information on how to request continued care, or request a copy of the Continuity of Care Request Form or of our continuity of care policy, please contact the Customer Contact Center at the telephone number on your Health Net ID card or visit our website at www.healthnet.com.

Coordination of Benefits

The Member's coverage is subject to the same limitations, exclusions and other terms of this Evidence of Coverage whether Health Net is the Primary Plan or the Secondary Plan.

Coordination of benefits (COB) is a process, regulated by law, that determines financial responsibility for payment of allowable expenses between two or more group health plans.

Allowable expenses are generally the cost or value of medical services that are covered by two or more group health plans, including two Health Net plans.

The objective of COB is to ensure that all group health plans that provide coverage to an individual will pay no more than 100% of the allowable expense for services that are received. This payment will not exceed total expenses incurred or the reasonable cash value of those services and supplies when the group health plan provides benefits in the form of services rather than cash payments.

Health Net's COB activities will not interfere with your medical care.

Coordination of benefits is a bookkeeping activity that occurs between the two HMOs or insurers. However, you may occasionally be asked to provide information about your other coverage.

This coordination of benefits (COB) provision applies when a Member has health care coverage under more than one plan. "Plan" is defined below.

The order of benefit determination rules below determine which plan will pay as the primary plan. The primary plan that pays first pays without regard to the possibility that another plan may cover some expenses. A Secondary Plan pays after the Primary Plan and may reduce the benefits it pays so that payment from all group plans do not exceed 100% of the total allowable expense. "Allowable Expense" is defined below.

Definitions

The following definitions apply to the coverage provided under this Subsection only.

- A. **"Plan"**- A Plan is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.
- (1) **"Plan" includes** group insurance, closed panel (HMO, PPO or EPO) coverage or other forms of group or group-type coverage (whether insured or uninsured); Hospital indemnity benefits in excess of \$200 per day; medical care components of group long-term care contracts, such as skilled nursing care.
- (Medicare is not included as a "Plan" with which Health Net engages in COB. We do, however, reduce benefits of this Plan by the amount paid by Medicare. For Medicare coordination of benefits please refer to the "Government Coverage" portion of this "General Provisions" section.)*
- (2) **"Plan" does not include** nongroup coverage of any type, amounts of Hospital indemnity insurance of \$200 or less per day, school accident-type coverage, benefits for nonmedical components of group long-term care policies, Medicare supplement policies, a state plan under Medicaid or a governmental plan that, by law, provides benefits that are in excess of those of any private insurance plan or other nongovernmental plan.

Each contract for coverage under (1) and (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. **Primary Plan or Secondary Plan** -The order of benefit determination rules determine whether this Plan is a "Primary Plan" or "Secondary Plan" when compared to another Plan covering the person.

When this Plan is primary, its benefits are determined before those of any other Plan and without considering any other Plan's benefits. When this Plan is secondary, its benefits are determined after those of another Plan and may be reduced because of the Primary Plan's benefits.

- C. **Allowable Expense** -This concept means a Health Care Service or expense, including Deductibles and Copayments, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services, (for example an HMO) the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an Allowable Expense.

The following are examples of expenses or services that are **not Allowable Expenses**:

- (1) If a Member is confined in a private room, the difference between the cost of a semi-private room in the Hospital and the private room, is not an Allowable Expense.

Exception: If the patient's stay in a private Hospital room is Medically Necessary in terms of generally accepted medical practice or one of the Plans routinely provides coverage for Hospital private rooms, the expense or service is an Allowable Expense.

- (2) If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees, any amount in excess of the highest of the usual and customary fees for a specific benefit is not an Allowable Expense.
- (3) If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
- (4) If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangements shall be the Allowable Expense for all Plans.
- (5) The amount a benefit is reduced by the Primary Plan because of a Member does not comply with the Plan provisions is not an Allowable Expense.

Examples of these provisions are second surgical opinions, Prior Authorization of admissions and Preferred Provider arrangements.

- D. **Claim Determination Period** - This is the Calendar Year or that part of the Calendar Year during which a person is covered by this Plan.
- E. **Closed Panel Plan** - This is a Plan that provides health benefits to Members primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. **Custodial Parent** - This is a parent who has been awarded custody of a child by a court decree. In the absence of a court decree, it is the parent with whom the child resided more than half of the Calendar Year without regard to any temporary visitation.

Order of Benefit Determination Rules

If the Member is covered by another group health plan, responsibility for payment of benefits is determined by the following rules. These rules indicate the order of payment responsibility among Health Net and other applicable group health plans by establishing which Plan is primary, secondary and so on.

- A. **Primary or Secondary Plan** - The Primary Plan pays or provides its benefits as if the Secondary Plan or Plans did not exist.

- B. **No COB Provision** - A Plan that does not contain a coordination of benefits provision is always primary.

There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits and insurance-type coverages that are written in connection with a closed panel Plan to provide out-of-network benefits.

- C. **Secondary Plan Performs COB** - A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.

- D. **Order of Payment Rules** - The first of the following rules that describes which Plan pays its benefits before another Plan is the rule that will apply.

1. **Subscriber (Non-Dependent) vs. Dependent** - The plan that covers the person other than as a Dependent, for example as an employee, subscriber or retiree, is primary and the Plan that covers the person as a Dependent is secondary.
2. **Child Covered By More Than One Plan** - The order of payment when a child is covered by more than one Plan is:

- a. **Birthday Rule** - The Primary Plan is the plan of the parent whose birthday is earlier in the year if:

- The parents are married; or
- The parents are not separated (whether or not they ever have been married); or
- A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.

If both parents have the same birthday, the Plan that covered either of the parents longer is primary.

- b. **Court Ordered Responsible Parent** - If the terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to Claim Determination Periods or plan years commencing after the Plan is given notice of the court decree.
- c. **Parents Not Married, Divorced or Separated** - If the parents are not married or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - The Plan of the Custodial Parent.
 - The Plan of the spouse of the Custodial Parent.
 - The Plan of the noncustodial parent.
 - The Plan of the spouse of the noncustodial parent.

3. **Active vs. Inactive Employee** - The plan that covers a person as an employee who is neither laid off nor retired (or their Dependent) is primary in relation to a Plan that covers the person as a laid off or retired employee (or their Dependent). When the person has the same status under both Plans, the plan provided by active employment is first to pay.

If the other Plan does not have this rule and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

Coverage provided an individual by one Plan as a retired worker and by another Plan as a Dependent of an actively working spouse will be determined under the rule labeled D (1) above.

4. **COBRA Continuation Coverage** - If a person whose coverage is provided under a right of continuation provided by federal (COBRA) or state law (similar to COBRA) also is covered under another Plan, the Plan covering the person as an employee or retiree (or as that person's Dependent) is primary and the continuation coverage is secondary. If the other Plan does not have this rule and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
5. **Longer or Shorter Length of Coverage** - If the preceding rules do not determine the order or payment, the Plan that covers the subscriber (non-dependent), retiree or Dependent of either for the longer period is primary.
 - a. **Two Plans Treated As One** - To determine the length of time a person has been covered under a Plan, two Plans shall be treated as one if the Member was eligible under the second within twenty-four hours after the first ended.
 - b. **New Plan Does Not Include** - The start of a new Plan does not include:
 - i. A change in the amount or scope of a Plan's benefits.
 - ii. A change in the entity that pays, provides or administers the Plan's benefits.
 - iii. A change from one type of Plan to another (such as from a single Group Plan to that of a multiple Group Plan).
 - c. **Measurement of Time Covered** - The person's length of time covered under a Plan is measured from the person's first date of coverage under that Plan. If that date is not readily available for a group Plan, the date the person first became a member of the group shall be used as the date from which to determine the length of time the person's coverage under the present Plan has been in force.
6. **Equal Sharing** - If none of the preceding rules determines the primary Plan, the allowable expenses shall be shared equally between the Plans.

Effect on the Benefits of this Plan

- A. **Secondary Plan Reduces Benefits** - When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Claim Determination Period are not more than 100% of total Allowable Expenses.
- B. **Coverage by Two Closed Panel Plans** - If a Member is enrolled in two or more closed Panel Plans and if, for any reason, including the person's having received services from a nonpanel provider, benefits are not covered by one closed Panel Plan, COB shall not apply between that Plan and other closed Panel Plans.

But, if services received from a nonpanel provider are due to an emergency and would be covered by both Plans, then both Plans will provide coverage according to COB rules.

Right to Receive and Release Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other Plans.

Health Net may obtain the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other Plans covering the person claiming benefits.

Health Net need not tell or obtain the consent of any person to do this. Each person claiming benefits under this Plan must give Health Net any facts it needs to apply those rules and determine benefits payable.

Health Net's Right to Pay Others

A "payment made" under another Plan may include an amount that should have been paid under this Plan. If this happens, Health Net may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under this Plan. Health Net will not have to pay that amount again.

The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Recovery of Excessive Payments by Health Net

If the "amount of the payment made" by Health Net is more than it should have paid under this COB provision, Health Net may recover the excess from one or more of the persons it has paid or for whom it has paid or for any other person or organization that may be responsible for the benefits or services provided for the Member.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Government Coverage

Medicare Coordination of Benefits (COB)

When you reach age 65, you may become eligible for Medicare based on age. You may also become eligible for Medicare before reaching age 65 due to disability or end-stage renal disease. We will solely determine whether we are the primary plan or the secondary plan with regard to services to a Member enrolled in Medicare in accordance with the Medicare Secondary Payer rules established under the provisions of Title XVIII of the Social Security Act and its implementing regulations. Generally, those rules provide that:

If you are enrolled in Medicare Part A and Part B and are not an active employee or your employer group has less than twenty employees, then this Plan will coordinate with Medicare and be the secondary plan. This Plan also coordinates with Medicare if you are an active employee participating in a Trust through a small employer, in accordance with Medicare Secondary Payer rules. (If you are not

enrolled in Medicare Part A and Part B, Health Net will provide coverage for Medically Necessary covered services without coordination with Medicare.)

For services and supplies covered under Medicare Part A and Part B, claims are first submitted by your provider or by you to the Medicare administrative contractor for determination and payment of allowable amounts. The Medicare administrative contractor then sends your medical care provider a Medicare Summary Notice (MSN), (formerly an Explanation of Medicare Benefits (EOMB)). In most cases, the MSN will indicate the Medicare administrative contractor has forwarded the claim to Health Net for secondary coverage consideration. Health Net will process secondary claims received from the Medicare administrative contractor. Secondary claims not received from the Medicare administrative contractor must be submitted to Health Net by you or the provider of service and must include a copy of the MSN. Health Net and/or your medical provider is responsible for paying the difference between the Medicare paid amount and the amount allowed under this Plan for the covered services described in this *Evidence of Coverage*, subject to any limits established by Medicare COB law. This Plan will cover benefits as a secondary payer only to the extent services are coordinated by your Physician and authorized by Health Net as required under this *Evidence of Coverage*.

If either you or your spouse is over the age of 65 and you are actively employed, neither you nor your spouse is eligible for Medicare coordination of benefits, unless you are employed by a small employer and pertinent Medicare requirements are met.

Veterans' Administration

Health Net will not attempt to obtain reimbursement from the Department of Veterans' Affairs (VA) for service-connected or nonservice-connected medical care.

Workers' Compensation

This Plan does not replace Workers' Compensation Insurance. Your Group will have separate insurance coverage that will satisfy Workers' Compensation laws.

If you require covered services or supplies and the injury or illness is work-related and benefits are available as a requirement of any Workers' Compensation or Occupational Disease Law, Health Net will cover the services then obtain reimbursement from the Workers' Compensation carrier liable for the cost of medical treatment related to your illness or injury.

MISCELLANEOUS PROVISIONS

Cash Benefits

In most instances, you will not need to file a claim when you receive covered services and supplies from a Preferred Provider. If you use an Out-of-Network Provider and file a claim, Health Net will reimburse you for the amount you paid for services or supplies, less any applicable Deductible, Copayment or Coinsurance, and the amount in excess of the Maximum Allowable Amount. If you signed an assignment of benefits and the provider presents it to us, we will send the payment to the provider. You must provide proof of any amounts that you have paid.

If a parent who has custody of a child submits a claim for cash benefits on behalf of the child who is subject to a Medical Child Support Order, Health Net will send the payment to the Custodial Parent.

Benefits Not Transferable

No person other than a properly enrolled Member is entitled to receive the benefits of this Plan. Your right to benefits is not transferable to any other person or entity.

If you use benefits fraudulently, your coverage will be canceled. Health Net has the right to take appropriate legal action.

Notice of Claim

In most instances, you will not need to file a claim to receive benefits from Preferred Providers. However, if you utilize Out-of-Network Providers, you will need to file a claim and you must do so within one year from the date you receive the services or supplies. Any claim filed more than one year from the date the expense was incurred will not be paid unless it is shown that it was not reasonably possible to file within that time limit and that you have filed as soon as was reasonably possible.

Payment of Claim

Within 30 calendar days of receipt of a claim (refer to “Notice of Claim” above), Health Net shall pay the benefits available under this *Evidence of Coverage* or provide written notice regarding additional information needed to determine our responsibility for the claim.

Payment to Providers or Subscriber

Benefit payment for Covered Expenses will be made directly to:

- Hospitals which have provider service agreements with Health Net to provide services to you (contracting Hospitals);
- Providers of ambulance transportation. However, if the submitted provider’s statement or bill indicates the charges have been paid in full, payment will be made to the Subscriber; or
- Other providers of service not mentioned above, Hospital and professional when required by law or at Health Net’s election if you agree, in writing.

In situations not described above, payment will be made to the Subscriber.

Payment When Subscriber is Unable to Accept

If a claim is unpaid at the time of the Member’s death or if the Member is not legally capable of accepting it, payment will be made to the Member’s estate or any relative or person who may legally accept on the Member’s behalf.

Health Care Plan Fraud

Health care plan fraud is defined as a deception or misrepresentation by a provider, Member, employer or any person acting on their behalf. It is a felony that can be prosecuted. Any person who willfully and knowingly engages in an activity intended to defraud the health care plan by filing a claim that contains a false or deceptive statement is guilty of insurance fraud.

If you are concerned about any of the charges that appear on a bill or Explanation of Benefits form, or if you know of or suspect any illegal activity, call Health Net's toll-free Fraud Hotline at **1-800-977-3565**. The Fraud Hotline operates 24 hours a day, seven days a week. All calls are strictly confidential.

Physical Examination

Health Net, at its expense, has the right to examine or request an examination of any Member whose injury or sickness is the basis of claim as often as is reasonably required while the claim is pending.

Foreign Travel or Work Assignment

Benefits will be provided for Emergency Care and Urgently Needed Care received in a foreign country. Determination of a Covered Expense will be based on the amount that is no greater than the Maximum Allowable Amount paid in the USA for the same or a comparable service.

Out-of-State Providers

Health Net PPO allows you access to Participating Providers outside of California. If you are outside California, require medical care or treatment, and use a provider from the supplemental network, your services are covered at the in-network benefit level. If your principal residence is outside of California, all in-network services are through the supplemental network.

You will be subject to the same Deductibles, Copayments, Coinsurances, maximums and limitations as you would be if you obtained services from a Preferred Provider in California. There is the following exception: Covered Expenses will be calculated based on the lower of (i) the actual billed charges or (ii) the charge that the out-of-state provider network is allowed to charge, based on the contract between Health Net and the network. In a small number of states, local statutes may dictate a different basis for calculating your Covered Expenses.

The supplemental network, as shown on your Health Net ID card, consists of providers who participate in a network that agree to provide Health Care Services to Health Net Members.

Interpretation of Evidence of Coverage

The laws of the state of California shall be applied to interpretations of this *Evidence of Coverage*.

Disruption of Care

Circumstances beyond Health Net's control may disrupt care; for example, a natural disaster, war, riot, civil insurrection, epidemic, complete or partial destruction of facilities, atomic explosion or other release of nuclear energy, disability of significant Participating Provider personnel or a similar event.

If circumstances beyond Health Net's control result in your not being able to obtain the Medically Necessary covered services or supplies of this Plan, Health Net will make a good faith effort to provide or arrange for those services or supplies within the remaining availability of its facilities or personnel. In the case of an emergency, go to the nearest doctor or Hospital. See the "Emergency and Urgently Needed Care" section under "Introduction to Health Net."

Sending and Receiving Notices

Any notice that Health Net is required to make will be mailed to the Group at the current address shown in Health Net's files. The *Evidence of Coverage*, however, will be posted electronically on Health Net's website at www.healthnet.com. The Group can opt for the Subscribers to receive the *Evidence of Coverage* online. By registering and logging on to Health Net's website, Subscribers can access, download and print the *Evidence of Coverage*, or can choose to receive it by U.S. mail, in which case Health Net will mail the *Evidence of Coverage* to each Subscriber's address on record.

If the Subscriber or the Group is required to provide notice, the notice should be mailed to the Health Net office at the address listed on the back cover of this *Evidence of Coverage*.

Transfer of Medical Records

A health care provider may charge a reasonable fee for the preparation, copying, postage or delivery costs for the transfer of your medical records. Any fees associated with the transfer of medical records are the Member's responsibility. State law limits the fee that the providers can charge for copying records to be no more than twenty-five cents (\$0.25) per page, or fifty cents (\$0.50) per page for records that are copied from microfilm and any additional reasonable clerical costs incurred in making the records available. There may be additional costs for copies of x-rays or other diagnostic imaging materials.
