Glossary

Coinsurance

Refers to the percentage of covered costs payable by member; i.e., if a member's coinsurance is 20%, Health Net pays 80% of the covered costs, and the member is responsible for the remaining 20% of the costs.

Deductible

This is the amount members must pay for services before the plan begins covering them. (This amount may not apply to routine and preventive care visits.)

HMO (health maintenance organization)

Plans that offer primary care physician guidance and referrals within our large statewide network.

OON (out-of-network)

A physician, provider group or hospital that is not a contracted participant of the Health Net provider network. Generally, if you go out-of-network, you will pay more.

PCP (primary care physician)

The physician a member designates as the primary doctor, following the requirements for an HMO plan. With an HMO plan, a member must see this physician first for all health matters and obtain referrals from the PCP.

PPO (preferred provider organization)

Plans that offer members access to visit any physician or hospital in our large statewide PPO network. When visiting in-network physicians, members receive in-network specific discounts and a lower coinsurance than for out-of-network providers.

Salud HMO y Más plans

The Health Net Salud plans address the needs of the Latino population in California and offer access to health care on both sides of the California/Mexico border. California members access a select network of doctors and physician groups in their local service area but also have the freedom to visit participating SIMNSA providers in Mexico, no referral required.
