¹Per Health and Safety Code (H&S) section 1367.28, by March 1, 2025, a full service health care service plan shall include information within or accessible from the plan's provider directory, and accessible through the plan's call center, that identifies which of a plan's in-network providers have affirmed that they offer and have provided gender-affirming services. This information shall be updated when an in-network provider requests its inclusion or exclusion as a provider that offers and provides gender-affirming services.

²The providers included in this listing have affirmed they offer and have provided the identified gender-affirming services, and the provider has requested its inclusion in Health Net’s directories. This listing will be updated within 30 days, at a minimum, when new providers are identified requesting to be listed, or when updates are received from existing Health Net contracted providers.
