<sup>1</sup>Pediatric dental and vision coverage terminates upon the last day of the month in which the individual turns nineteen years of age.

<sup>2</sup>Medically necessary contact lenses: Contact lenses may be determined to be medically necessary and appropriate in the treatment of patients affected by certain conditions. In general, contact lenses may be medically necessary and appropriate when the use of contact lenses, in lieu of eyeglasses, will result in significantly better visual and/or improved binocular function, including avoidance of diplopia or suppression.

Contact lenses may be determined to be medically necessary for the treatment of conditions including, but not limited to, keratoconus, pathological myopia, aphakia, anisometropia, aniridia, corneal disorders, post-traumatic disorders, and irregular astigmatism.

Medically necessary contact lenses are dispensed in lieu of other eyewear. Participating providers will obtain the necessary preauthorization for these services.
