Benefits for your employees

Triple tax advantage²

An HSA offers unique tax advantages that help employees keep more of their hard-earned money by providing the potential for:

- **Pre-tax contributions:** Contributions to an HSA can be made with pre-tax dollars, which means every dollar employees contribute to their HSA is a dollar saved (employers can offer a payroll deduction³ option to help employees make contributions on a pre-tax basis).
- **Tax-free gains:** Any gains on the money in an HSA are tax-free, so employees keep 100% of any money their HSA savings or investments earn, boosting the amount of money they have to cover their out-of-pocket medical costs.
- **Tax-free withdrawals:** Employees won't pay taxes on money they withdraw for qualified medical expenses.
