Section 4- Benefits and services

Medi-Cal benefits covered by Health Net

The Provisional Postpartum Care Extension Program

The Provisional Postpartum Care Extension (PPCE) Program provides extended coverage for Medi-Cal members who have a maternal mental health condition during pregnancy or the time period after pregnancy.

Health Net covers maternal mental health care for women during pregnancy and for up to two months after the end of pregnancy. The PPCE program extends that coverage for up to 12 months after the diagnosis or from the end of the pregnancy, whichever is later.

To qualify for the PPCE program, your doctor must confirm your diagnosis of a maternal mental health condition within 150 days after the end of pregnancy. Ask your doctor about these services if you think you need them. If your doctor thinks you should have the services from PPCE, your doctor completes and submits the forms for you.

Thank you for being a Health Net member.

Sincerely,

Health Net
