

# CalViva Health New and Existing Provider Training

# Welcome

## Welcome to CalViva Health!

- We thank you for being part of our network of participating physicians, hospitals, and other healthcare professionals
- We hope this presentation guide is informative and useful
- **For assistance, please call us at 1-888-893-1569**

*CalViva Health is a licensed health plan in California that provides services to Medi-Cal enrollees in Fresno, Kings and Madera counties. CalViva Health contracts with Health Net Community Solutions, Inc. to provide and arrange for network services. \*Health Net Community Solutions, Inc. is a subsidiary of Health Net, LLC and Centene Corporation. Health Net is a registered service mark of Health Net, LLC. All other identified trademarks/service marks remain the property of their respective companies. All rights reserved.*

# Objectives

## **Upon completion of the training, New/Existing Providers will:**

- Have the tools and resources to support our CalViva Health members
  - Provider Library
  - Policies and Procedures
- Meet the Medi-Cal requirements to be onboarded as a new provider and continue to meet DHCS requirements for ongoing provider training. Attestation is required to maintain eligibility.

# Agenda

## About CalViva Health

### CalViva Health Medi-Cal Members

- Member Eligibility
- Member Identification Cards
- Covered and Non-Covered Benefits
- Carved Out Services
- Medi-Cal Pharmacy Benefit
- Member Grievances
- Member Rights and Responsibilities
- California Children Services (CCS)

### Provider Responsibilities

- Key Provider Responsibilities
- 2023 Childhood Blood Lead Screening
- Medi-Cal for Kids and Teens
- Initial Health Appointment (IHA)
- Accurate Member Contact Information
- PCP Transfers
- Access to Care and Availability Standards
- Behavioral Health and Other Access Standards
- Appointment Rescheduling
- Facility Site and Medical Record Review
- Secure Methods of Sharing Information
- Mandatory Data Sharing Agreement

### Provider Incentive Programs

- HEDIS Incentive Program Overview
- CHIP and HIP

### Claims

- Claims Submission Requirements
- Claims and Appeals
- Provider Appeal/Dispute Resolution
- Provider Grievances
- Balance Billing and Other Billing Prohibitions
- Additional Claims/Billing Tools and Resources
- Electronic Funds Transfer (EFT) and Zelis
- Waste, Fraud and Abuse

## Utilization Management

- Utilization Management
- Prior Authorizations
- Case/Care Management
- Continuity of Care

## Hospitals

- Hospital and Inpatient Facility Discharge Planning

## Behavioral Health Services

- Behavioral Health Services Overview
- Behavioral Health Covered Services
- No Wrong Door Policy and Screening & Transition of Care Tools

## CalAIM

- Overview of CalAIM
- Enhanced Care Management
- Community Supports
- How to become a CalAIM Provider
- CalAIM Resource Page

## Provider Portals/Resource Links

- Public and Provider Website
- Public Web Portal and Secure Provider Portal
- Provider Operations Manual and Provider Library

## Provider Resources

- Provider Engagement
- Resources and Contacts
- Emergency Preparedness
- Quality Improvement
- Medical Record Documentation

## Member Value-Added Services

- Transportation and Nurse Advice Line
- Health Equity/Education and Cultural & Linguistics Departments
- Telehealth

## Provider Trainings

- Required Training for All Providers
- Value-Add Provider Trainings

---

# About CalViva Health

---

# About CalViva Health

CalViva Health is the local initiative plan for Fresno, Kings and Madera counties. CalViva Health is under the Medi-Cal Managed Care Program. It is sponsored by the Regional Health Authority, which offers local access, local control and local responsive health care.

**430,000+ Members**

**14+ Years Medi-Cal Experience**

# CalViva Health Medi-Cal Members

# Member Eligibility

Standard practice is to have eligibility reviewed for all members being seen at your practice at each visit.

There are multiple ways to check member's eligibility status

Medi-Cal AEVS  
1-800-456-2387  
[www.Medi-cal.ca.gov](http://www.Medi-cal.ca.gov)

Provider Portal:  
[provider.healthnetcalifornia.com](http://provider.healthnetcalifornia.com)

CalViva Health Provider Services:  
1-888-893-1569

# Identification Cards

## CalViva Health Member ID Card

## Medi-Cal Identification Card

# An Overview of Common Benefit Offerings – Refer to Provider Library

Medical Services Offered by The Plan	Behavioral Health Services
Care Management Services	The health plan is responsible for Mild to Moderate Services Call MHN Provider Services at 844-966-0298 for more details
Dental Services (limited to certain counties)	Attention Deficit Disorder and Autism Testing
Durable Medical Equipment (DME)	Individual/Group Evaluations and Treatments
Emergency Care; Hospitalization	Psychotherapy / Psychiatric Consultations
Family Planning Services; Maternity and Newborn Care	Psychological Testing
Routine Adult and Pediatric Examinations	Prior Authorization is not required for initial assessment for Outpatient Behavioral Health Services
Services Provided By County Agencies	
Health Education Materials/Programs	California Children's Services (CCS) - Eligible Conditions
Home Health/Hospice Services	Services Provided at Regional Health Centers
Non-Covered Services	
Vision Services	Experimental or Not Medically Necessary Specialty Services
Interpreter Services	Cosmetic Surgery
Podiatry Services	Services to Reverse Surgically-Induced Infertility
Non-emergency medical transportation (NEMT) and Non-medical transportation (NMT). For NEMT -A provider must complete a Physician Certification Statement (PCS) form	Services Provided Outside of the U.S.A except for Emergency Services in Canada and Mexico

# Carved Out Services

Some catastrophic conditions have been carved out of the health plan and are not covered by CalViva Health under its Medi-Cal managed care contract with the California Department of Health Care Services (DHCS).

- Transplant cases for members under age 21 are managed by the state of California.
- County care management programs include California Children's Services (CCS), waiver and regional service programs.
- Refer to the Public Health topic for additional information on these programs.

Refer to the [Provider Library](#) for more information and the chart to the left for further information.

CARVE OUTS and WAIVERS								
Note: The PCP maintains responsibility for all primary care services regardless of members' enrollment in any public health programs.								
	Excluded under CVH Contract	Waiver*	Carve Out**	Disenrolled	Enrolled	Referral Source	Authorizing Source	Payer Source
AIDS Waiver	X	X		X (patient choice)		PCP, Specialist	Local AIDS Waiver program	Local AIDS Waiver Program
Alcohol and Drug Treatment	X		X		X	PCP	County Alcohol and other Drug Treatment (AOD) Programs	AOD
CCS***	X		X		X	PCP, Specialist	CCS	CCS
Dental	X		X		X	PCP, Self	TAR Local	MCFFS

* Programs in which payer source is other than CalViva Health and the member is usually disenrolled (exceptions: HCBS waivers under DDS and MSSP)								
**Programs in which the payer is other than CalViva Health and the member is not disenrolled (exception: LTC)								
***For coordinated Care Initiative (CCI) counties, Managed Long-Term Supports and Services (MLTSS) are part of the benefits.								

# Medi-Cal Pharmacy Benefit

**As of January 1, 2022** pharmacy benefits and services transitioned from managed care to State's responsibility under the Rx benefit program known as Medi-Cal Rx.

As a prescribing Medi-Cal Provider, registration for the Medi-Cal Rx web portal will be required to access pharmacy services tools, pharmacy claim submissions and status updates.

Visit the Medi-Cal Rx website for more information

[Medi-Cal Rx Website](#)

# Member Grievances

In the event a member has a complaint and wishes to take action, members can:

- Ask to complete a Grievance Form while in the provider's office. Providers must have these forms readily available in their offices. Forms are available [\*\*HERE\*\*](#) (*scroll to "M" where you will find CalViva Health Member Grievance forms in English, Spanish and Hmong*).
- Call Member Services and file a verbal grievance at 1-888-896-1569. Members can also submit a grievance form online [\*\*HERE\*\*](#).
- Call the California Department of Managed Health Care (DMHC) at 1-888-466-2219 or visit their [\*\*website\*\*](#).
- Contact the California Department of Health Care Services Medi-Cal Managed Care Ombudsman at 1-888-452-8609

# Member Rights and Responsibilities

## CALVIVA HEALTH MEMBERS HAVE THESE ***RIGHTS***

- To be treated with respect and dignity, giving due consideration to your right to privacy and the need to maintain confidentiality of your medical information.
- To be provided with information about the plan and its services, including covered services, practitioners, and member rights and responsibilities.
- To receive fully translated written member information in your preferred language, including grievance and appeals notices.
- To make recommendations about CalViva Health's member rights and responsibilities policy.
- To be able to choose a primary care provider within CalViva Health's network.
- To have timely access to network providers.
- To participate in decision making regarding your own health care, including the right to refuse treatment.
- **To voice grievances**, either verbally or in writing, about the organization or the care you got.
- To know the medical reason for CalViva Health's decision to deny, delay, terminate or change a request for medical care.
- To get care coordination.
- To ask for an **appeal** of decisions to deny, defer or limit services or benefits.
- To get no-cost interpreting services for your language.
- To get free legal help at your local legal aid office or other groups.
- To formulate advance directives.
- To ask for a **State Hearing** if a service or benefit is denied and you have already filed an appeal with CalViva Health and are still not happy with the decision, or if you did not get a decision on your appeal after 30 days, including information on the circumstances under which an expedited hearing is possible.
- To disenroll from CalViva Health and change to another health plan in the county upon request.
- To access minor consent services.
- To get no-cost written member information in other formats (including braille, large-size print, audio format and accessible electronic formats) upon request and in a timely fashion appropriate for the format being requested and in accordance with Welfare & Institutions Code Section 14182 (b)(12).
- To be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience or retaliation.
- To truthfully discuss information on available treatment options and alternatives, presented in a manner appropriate to your condition and ability to understand, regardless of cost or coverage.
- To have access to and get a copy of your medical records, and request that they be amended or corrected, as specified in 45 Code of Federal Regulations §164.524 and 164.526.
- Freedom to exercise these rights without adversely affecting how you are treated by CalViva Health, your providers or the State.
- To have access to family planning services, Freestanding Birth Centers, Federally Qualified Health Centers, Indian Health Clinics, midwifery services, Rural Health Centers, sexually transmitted infection services and emergency services outside the plan's network pursuant to the federal law.

# Member Rights and Responsibilities

## CALVIVA HEALTH MEMBERS HAVE THESE **RESPONSIBILITIES**

- **Act courteously and respectfully.** You are responsible for treating your doctor and all providers and staff with courtesy and respect. You are responsible for being on time for your visits or calling your doctor's office at least 24 hours before the visit to cancel or reschedule.
- **Give up-to-date, accurate and complete information.** You are responsible for giving correct information and as much information as you can to all of your providers, and to our plan. You are responsible for getting regular check-ups and telling your doctor about health problems before they become serious.
- **Follow your doctor's advice and take part in your care.** You are responsible for talking over your health care needs with your doctor, developing and agreeing on goals, doing your best to understand your health problems, and following the treatment plans and instructions you both agree on.
- **Use the emergency room only in an emergency.** You are responsible for using the emergency room in cases of an emergency or as directed by your doctor. Emergency care is a service that you reasonably believe is necessary to stop or relieve sudden serious illnesses or symptoms, and injury or conditions requiring immediate diagnosis and treatment.
- **Report wrong-doing.** You are responsible for reporting health care fraud or wrong-doing to CalViva Health. You can do this without giving your name by calling CalViva Health Fraud and Abuse Hotline toll-free at 1-866-863-2465.

# California Children's Services

The CCS program provides diagnostic and treatment services, medical case management, and physical and occupational therapy services to children under age 21 with CCS-eligible medical conditions. Examples of CCS-eligible conditions include, but are not limited to, chronic medical conditions such as cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries, and infectious diseases producing major sequelae. CCS also provides medical therapy services that are delivered at public schools.

**For more information on CCS, call Provider Services at 1-888-893-1569 or visit [California Children's Services](#)**

- CalViva Health members will be eligible to enroll in, or continue enrollment in, California Children's Services (CCS).
- This will include children from birth up to 21 years of age with CCS-eligible medical conditions.
  - CCS will pay for services associated with the eligible diagnosis.
  - CalViva Health is not responsible for services/conditions that are approved by CCS.
  - CCS will only reimburse services provided by CCS-paneled providers and CCS-approved hospitals
- Providers are expected to refer a child to CCS if there is sufficient clinical detail to establish, or raise a reasonable suspicion, that a member has a CCS-eligible medical condition.

---

# Provider Responsibilities

---

# Key Physician Responsibilities

- Manage the medical and health care needs of members
- Educate members on maintaining healthy lifestyles and preventing illness
- Provide referrals for specialty and subspecialty care and other medically necessary services which the PCP does not provide.
- Actively participate in quality initiatives and programs (e.g. HEDIS)
- Perform an Initial Health Appointment (IHA) within 120 days.
- For any members with mild to moderate substance use disorders, the provider should also complete an SABIRT (Alcohol and Drug Screening, Assessment, Brief Interventions and Referral to Treatment) to members ages 11 years and older, including pregnant women to address specific conditions and future treatment recommendations.
- Additional PCP responsibilities are listed in the [Provider Manual](#)

# Key Specialist Responsibilities

- Maintain contact with the PCP
- Obtain authorization from the health plan if needed before providing services.
- Coordinate the member's care with the PCP
- Provide the PCP with consult reports and other appropriate records within five business days.
- Be available for or provide on-call coverage through another source 24 hours a day for management of member care.
- Maintain the confidentiality of medical information
- Actively participate in and cooperate with all the health plan's quality initiatives and programs.

**CalViva Health providers should refer to their contract for complete information regarding provider obligations and mode of reimbursement.**

# 2023 Childhood Blood Lead Levels Screening

## 2023 Childhood Blood Levels Screening Webinar

- Understand the hazards of lead exposure on children.
- Define the Department of Health Care Services (DHCS) CBLLs screening requirements
- Understand what lead testing code to use.
- Know what documentation and reporting must be completed.
- Know where to find additional information.

### Testing

- Screening for elevated blood levels can be conducted by finger stick test or via venous blood draw.
- Confirming or retesting of blood lead levels should be conducted through the venous blood test.
- Use the California Department of Public Health Guidelines for interpreting blood lead levels and follow-up activities for elevated blood lead levels. The California Management Guidelines on Childhood Lead Poisoning for Health Care Providers is available at [https://www.cdph.ca.gov/Programs/CCDPHP/DEODC/CLPPB/CDPH%20Document%20Library/Lead\\_HAGs\\_Table.pdf](https://www.cdph.ca.gov/Programs/CCDPHP/DEODC/CLPPB/CDPH%20Document%20Library/Lead_HAGs_Table.pdf).
- Submit codes as evidence of lead testing. Use the following codes to submit claims/encounters as evidence of lead testing:

Description	Codes <sup>1</sup>
Venous blood collection	CPT 36415
Capillary blood collection	CPT 36416
Lead test	CPT 83655
Preventive medicine counseling (15-minute intervals)	99401, 99402, 99403, 99404
Abnormal lead level in blood	ICD-10 R78.71
Toxic effect of lead and its compounds, accidental (unintentional), initial encounter	ICD-10 T56.0X1A
Toxic effect of lead and its compounds, accidental (unintentional), subsequent encounter	ICD-10 T56.0X1D
Toxic effect of lead and its compounds, accidental (unintentional), sequela	ICD-10 T56.0X1S
Encounter for routine child health examination without abnormal findings	ICD-10 Z00.129
Encounter for screening for disorder due to exposure to contaminants	ICD-10 Z13.88
Contact with and (suspected) exposure to lead	ICD-10 Z77.011

### Codes

- Report all lead test results! Health care providers and labs performing blood lead analysis on blood specimens must report all lead test results along with patient demographic, ordering physician, and analysis data on each test performed to the Childhood Lead Poisoning Prevention Branch (CLPPB) via email at [EBLKSsupport@cdph.ca.gov](mailto:EBLKSsupport@cdph.ca.gov).

#### You are not required to perform a lead screening if:

- The legal parent/guardian refuses the lead screening and signs a voluntary refusal statement.
- In your professional judgment, lead testing poses a greater risk for the child than lead poisoning.

*You must document reasons for not providing the lead screening or not obtaining the voluntary refusal statement in the child's medical record.*

### Exceptions

We offer the following tools to help you identify children who need a lead test.

- Electronic care gap reports by email.
- Cozeva® web-based care gap reports.

Contact your Health Net representative for information on how to sign up for the care gap report or how to review the reports.

### Tools available

# Medi-Cal for Kids and Teens

## EARLY PERIODIC SCREENING DIAGNOSIS AND TESTING (EPSDT)

Federal law enacted in 1967 established **Early and Periodic Screening, Diagnostic and Treatment (EPSDT)**, which guarantees all medically necessary services to children and youth under age 21 enrolled in Medi-Cal. As of 2023, California refers to EPSDT as **Medi-Cal for Kids & Teens**

### What is Medi-Cal for Kids & Teens?

- Requires comprehensive age-appropriate health care services be provided to all Medi-Cal enrolled children and youth under age 21
- Requires preventive screening, diagnostic services, and treatment services
- Screenings, coverage requirements, and definition of medical necessity for children enrolled in Medi-Cal are more robust than that for adults' care

Complete and attest the webinar [here](#)

### Goal for Medi-Cal for Kids and Teens

*Ensure that children get the*

**Right Care**

*at the*

**Right Time**

*in the*

**Right Place**

# Initial Health Appointment (IHA)

- DHCS requires that **each new patient** has an **Initial Health Appointment (IHA)** completed within **120 days** of their enrollment into the Health plan.
  - IHA can be completed by a primary care physician (PCP), nurse practitioner, certified nurse midwife, or physician assistant.
  - The IHA is required by DHCS for all newly enrolled patients, including those with disabilities. Providers must follow DHCS requirements for completing the IHA, in accordance with DHCS Plan Letters.
  - All forms must be placed in the member's medical record file
  - For any members with mild to moderate substance use disorders, the provider should also complete an SABIRT (Alcohol and Drug Screening, Assessment, Brief Interventions and Referral to Treatment) for members ages 11 years and older, including pregnant people to address specific conditions and future treatment recommendations.

Take the IHA Webinar – now available on [healthnet.com](http://healthnet.com) [IHA Webinar](#)

**NOTE:** *The Individual Health Education Behavior Assessment (IHEBA) and the Staying Healthy Assessment (SHA) forms are no longer required.*

IHA Requirements	
Physical, social and mental health history	Assessment of need for preventive screening or services and health education
Identification of high-risk behaviors	Diagnosis and plan for treatment of any disease
Physical examination	

# Accurate Member Contact Information

Verify patient information *at each visit* and encourage members to update their information with the health plan and eligibility case worker.

Remind Members to avoid:

- Delay in care
- Able to communicate information in a timely manner

Refer members to the DHCS website where they can update their demographic information [online](#) or contact their eligibility worker.

## PCP Transfers

Members have the right to change their primary care physician (PCP) every 30 days. If a PCP is affiliated with a participating provider group (PPG), then the PCP should follow the PPG policies as well.

Members can request PCP change prior to their visit by calling **Member Services** at 1-888-893-1569

Or the provider can have the member complete a PCP Change Request Form to have the member re-assigned to a practice.

- [PCP Change Request Form \(English\)](#)
- [PCP Change Request Form \(Spanish\)](#)

If faxed on Date of Service:

- Requires member signature
- Requires Member ID#
- Member must answer NO to all questions regarding prior services rendered
- Takes up to six days to update in the health plan's system
- If member has received services by another provider within the same month, then the PCP change may not become effective until the following month
- Fax number is listed at the bottom of the form

# Access to Care and Availability Standards

CalViva Health's appointment accessibility and provider availability policies, procedures and guidelines for providers and health care facilities providing primary care, specialty care (including seldom used or unusual specialty services), behavioral health care, urgent care, ancillary services, and emergency care, are in accordance with applicable federal and state regulations, contractual requirements and accreditation standards.

The health plan and its participating providers are required to demonstrate that, throughout the geographic regions of CalViva Health's service area, a comprehensive range of primary, specialty, institutional, and ancillary care services are readily available and accessible within reasonable timeframes. Additionally, the health plan and its participating providers are required to demonstrate that members have access to non-discriminatory and appropriate covered health care services within reasonable period of time appropriate for the nature of the member's condition and consistent with good professional practice. This includes, but is not limited to, provider availability, waiting time and appointment access with established time-elapsed standards.

## Timely Access to Care standards

- [Access To Care](#)

For more information about **Access to Care and Appointment Availability Standards** please click [HERE](#)

Appointment Type	Appointment Access Standards
<b>URGENT APPOINTMENTS</b>	
Urgent care appointment with PCP	Within <b>48 hours</b> of request
Urgent care appointment with Specialists	Within <b>96 hours</b> of request
<b>NON-URGENT APPOINTMENTS</b>	
Non-urgent care appointment with PCP	Within <b>10 business days</b> of request
Non-urgent care appointment with Specialists	Within <b>15 business days</b> of request
Appointment for Ancillary Services	Within <b>15 business days</b> of request
*First prenatal visit with PCP or Specialists	Within <b>2 weeks</b> of request
*Well-child visit	Within <b>10 business days</b> of request
*Wellness visit	Within 30 calendar days of request
*Well Child & First-Prenatal Visits, and Wellness check standards are specific to DHCS regulations.	

# Access to Care and Availability Standards

## BEHAVIORAL HEALTH AND OTHER ACCESS STANDARDS

Appointment Type	Appointment Access Standards	AFTER-HOURS ACCESS	
<b>BEHAVIORAL HEALTH APPOINTMENTS</b>			
Urgent care appointment with non-physician behavioral health care provider or behavioral health physician (Psychiatrist) that does not require prior authorization	Within <b>48 hours</b> of request	After-hours physician availability	
		Call back within <b>30 minutes</b>	
Urgent care appointment with non-physician behavioral health care provider or behavioral health care physician (Psychiatrist) that requires prior authorization.	Within <b>96 hours</b> of request	After-hours ER instructions	
		Appropriate <b>emergency instructions</b>	
Non-urgent care appointment with behavioral health care physician (Psychiatrist)	Within <b>30 business days</b> of prior appointment	<b>TELEPHONE ACCESS</b>	
		Telephone answer time during normal business hours	
Non-urgent care appointment with non-physician behavioral health care provider	Within <b>10 business days</b> of request	Answers call within <b>60 seconds</b>	
		Telephone call-back for non-urgent issues	
Non-urgent follow-up appointment with non-physician mental health care provider (NPMH)	Within <b>10 days</b> of prior appointment	Calls patients back within 1 business day	
		<b>IN-OFFICE WAIT TIME</b>	
		In-office wait time scheduled appointments with PCP	
		Not to exceed <b>30 minutes</b>	

# Appointment Rescheduling

Promptly re-schedule in a manner that is appropriate for the member's health care needs.

Apply applicable timely access standards to the rescheduled appointment.

Ensure continuity of care consistent with applicable professional practice

# Improving Your Patient's Experience

Treat members courteously and provide best possible services

Answer and return calls swiftly and with a goal of **1st call resolution**

In office wait time for scheduled appointments with PCP, not to exceed **30 minutes**

Arrange for interpreter services  
Telephone: Immediately  
In-person: Need a 5-day notice.

Provide guidance to members on:

- Prior Auth
- Referral process
- Appt. Scheduling
- Urgent Care protocols

Offer same day appointments  
(Advanced Access or Open Access scheduling)

# Improving Timely Access At Your Office

# Facility Site and Medical Record Review Training

California Collaborative Site Review Training workgroup is comprised of 22 Medi-Cal plans in California that have come together to create one comprehensive training to educate Our Primary Care Network providers.

- This training has been mandated by the Department of Health Care Services (DHCS) as directed through All Plan Letter (APL) 20-006. The updated standards to take affect as soon as the Public Health Emergency defined by Governor Newsom has been lifted for California.
- These revised Tools and Standards are in response to the growing number of Preventative measures set forth from a multitude of organizations such as the CDC, USPSTF, OSHA, AAP to name a few.

These trainings comprise of a Facility portion and a Medical Records portion.

- Our goal is to update these training videos as our industry changes.
- DHCS has made it their mission to revise these tools about every 2 years to aid in the health of California's Medi-Cal recipients and provide the highest quality of service.

[Facility Site Review Information in Provider Manual](#)

[Facility Site Review Training](#)

[Medical Record Review Training](#)

# Secure Methods of Sharing Information

Members are entitled to confidential treatment of member communications and records. Case discussion, consultation, examination, claims and treatment are confidential and must be conducted discreetly. A provider shall permit a patient to request, and shall accommodate requests for, confidential communication in the form and format requested by the patient, if it is readily producible in the requested form and format, or at alternative locations. More information on secure methods of sharing information and medical record confidentiality can be found [HERE](#).

Additional Information and Topics Included in this link:

- Confidentiality of Medical Information
- Agencies Must be Authorized to Receive Medical Records
- Basic Principles
- Procedure

# Mandatory Data Sharing Agreement

The state of California established the California Health and Human Services (CalHHS) Data Exchange Framework (DxF) to oversee the electronic exchange of health and social services information in California.

Entities listed below must sign a data sharing agreement (DSA). To sign the DSA, go to <https://signdxf.powerappspalts.com>.

Participating entities that must sign a DSA include:

- General acute care hospitals.
- Physician organizations and medical groups.
- Skilled nursing facilities.
- Clinical laboratories.
- Acute psychiatric hospitals.

The Plan may apply a corrective action plan if the agreement is not signed.

---

# Provider Incentive Programs

---

# HEDIS Incentive Program Overview

The plan offers incentive payments to qualifying primary care physicians (PCPs) in recognition of their efforts to improve quality of care for CalViva Health Medi-Cal members

- PCPs are awarded for care gaps closed in various HEDIS measures.
- FQHC/RHC/IHS and FQHC look-alike providers are awarded for meeting the minimum performance level (MPL) and having a certain % of improvement (1% for providers meeting MPL and 2% for providers below MPL) in various HEDIS measures.
- All contracted counties with active W-9 on file.
- Other eligibility requirements exist.

## HEDIS Webinars On Demand

### **A useful tool to maximize your HEDIS incentive is the Cozeva® Portal**

Providers have support in the following areas when they sign up on Cozeva® Portal.

- Track measure rates using the Registries scorecard.
- View patient-level detail on gaps in care.
- Track estimated/potential incentive payments.
- Print face sheets to facilitate pre-visit planning.
- Close data gaps instantly by uploading records.
- More frequent incentives (quarterly vs. semiannual).

More timely and secure e-payments through PayPalHyperwallet®.

# CHIP and HIP – Incentive Programs

The **Clinic HEDIS Improvement Program** is a financial incentive program that recognizes Medi-Cal primary care clinics for their efforts to:

- Maintain open primary care physician panels (does not apply to clinics at maximum capacity)
- Submit accurate and timely encounters
- Demonstrate improvement of selected HEDIS measures

What are the eligibility criteria?

- Be a clinic in Fresno, Kings or Madera counties
- Be directly contracted with CalViva Health as a participating Medi-Cal provider, or indirectly participating through a contracted participating physician group (PPG)
- Be in good standing with the health plan
- Be a Federally Qualified Health Center (FQHC), FQHC look-alike clinic, Rural Health Clinic (RHC), or Indian Health Service (IHS) provider
- Open to accepting new CalViva Health Medi-Cal enrollees (does not apply to clinics at max. capacity)

The **HEDIS Improvement Program** is a financial program that recognizes participating primary care physicians (PCPs) for their efforts to:

- Maintain open PCP panels (does not apply to clinics at maximum capacity)
- Submit accurate and timely encounters
- Show improvement of their HEDIS measures

What are the eligibility criteria?

- Be a PCP in Fresno, Kings or Madera counties
- Be directly contracted with CalViva Health as a participating Medi-Cal PCP, or indirectly participating through a contracted participating physician group (PPG)
- Be in good standing with the health plan
- Open to accepting new CalViva Health Medi-Cal enrollees (does not apply to physicians at max. capacity)

For additional information, please contact your plan representative or email [HN\\_provider\\_relations@healthnet.com](mailto:HN_provider_relations@healthnet.com)

# Claims

# Claim Submission Requirements

## Timely Filing of Claims

- ✓ First time Claims
  - In accordance with Medi-Cal law and the Medi-Cal Provider Participation Agreement (PPA), providers have 180 days from the last day of the month of service to submit initial Medi-Cal claim.
- ✓ Contested Claims
  - Submission of requested information should be within 365 calendar days
- ✓ Provider Appeals/Disputes
  - Submission of a provider appeal/dispute should be within 365 calendar days from the date of the denial

## Claim Definitions

**Clean Claim** - A clean claim is a claim that has no defect or impropriety, including lack of required substantiating documentation for non-participating providers and suppliers. The member's name, identification number, physician name(s), date of service (DOS), diagnosis code(s), and billed amount among, but not all, the required elements to process the claim. *Emergency services, out-of-area urgently needed services, and out-of-area renal dialysis do not require prior authorization to be considered as a clean claim.*

**Unclean Claim** - An unclean claim lacks sufficient information to pay or deny, and results in an examiner requesting information from a source outside the Medicare Advantage Organizations (MAOs), such as a participating physician group (PPG) or hospital. The following are examples of claims considered to be unclean (this list is not all inclusive):

- *A claim does not have the necessary fields completed to process the claim, for example, the provider identification (ID) number.*
- *The claim does not have a diagnosis that is immediately identifiable as an emergency, out-of-area urgently needed service, or out-of-area renal dialysis.*
- *The claim lacks the necessary medical records for medical review to determine the medical necessity or liability for urgent or emergency care.*
- *A claim that appears to be fraudulent or is in a foreign language or currency.*

**Contested Claim** – A contested claim is one for which CHPIV needs more information in order to process the claim

**Denied Claim** – A claim that has been processed, not paid and given a denied status because it has been determined to not meet payment approval requirements (*Member not eligible at time of service, service not authorized, etc.* )

# Claims and Appeals

## Balance Billing:

As a reminder, Balance Billing is strictly prohibited by state and federal law and Health Net's Participation Agreement (PPA). Refer to the [Provider Manual](#) for this topic. For more information, select any subject below:

- [15-Day Letters](#)
- [Fee Prohibitions](#)
- [Missed Appointments](#)

## Paper claims submission address:

PO Box 9020, Farmington, MO 63640-9020

## Appeals submission address:

PO Box 989881, West Sacramento, CA 95798-9881

- Providers have one year from the date of payment/denial to appeal, contest or resubmit a corrected claim

## Electronic claims submission information:

Electronic Data Interchange (EDI) 1-800-977-3568 or [edi.support@healthnet.com](mailto:edi.support@healthnet.com)

- Claims must be submitted within 180 days from date of service
- Claims are processed within 45 working days
- Payor ID: 95567
- For more information about claims and billing please visit the Medi-Cal [Provider Library](#)
- Or contact Provider Services at 1-888-893-1569

# Provider Appeal/Dispute Resolution Process

CalViva Health's provider dispute resolution process ensures correct routing and timely consideration of provider disputes (or appeals). Participating providers use this process to:

- Appeal, challenge or request reconsideration of a claim that has been denied or adjusted
- Respond to a contested claim that the participating provider does not agree requires additional information for adjudication.
- Challenge a request by the health plan for reimbursement for an overpayment of a claim
- Seek resolution of a billing determination or other contractual dispute with the health plan
- Appeal a participating physician group's (PPG's) written determination following its dispute resolution process when the dispute involves an issue of medical necessity or utilization review, to the health plan for a de novo review, provided the appeal is made within 60 business days of the PPG's written determination
- Challenge capitated PPG or hospital liability for medical services and payments that are the result of the health plan's decisions arising from member grievances, appeals and other member services actions
- Challenge capitation deductions that are the result of the health plan's decisions arising from member billings, claims or member eligibility determinations

## Appeals submission address:

CalViva Health Provider Disputes and Appeals Unit  
PO Box 989881,  
West Sacramento, CA 95798-9881

- Providers have one year from the date of payment/denial to appeal, contest or resubmit a corrected claim
- **More information can be found [HERE](#)**
- **Provider Appeal/Dispute form can be found [HERE](#)**

# Provider Grievances

A provider grievance is an oral or written expression of dissatisfaction or concern that does not involve a prior determination. Provider grievances include quality of care concerns, access to care concerns, complaints regarding delays of referrals or authorizations, patient dumping issues, and provider refusals to submit medical records. There are two types of provider grievances:

- administrative - concerns of a non-clinical nature
- clinical - concerns of a clinical nature

Provider grievances may be submitted orally or in writing within **180 days** of the date of occurrence. The first step in registering a grievance is to call the [\*\*Provider Services Center\*\*](#) at **1-888-893-1569, option 2**.

The second step is to submit it in writing with the following information:

- a description of the problem, including all relevant facts
- names of involved people
- date of occurrence
- supporting documentation

Participating providers are notified in writing of receipt of a grievance within five business days. A grievance received without all required information is returned to the submitting provider with instructions for resubmitting the grievance with the missing information. The provider must resubmit the completed grievance within 30 business days of receipt of the request for additional information.

Providers are informed in writing of resolution of the grievance within 30 business days. If resolution of the case exceeds 30 business days, the plan will send the provider a letter of explanation by the 30<sup>th</sup> business day, documenting the reason for the delay and an estimated completion date for the resolution.

More information can be found [\*\*HERE\*\*](#)

# Balance Billing and Other Billing Prohibitions

Balance billing is **strictly prohibited** by state and federal law and the health plan's PPA.

Balance billing occurs when a participating provider bills a member for fees and surcharges above and beyond a member's copayment and coinsurance responsibilities for services covered under a member's benefit program, or for claims for such services denied by the plan or the affiliated PPG.

Participating providers are also prohibited from initiating or threatening to initiate a collection action against a member for nonpayment of a claim for covered services. Participating providers agree to accept the health plan's fee for these services as payment in full, except for applicable copayments, coinsurance or deductibles.

Providers are prohibited from charging Medi-Cal members for the completion of any form that is required by, or is necessary for the administration of, the Medi-Cal benefit. This includes, but is not limited to, CMS-1500 and UB-04 claim forms, health histories, patient consent forms, and medical record transfer forms.

CalViva Health providers are prohibited from charging a CalViva Health Medi-Cal member for a missed appointment. Medi-Cal managed care members are not share-of-cost beneficiaries and are not subject to copayments or deductibles for office visits, so they cannot be held accountable for these charges in the event of a missed appointment. Additional information on billing prohibitions is available in the [CalViva Health provider operations manual](#).

\* State:  ?

## Electronic Data Interchange (EDI)

### What is EDI?

Electronic data interchange (EDI) is the exchange of business transactions in a standardized format from one computer to another. Health Net of California, Health Net Health Plan of Oregon, Inc and Health Net Life Insurance Company (Health Net) and providers use this technology to communicate claims, electronic remittance, claims payment, eligibility, and other information, providing a fast and efficient process.

Provides you the tools you need to track electronic claims status, improve timely payment and access daily accept/reject reports. This also means easier receivables account reconciliation. By using Health Net-approved vendors and clearinghouses, HIPAA compliance is done for you, and you will have automatic access to highly secure and time-tested solutions.

Health Net has the following transactions available for providers through one of our approved clearinghouses: 837 electronic claim submission, 835 electronic remittance advice, and EFT payments. We are CORE Phase III certified with our claims status and member eligibility transactions as well as compliant with federal operating rules.

# Fraud, Waste and Abuse

**Fraud** is intentional misrepresentation or deception for the purpose of obtaining payment or other benefits not otherwise due. **Waste** is the overutilization or inappropriate utilization of services and misuse of resources. **Abuse** includes those practices that are inconsistent with accepted sound fiscal, business or medical practices. The following are examples of fraud and abuse:

- Intentional misrepresentation of services rendered
- Deliberate application for duplicate reimbursement
- Intentional improper billing practices
- Failure to maintain adequate records to substantiate services
- Failure to provide services that meet professionally recognized standards of health care
- Conducting excessive office visits or writing excessive prescriptions
- Provision of unnecessary services

CalViva Health is responsible for reporting to the state its findings of suspected fraud and abuse by participating providers or vendors under its Medi-Cal plan. Suspected fraud and abuse is identified through various sources that include aggregate data analysis, review of high-cost providers, review of CPT-4 codes with potential for over-use, members, the state, law enforcement agencies, other providers, and associates.

Providers and their office staff are legally required to report suspected cases of fraud and abuse to CalViva Health. Reports of suspected fraud may be made anonymously by calling the Fraud Hotline at 1-866-863-2465.

---

# Utilization Management

---

# Utilization Management

The plan's utilization management (UM) program is designed to ensure that members receive timely, medically necessary and cost-effective health care services at the correct level of care. The scope of the program includes all members and network providers.

Elements of UM process are as follows

- Prior authorization
- Concurrent review
- Discharge planning
- Care management
- Retrospective review

For further information, please visit the [Utilization Management](#) section of the Provider Manual.

# Prior Authorization Process

To request prior authorization or coordinate a primary care physician (PCP) referral for services *other than advanced imaging services and cardiac imaging*:

- A Primary Care Physician must complete the Inpatient or Outpatient California Medi-Cal Prior Authorization form:
  - Inpatient – [HERE](#)
  - Outpatient - [HERE](#)
- *The PCP and specialist should retain a copy of the Ip or OP prior authorization form in the member's chart*
- Fax a copy of the prior authorization form to the Medical Management Department at:
- Fax: 800-743-1655
- Phone: 800-421-8578
- Transplant fax:  
833-769-1141
- This ensures the plan identifies case management needs and assists the member with coordination of care, when appropriate
- This also enables the plan to assist in the detection of and referral to appropriate agencies for carve-out services, such as California Children's Services (CCS)

*\*Specialists submitting paper claims must include the prior authorization form with the claim*

- *This supports the PCP-to-specialist referral and helps prevent delays in payment*

*\*Specialists submitting electronic claims must indicate the name of the referring provider in box 23 of the CMS-1500 claim form*

The PCP or specialist must give the Medical Management Department as much advance notice as possible when requesting prior authorization. For elective inpatient or outpatient services, fax requests for prior authorization at least **five days** before the anticipated date of service. It is recommended not to schedule services prior to receiving the review decision. The Medical Management Department needs time to notify the provider of the review decision prior to the services being rendered.

## **Required Information**

When requesting prior authorization, please click on the link for details on required information. [Required Information](#)

The Medical Management Department reviews the information and calls back with the review decision. If the service is authorized, an authorization number is given.

## **Submission of Prior Authorization Requests**

Fax the prior authorization form to the Medical Management Department. Use the fax number on the form to submit requests 24 hours a day, seven days a week.

## **Routine Authorization (Pre-Service) Deferral Needed**

An initial decision may be deferred for 14 calendar days from the date of receipt of the original request if the referring provider, treating provider, or triaging health professional has determined and noted in the relevant record that a longer waiting time will not have detrimental 1367.03(a)(5)(H). Click [HERE](#) for more information.

# National Imaging Associates

Health Net has contracted with [National Imaging Associates Inc. \(NIA\)\\*](#) for radiology benefit management.

The program includes management of non-emergent, high-tech, outpatient radiology services through prior authorization. This program is consistent with industry-wide efforts to ensure clinically appropriate quality of care and to manage the increasing utilization of these services. Health Net oversees the NIA program and is responsible for claims adjudication.

## Diagnostic Procedures:

Advanced Imaging	Cardiac Imaging
Computed Tomography (CT)	Coronary Computed Tomography Angiography (CCTA)
Computed Tomography Angiography(CTA)	Myocardial Perfusion Imaging (MPI)
Magnetic Resonance Imaging (MRI)	Multigated Acquisition (MUGA) Scan
Magnetic Resonance Angiography (MRA)	Stress Echocardiography
Positron Emission Tomography (PET) Scan	Transthoracic Echocardiography (TTE)
	Transesophageal Echocardiography (TEE)

**\*Effective 1/20/2023, National Imaging Associates, Inc. is now a subsidiary of Evolent Health. Evolent Health and its affiliates and subsidiaries collectively referred to as "Evolent."**

## National Imaging Associates (Cont'd)

**Key provision:** Providers rendering the above services should verify that the necessary authorization has been obtained. Failure to do so may result in non-payment of your claim. A separate prior authorization number is required for each procedure ordered.

Prior authorization is not required through NIA for services performed in the emergency department, on an inpatient basis or in conjunction with a surgery. Prior authorization and/or notification of admission in those instances is required through the health plan. To obtain authorization through NIA or for more information, visit [Website](#).

**\*Effective 1/20/2023, National Imaging Associates, Inc. is now a subsidiary of Evolent Health. Evolent Health and its affiliates and subsidiaries collectively referred to as "Evolent."**

# National Imaging Associates

National Imaging Associates, Inc. (NIA) is responsible for prior authorization for advanced imaging services and cardiac imaging.

Prior authorization requests must be submitted to NIA online or by phone as follows. NIA does not accept fax submissions.

[www.RadMD.com](http://www.RadMD.com) (24 hours a day, seven days a week, except when maintenance is performed once every other week after business hours)

## National Imaging Associates Contact Information

PRODUCT	HOURS OF OPERATION	PHONE NUMBER
Medi-Cal	Monday through Friday, from 8 a.m. to 8 p.m.	1-855-510-3720

**\*Effective 1/20/2023, National Imaging Associates, Inc. is now a subsidiary of Evolent Health. Evolent Health and its affiliates and subsidiaries collectively referred to as "Evolent."**

# TurningPoint Healthcare Solutions, LLC

TurningPoint Healthcare Solutions, LLC is responsible for prior authorization for musculoskeletal procedures.

TurningPoint conducts its review activities 8am – 5pm on normal business days in each time zone (PST in California). If a provider needs to contact TurningPoint for prior authorization *on a holiday, after normal business hours, or weekends*, TurningPoint has medical professionals on-call 24 hours a day, 7 days a week.

Prior Authorization will be required for all inpatient cases as well as any code within the scope that currently requires it. Providers should be encouraged to also obtain Prior Authorization for these procedures in the outpatient settings (including Ambulatory Surgical Centers), even if there is not a current Prior Authorization requirement.

## HOW TO OBTAIN PA?

- WEB INTAKE \*Preferred method\*

# TurningPoint Healthcare Solutions, LLC (Cont'd)

## Musculoskeletal (MSK) Procedures

ACL Repair	Partial Knee Replacement
Acromioplasty and Rotator Cuff Repair	Revision of Total Hip Replacement
Allograft for Spinal Fusion [BMP]	Revision of Total Knee Replacement
Ankle Fusion	Sacral Decompression
Cervical Disc Replacement	Sacroiliac Joint Fusion
Cervical Laminectomy and Discectomy	Shoulder Fusion
Cervical Spinal Fusion	Shoulder Replacement (Total, Reverse, Revision, Hemi)
Elbow Replacement	Spinal Cord Neurostimulator
Femoroacetabular Arthroscopy	Spinal Devices (Facet Implant)
Hip Arthroscopy	Spinal Fusion for Scoliosis
Hip Resurfacing	Spinal Fusion- Unspecified
Implantable Infusion Pumps	Spine Non-Specific
Knee Arthroscopy	Thoracic Laminectomy and Discectomy
Kyphoplasty and Vertebroplasty	Thoracic Spinal Fusion
Laminectomy- Unspecified	Total Ankle Replacement and Revision
Lumbar Disc Replacement	Total Hip Replacement
Lumbar Laminectomy, Discectomy, and Laminotomy	Total Knee Replacement
Lumbar Spinal Fusion	Wrist Fusion
Meniscal Repair and Allograft Transplantation	Wrist Replacement
Osteochondral Defect Repair	

## UM DETERMINATIONS & NOTIFICATIONS

TurningPoint will notify the provider, facility and member with a written notification letter regarding the status of the request including supporting information for the initial UM determination.

TurningPoint will make an outbound courtesy call to the physician office regarding the determination status of the case (approved or denied).

If a Peer to peer is requested, it will be conducted by TurningPoint.

Appeals will be handled by HealthNet/Centene.

# Case/Care Management

The Case Management program identifies members as being at high risk for hospitalizations or poor outcomes and who have barriers to their health care.

Trained nurse care managers, in collaboration with a multidisciplinary team, provide coordination, education and support to the member in achieving optimal health, enhancing quality of life and accessing appropriate services.

Once a member is selected to participate in the program, a case manager contacts the member's provider to coordinate care.

- Providers may refer members for case management and complete the [\*\*Care Management Referral Form\*\*](#)
- Members may self-refer to the program by calling the member services telephone number on the back of their identification (ID) card.

# Continuity of Care

Please review the Provider Manual for details on [Continuity of Care](#)

Medi-Cal members, their authorized representatives on file with Medi-Cal or their providers may initiate a request for continuity of care directly from CalViva Health. CalViva Health accepts verbal or written COC requests. Refer to the Medi-Cal Member Services Department for assistance at 1-888-893-1569 TTY 711.

The plan completes continuity of care requests within:

- 30 calendar days from the date of receipt
- 15 calendar days if the member's medical condition requires more immediate attention, or
- Three calendar days if there is risk of harm to the member. Risk of harm is defined as an imminent and serious threat to the member's health.

Upon completion of the COC review, the provider and the member will be notified of the decision within seven calendar days. A request for COC is complete when:

- The member is informed of their right to continued access.
- The health plan and the non-participating fee-for-service (FFS) provider are unable to agree to a compensation rate.
- The health plan has documented quality-of-care issues, or
- The health plan makes a good faith effort to contact the provider and the provider has not responded to Health Net within 30 calendar days of the health plan's effort to contact the provider.

# Hospitals

# Notification of Hospital Admissions

## Provider Type

- Physicians (does not apply to D-SNP)
- Participating Physician Groups (PPG)  
(does not apply to Health Savings Plan - HSP)
- Hospitals
- Ancillary

Timely notification of Health Net member inpatient admissions assists with timely payment of claims, reduces retroactive admission reviews and enables Health Net to concurrently monitor member progress. Health Net requires hospitals to notify the Hospital Notification Unit and the PPG (if applicable) or provider of a member's inpatient admission within 24 hours (or one business day when an admission occurs on a weekend or holiday) to the [Hospital Notification Unit](#).

For the following services:

- All inpatient hospitalizations.
- Skilled nursing facility (SNF) admissions.
- Inpatient rehabilitation admissions.
- Inpatient hospice services.
- Emergency room admissions.

Failure to notify according to the requirements in the Provider Participation Agreement (PPA) may result in a denial of payment.

Notification of after-hours admissions may be made by phone (the information is recorded by voicemail), fax, or web. On the next business day, a Health Net representative verifies eligibility, obtains information regarding the admission and, if applicable, provides a tracking number for the case.

\*\*For details on what patient information needs to be submitted click [HERE](#)

# Hospital and Inpatient Facility Discharge Planning

## Provider Type

- Participating Physician Groups (PPG)  
(does not apply to Health Savings Plan - HSP)
- Hospitals

## Ancillary

Participating providers are required to work with hospitals and inpatient facilities (general acute care hospitals, long-term acute care hospitals and skilled nursing facilities) to create an appropriate discharge plan and care transition protocol for Health Net members, including post-hospital care and member notification of patient rights.

Each hospital or inpatient facility must have a written discharge planning policy and process that includes:

- Counseling for the member or family members to prepare them for post-hospital or post-inpatient facility care, if needed.
- A transfer summary that accompanies the member upon transfer to a skilled nursing facility (SNF), intermediate-care facility, or a part-skilled nursing or intermediate care service unit of the hospital.
- Information regarding each medication dispensed must be given to the member upon discharge.

<https://providerlibrary.healthnetcalifornia.com/medi-cal/provider-manual/utilization-management/hospital-discharge-planning-epo-hmo-hsp-ppo-medi-cal.html>

# Hospital and Inpatient Facility Discharge Planning

Members have the right to:

- Be informed of continuing health care requirements following discharge from the hospital or inpatient facility.
- Be informed that, if the member authorizes, a friend or family member may be provided information about the member's continuing health care requirements following discharge from the hospital or inpatient facility.
- Actively participate in decisions regarding medical care. To the extent permitted by law, participation includes the right to refuse treatment.
- Appropriate pain assessment and treatment.

# Requests for Authorization for Post-Stabilization Care at Non-Participating and Participating Hospitals

Health Net is responsible for the coverage and payment of emergency services and post-stabilization care services to the provider that furnishes the services. This can be a participating provider, subcontractor, downstream subcontractor, or nonparticipating provider.

## **Requests for post-stabilization authorization:**

When a member is stabilized after emergency services but needs continued care before safely being discharged or transferred, the health care provider must request an authorization for post-stabilization care. The request must clearly state that the patient has been stabilized, and the hospital is requesting authorization for post-stabilization care. Notification to Health Net of emergency room treatment or admission does not satisfy the requirement. Notification of admission for inpatient care does not satisfy the requirement. Post-stabilization requirements do not apply if the member has not been stabilized after emergency services and requires medically necessary continued stabilizing care.

## **Response time to requests:**

Health Net must approve or disapprove a request for post-stabilization care within 30 minutes. The post-stabilization care must be medically necessary for covered medical care. If the response to approve or disapprove the request is not given within 30 minutes, the post-stabilization care request is authorized. This applies to a participating provider, subcontractor, downstream subcontractor, or nonparticipating provider.

## **Required documentation**

All requests for authorization, and responses to requests, must be documented. The documentation must include, but is not limited to:

- Date and time of the request.
- Name of the provider making the request.
- Name of the Health Net representative responding to the request.

# Requests for Authorization for Post-Stabilization Care at Non-Participating and Participating Hospitals

## Conditions of financial responsibility:

Health Net is financially responsible for post-stabilization care services that are not pre-authorized, but are administered to maintain, improve, or resolve the member's stabilized condition if the Plan:

- Does not approve or disapprove a request for post-stabilization care within 30 minutes.
- Cannot be contacted.
- Is unable to reach an agreement with the treating provider concerning the member's care and a Plan physician is not available for consultation.

If this situation applies, the Plan must give the treating provider the opportunity to consult with a Plan physician. The treating provider may continue with care of the member until a Plan physician is reached or one of the following criteria is met:

- A Plan physician with privileges at the treating provider's hospital assumes responsibility for the member's care;
- A Plan physician assumes responsibility for the member's care through transfer;
- The Plan and the treating provider reach an agreement concerning the member's care; or
- The member is discharged.

A request for authorization for post-stabilization care can be made to the [Hospital Notification Unit](#). Hospitals are required to provide Health Net with the treating physician and surgeon's diagnosis and any other relevant information reasonably necessary for Health Net to make a decision to authorize post-stabilization care or to assume management of the patient's care by prompt transfer.

A hospital's contact with the patient's participating physician group (PPG) to request authorization to provide post-stabilization care does not satisfy the requirements of the above laws. Hospitals and other providers may not contact the patient's PPG for authorization for post-stabilization care.

# Electronic Medical Records or Administrative System

In accordance with the Provider Participating Agreement (PPA) and State regulation 42 CFR 482.24 section (d) , hospitals and facilities must ensure compliance and prompt electronic notification of patient admissions, discharges and transfers. The following organizations have been designated as qualified health information organizations (QHIOs) and are available to assist with Data Exchange Framework (DxF) requirements:

Madera County: (888) 275-9779; [Department of Behavioral Health Services | Madera County](http://Department of Behavioral Health Services | Madera County)

## PCPs Responsibility for Behavioral Health Coordination

PCPs are responsible for coordinating referrals for members requiring specialty or inpatient mental health services (SMHS) to [county mental health plans](#) (CMHPs). PCPs retain responsibility for coordination of ongoing care for co-existing medical and mental health needs and provision of medically necessary medications.

# No Wrong Door Policy and Screening & Transition of Care Tools

## INFORMATIONAL ONLY, NOT A PROVIDER REQUIREMENT

### NO WRONG DOOR POLICY

As of July 1, 2022, DHCS implemented a “no wrong door” policy to ensure beneficiaries receive mental health services regardless of the delivery system where they seek care (via county behavioral health, Medi-Cal managed care plan (MCP), or the fee-for-service delivery system). This policy allows beneficiaries who directly access a treatment provider to receive an assessment and mental health services, and to have that provider reimbursed for those services by their contracted plan, even if the beneficiary is ultimately transferred to the other delivery system due to their level of impairment and mental health needs. In certain situations, beneficiaries may receive coordinated, non-duplicative services in multiple delivery systems, such as when a beneficiary has an ongoing therapeutic relationship with a therapist or psychiatrist in one delivery system while requiring medically necessary services in the other. DHCS also clarified that patients with co-occurring mental health and Substance Use Disorder (SUD) conditions may be treated by providers in each of the behavioral health delivery systems, if the covered services are not duplicative and meet specified requirements for contracting and claiming.

Additional Tools, Guidance, Resources, Training and FAQs available [HERE](#)

### SCREENING & TRANSITION OF CARE TOOLS

**Adult Screening Tool for Medi-Cal Mental Health Services:** The Adult Screening Tool for Medi-Cal Mental Health Services is required for use when an individual age 21 or older, who is not currently receiving mental health services, contacts the Medi-Cal Managed Care Plan (MCP) or county Mental Health Plan (MHP) to seek mental health services. This tool determines whether an individual should be referred to the MCP delivery system or to the MHP delivery system for a clinical assessment and ensures that individuals have timely access to the appropriate mental health delivery system. [Adult Screening Tool for Medi-Cal Mental Health Services](#)

**Youth Screening Tool for Medi-Cal Mental Health Services:** The Youth Screening Tool for Medi-Cal Mental Health Services is required for use when an individual under age 21, or a person on behalf of an individual under age 21, who is not currently receiving mental health services, contacts their Medi-Cal Managed Care Plan (MCP) or county Mental Health Plan (MHP) to seek mental health services. This tool determines whether an individual should be referred to the MCP delivery system or to the MHP delivery system for a clinical assessment and ensures that individuals have timely access to the appropriate mental health delivery system. [Youth Screening Tool for Medi-Cal Mental Health Services](#)

**Transition of Care Tool for Medi-Cal Mental Health Services:** The Transition of Care Tool for Medi-Cal Mental Health Services (hereafter referred to as the Transition of Care Tool) leverages existing clinical information to document an individual’s mental health needs and facilitate a referral to the individual’s Medi-Cal Managed Care Plan (MCP) or county Mental Health Plan (MHP) as needed. The Transition of Care Tool is to be used when an individual who is receiving mental health services from one delivery system experiences a change in their service needs and 1) their existing services need to be transitioned to the other delivery system or 2) services need to be added to their existing mental health treatment from the other delivery system. [Transition of Care Tool for Medi-Cal Mental Health Services](#)

# CalAIM

# A Journey to a Healthier California for All

CalAIM is a long-term commitment to transform and strengthen Medi-Cal, making the program more equitable, coordinated, and person-centered to help people maximize their health and life trajectory.

## ENHANCED CARE MANAGEMENT (ECM):

- ECM is a benefit, and is intended to be rendered in person
- The role of the ECM provider is to coordinate all services and supports for the member, including participating in the care planning process, regardless of setting
- Serves specific Populations of Focus who have complex care needs or are otherwise vulnerable

## ECM Core Service Components:

- Outreach & engagement
- Comprehensive Assessment & Care Management Plan
- Enhanced Coordination of Care
- Health Promotion
- Comprehensive Transitional Care
- Member & Family Supports
- Coordination of Referral to Community & Social Support Services

## COMMUNITY SUPPORTS (CS):

- Community Supports are services that help address members' health related social needs, help them live healthier lives, and avoid higher, costlier levels of care

### Community Supports Services:

- Short-Term Post-Hospitalization Housing and Recuperative Care
- Meals/Medically-Tailored Meals or Medically-Supportive Foods
- Housing: Navigation Services, Deposits, Tenancy and Sustaining
- Day Habilitation Programs and Sobering Centers
- Nursing Facility Transition/Diversion to Assisted Living Facilities
- Community Transition Services/Nursing Facility Transition to a Home
- Respite Services, Personal Care and Homemaker Services
- Environmental Accessibility Adaptations (Home Modifications)
- Asthma Remediation

# Enhanced Care Management (ECM)

**ECM is a statewide Medi-Cal Managed Care Plan (MCP) benefit to support comprehensive care management for Members with complex needs.**

ECM is the **highest tier of care management** for Medi-Cal MCP Members.

DHCS' vision for ECM is to **coordinate all care for eligible Members**, including across the **physical, behavioral, and dental health delivery systems**.

ECM is interdisciplinary, high-touch, person-centered, and **provided primarily through in-person interactions** with Members where they live, seek care, or prefer to access services.

## ECM Experience

At the beginning of 2022, we successfully transitioned 12,200 Members from a HHP or WPC Pilot to an ECM Provider that is providing high-touch, in-person CM services.

## Medi-Cal MCP Care Management Continuum

ECM

**Complex Care Management**  
*For MCP Members with higher- and medium-rising risk*

**Basic Population Health Management**  
*For all MCP Members*

## Transitional Care Services

*For all MCP Members transitioning between care settings*

# Community Supports (CS)

**Health Net has now implemented CalAIM's 14 Community Supports services in all 14 counties we serve across the state.**

- We are approaching CalAIM **implementation with thoughtfulness** and a focus on our Medi-Cal members – their health access and experience of care, quality, and their health outcomes.
- We have **surveyed our Community Supports providers to understand** their workforce **needs**, including current and planned FTEs, caseload, and staffing needs or gaps. Based on the results, we will continue local level discussions to understand how to best support workforce development with our Plan, Sacramento County, provider, and CBO partners.
- Community Supports will be offered when there is capacity, readiness, and service connectedness **ensuring that our Community Supports offerings are accessible and impactful** – and not illusory for our members.

## Our Approach

During this process, **we leveraged our statewide footprint and long-term relationships with trusted providers** to facilitate the transition. **Our team is able to transform our work through new CalAIM initiatives, and build on our existing foundations**, leveraging what already works to drive incremental and sustained improvements.

# Everyone Plays a Role in CalAIM

Preferred Provider Groups (PPGs)	Hospitals	PCPs and Clinics
<ul style="list-style-type: none"><li>Can <b>refer</b> members into ECM and Community Supports.</li><li>Health plan will inform PPGs if any of their members are enrolled in ECM using the eligibility file.</li><li>PPGs are expected to <b>share</b> the list with their network of providers.</li><li>PPG's may need to prepare to <b>answer member questions</b> regarding these services.</li></ul>	<ul style="list-style-type: none"><li>Can <b>refer</b> members that they identify who are not already in the ECM program or would benefit from Community Supports</li><li>ECM &amp; Community Supports act as additional support for <b>discharge planning</b>.</li></ul>	<ul style="list-style-type: none"><li>PCPs can make <b>referrals</b> into the programs. Once referral is approved a letter is sent out to member and appropriate teams.</li><li><b>Direct network PCP/Clinic (contracted with health plan) :</b> Health plan will inform PCP/Clinic if any of their members are enrolled in ECM using the eligibility file.</li><li><b>Delegated PCP/Clinic (contracted with PPG):</b> PPG will share eligibility file with ECM flag.</li></ul>

The success of CalAIM relies on all providers and the health plan referring members for services. There is no “wrong door.”

# CalAIM Resources for Providers

**NOTE:** Enhanced Care Management (ECM) services do not need prior authorization starting January 1, 2023.

CalAIM (California Advancing and Innovating Medi-Cal) is a multi-year initiative by the California Department of Health Care Services (DHCS) to improve the quality of life and health outcomes of Medi-Cal members through broad delivery system, program and payment reform across the Medi-Cal program. (Note, Community Supports (CS) program services are available for Cal MediConnect enrollees.)

The [\*\*CalAIM Resources\*\*](#) resource page has been developed to provide tools and resources to help providers easily navigate the CalAIM program so they can better serve our members. On this page you will find the most current information – guides, forms, trainings and more – as well as the latest updates from our Plan. This page will be updated as new information and guidelines are available.

The provider portal can help make your job easier:

- Manage your account
- Look up a member's eligibility
- Find a member's Schedule of Benefits
- Get easy access to medical management (prior authorization requests, health risk assessments (HRAs), care plans, health records)
- Check claim status

**Portal Technical Support Team: 1-866-458-1047**

The screenshot shows the Health Net provider portal dashboard. At the top, there is a navigation bar with links for Eligibility, Patients, Authorizations, Claims, Messaging, and Help. Below the navigation bar, the dashboard is titled "Viewing Dashboard For: TIN [REDACTED] Plan Type Health Net Commercial - C GO". A pink callout box contains the text: "What you need to know about COVID-19: Please note: Can not find a member using their member ID? Covered California may have changed their ID for 2020 (download Provider FAQ (PDF) for details). Try again using last name and DOB, or contact the member for their most current ID." To the right, there is a "Welcome" sidebar with links for "Add a TIN to My ACCOUNT", "Provider Reports", "Resources", and "ProviderSearch". Below the sidebar, there is a "Recent Activity" section with a "Date" and "Activity" field. At the bottom, there is a "Recent Claims" section with columns for STATUS, RECEIVED DATE, MEMBER NAME, and CLAIM NO. A "Go Paperless" button is also visible.

Screen shots may not match the current look of the provider portal.

<sup>1</sup>Some features or functions may only be available based on provider type.

# Availity Essentials Provider Portal

If you are a CalViva Health California provider, use this guide to get started using Availity Essentials. To help you transition from the Health Net California Provider Portal <https://essentials.availity.com/static/public/onb/onboarding-ui-apps/availability-fr-ui/#/login> this guide identifies:

- The functions you can perform in Availity Essentials.
- How to access the Availity Essentials applications to perform those functions.
- The role you need to access each application. **Note:** Your organization's Availity Essentials administrator is responsible for assigning roles.
- Getting started tips and information about accessing help, training, and support resources.

## Crosswalk from Health Net California to Availity Essentials

The following Availity Essentials applications are available to perform functions you had previously performed on the Health Net California Provider Portal ([Healthnet Provider Portal Login](#)).

**NOTE:** If a business function you currently perform on your provider portal is not listed in this guide, continue using your current tools or processes to perform the function.

- Eligibility and Benefits Inquiry
- Authorization Request
- Authorization/Referral Inquiry
- Authorization/Referral Dashboard
- Claims & Encounters (professional claims, facility/institutional claims)
- Claim Status
- Payer Space

# Availity Essentials Provider Portal continued

Use the Availity Essentials provider portal when you work with patients for **claim submission, claim status, authorizations & referrals, eligibility & benefits, member ID cards, and more.** Check out **Payer Spaces** to access payer-specific resources, straight from your health plan(s). Be on the lookout for new tools as we continue to enhance your workflow.

**Provider Manual**

The Medi-Cal Operations Manual offers CalViva Health and Health Net Community Solutions, Inc. (Health Net) providers access to important plan benefits, limitations and administration processes to make sure members enrolled in the Medi-Cal managed care plan receive covered services when needed. CalViva Health and Health Net are regulated by the California Department of Health (DHCS) and Department of Managed Health Care (DMHC). The Health Net Medi-Cal plan is offered by Health Net under a contract with the California Department of Health Care Services (DHCS).

CalViva Health contracts with DHCS to provide services to Medi-Cal managed care members under the Two-Plan model in all ZIP codes in Fresno, Kings and Madera counties. The Operations Manual for CalViva Medi-Cal providers in Fresno, Kings and Madera counties is developed and maintained for CalViva Health by Health Net.

In Los Angeles County, Health Net is the primary contractor with DHCS as the commercial plan under the Medi-Cal Managed Care Two-Plan Model. However, Health Net entered into a contract with Molina Healthcare as a subcontracting health plan to arrange for the provision of Medi-Cal services through Molina's provider network. Medi-Cal members in Los Angeles County are Health Net members, even if assigned to Molina. Except as noted, the policies, procedures and programs described in the Medi-Cal Operations Manual are applicable to all contracting providers, including those contracting through Molina.

The four provider types - Physicians, Participating Physician Groups (PPGs), Hospitals, and Ancillary - are listed at the top of every page. Unless specified within the body of the document, refer to the *Provider Type* listed at the top of the page to see if the content applies to you.

Applicable counties covered are also listed at the top of every page. Unless specified within the body of the document, review *Counties Covered* at the top of the page to see if the content applies to the county you operate in.

As a Health Net participating provider, you are required to comply with applicable DHCS laws and regulations and Health Net policies and procedures.

The contents of Health Net's operations manuals are in addition to your Provider Participation Agreement (PPA) and its addendums. When the contents of Health Net's operations manuals conflict with the PPA, the PPA takes precedence.

# Emergency Preparedness

## HAVE A PLAN READY WHEN DISASTER STRIKES

**Protect members' health, manage stress and know your resources.** Continue giving high quality care with a disaster preparedness plan when the unexpected happens. It reduces risks to your practice and identifies the resources you need for different types of disasters:

- Outbreak of communicable diseases, such as COVID-19
- Natural disasters like floods and earthquakes
- Economic downturns
- Human-caused hazards such as accidents, acts of violence or fire

**Tailor your plan to fit your practice.** Review the steps found at this [LINK](#) to learn what to cover in your plan, how to train staff and where to make improvements. Details about preparing a disaster preparedness plan are available on the [Department of Homeland Security's Ready website](#) and [Governor's Office of Emergency Services](#) websites. For more information, refer to online resources below:

- [Department of Homeland Security's Ready website](#) - Home page includes multiple topics about disasters
- [CalOES Business Preparedness Planning Page for Businesses and Organizations](#) - Five steps to develop your business preparedness plan
- [CDC Public Health Emergencies Planning Resources](#) - Healthcare Preparedness
- [SAMHSA: Train Your CCP Staff](#) - Train Your Crisis Counseling Assistance and Training Program (CCP) Staff
- [A Disaster Preparedness Plan for Pediatricians from the AAP – MS \(PDF\)](#) - A disaster preparedness plan for pediatricians
- [SAMHSA: Disaster Responder Stress Management](#) - Disaster Responder Stress Management
- [CDC Taking Care of Your Emotional Health](#) - Taking Care of Your Emotional Health

### RESOURCES FOR MEMBERS

#### In active crisis:

- [CalHOPE Crisis Services](#) – Delivers crisis support for communities impacted by a national disaster. Call (833) 317-HOPE (4673)
- [SAMHSA'S Disaster Distress Helpline](#) – Provides 24/7, 365 days of crisis counseling and support for emotional distress related to natural or human-caused disasters. Call 1-800-985-5990 or text TalkWithUS to 66746 to speak with someone.

#### Impacted by disaster or excessive stress:

- [MHN](#) – Refer members who are ready for a mental health evaluation and treatment. Members can call 1-888-893-1569.
- Case Management – For help or to learn more, refer members to CalViva Health Behavioral Health Case Management. Call 1-866-801-6294
- [CalViva Health Community Connect](#) – Use this tool to search online for free or reduced cost local resources like medical care, food, job training, and more based on a ZIP code. Visit the [CalViva Health findhelp website](#), enter a ZIP code and click on Search, for more information.
- Telehealth – Cost-effective and user-friendly when in-person contact is not required.
- [myStrength](#) – Offers online self-care resources that cover a range of topics (i.e., stress, anxiety, chronic pain, and more). Members can download the myStrength app at Google Play or the Apple Store. Visit the myStrength website to join online. Click Sign Up. Complete the myStrength sign-up process with a brief wellness assessment and personal profile.

# Quality Improvement Program

[\*\*CLICK HERE TO ACCESS QUALITY IMPROVEMENT INFORMATION AND RESOURCES\*\*](#)

Here you will find information on various topics, including:

- Quality Performance Improvement Projects
- Quality Measures
- MHN Outreach Programs
- Health Education Programs
- Initial Health Appointments
- Notice of Access Standards
- Medical Records Review and Facility Site Review
- Pharmacy Management
- And more

# Medical Record Documentation Requirements

The Health Net Quality Improvement Committee (HNQIC) develops standards for the administration and evaluation of medical records. Participating providers are required to comply with all medical record documentation standards.

The plan requires participating providers to maintain medical records in a manner that is accurate, current, detailed, complete, organized, in accordance with industry standards and best practices, and permits effective and confidential member care and quality review. Medical records must reflect all aspects of member care, be readily available to health care providers and provide data for statistical and quality-of-care analysis. Medical records may be selected for evaluation as part of the annual delegation oversight assessment.

For more information, select any subject below:

- [Advance Directives](#)
- [Medi-Cal Medical Record Documentation Standards](#)
- [Medical Record Performance Measurements](#)

# Member Value-Added Services

---

# Value-Added Services

## Transportation Services

### Physician Certification Statement Form -

To request patient transportation, use the [\*\*Physicians Certification Statement\*\*](#) to document the specific transportation restrictions of a member due to a medical condition and request non-emergency medical transportation (NEMT) for Medi-Cal members. A PCS form is **not** required for non-medical transportation (NMT).

Providers who may complete and sign the PCS form include:

- Participating physician group (PPG) or independent practice association (IPA)
- Doctor of medicine (MD)
- Registered nurse (RN)
- Nurse practitioner (NP)
- Primary care physician (PCP)
- Licensed vocational nurse (LVN)
- Physician assistant (PA)
- Certified midwife
- Discharge planner employed or supervised by the hospital, facility or physician's office where the patient is being treated and has knowledge of the patient's condition when completing the form.

## Nurse Advice Line

The Nurse Advice Line was developed to assist members in obtaining primary care. Information is available 24 hours a day. The program is a service offered in conjunction with the primary care physician and does not replace the PCP.

According to the health plan's access-to-care standards, all PCPs must provide 24-hour telephone service for instructions, medical condition assessment and advice.

The plan's Medi-Cal Member Services Department coordinates member access to the Nurse Advice Line:

**1-888-893-1569 (TTY 711)**

# Health Equity Department and Cultural and Linguistic Services

## HEALTH EDUCATION

The Health Equity department has free programs, services and resources for members and providers

- Free health education classes to provider groups, schools, hospitals and community-based organizations
- Free health screenings at health fairs
- Member newsletter
- Pregnancy Matters
- Preventative screening guidelines
- Health Education Information Line; 1-800-804-6074
- To order and request health education informational material on various topics please fill out the Health Education Material Request Form [HERE](#)
- And more for more information please visit the provider library [HERE](#)

## CULTURAL AND LINGUISTIC SERVICES

The Health Equity Department ensures that materials and interpreter services are available in member's language

### Interpreter Services

- Free health education material in threshold languages
- Request interpreter services: 1-888-893-1569 (TTY – 711)
- 24-hour access at no cost
- 72-hour notice for in person interpreter service request
- Qualified interpreters are trained on health care terminology
- Workshops and trainings are provided to contracted providers. Email the Training Request form to [HealthEducationDept@healthnet.com](mailto:HealthEducationDept@healthnet.com) or call our Health Equity Department at 1-800-977-6750.

Cultural and Linguistic Services: [cultural.and.linguistic.services@healthnet.com](mailto:cultural.and.linguistic.services@healthnet.com)

# Telehealth

## What is Telehealth?

Telehealth is a two-way interaction between you and your patients through telecommunication devices. It is an alternative approach to in-person visits for qualified providers to deliver care and services to patients.

## Who can provide Telehealth?

- Physicians
- Clinical social workers
- Physician assistants
- Certified registered nurse anesthetists
- Nurse midwives
- Clinical psychologists
- Clinical social workers
- Physical and occupational therapists
- Speech-language pathologists
- Registered dieticians or nutrition professionals

## Use the correct codes for claims and encounters

When submitting claims, be sure to use correct procedural codes for the covered service or benefit given to patients.

TELEHEALTH TYPES	CODING GUIDANCE
<p><b>SYNCHRONOUS TELEHEALTH:</b> These visits are “real-time” face-to-face, audio-visual contact between you and patients to communicate through teleconferences, webcams, smartphones or tablets.</p> <p><b>Example:</b> A doctor having a videoconference on Zoom with a patient to talk to them about their diabetes and discuss their blood sugar levels.</p> <p><b>SYNCHRONOUS TELEPHONE:</b> These “real-time” audio-only visits are considered synchronous visits but do not include video interaction. These visits are used for patients who do not have access to or choose not to use video or web access.</p>	<p>Use the appropriate office visit E/M code (99201-99205, 99211-99215) or preventative services code (99381-99385, 99391-99395)</p> <p><b>Place of service (POS):</b> 02</p> <p><b>Telehealth modifier:</b> 95, G0, GT</p> <p><b>Originating site:</b> Q3014</p> <p><b>Transmission fee:</b> T1014</p> <p><b>Audio only codes:</b> 98966-98968 (non-physician), 99411-99443 (as of May 13, 2020)</p> <p>Apply the applicable ICD-10 codes for billing diagnosis</p>
