

## Authorization Guide for Asthma Preventive Services

Asthma Preventive Services (APS) provides asthma education in clinics and at home, along with in-home checks for environmental triggers. These services are available to eligible Medi-Cal members of any age when medically necessary and must follow federal and state requirements. Under 42 CFR §440.130(c), a physician or other licensed health professional must recommend APS within their legal scope of practice.

Program overview	Eligibility
<p><b>Asthma education includes:</b></p> <ul style="list-style-type: none"> <li>Basic facts about asthma.</li> <li>Proper use of long-term controllers and quick-relief medications.</li> <li>Evidence-based self-management and monitoring techniques.</li> <li>Actions to reduce environmental exposures that worsen symptoms.</li> </ul> <p><b>In-home environmental trigger assessment involves:</b></p> <ul style="list-style-type: none"> <li>Identifying common asthma triggers in and around the home (allergens, irritants).</li> <li>Guiding education on reducing or controlling these exposures.</li> </ul> <p><b>Poorly controlled asthma is defined as:</b></p> <ol style="list-style-type: none"> <li>Asthma control test score of 19 or lower, <b>or</b></li> <li>Asthma-related emergency room visit or hospitalization, <b>or</b></li> <li>Two urgent/sick care visits for asthma in the past 12 months.</li> </ol>	<p><b>Eligibility</b></p> <p>APS must be recommended by a licensed practitioner (physician, nurse practitioner, physician assistant) within their scope of practice.</p> <p>All Medi-Cal members with an asthma diagnosis may receive self-management education.</p> <p><b>In-home trigger assessments require:</b></p> <ul style="list-style-type: none"> <li>A current diagnosis of poorly controlled asthma, <b>or</b></li> <li>Recommendation from a licensed practitioner.</li> </ul> <p>Use the <a href="#">Asthma Preventive Services Authorization Request Form</a> to recommend a member for services. The request form is available at <a href="https://bit.ly/CalAIM-Providers">https://bit.ly/CalAIM-Providers</a>, in the <b>Forms &amp; Tools</b> section under Community Supports (CS).</p>
Billing information	
<p><b>In-home environmental trigger assessment</b></p> <ul style="list-style-type: none"> <li><b>HCPCS code:</b> T1028 (assessment of home/family environment, to determine suitability to meet patient's medical needs) is used for environmental trigger assessment.</li> <li>May be provided by licensed or unlicensed APS providers.</li> <li><b>Limit:</b> Two visits per year; additional visits require authorization request demonstrating medical necessity for additional visits and/or when there has been a change of primary residence. ## Asthma education

CPT Copyright 2024 American Medical Association. All rights reserved. CPT® is a registered trademark of the American Medical Association.

- Physicians, nurse practitioners and physician assistants may bill using standard Evaluation and Management CPT codes.
- Unlicensed APS providers use:
  - **98960** – Individual education (30 min)
  - **98961** – Group education (2–4 patients, 30 min)
  - **98962** – Group education (5–8 patients, 30 min)
- **Frequency:** Up to four units (two hours) per day, twice per year; additional visits require authorization. Use the Asthma Preventive Services Authorization Request Form for additional visit requests.
- Use **modifier U3** for APS providers. For more information on allowable modifiers, refer to the [Modifiers Used with Procedure Codes](#) at <https://bit.ly/procedure-code-modifiers>.
- Include appropriate **ICD-10-CM diagnosis codes**.

## Additional information

### Key updates on APS and Community Supports (CS):

- Refer to the [Medi-Cal Provider Manual for APS](#) at <https://bit.ly/Medi-CalAsthmaPreventiveServices>.
- Refer to the [Medi-Cal Provider Manual for Community Health Worker Preventive Services](#) at <https://bit.ly/chwps-ops-manual>.
- The California Department of Health Care Services (DHCS) has removed in-home environmental trigger assessments and asthma self-management education from the Asthma Remediation CS program; these services are now offered under APS, launched July 2022.
- CalAIM requires CS to supplement—not replace—other funded services. To comply, DHCS will update the Asthma Remediation CS, effective **January 1, 2026**. Managed Care Plans must cover asthma self-management education and in-home trigger assessments under APS; these will no longer be covered under CS.
- Asthma Remediation providers must enroll in Medi-Cal to continue delivering these services under APS.
- APS covers clinic-based and home-based asthma self-management education, plus in-home environmental trigger assessments to identify modifications or supplies that reduce asthma episodes. Asthma Remediation should supplement—not duplicate—the APS benefit.
