<b>Time-limited transition services and expenses</b>
<p>Time-limited transition services and expenses to enable a person to establish a residence in an ALF.          Transition services end once the member establishes residency in the ALF.</p> <p>Please check each box the member is requesting for assistance and provide the required documents.</p>

<sup>2</sup>Per [www.dhcs.ca.gov/services/ltc/Documents/ALW-Renewal-2019-2024-Approved.pdf](http://www.dhcs.ca.gov/services/ltc/Documents/ALW-Renewal-2019-2024-Approved.pdf): Assisted Living Services will be delivered to participants in one of five possible "tiers" of service. Participants will be assigned an ALW tier as determined by the Care Coordination Agency RN. ALW Assessment Tool is administered by the CCA RN to potential, new participants to the waiver, and repeated at each reassessment. The tool measures the need for assistance with ADLs, IADLs and the need for assistance in one or more of the seven functional categories: Cognitive Patterns, Behavioral Symptoms, Continence, Communications, Medications, Skin Conditions, or Other Treatments. Based on the combined need for assistance in these areas, the tool calculates a LOC eligibility and tier of service for the participant.

- Tier one services will be assigned to participants with the lowest level of support need.
- Tier two, tier three, and tier four services will be assigned to participants with more significant support needs, respectively; and;
- Tier five services will be assigned to participants who require intense, focused attention to ADLs and IADLs as a result of a severe traumatic brain injury. These participants will have a need for assistance beyond that provided in tiers one through four along with the additional residential habilitation services to successfully manage their care needs while residing in either an RCFE/ARF or PSH.
