

Authorization Guide for Assisted Living Facility (ALF) Transitions

Assisted Living Facility (ALF) Transitions (formerly known as “Nursing Facility Transition/Diversion to Assisted Living Facilities,” such as residential care facilities for the elderly and adult residential facilities) are designed to assist individuals with living in the community and avoiding institutionalization, whenever possible.

The goal of this service is to facilitate nursing facility transition back into a home-like, community setting and/or to prevent nursing facility admissions for members living in the community. This Community Support (CS) is intended for members with a need for nursing facility level of care and is intended to provide a choice of living in an assisted living setting as an option over long-term placement in a nursing facility.

ALF includes a residential care facility for the elderly (RCFE) or an adult residential care facility (ARF).

Program overview

Note: Assisted Living Waiver (ALW) program participating facilities¹ must be used for transitions in Fresno, Los Angeles, Sacramento and San Joaquin counties. For all other counties, non-waiver facility transitions are allowed.

ALF transitions service includes two components, as follows:

1. **Time-limited transition services and expenses:** These enable a person to establish a residence in an ALF. Transition services end once the member establishes residency in the ALF. The transitional period will vary in length and services provided are based on a member’s unique circumstances. Allowable expenses are those that enable a person to establish ALF residency (except room and board). They include, but are not limited to:
 - Assessing the member’s housing needs and presenting options.
 - Assessing the service needs of the member to determine if the member needs enhanced onsite services at the ALF, to ensure the member is safely housed.
 - Assisting in securing an ALF residence, including the completion of facility applications and securing required documentation (e.g., Social Security card, birth certificate, prior rental history).
 - Moving expenses to support a member’s transition, such as movers/moving supplies and necessary private/personal articles to establish an ALF residence. **See list of eligible moving items on the ALF Authorization Form.**
 - Communicating with facility administration and coordinating the move.
 - Establishing procedures and contacts to retain housing at the ALF.

2. **Ongoing assisted living services:** These are provided to a member on an ongoing basis after they transition into the ALF. Members can receive these services long term, as long as the member can maintain residency in the ALF. These services include:
- Assistance with activities of daily living (ADLs) and instrumental ADLs (IADLs).
 - Meal preparation.
 - Transportation.
 - Medication administration and oversight.
 - Companion services.
 - Therapeutic social and recreational programming provided in a home-like environment.
 - 24-hour direct care staff onsite at the ALF to meet unpredictable needs in a way that promotes maximum dignity and independence. Provide supervision, safety, and security care coordination services to: 1) screen for eligibility, and 2) support enrollment of members into Enhanced Care Management (ECM) and other CS services.

Eligibility

Members residing in a nursing facility who:

1. Have resided for 60+ days in a nursing facility; and
2. Are willing to live in an assisted living setting as an alternative to a nursing facility; and
3. Are able to reside safely in an ALF.

Members residing in the community who:

1. Are interested in remaining in the community; and
2. Are willing and able to reside safely in an ALF; and
3. Meet the minimum criteria to receive nursing facility level of care services² and, in lieu of going into a facility, choose to remain in the community and continue to receive medically necessary nursing facility level of care services at an ALF.

Members residing in the community include members living in a private residence or public subsidized housing and members already residing in an ALF who are at risk of institutionalization.

Members who are receiving facility level health care services on an acute or post-acute care basis (such as hospitalization or a short-term skilled nursing facility [SNF] stay) may be eligible for this CS, provided they otherwise meet the eligibility criteria.
