

What is Cozeva[®]?

COZEVA[®] is a best-in-class reporting and analytics platform that displays performance in clinical quality and risk measures. The platform gathers data from multiple sources and provides insights into opportunities to address care gaps for patients and improve performance.

How can Cozeva support my practice?

- Track measure rates using the Registries scorecard
- View patient-level detail on gaps in care
- Track estimated/potential incentive payments
- Print face sheets to facilitate pre-visit planning
- Close data gaps instantly by uploading records
- More frequent incentives (quarterly vs. semiannual)
- More timely and secure e-payments through PayPalHyperwallet[®]

What can I expect?

COZEVA[®] displays up-to-date information on patient care gaps across a variety of measures, along with relevant supporting detail at both the overall panel and individual patient levels.
