

Health Net 51–100 Choice

Now plan combinations meet composite rate simplicity!

Flexible plan combinations. Contribution choices. Composite rates. We're bringing it all together in a new way to connect your clients with the health coverage that works for them. Created exclusively for groups with 51–100 employees, making it easy to do business is what Health Net 51–100 Choice is all about.

Tailor-made for 51–100 groups

Your clients can:

- Offer employees any number and types of plans from our full portfolio. We have more than 100 plans simplified into three convenient packages.
- Choose the contribution level that works for their business – either a percentage or flat dollar amount.
- Skip the rate headaches with our 4-tier composite rate structure. It doesn't get any simpler.
- Take a break from making all the decisions – Employees pick the plan they want from the choices the employer selects.

Sales made simple

In addition to all the options and composite rates of our 51-100 Choice portfolio, we also prepare employee worksheets for you. Customized to the plans your client decides to offer, the worksheets detail employee benefits and costs so it's easy for them to make their choices.
