Prescription drugs (up to a 30-day supply)	\$10 / \$25 / \$50	50%
Specialty drugs (most self injectables)	30% (\$250 copay max per prescription)	Not covered

<sup>1</sup> Insured pays the negotiated rate, which is the rate participating or preferred providers have agreed to accept for providing a covered service.

<sup>2</sup> Please refer to the Certificate of Insurance (COI) for out-of-network reimbursement methodology.

<sup>3</sup> Preventive care services for women also includes: female contraceptive services, devices and supplies, female family planning, female preventive sterilizations, screening for gestational diabetes, domestic violence and HIV, breast feeding devices and supplies, applicable female counseling for sexually transmitted infections, HIV, domestic violence, contraceptives and breastfeeding support.

<sup>4</sup> Includes annual preventive physical, preventive vision/hearing screening, newborn and well child care, well woman exams, preventive lab and X-ray services.

<sup>5</sup> Some services require prior certification. If prior certification is not acquired, benefits are reduced to 50%. In addition, for uncertified outpatient services, a \$50 deductible is required for each visit; for uncertified inpatient admissions, a \$250 deductible is required for each inpatient admission.

<sup>6</sup> Prescription drugs filled through mail order (up to a 90-day supply) require twice the level of copayment. For details regarding a specific drug, go to [www.healthnet.com](http://www.healthnet.com). The three prescription drug tiers are Tier 1: Generic formulary; Tier 2: Brand formulary; Tier 3: Brand non-formulary. Some plans will cover most female prescription contraceptives at \$0 cost share. Coverage on some drugs may not follow the generic and brand tier system. Please refer to your plan documents and Health Net's Recommended Drug List (RDL) for coverage, cost share and tier information.
