The Plan for People Who Enjoy Wearing a Bright, Healthy Smile - Health Net Dental HMO.

Health Net Directory of Participating Dentists

Welcome to Health Net Dental HMO. We're pleased you have chosen Health Net. We are dedicated to providing you with quality dental coverage and access to the information you need to make the best decisions for you and your family.

This directory contains the names and locations of the dentists who provide care to Health Net Dental HMO members. Each one has been pre-screened and each office thoroughly evaluated prior to their being accepted into our program. You can be assured that any office you choose will provide you with excellent care and service.

Please take a moment to review this provider directory. Health Net Dental wants to make sure you are satisfied with your dental benefits. If you have any questions, please contact the Health Net Dental Member Services Department.

Your dental directory

We have included an extensive directory of network dentists located throughout the community. The dentist information that can be found within this directory includes:

- Name, location and phone number.
- Foreign languages spoken, if any.
- Wheelchair accessibility.
- Licensure, certification and other regulatory considerations.
- Whether or not the office is accepting new patients.

This directory contains a listing of primary care dentists only. Please refer to your enrollment information for details on coverage for specialty care.

Should you have questions, please call the Health Net Dental toll-free number listed in your enrollment information. We offer language assistance services at no charge to you. If you require translations or need assistance receiving care in languages other than English, please call the toll-free number listed in your enrollment information or by contacting our general Member Services number at 1-800-445-9090 for translation support.

Timely access to care

Providers in our network are required to have appointment availability within specified time frames.
Urgent - 72 hours
Non-urgent - within 36 business days
Preventive - within 40 business days

How to find a dentist in your area

This directory lists general dentists alphabetically by the city where they are located. Once you have found one near your home or office, include the provider number in the indicated space on the enrollment form. This is the dentist who will provide your basic dental care. Remember, each enrolled person in your family may choose a different contracted HMO dentist.

Specialty care dentists (periodontists, endodontists, orthodontists, oral surgeons, and pedodontists) are available through a referral process outlined in your *Evidence of Coverage* booklet.

Meeting our quality standards

You can have confidence knowing you are receiving care from dentists who have been carefully selected for participation in our network. All network dentists undergo a rigorous review and credentialing process prior to being accepted into our network, which includes the following major elements:

- Dentist education, training and experience
- Malpractice history

This process confirms that each dentist has the required credentials to participate in the network.

Health Net Dental cannot guarantee the continuing participation of dentists currently listed in this directory. Whe provider no longer participates in the network, or has changed participation status, additional costs may be incurred. We recommend that you call the Health Net Dental Member Services Department to verify that a dentis is currently participating in the network prior to seeking care.

Your Evidence of Coverage

An *Evidence of Coverage* (EOC) will be provided in your enrollment kit when you enroll with Health Net Dental HMO. Check the sections on "Making an Appointment," "Specialty Referrals" and "Changing Your Dentist" for more information about how to access your plan benefits. Your EOC is filled with valuable information that will help you better understand how your plan works.

American Disabilities Act Notice

In accordance with the requirements of the federal Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 ("ADA"), we provide full and equal access to covered services and do not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities.

Assistance

If you have questions or would like assistance in selecting or changing dentists, just call Member Services at 1-866-249-2382 (TTY: 711).

Copies of our network provider directory are available at no cost by calling the Member Services Department.

If you believe there is an error in this directory, please call us at 1-866-249-2382 or email at provdirectory@yourdentalplan.com.

You may submit a complaint If you believe that you have reasonably relied upon materially inaccurate, incomplete, or misleading directory information.

Medically appropriate care

Networks must provide access to medically appropriate care from a qualified provider. If medically appropriate care cannot be provided within the network, the insurer shall arrange for the required care with available and accessible providers outside the network, with the patient responsible for paying only for the in-network cost-sharing in an amount equal to the cost-sharing they would have paid for the provision of that c a similar service in-network. In addition to in- network copayments and coinsurance, in-network cost sharing includes applicability of the in-network deductible and accrual of cost-sharing to the in-network out-of-pocket maximum.
