The Plan for People Who Enjoy Wearing a Bright, Healthy Smile - Health Net Dental PPO.

Health Net Dental PPO Directory of participating dentists

Welcome to Health Net Dental PPO. We're pleased you have chosen Health Net. We are dedicated to providing you with quality dental coverage and access to the information you need to make the best decisions for you and your family.

With this plan, you have freedom of choice. You may receive treatment from any licensed dentist or from a contracted dentist. You can reduce your out-of-pocket expenses when you see one of the dentists included in this directory. The PPO dentists included in this directory provide covered services to you at rates significantly lower than their usual charges.

Please take a moment to review this provider directory. Health Net Dental wants to make sure you are satisfied with your dental benefits. If you have any questions, please contact the Health Net Dental Member Services Department.

Your dental directory

We have included an extensive directory of network dentists located throughout the community. The dentist information that can be found within this directory includes:

- Name, location and phone number.
- Foreign languages spoken, if any.
- Wheelchair accessibility.
- Licensure, certification and other regulatory considerations.
- Whether or not the office is accepting new patients.

A list of general dentists and specialists is included in this directory. You do not need a referral from a general dentist to receive care from a specialist.

Should you have questions, please call the Health Net Dental toll-free number listed in your enrollment information. We offer language assistance services at no charge to you. If you require translations or need assistance receiving care in languages other than English, please call the toll-free number listed in your enrollment information or by contacting our general Member Services number at 1-800-445-9090 for translation support.

Timely access to care

Providers in our network are required to have appointment availability within specified time frames.

(1) Urgent appointments within the provider network shall be offered within 72 hours of the time of request for appointment, when consistent with the covered person's individual needs and as required by professionally recognized standards of practice.

(2) Non-urgent appointments shall be offered within 36 business days of the request for appointment.

(3) Preventive care appointments shall be offered within 40 business days of the request for appointment.

How to find a dentist in your area

This directory lists general and specialty dentists alphabetically by the city where they are located.

For the most current information

We update our directory information frequently–You will find the most current listings on our website at www.healthnet.com.

To locate a dental PPO dentist near you

Go to www.yourdentalplan.com/healthnet and click on "Find a Dentist". If you need help in selecting a provide call Health Net Dental's Customer Contact Center at 1-866-249-2382.

Meeting our quality standards

You can have confidence knowing you are receiving care from dentists who have been carefully selected for participation in our network. All network dentists undergo a rigorous review and credentialing process prior to being accepted into our network, which includes the following major elements:

- Dentist education, training and experience
- Malpractice history

This process confirms that each dentist has the required credentials to participate in the network.

Health Net Dental cannot guarantee the continuing participation of dentists currently listed in this directory. Wh a provider no longer participates in the network, or has changed participation status, additional costs may be incurred. We recommend that you call the Health Net Dental Member Services Department to verify that a dent is currently participating in the network prior to seeking care.

American Disabilities Act Notice

In accordance with the requirements of the federal Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 ("ADA"), we provide full and equal access to covered services and do not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities.

Your Certificate of Insurance booklet

A Certificate of Insurance booklet will be provided after you enroll with Health Net Dental PPO. Check the sections on "Making an Appointment" and "Filing a Claim" for more information about how to get the most out your dental plan.

Assistance

If you have questions or would like assistance in selecting or changing dentists, just call Member Services at 1-866-249-2382 (TDD: 711).

Copies of our network provider directory are available at no cost by calling the Member Services Department.

If you believe there is an error in this directory, please call us at 1-866-249-2382 or email at provdirectory@yourdentalplan.com.

You may submit a complaint If you believe that you have reasonably relied upon materially inaccurate, incomplete, or misleading directory information.

Medically appropriate care

Networks must provide access to medically appropriate care from a qualified provider. If medically appropriate care cannot be provided within the network, the insurer shall arrange for the required care with available and accessible providers outside the network, with the patient responsible for paying only for the in-network cost-sharing in an amount equal to the cost-sharing they would have paid for the provision of that or a similar service in-network. In addition to in- network copayments and coinsurance, in-network cost sharing includes applicability of the in-network deductible and accrual of cost-sharing to the in-network out-of-pocket maximum

Dental Benefits are administered by:
Dental Benefit Administrative Services.
