Outpatient Surgical Facilities

The following is a listing of outpatient surgical facilities affiliated with Health Net, arranged in alphabetical order by location by county.

Outpatient surgical facilities offer you an alternative to being admitted into a hospital. You and your physician may choose to visit an outpatient surgical facility instead of a hospital for outpatient surgery. Remember, your primary care physician (PCP) and the participating physician group (PPG) must authorize services in an outpatient surgical facility in order for those services to be covered. Your physician or surgeon will help approve and coordinate the surgery setting. **For more information, call our Customer Contact Center at 1-800-522-0088**.

Centros Quirúrgicos

para Pacientes Ambulatorios

La siguiente es una lista de los centros quirúrgicos ambulatorios afiliados a Health Net, ordenada alfabéticamente por ubicación y condado.

Los centros quirúrgicos ambulatorios le ofrecen una alternativa a la admisión en un hospital. Usted y su médico pueden elegir acudir a un centro quirúrgico ambulatorio en vez de ir a un hospital para realizarse una cirugía para pacientes ambulatorios. Recuerde, su médico de atención primaria (por sus siglas en inglés, PCP) y el grupo médico participante (por sus siglas en inglés, PPG) deben autorizar los servicios en un centro quirúrgico ambulatorio para que éstos estén cubiertos. Su médico o cirujano le ayudará a aprobar y coordinar el proceso quirúrgico **Para obtener más información, llame a nuestro Centro de Comunicación con el Cliente al 1-800-522-0088**.

*門診*外科手術機構

以下是與 Health Net 簽約的門診外科手術機構清單，根據縣區和地點依字母順序排列。

門診外科手術機構是您入住醫院的替代選擇。如需接受門診外科手術，您和醫師可選擇到門診外科手術機構而不是到醫院。請記得，您的主治醫師 (PCP) 和簽約醫師團體 (PPG) 必須授權在門診外科手術機構接受服務，相關服務才屬於承保範圍。您的醫師或外科醫師將幫助核准和協調外科手術場所。**如需更多資訊，請撥打我們的客戶聯絡中心電話 1-800-522-0088**。

외래 환자 수술 시설

다음은 Health Net과 제휴를 맺은 외래 환자 수술 시설 목록으로 카운티 지역에 따라 알파벳 순서로 정렬되어 있습니다.

외래 환자 수술 시설은 병원 입원에 대한 대안으로 제공됩니다. 귀하 및 귀하의 의사는 외래 수술을 위해 병원 대신 외래 환자 수술 시설을 방문하기로 선택할 수 있습니다. 이러한 서비스를 보장받기 위해서는 귀하의 일차 진료의(PCP) 및 참여 의사 그룹(PPG)이 외래 환자 수술 시설에서의 서비스를 승인해야 한다는 점을 기억하십시오. 귀하의 의사 또는 외과의사는 수술을 승인하고 해당 수술 장소를 마련하는 데 도움을 드릴 것입니다. **더 많은 정보를 위해 1-800-522-0088번을 이용해 저희 고객 문의 센터로 전화하십시오.**

Glossary *of Terms*

Affiliate/Satellite offices: While all physician groups offer a primary location, some groups provide the communities they serve with alternate affiliate or satellite locations. Compared to a physician group's primary location, affiliate locations typically offer only limited physician availability and office hours. In addition, physicians in affiliate locations will often refer patients to the primary location of the physician group for laboratory and urgent care services.

Authorization: If you need a special type of care, your doctor will refer you to a specialist. If your doctor's request for referral is approved by your physician group, you will be given a form called an Authorization for Consultant's Services. This form lists the type of care or services that you need and the number of visits that you can schedule. Always check with your primary care physician (PCP) to make sure all your visits to a specialist are covered by Health Net.

Direct referral: With direct referral, your PCP can refer you directly to a specialist for consultation and evaluation without prior authorization by your physician group.

Emergency care: You need emergency care for a sudden, serious and unexpected illness, injury or condition, including severe pain that a reasonable person with an average knowledge of health and medicine would believe requires immediate medical attention.

Outpatient surgical facility: An outpatient surgical facility is a setting other than a medical or dental office, whose main function is performing surgical procedures on an outpatient basis. It must be licensed as an outpatient clinic according to state and local laws and must meet all requirements of an outpatient clinic providing surgical services.

Participating physician group (PPG): A PPG is a team of physicians from various specialties assisted by nurses, technicians and other health care professionals affiliated contractually with Health Net.

Primary care physician (PCP): The physician at your physician group who is responsible for performing, prescribing, directing, or authorizing all of your health care, including routine, referral and follow-up treatment. If you need a special type of care, your PCP will be responsible for referring you to an outside specialist.

Provider: This term applies primarily to any facility, physician or other health care professional contracted with Health Net to provide care to members on a preauthorized or contractual basis.

Rapid Access: Rapid Access is a service provided by many of Health Net's physician groups. It indicates whether the physician group offers self-referral or direct referral to specialists.

Referral: See authorization, direct referral or self-referral. Referral specialist: Your PCP is responsible for administering your care, and he or she will authorize a referral to an appropriate specialist when necessary. Referral specialists may be either staff or members of the specialty referral panel of your physician group. You may not select a referral specialist physician as your PCP.

Self-referral: With self-referral, you can contact a specialist affiliated with your physician group directly for a consultation or evaluation. Your physician group must still authorize any procedures the specialist may recommend.

Urgent care: When conditions require treatment within several days but are not considered immediately life-threatening, they require urgent care. Examples of urgent medical conditions are sprains and fractures. If your PCP is not available to see you on a same-day basis, you will be referred to a facility where you can receive the care you need. Many physician groups offer urgent care at the primary location.

Glosario *de Términos*

Consultorios afiliados/Sucursales: Si bien todos los grupos médicos ofrecen una ubicación primaria, algunos grupos brindan a las comunidades en las que prestan servicio ubicaciones afiliadas alternativas o sucursales. En comparación con la ubicación primaria de un grupo médico, las ubicaciones afiliadas generalmente ofrecen sólo disponibilidad médica y horarios de atención limitados. Además, los médicos que se encuentran en las ubicaciones afiliadas, generalmente remitirán a los pacientes a la ubicación primaria del grupo médico para los servicios de laboratorio y de atención de urgencia.

Autorización: Si usted necesita un tipo especial de atención, su médico le remitirá a un especialista. Si su grupo médico aprueba la solicitud de remisión de su médico, se le entregará un formulario llamado Autorización para Servicios de Especialista . Este formulario enumera el tipo de atención o de servicios que usted necesita y la cantidad de consultas que usted puede programar. Consulte siempre con su médico de atención primaria (PCP) para asegurarse de que todas sus consultas con el especialista estén cubiertas por Health Net.

Referencia directa: Con una remisión directa, su PCP puede remitirlo directamente a un especialista para consulta y evaluación sin la autorización previa de su grupo médico.

Atención de emergencia: Usted necesita atención de emergencia para una enfermedad, lesión o

afección repentina, grave e inesperada, que incluye dolor fuerte, que una persona razonable, con un conocimiento promedio de salud y medicina creería que requiere atención médica inmediata.

Centro quirúrgico ambulatorio: Un centro quirúrgico ambulatorio es una instalación distinta a un consultorio médico o dental, cuya principal función es llevar a cabo procedimientos quirúrgicos de manera ambulatoria. Debe contar con una licencia como clínica ambulatoria en conformidad con las leyes locales y estatales y debe cumplir todos los requisitos de una clínica ambulatoria que proporciona servicios quirúrgicos.

Grupo médico participante (por sus siglas en inglés, PPG): Un PPG es un equipo de médicos de varias especialidades apoyado por enfermeras, técnicos y otros profesionales para el cuidado de la salud contratados por Health Net.

Médico de atención primaria (por sus siglas en inglés, PCP): Es el médico dentro de su grupo médico que es responsable de realizar, recetar, indicar o autorizar todo su cuidado de la salud, incluyendo los tratamientos de rutina, remisión y seguimiento. Si usted necesita un tipo especial de atención, su PCP será responsable de su remisión a un especialista externo.

Proveedor: Este término se aplica principalmente a cualquier centro de salud, médico u otro profesional para el cuidado de la salud contratado por Health Net, que brinda atención a los afiliados mediante autorizaciones previas o por medio de contratos.

Rapid Access: Rapid Access es un servicio proporcionado por muchos grupos médicos de Health Net. Indica si el grupo médico ofrece autorremisiones o remisiones directas a los especialistas.

Remisión: Consulte autorización, remisión directa o autorremisión. Especialista de remisión: Su PCP es responsable de administrar su atención, además de autorizar una remisión a un especialista adecuado, cuando sea necesario. Los especialistas de remisión pueden ser miembros del personal o miembros del panel de remisión a especialidades de su grupo médicos. No puede seleccionar a un médico especialista de remisión como su PCP.

Autorremisión: Con la autorremisión, usted puede comunicarse con un especialista afiliado a su grupo médico directamente para una consulta o evaluación. Su grupo médico aún debe autorizar cualquier procedimiento que el especialista pudiese recomendarle.

Atención de urgencia: Cuando las afecciones requieren tratamiento dentro de varios días pero no se consideran de riesgo vital inmediato, dichas afecciones requieren atención de urgencia. Los esguinces y las fracturas son ejemplos de afecciones médicas de urgencia. Si su PCP no se encuentra disponible para atenderlo el mismo día, usted será remitido a un centro de salud donde pueda recibir la atención que necesita. Muchos grupo médico ofrecen atención de urgencia en la ubicación primaria.
