# Hospital *Index*

The following is a listing of hospitals affiliated with Health Net, arranged in alphabetical order. Information shown for each hospital includes Health Net contracted participating physician groups (PPGs) that are affiliated with that hospital.

You will need to choose a physician group to provide your health care services when you enroll as a Health Net member. For more information about each group, see the Participating Physician Group Index. You will also need to select a primary care physician (PCP) from the physician group of your

choice. For more information about affiliated PCPs, see the PCPs by city listing. For the most up-to-date directory listings, visit the Health Net website at [www.healthnet.com](http://www.healthnet.com). For the most complete list of hospital affiliations, please contact your selected PPG or PCP.

# Glossary of Terms

**Affiliate/Satellite offices:** While all physician groups offer a primary location, some groups provide the communities they serve with alternate affiliate or satellite locations. Compared to a physician group's primary location, affiliate locations typically offer only limited physician availability and office hours. In addition, physicians in affiliate locations will often refer patients to the primary location of the physician group for laboratory and urgent care services.

**Authorization:** If you need a special type of care, your doctor will refer you to a specialist. If your doctor's request for referral is approved by your physician group, you will be given a form called an Authorization for Consultant's Services. This form lists the type of care or services that you need and the number of visits that you can schedule. Always check with your primary care physician (PCP) to make sure all your visits to a specialist are covered by Health Net.

**Direct referral:** With direct referral, your PCP can refer you directly to a specialist for consultation and evaluation without prior authorization by your physician group.

**Emergency care:** You need emergency care for a sudden, serious and unexpected illness, injury or condition, including severe pain that a reasonable person with an average knowledge of health and medicine would believe requires immediate medical attention.

**Outpatient surgical facility:** An outpatient surgical facility is a setting other than a medical or dental office, whose main function is performing surgical procedures on an outpatient basis. It must be licensed as an outpatient clinic according to state and local laws and must meet all requirements of an outpatient clinic providing surgical services.

**Participating physician group (PPG):** A PPG is a team of physicians from various specialties assisted by nurses, technicians and other health care professionals affiliated contractually with Health Net.

**Primary care physician (PCP):** The physician at your physician group who is responsible for performing, prescribing, directing, or authorizing all of your health care, including routine, referral and follow-up treatment. If you need a special type of care, your PCP will be responsible for referring you to an outside specialist.

**Provider:** This term applies primarily to any facility, physician or other health care professional contracted with Health Net to provide care to members on a preauthorized or contractual basis.

**Rapid Access:** Rapid Access is a service provided by many of Health Net's physician groups. It indicates whether the physician group offers self-referral or direct referral to specialists.

**Referral:** See authorization, direct referral or self-referral. Referral specialist: Your PCP is responsible for administering your care, and he or she will authorize a referral to an appropriate specialist when necessary. Referral specialists may be either staff or members of the specialty referral panel of your physician group. You may not select a referral specialist physician as your PCP.

**Self-referral:** With self-referral, you can contact a specialist affiliated with your physician group directly for a consultation or evaluation. Your physician group must still authorize any procedures the specialist may recommend.

**Urgent care:** When conditions require treatment within several days but are not considered immediately life-threatening, they require urgent care. Examples of urgent medical conditions are sprains and fractures. If your PCP is not available to

see you on a same-day basis, you will be referred to a facility where you can receive the care you need. Many physician groups offer urgent care at the primary location.

# Glosario *de Términos*

**Consultorios afiliados/Sucursales:** Si bien todos los grupos médicos ofrecen una ubicación primaria, algunos grupos brindan a las comunidades en las que prestan servicio ubicaciones afiliadas alternativas o sucursales. En comparación con la ubicación primaria de un grupo médico, las ubicaciones afiliadas generalmente ofrecen sólo disponibilidad médica y horarios de atención limitados. Además, los médicos que se encuentran en las ubicaciones afiliadas, generalmente remitirán a los pacientes a la ubicación primaria del grupo médico para los servicios de laboratorio y de atención de urgencia.

**Autorización:** Si usted necesita un tipo especial de atención, su médico le remitirá a un especialista. Si su grupo médico aprueba la solicitud de remisión de su médico, se le entregará un formulario llamado Autorización para Servicios de Especialista. Este formulario enumera el tipo de atención o de servicios que usted necesita y la cantidad de consultas que usted puede programar. Consulte siempre con su médico de atención primaria (PCP) para asegurarse de que todas sus consultas con el especialista estén cubiertas por Health Net.

**Referencia directa:** Con una remisión directa, su PCP puede remitirlo directamente a un especialista para consulta y evaluación sin la autorización previa de su grupo médico.

**Atención de emergencia:** Usted necesita atención de emergencia para una enfermedad, lesión o

afección repentina, grave e inesperada, que incluye dolor fuerte, que una persona razonable, con un conocimiento promedio de salud y medicina creería que requiere atención médica inmediata.

**Centro quirúrgico ambulatorio:** Un centro quirúrgico ambulatorio es una instalación distinta a un consultorio médico o dental, cuya principal función es llevar a cabo procedimientos quirúrgicos de manera ambulatoria. Debe contar con una licencia como clínica ambulatoria en conformidad con las leyes locales y estatales y debe cumplir todos los requisitos de una clínica ambulatoria que proporciona servicios quirúrgicos.

**Grupo médico participante (por sus siglas en inglés, PPG):** Un PPG es un equipo de médicos de varias especialidades apoyado por enfermeras, técnicos y otros profesionales para el cuidado de la salud contratados por Health Net.

**Médico de atención primaria (por sus siglas en inglés, PCP):** Es el médico dentro de su grupo médico que es responsable de realizar, recetar, indicar o autorizar todo su cuidado de la salud, incluyendo los tratamientos de rutina, remisión y seguimiento. Si usted necesita un tipo especial de atención, su PCP será responsable de su remisión a un especialista externo.

**Proveedor:** Este término se aplica principalmente a cualquier centro de salud, médico u otro profesional para el cuidado de la salud contratado por Health Net, que brinda atención a los afiliados mediante autorizaciones previas o por medio de contratos.

**Rapid Access:** Rapid Access es un servicio proporcionado por muchos grupos médicos de Health Net. Indica si el grupo médico ofrece autorremisiones o remisiones directas a los especialistas.

**Remisión:** Consulte autorización, remisión directa o autorremisión. Especialista de remisión: Su PCP es responsable de administrar su atención, además de autorizar una remisión a un especialista adecuado, cuando sea necesario. Los especialistas de remisión pueden ser miembros del personal o miembros del panel de remisión a especialidades de su grupo médicos. No puede seleccionar a un médico especialista de remisión como su PCP.

**Autorremisión:** Con la autorremisión, usted puede comunicarse con un especialista afiliado a su grupo médico directamente para una consulta o evaluación. Su grupo médico aún debe autorizar cualquier procedimiento que el especialista pudiese recomendarle.

**Atención de urgencia:** Cuando las afecciones requieren tratamiento dentro de varios días pero no se consideran de riesgo vital inmediato, dichas afecciones requieren atención de urgencia. Los esguinces y las fracturas son ejemplos de afecciones médicas de urgencia. Si su PCP no se encuentra disponible para atenderlo el mismo día, usted será remitido a un centro de salud donde pueda recibir la atención que necesita. Muchos grupo médico ofrecen atención de urgencia en la ubicación primaria.

**自行轉介 :**透過自行轉介，您可以直接聯絡您的醫師團體簽約的專科醫師，以接受諮詢或評估。專科醫師如建議任何程序，仍必須得到您醫師團體的授權。

**緊急醫療 :**當病況需要在幾天內接受治療，但沒有立即生命威脅時，就是需要緊急醫療。緊急醫療狀況的例子是扭傷和骨折。如果您的主治醫師無法當天為您看診，您會被轉診至相關機構以便接受所需的照護。許多醫師團體在主要地點提供緊急醫療。

## 용어 목록

**제휴 진료소/지사:** 모든 의사 그룹은 주 진료소를 제공하지만 일부 그룹은 제휴 진료소 또는 지사를 대안으로 하는 커뮤니티를 제공합니다. 의사 그룹의 주 진료소와 비교했을 때 일반적으로 제휴 진료소의 진료시간 및 의사의 이용성은 제한적입니다. 또한 제휴 진료소의 의사들은 종종 실험실 및 긴급 관리 서비스를 위해 의사 그룹의 주 진료소로 환자를 보낼 것입니다.
