When doctors (physicians) agree to provide care to Health Net Life Insurance Company (Health Net) insureds, they give us some key information about their qualifications. To help you make informed decisions about your care, we make much of this information available in our directories, on our website or by calling our Customer Contact Center. You can learn whether your doctor is board-certified, where your doctor attended medical school, where your doctor performed his or her residency, your doctor's address and phone number, the hospital(s) at which your doctor practices, and which languages (other than English) your doctor may speak.

Health Net's most current provider network information is published on our website. To access this information, visit us at **www.healthnet.com** and select *ProviderSearch*.

At Health Net, we work hard to ensure that this directory is accurate. However, we are continuously updating and adding to our network information. Because of this, we advise you to confirm a doctor's participation prior to receiving services.

## *PPO insureds can access affordable coverage nationwide<sup>1</sup>*

# Before You Make an Appointment

## *Verify your coverage*

Does your health plan include medical or mental health and substance abuse benefits for this visit, service or procedure? Consult your plan documents (e.g., *Summary of Benefits* or Plan Policy) to confirm your benefits are available through this network of providers before making an appointment. **Note:** For some services (including some chiropractic care), you may need to refer to a supplemental directory.

**Please note:** Not all plans offer mental health and substance abuse treatment through the Health Net network. Some plans have mental health and substance abuse treatment offered through the separate MHN network. Although this directory contains Health Net provider listings for mental health and substance abuse treatment professionals, if you seek care from one of them, your treatment will be covered only if – and only to the extent that – your plan covers mental health and substance abuse treatment through this network.

Prior to seeking treatment, please verify that your health plan includes coverage for mental health and substance abuse treatment. In addition, please verify whether your plan allows mental health and substance abuse visits through the network covered in this directory or through the separate MHN network. To do this, consult your group's plan materials (*Summary of Benefits* or plan documents) or call Health Net at the phone number listed on your ID card.

## *Confirm whether a hospital, doctor, chiropractor, or other health care professional is currently participating in the network*

Hospitals, doctors, chiropractors, and other health care professionals participate in the Health Net network through voluntary contracts with Health Net. Any given doctor's status as participating in the network may change at any time.

Before accessing services, confirm that the doctor you would like to see is currently participating in the network. You can confirm participation by calling Health Net.

## **For ELECT and SELECT Plans**

In order to receive the higher level of benefits, you should use your primary care physician for referrals to doctors affiliated with your physician group.

## *Call for certification*

To ensure that you receive the maximum benefits available to you under your Health Net plan, be sure to call **1-800-977-7282** for certification. You are responsible for obtaining certification. A complete list of services requiring certification is included in the *Certificate of Insurance*.

## Sub-acute care facilities

Sub-acute facilities provide sub-acute care for the special nursing needs of patients who do not need acute care but are too ill to be cared for by most skilled nursing facilities (SNFs). This includes patients in transitional settings following acute hospitalization (such as those discharged from hospitals but not fully recovered).

To request a sub-acute care facility list, call our Customer Contact Center.

# Services That Can Be Obtained without Referral

## PPO

Health Net's Preferred Provider Organization (PPO) product does not require an enrollee or the enrollee's treating provider to request approval for a referral of an enrollee to an in-network or out-of-network provider. Enrollee referrals to out-of-network providers are at both the enrollee and the enrollee's treating provider's discretion, as enrollees have coverage for out-of-network providers. While an approval for referral to an out-of-network provider is

not required, the enrollee will incur higher out-of-pocket expenses when receiving services or supplies from an out-of-network provider.

This does not waive any prior certification requirements that may be applicable to the types of services obtained. Please refer to your *Certificate of Insurance* for more information about services requiring certification, or contact the Customer Contact Center at the number on your ID card.

## Timeline Standards for Access to Care

| Access type  | Standard                                       |
|--|--|
| Non-urgent appointments for primary care – regular and routine care (PCP) appointment                                      | Appointment within 10 business days of request |
| Urgent care (PCP) services that do not require prior certification   | Wait time not to exceed 48 hours of request    |
| Urgent care (specialist and other) services that require prior certification   | Appointment within 96 hours of request         |
| Non-urgent appointments with specialist  | Appointment within 15 business days of request |
| Non-urgent appointments with a non-physician mental health care provider   | Appointment within 10 business days of request |
| Non-urgent appointments for ancillary services for the diagnosis or treatment of injury, illness or other health condition | Appointment within 15 business days of request |

**Note:** The applicable waiting time for a particular appointment may be extended if the referring or treating licensed health care provider (or the health professional providing triage or screening services, as applicable), acting within the scope of his or her practice and consistent

with professionally recognized standards of practice, has determined and noted in the relevant record that a longer waiting time will not have a detrimental impact on the health of the covered person.

Also, preventive care services and periodic follow-up care (including, but not limited to, standing referrals to specialists for chronic conditions, periodic office visits to monitor and treat pregnancy, cardiac or mental health conditions, and laboratory and radiological

monitoring for recurrence of disease) may be scheduled in advance, consistent with professionally recognized standards of practice as determined by the treating licensed health care provider acting within the scope of his or her practice.

# Antes de Programar una Cita

## *Verifique su cobertura*

¿Su plan de salud incluye beneficios médicos o de salud mental y abuso de sustancias para esta consulta, servicio o procedimiento? Antes de programar una cita, consulte los documentos de su plan (p. ej., *Resumen de Beneficios* o Póliza del Plan) para confirmar que sus beneficios estén disponibles a través de esta red de proveedores. **Nota:** Para algunos servicios (incluyendo algunos servicios de cuidado quiropráctico), es posible que necesite consultar un directorio suplementario.

**Tenga en cuenta que:** No todos los planes ofrecen tratamiento de salud mental y abuso de sustancias a través de la red de Health Net. Algunos planes ofrecen tratamiento de salud mental y abuso de sustancias a través de la red MHN separada. Aunque este directorio contiene listas de proveedores de Health Net correspondientes a profesionales para el tratamiento de salud mental y abuso de sustancias, si usted busca atención de uno de ellos, su tratamiento estará cubierto sólo si su plan cubre —y únicamente en la medida que cubra— el tratamiento de salud mental y abuso de sustancias a través de esta red.

Antes de buscar tratamiento, verifique que su plan de salud incluya cobertura para el tratamiento de salud mental y abuso de sustancias. Además, verifique si su plan permite consultas de salud mental y abuso de sustancias a través de la red incluida en este directorio o a través de la red MHN separada. Para ello, consulte los materiales del plan de su grupo (*Resumen de Beneficios* o documentos del plan) o llame a Health Net al número de teléfono que aparece en su tarjeta de identificación.

## *Confirme si un hospital, médico, quiropráctico u otro profesional para el cuidado de la salud actualmente participa de la red*

Los hospitales, médicos, quiroprácticos y otros profesionales para el cuidado de la salud participan de la red de Health Net a través de contratos voluntarios celebrados con Health Net. El estado de participante de la red de un médico dado puede cambiar en cualquier momento.

Antes de acceder a los servicios, confirme que el médico al que desea consultar actualmente participa de la red. Puede confirmar la participación llamando a Health Net.

# Servicios Que Pueden Obtenerse sin Remisión

## PPO

El producto de la Organización de Proveedores Preferidos (por sus siglas en inglés, PPO) de Health Net no requiere que la persona inscrita o el proveedor que la está tratando soliciten la aprobación para una remisión de la persona inscrita a un proveedor dentro o fuera de la red. Las remisiones de las personas inscritas a proveedores fuera de la red quedan a discreción tanto de la persona inscrita como del proveedor que la trata, dado que las personas inscritas cuentan con cobertura para proveedores fuera de la red. Aunque no se requiere una aprobación

para una remisión a un proveedor fuera de la red, la persona inscrita incurrirá en gastos de desembolso más altos cuando reciba servicios o suministros de parte de un proveedor fuera de la red.

Esto no elimina ningún requisito de certificación previa que pueda ser aplicable a los tipos de servicios obtenidos. Consulte su *Certificado de Seguro* para obtener más información sobre los servicios que requieren certificación o llame al Centro de Comunicación con el Cliente al número que aparece en su tarjeta de identificación.

profesional de la salud que presta servicios de selección o clasificación según las prioridades de atención, según corresponda), que actúa dentro del alcance de su práctica y de acuerdo

con los estándares profesionalmente reconocidos de la práctica, ha determinado y anotado en el registro relevante que un tiempo de espera más prolongado no tendrá un impacto perjudicial para la salud de la persona cubierta. Además, los servicios de atención preventiva y la atención de seguimiento periódica (incluyendo, pero sin limitarse a, remisiones permanentes a especialistas para afecciones crónicas, visitas al consultorio periódicas para el control y

tratamiento del embarazo, afecciones cardíacas o de salud mental, y control radiológico y de laboratorio para la recurrencia de enfermedades) pueden programarse con anticipación de acuerdo con los estándares profesionalmente reconocidos de la práctica según lo determine el proveedor de cuidado de la salud con licencia que trata a la persona cubierta y actúa dentro del alcance de su práctica.

# 無須轉介就能 取得的服務

## PPO

Health Net 的首選醫療服務提供者組織 (PPO) 產品並未規定，計畫參加者或負責計畫參加者診療的醫療服務提供者必須提出核准轉介的要求，計畫參加者才能去看網絡內合約醫療服務提供者或網絡外醫療服務提供者。計畫參加者轉診到網絡外醫療服務提供者，是由計畫參加者和負責計畫參加者診療的醫療服務提供者雙方自行斟酌，因為

計畫參加者享有網絡外醫療服務提供者承保。雖然無須核准就能轉診到網絡外醫療服務提供者，但計畫參加者在接受網絡外醫療服務提供者的服務或用品時，會產生較高的自費額。

這並不會豁免所取得服務類型可能適用的任何事先證明規定。請參閱您的保險證書查詢需要證明的服務詳情，或撥打您會員卡上的號碼聯絡客戶聯絡中心。
