

RELAX, THE FIRST \$500 IS ON US.

Individual & Family Plans
FirstChoice PPO

Health Net[®]
A Better Decision

REST EASY

FirstChoice PPO lets you rest easy by helping to keep the cost of care down. The plan provides \$500 of immediately available funds for you and each covered family member. No restrictions; no catch. These first dollar funds provide immediate coverage, the moment you or a loved one needs care.

Most importantly, FirstChoice PPO provides the security and freedom of comprehensive PPO plan coverage. Visit any licensed medical professional, with no referrals required. Visit one of more than 48,000 professionals or 300 hospitals in our PPO network and realize substantial savings. You also get prescription drug coverage, not subject to the plan deductible, as well as a host of decision-support services.

HOW FIRSTCHOICE PPO WORKS

FirstChoice PPO is simple. At the start of the benefit year, you and each covered family member has \$500 in immediately available funds. It's on us!

It's as easy as:

1. You visit a doctor or hospital.
2. The doctor or facility bills Health Net
3. We cover the first \$500 at 100%.¹

Once your \$500 has been spent, your covered medical services are subject to the plan deductible. This means that you pay 100% until the deductible is met. Afterwards, you pay a fixed dollar copayment or coinsurance percentage.

Remember, prescription drug coverage is not subject to the deductible. You are responsible only for the plan copayment (a fixed dollar amount) for each covered prescription.

FIRSTCHOICE PPO ADVANTAGES

1. \$500 in immediate coverage, for each covered family member
2. Comprehensive PPO coverage, with no referrals required
3. Negotiated discounts for in-network services
4. Prescription drug benefit, not subject to deductible (pharmacy not covered under the \$500)
5. Decision-making support resources

A BETTER DECISIONSM

A Better Decision is one that you make. It means choosing the care that suits your needs, preferences and budget. How do you keep the cost of care down? One way is to visit one of more than 48,000 professionals and 300 hospitals in the Health Net PPO network. By doing so, you may receive *substantial savings* through their negotiated rates, as well as your more generous in-network plan benefit.

How do you get care that is right for *you*? Know your options. Then, get informed and work closely with your doctor. We offer decision-support services that help you make health care decisions with confidence:

HealthGate® EBM solutions – Research health improvement tips, treatment options and other important information about your condition.

Hospital Comparison Report – Compare network hospitals based on patients/year, mortality rate, complications, average length of stay and cost.

Well Rewards – Take advantage of member discounts at health clubs, as well as for health-related products and services.

PUT YOUR MIND AT EASE

Imagine, an affordable plan that combines the freedom and security of PPO coverage with \$500 in immediate coverage. Put your mind at ease and make A Better Decision with FirstChoice PPO.

¹For services covered under the benefit plan, and up to your available balance. The \$500 in FirstChoice PPO funds cannot be shared between one family member and another.

This matrix is intended to be used to help you compare coverage benefits and is a summary only. The Policy should be consulted for a detailed description of coverage benefits and limitations.

Included with FirstChoice PPO Plus, additional premium required, refer to page 2. For coverage details refer to pages 10–16.

²Of negotiated rate, the rate the Participating or Preferred Provider has agreed to accept for providing a covered service.

³Percentage is a portion of the covered expense based on (C & R) Customary & Reasonable. You are also responsible for any charges in excess of the covered expense.

⁴FirstChoice PPO gives you First Dollar coverage for the first \$500 of covered expenses per person per calendar year before you pay any copayments, coinsurance or deductibles. Once this \$500 is met, coverage is reimbursed for In-Network providers at 70% of covered expenses after you meet your annual deductible. The First Dollar benefit does not apply to prescription drug benefits.

⁵Certain services require prior certification from Health Net. Without prior certification, benefit reduced by 50%.

IMPORTANT THINGS TO KNOW

MONTHLY PREMIUM RATES

Finding the rate that applies to you is easy:

1. Find the chart for your region on the rate chart inserted in this brochure.
2. Determine your family category.
3. Select your age group. If you are applying as a married couple, domestic partner relationship or a family, use the age category of the younger spouse/ domestic partner and make that person the primary applicant on the application.
4. Applications must include the first month's premium.

Administrative fee

- Simple pay (automatic bank draft) option – no charge
- Credit card billing – no charge
- Monthly billing – \$5 monthly charge

MODIFIED ISSUE EXPLAINED¹

Q: What is a Modified Issue?

A: Modified Issue helps certain applicants who might normally not be able to obtain coverage, attain it for a higher premium.

Q: How does Health Net calculate Modified Issue premiums?

A: Modified Issue premiums are calculated by multiplying the preferred premium shown in the rate guide by the rate adjustment factor (RAF) of 1.20 or 1.50.

¹³The Recommended Drug List is a list of the prescription drugs that are covered by this plan. It is prepared by Health Net and given to member physicians and participating pharmacies. Some drugs require prior authorization from Health Net. Also, if your condition requires the use of a drug that is not in the Recommended Drug List, your physician may require the drug through the prior authorization process. Urgent prior authorization requests are handled within 72 hours. For a copy of the Recommended Drug List, call Member Services at the number listed on your ID card or visit our web site at www.healthnet.com. Prescription drug charges do not apply to your maximum out-of-pocket limit.

IMPORTANT THINGS TO KNOW ABOUT ALL YOUR MEDICAL COVERAGE OPTIONS

Who is eligible?

To be eligible for Health Net Life Individual & Family PPO, you must: be under the age of 65, not be eligible for Medicare, reside continuously in our service area, and meet our application and underwriting requirements for coverage. In addition, your spouse or domestic partner, if under age 65, and all your unmarried dependent children under 19 years of age also are eligible (*subject to underwriting requirements*). Unmarried dependent children enrolled in an accredited school as full-time students and under 24 years of age are also eligible, if proof of full-time student status is provided.

A Domestic Partner is defined as two adults who have chosen to share one another's lives in an intimate and committed relationship of mutual caring. A registered domestic partnership is established in California when both persons file a Declaration of Domestic Partnership with the Secretary of State and at the time of the filing all of the following are true:

- Both persons have a common residence
- Neither person is married to someone else or is a member of another domestic partnership that has not been terminated, dissolved, or adjudged a nullity
- The two persons are not related by blood in a way that would prevent them from being married in California
- Both persons are at least 18 years old
- Both persons are members of the same sex, or opposite sex couples if one or both persons is over age 62 and is eligible for old age insurance benefits under the Social Security Act
- Both persons are capable of consenting to the domestic partnership

Am I eligible for guaranteed issue coverage, without the need for medical underwriting?

The federal Health Insurance Portability and Accountability Act (HIPAA) makes it easier for people covered under existing group health plans to maintain coverage regardless of pre-existing conditions when they change jobs or are unemployed for brief periods of time. California law provides similar and additional protections. Applicants who meet the following requirements are eligible to enroll in a guaranteed issue individual health plan from any health plan that offers individual coverage, including Health Net's Guaranteed PPO plans, without medical underwriting. A health plan cannot reject your application for guaranteed issue individual health coverage if you meet the following requirements, agree to pay the required premiums and live or work in the plan's service area.

To qualify for a HIPAA plan, you must:

- have completed a total of 18 months of coverage without a significant break (excluding any employer-imposed waiting period) under a group health plan
- the most recent coverage must have been under a group health plan (COBRA and Cal-COBRA coverage are considered group coverage).
- the applicant must not be eligible for coverage under any group health plan, Medicare or Medicaid, and must not have other health insurance coverage.
- the individual's most recent coverage could not have been terminated due to fraud or nonpayment of premiums.
- if COBRA or Cal-COBRA coverage was available, it must have been elected and such coverage must have been exhausted.

If you want to find out if you qualify, contact us so that we can determine your eligibility and tell you about the available HIPAA plans. If you believe your rights under HIPAA have been violated, please contact the Department of Managed Health Care at 1-888-HMO-2219 or visit the Department's website at www.hmohelp.ca.gov.

How does the monthly billing work?

Your premium must be received by Health Net by the first day of the coverage month. If there are premium increases after the enrollment effective date, you will be notified at least 30 days in advance.

If you choose Health Net's Simple Pay option or credit card billing, you will be exempt from any administrative billing fees. If you do not choose Health Net's Simple Pay option or credit card billing, a \$5 per month administrative fee will be charged each month to cover the expense of issuing a monthly bill.

Can benefits be terminated?

You may cancel your coverage at any time by giving Health Net written notice. In such event, termination will be effective on the first of the month following our receipt of your written notice to cancel. Health Net has the right to terminate your coverage for any of the following reasons:

- You do not pay your premium on time
- You and/or your family member(s) cease being eligible
- You knowingly submit to Health Net materially incorrect or incomplete information which is reasonably relied upon by Health Net in issuing or renewing individual and family plan coverage

Health Net can terminate your coverage, together with all like policies, by giving 90 days' written notice. Members are responsible for payment of any services received after termination of coverage at the provider's prevailing non-member rates. This is also applicable to members who are hospitalized or undergoing treatment for an ongoing condition on the termination date of coverage. If you terminate coverage for yourself or any of your family members, you may apply for re-enrollment, but Health Net may decline enrollment at its discretion.

Are there any renewal provisions?

Subject to the termination provisions discussed, coverage will remain in effect for each month prepayment fees are received and accepted by Health Net. You will be notified 30 days in advance of any changes in premiums.

Does Health Net coordinate benefits?

There are no Coordination of Benefit provisions for individual plans in the State of California.

What is utilization review?

Health Net makes medical care covered under our Individual & Family PPO insurance plans subject to policies and procedures that lead to efficient and prudent use of resources and, ultimately, to continuous improvement of quality of care. Health Net bases the approval or denial of services on the following main procedures:

- Evaluation of medical services to assess medical necessity and appropriate level of care
- Implementation of case management for long-term or chronic conditions
- Review and authorization of inpatient admission and referrals to non-contracting providers
- Review of scope of benefits to determine coverage

If you would like additional information regarding Health Net's Utilization Review System, please call the Member Services department at 1-800-839-2172.

Does Health Net cover the cost of participation in clinical trials?

Routine patient care costs for patients diagnosed with cancer who are accepted into phase I, II, III or IV clinical trials are covered when medically necessary, recommended by the member's treating physician and authorized by Health Net. The physician must determine that participation has a meaningful potential to benefit the member and the trial has therapeutic intent. For further information, please refer to the PPO policy.

What if I have a disagreement with Health Net?

Members dissatisfied with the quality of care received, or who believe they were denied service or a claim in error, may file a grievance or appeal. In addition, plan members can request an independent medical review of disputed health care services from the Department of Insurance if they believe that health care services eligible for coverage and payment under their Health Net plan was improperly denied, modified or delayed by Health Net or one of its contracting providers.

Also, if Health Net denies a member's appeal of a denial for lack of medical necessity, or denies or delays coverage for requested treatment involving experimental or investigational drugs, devices, procedures or therapies, members can request an independent medical review of Health Net's decision from the Department of Insurance if they meet eligibility criteria set out in the Policy.

Members not satisfied with the results of the grievance and appeals process may submit the problem to binding arbitration. Health Net uses binding arbitration to settle disputes, including medical malpractice. As a condition of enrollment, members give up their right to a jury or trial before a judge for the resolution of such disputes.

Important Notice to California Policyholders

In the event that a member needs to contact someone about his or her insurance coverage for any reason, please contact:

Health Net Life Insurance Company

Individual & Family Plans

Post Office Box 1150

Rancho Cordova, California 95741-1150

1-800-909-3447

If a member has been unable to resolve a problem concerning his or her insurance coverage, after discussions with Health Net Life Insurance Company, or its agent or other representative, her or she may contact:

What if I need a second opinion?

Health Net members have the right to request a second opinion when:

- The member's physician gives a diagnosis or recommends a treatment plan with which the member is not satisfied;
- The member is not satisfied with the result of treatment received;
- The member is diagnosed with, or a treatment plan is recommended for, a condition that threatens loss of life, limb, or bodily function, or a substantial impairment, including but not limited to a serious chronic condition, or
- The member's physician is unable to diagnose the member's condition, or test results are conflicting.

To obtain a copy of Health Net's second opinion policy, contact the Member Services Department at 1-800-839-2172.

What are Health Net's premium ratios?

Health Net Life's 2002 ratio for the Individual & Family PPO insurance plans was 81.7 percent.

What is the relationship of the involved parties?

Physician groups, contracting physicians, hospitals and other health care providers are not agents or employees of Health Net Life. Health Net Life and each of their employees are not the agents or employees of any physician group, contract physician, hospital or other health care provider. All of the parties are independent contractors and contract with each other to provide you the covered services or supplies of your coverage option. Members are not liable for any acts or omissions of Health Net Life, their agents or employees, or of physician groups, any physician or hospital, or any other person or organization with which Health Net Life has arranged or will arrange to provide the covered services and supplies of your plan.

What about continuity of care upon termination of a provider contract?

If Health Net's contract with a physician group or other provider is terminated, Health Net will transfer any affected Members to another contracting physician group or provider and make every effort to ensure continuity of care. At least 60-days prior to termination of a contract with a Physician Group or acute care hospital, Health Net will provide a written notice to affected Members. In addition, the Member may request continued care from a provider whose contract is terminated if at the time of termination the Member was receiving care from such a provider for:

- An acute condition
- A serious chronic condition
- A pregnancy (including the duration of the pregnancy and immediate postpartum care)
- A newborn (up to age 36 months)
- A terminal illness
- A surgery or other procedure that has been authorized by Health Net as part of a documented course of treatment

Health Net may provide coverage for completion of services from a provider whose contract has been terminated, subject to applicable Copayments and any other exclusions and limitations of this Plan and if such provider is willing to accept the same contract terms applicable to the provider prior to the provider's contract termination.

If you would like more information on how to request continued care, or request a copy of our continuity of care policy, please contact the Member Services department at the number on your Health Net ID card.

What are severe mental illness and serious emotional disturbances of a child?

Severe mental illness includes schizophrenia, schizoaffective disorder, bipolar disorder (manic-depressive illness), major depressive disorders, panic disorder, obsessive-compulsive disorders, pervasive developmental disorder (including Autistic Disorder, Rett's Disorder, Childhood Disintegrative Disorder, Asperger's Disorder and Pervasive Developmental Disorder not otherwise specified to include Atypical Autism, in accordance with the most recent edition of the *Diagnostic and Statistical Manual for Mental Disorders*), autism, anorexia nervosa, and bulimia nervosa.

Serious emotional disturbances of a child is when a child under the age of 18 has one or more mental disorders identified in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders*, other than a primary substance abuse disorder or a developmental disorder, that result in behavior inappropriate to the child's age according to expected developmental norms. In addition, the child must meet one or more of the following: (a) as a result of the mental disorder the child has substantial impairment in at least two of the following areas: self-care, school functioning, family relationships, or ability to function in the community; and either (i) the child is at risk of removal from home or has already been removed from the home, or (ii) the mental disorder and impairments have been present for more than six months or are likely to continue for more than one year; (b) the child displays one of the following: psychotic features, risk of suicide or risk of violence due to mental disorder; and/or (c) the child meets special education eligibility requirements under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code.

Do providers limit services for reproductive care?

Some hospitals and other providers do not provide one or more of the following services that may be covered under your Policy and that you or your family member might need: family planning; contraceptive services, including emergency contraception, sterilization, including tubal ligation at the time of labor and delivery, infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association or clinic, or call Health Net Member Services at 1-800-839-2172 to ensure that you can obtain the health care services that you need.

ADDITIONAL ITEMS FOR PPO COVERAGE ONLY

Health Net Individual & Family PPO plans are underwritten by Health Net Life Insurance Company.

Are there any pre-existing conditions?

Until the policy has been in effect for six consecutive months, covered services will not include any care required in connection with the treatment of any condition, disease or injury for which medical advice, diagnosis, care or treatment, including the use of prescription medications, was recommended by or received from a licensed health care practitioner during the six months immediately preceding the effective date of coverage under the policy.

Credit will be given toward the pre-existing condition waiting period for membership with another creditable health care plan if you apply for coverage under Health Net's PPO insurance plan within 62 days of termination with the previous plan.

When do I submit claims?

Some providers will ask you to pay a bill at the time of service. If you have to pay a bill for covered services, submit a copy of the bill and evidence of its payment to Health Net for reimbursement within 60 days of the date the service was rendered. See the Policy for details.

What are customary and reasonable charges?

Customary and reasonable charges, as determined by Health Net Life, are charges that fall within the common range of fees billed by a majority of physicians for a procedure in a given geographic region, or which are justified based on the complexity or the severity of treatment for a specific case.

If you need help with a grievance involving an Emergency, a grievance that has not been satisfactorily resolved by Health Net or a grievance that has remained unresolved for more than 30 days, you may call the Department of Insurance for assistance.

You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the Medical necessity of a proposed service or treatment, coverage decisions for treatments that are Experimental or Investigational in nature and payment disputes for emergency or urgent medical services.

EXCLUSIONS AND LIMITATIONS

No payment will be made under the Health Net Life Individual & Family PPO for expenses incurred for, or which are follow-up care to, any of the items below. The following are selective listings only. For comprehensive listings see Health Net Life Policy for Individual & Family PPO for the PPO coverages.

- Care for conditions of pregnancy, including hospital and professional services. This includes prenatal and postnatal care and delivery.
- Services and supplies that Health Net or Health Net Life determine are not medically necessary except as set out under "Does Health Net cover the cost of participation in clinical trials" and "What if I have a disagreement with Health Net?"
- Custodial care. Custodial care is not rehabilitative care and is primarily provided to assist a patient in meeting the activities of daily living, such as: help in walking, getting in and out of bed, bathing, dressing, feeding and preparation of special diets, and supervision of medications that are ordinarily self-administered, but not care that requires skilled nursing services on a continuing basis.
- Procedures that Health Net or Health Net Life determines to be experimental or investigational except as set out under "Does Health Net cover the cost of participation in clinical trials" and "What if I have a disagreement with Health Net?"
- Services or supplies provided before the effective date of coverage, and services or supplies provided after coverage through this plan has ended, are not covered.
- Reimbursement for services for which the Member is not legally obligated to pay the provider or for which the provider pays no charge.
- Any service or supplies not specifically listed as covered expenses, unless coverage is required by state or federal law.
- Services or supplies that are intended to impregnate a woman are not covered. Excluded procedures include, but are not limited to collection, storage or purchase of sperm or ova.
- Oral contraceptives and emergency contraceptives are covered. Vaginal contraceptives are limited to diaphragms, cervical caps and IUDs, and are only covered when a contracted physician performs a fitting examination and in the case of diaphragms and cervical caps, prescribes the device. IUDs are only available through the contracted physician's office, are covered as a medical benefit, and are limited to one fitting and device per year, unless additional fittings or devices are medically necessary. Diaphragms and cervical caps are only available through a prescription from a pharmacy and are limited to one prescription per year unless additional fittings or devices are medically necessary. Injectable contraceptives are covered as a medical benefit when administered by a physician.
- Cosmetic surgery that is performed to alter or reshape normal structures of the body in order to improve appearance¹
- Dental care.²
- Treatment and services for temporomandibular joint (TMJ) disorders are covered when determined to be medically necessary, excluding crowns, inlays, bridgework and appliances.
- This Plan only covers services or supplies provided by a legally operated Hospital, Medicare-approved Skilled Nursing Facility, or other properly licensed facility specified as in the Policy. Any institution that is primarily a place for the aged, a nursing home or a similar institution, regardless of how it is designated, is not an eligible institution. Services or supplies that are provided by such institutions are not covered.
- Surgery and related services for the purpose of correcting the malposition or improper development of the bones of the upper or lower jaw, except when such surgery is required due to recent trauma or the existence of tumors or neoplasms, or when otherwise medically necessary.
- Hearing aids
- Treatment for mental disorders as a condition of parole or probation and court-ordered testing.
- Private duty nursing
- Any eye surgery for the purpose of correcting refractive defects of the eye, unless medically necessary, recommended by the Member's treating physician and authorized by Health Net.
- Contact or corrective lenses (except an implanted lens that replaces the organic eye lens), vision therapy and eyeglasses²
- Services to reverse voluntary surgically induced infertility
- Sex change procedures or treatment
- Any services or supplies not related to the diagnosis or treatment of a covered condition, illness or injury. However, the Plan does cover Medically Necessary services and supplies for medical conditions directly related to non-covered services when complications exceed routine Follow-Up Care (such as life-threatening complications of cosmetic surgery).
- Physical exams for insurance, licensing, employment, school or camp. Any physical, vision or hearing exams that are not related to diagnosis or treatment of illness or injury, except as specifically stated in the Health Net Life Policy.
- Any outpatient drugs, medications or other substances dispensed or administered in any setting, except as specifically stated in the Health Net Life Policy.
- Services for a surrogate pregnancy are covered. However, when compensation is obtained for the surrogacy, the plan shall have a lien on such compensation to recover its medical expense.
- Although this Plan covers Durable Medical Equipment, it does not cover the following items: (a) exercise equipment; (b) hygienic equipment, jacuzzis and spas; (c) surgical dressings other than primary dressings that are applied by your Physician Group or a Hospital to lesions of the skin or surgical incisions; and (d) stockings, corrective shoes and arch supports.
- Personal or comfort items
- Disposable supplies for home use
- Home birth, unless the criteria for emergency care have been met
- Physician self-treatment
- Physicians treating immediate family members
- Treatment for alcoholism or drug addiction, except detoxification
- Conditions caused by the member's commission (or attempted commission) of a felony
- Conditions caused by release of nuclear energy, when government funds are available
- Outpatient speech therapy which is not provided in relation to surgery, injury or disease
- Amounts charged by Out-of-Network providers for covered medical services and treatment that Health Net Life determines to be in excess of the covered expense
- Optometric services, eye exercises including orthoptics, except as specifically stated elsewhere in the Policy
- Services or supplies received for the treatment of a pre-existing condition during the first six consecutive months during which the member is covered.
- Immunizations or inoculations for adults or children, except as described in the Policy
- Any services not related to the diagnosis or treatment of a covered illness or injury
- Inpatient room and board charges incurred in connection with an admission to a hospital or other inpatient treatment facility primarily for diagnostic tests that could have been performed safely on an outpatient basis.
- Inpatient room and board charges in connection with a hospital stay primarily for environmental change, physical therapy or treatment of chronic pain.
- Expenses in excess of a hospital's (or other inpatient facility's) most common semi-private room rate.
- Elective abortions
- Contraceptive devices and fittings
- Brand drug and non-formulary prescription drugs

- Any expenses related to the following items, whether authorized by a physician or not: (a) alteration of the member's residence to accommodate the member's physical or medical condition, including the installation of elevators; (b) corrective appliances, except prosthetics, casts and splints; (c) air purifiers, air conditioners and humidifiers; and (d) educational services or nutritional counseling, except as specifically provided in the Policy.
- Treatment or surgery for obesity, weight reduction or weight control, except when provided for morbid obesity, as determined by Health Net Life.
- All benefits provided under the Policy shall be reduced by any amounts to which a member is entitled under the program commonly referred to as Medicare when federal law permits Medicare to pay before an individual health plan.
- Services performed by a person who lives in the member's home or who is related to the member by blood or marriage.
- Any services provided by, or for which payment is made by, a local, state or federal government agency. This limitation does not apply to Medi-Cal, Medicaid or Medicare.
- If the member receives services or obtains supplies in a foreign country, benefits will be payable for emergency care only.
- Hyperkinetic syndromes, learning disabilities, behavior problems or mental retardation, regardless of the type of service. Certain conditions are covered if their level of severity meets the criteria of serious emotional disturbances of a child or severe mental illness.
- Services to diagnose, evaluate or treat infertility
- Immunizations or inoculations for foreign travel or occupational purposes
- All other immunizations
- Physician's visit to member's home
- Acupuncture
- Chiropractic care

¹When a medically necessary mastectomy has been performed, breast reconstruction surgery and surgery performed on either breast to restore or achieve symmetry (balanced proportions) in the breast are covered. In addition, when surgery is performed to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors or disease, to do either of the following: improve function or create a normal appearance to the extent possible, unless the surgery offers a minimal improvement in the appearance of the member.

²The FirstChoice PPO Plus plan includes certain dental and vision services as described in this guide. For dental and vision benefit information for this plan, refer to the benefits sections in this guide, or the Policy.

PPO COVERAGE CERTIFICATION REQUIREMENTS

We work with you and your doctor to determine the most effective course of treatment covered under your policy. Through our Certification Program, you get approval for coverage before obtaining certain types of services. This helps protect you from undergoing unnecessary medical procedures – and from having to pay a medical bill because a service isn't covered.

When you receive certification for coverage, it means we've determined that the procedure your doctor has recommended is medically necessary and is appropriate treatment for your health problem. Certification also confirms that we'll extend coverage for the procedure, according to the terms of your policy. If you don't obtain certification when it is required, any benefits payable will be reduced by 50 percent. The reduction in benefits by 50 percent will apply to the following procedures:

1. Inpatient admissions. Any type of facility, including but not limited to:

- Hospital
- Skilled nursing facility
- Mental health facility
- Chemical dependency facility
- Acute rehabilitation center
- Hospice

2. Ambulance

- Air Ambulance
- Non-emergent transport

3. Ambulatory services

- Durable Medical Equipment
 - Home Health Care Agency Services including nursing, physical therapy, occupational therapy, speech therapy, home I.V. therapy, Hospice Care, tocolytic services (intravenous drugs used to decrease or stop uterine contractions in premature labor) and home uterine monitoring
 - Prosthesis for major limbs
4. Experimental services, new technology and evolutionary changes in proven technology
5. Orthognatic procedures (surgery performed to correct or straighten jaw and/or other facial bone misalignments to improve function.)
6. Outpatient Diagnostic Imaging:
- CT Scans
 - MRA (Magnetic Resonance Angiography)
 - MRI (Magnetic Resonance Imaging)
 - MUGA Cardiac Scan (Multiple Gated Acquisition)
 - PET (Positron Emission Tomography)
 - SPECT (Single Photon Emission Computed Tomography)
7. Surgical procedures including:
- Abdominal, ventral, umbilical, incisional hernia repair
 - Blepharoplasty
 - Breast reductions and augmentations
 - Mastectomy for gynecomastia
 - Rhinoplasty
 - Sclerotherapy
 - Uvulopalatopharyngoplasty (UPPP) and laser assisted UPPP
8. Temporomandibular Joint (TMJ) Disorder treatment
9. Transplant-related services including pre-evaluation and pre-treatment services, and the transplant procedure

EXCEPTIONS

HNL does not require Certification for dialysis services or maternity care. However, please notify HNL upon initiation of dialysis services or at the time of the first prenatal visit.

We will consider the medical necessity for the proposed treatment, the proposed level of care (inpatient or outpatient) and the duration of the proposed treatment, with the exception of reconstructive surgery incident to a mastectomy.

You must request certification five or more days before the proposed admission date or commencement of treatment, except when due to an emergency. In the event of an emergency, you or your doctor must contact us within 48 hours or as soon as reasonably possible. Services provided as a result of an emergency will not require certification.

Note: The reduction in benefits by 50 percent that is payable under Individual & Family PPO will continue to apply to benefits payable after you have met your maximum out-of-pocket limit.

PREGNANCY

When a member gives birth to a child in a hospital, she is entitled to benefits for 48 hours of inpatient care following a vaginal delivery or 96 hours following a cesarean section delivery. Certification penalties will not be applied for that period of time. However, certification must be obtained for a cesarean section if the physician determines that a longer stay is medically necessary.

GENERIC PRESCRIPTION DRUG BENEFITS INDIVIDUAL & FAMILY PLANS FIRSTCHOICE PPO

This guide is to assist you in understanding the Prescription Drug Formulary list for generic drugs, covered under the FirstChoice PPO. These are commonly prescribed Food and Drug Administration (FDA) – approved drugs chosen by Health Net Life Insurance Company for their value and effectiveness. Drugs not listed on this formulary are NOT covered under your plan.

When your physician writes prescriptions for medications listed on the Recommended Drug List, it will ensure that you are obtaining the most value for your prescription benefits coverage. Always ask your physician to refer to the List for all of his prescribing needs. Consider bringing the Health Net Recommended Drug List when you visit your doctor.

Who develops the list of medications featured in the Health Net Recommended Drug List?

The Recommended Drug List is developed and updated by the effort of the Health Net Pharmacy and Therapeutics Committee (P&T). The Health Net P&T Committee, consisting of actively practicing physicians and pharmacists who are invited from provider groups (PPGs) throughout California based on their experience, knowledge, and expertise in their specialties. In addition to the committee members, other external physician experts are consulted upon to provide input to the Committee.

The Recommended Drug List is a dynamic document that is continuously updated as new clinical information and new products become available. Product selection is an important part of our collaborative efforts to optimize management of pharmaceutical care and health outcomes. In order to keep the Recommended Drug List current, the P&T Committee reviews the Recommended Drug List at least annually. The focus of the review is to assess clinical efficacy, safety, and overall value.

Information contained in the Health Net Recommended Drug List is subject to change. The medication list may also not be comprehensive. Quantity and dosage strength limitations may apply. Prior authorization may be required on certain products. Consult your Policy for further information, or call Member Services for any verification.

Generic drug

When a drug's patent expires, other companies can make copies of the original drug. Generic drugs contain the same medicine as the original brand name and are equivalent of brand name drugs. They share the same chemicals as their brand name counterparts and must meet strict FDA requirements to be manufactured. Generic drugs are equally safe and effective as brand name drugs and treat the same medical conditions. Although lesser in cost, generic drugs offer the same usefulness as brand name drugs.

Brand name drug

A brand name drug has been given a brand or trade name by its manufacturer. When a new drug is developed, the manufacturer applies for a patent which also gives them the right to name its product. Manufacturers of drugs usually pick unique names to promote product recognition.

Prior Authorization

When a medication is noted on the Recommended Drug List as Prior Authorization Required, your doctor must contact Health Net to provide information on the medical reasons for prescribing this medication. Upon receiving the necessary information, Health Net will assess this information based on established clinical criteria for the particular product. If the clinical criteria are met, an authorization will be issued for the medication.

Step-care protocols may apply to certain medications. If step-care protocols apply, prerequisite medications must be tried before a step-therapy medication will be covered. Also, certain drugs may be subject to quantity level limits based on drug manufacturer's packaging size or clinical guidelines. Both step-care protocols and clinical guidelines are reviewed and approved by the Health Net P&T Committee. Please refer to www.healthnet.com for the recommended drug list.

DENTAL COVERAGE INCLUDED WITH HEALTH NET INDIVIDUAL & FAMILY PPO PLUS OPTIONS

Principal benefits and coverages of the Dental Plan provided with PPO Plus plans

Dental coverage for PPO Plus plans is underwritten by Health Net Life Insurance Company and administered by SafeGuard Health Plans, Inc. This benefit is included with Health Net PPO Plus plans only.

Dental benefits are for individuals and families who want quality, yet affordable, dental coverage with the freedom to go to any licensed dentist or dental specialist.

Dental benefits are not subject to health plan deductible requirements, and do not accumulate toward the out-of-pocket maximum responsibility.

A choice of providers

Under the Dental Plan, covered services can be obtained from any licensed dentist of your choice to receive your dental care. No referral is necessary to see a specialist. All covered services are reimbursed up to a maximum allowed fee as shown in the Schedule of Benefits.

Deductibles

At the time you receive services, you will be required to satisfy the calendar year deductible. Deductibles are paid to your dentist at the time care is rendered. The Dental Plan has a deductible of \$50. The deductible amount will apply separately to you and each of your dependents. This deductible is waived for diagnostic and preventive services.

Maximum allowed fee

The maximum allowed fee is the maximum amount Health Net Life will pay for covered services (please refer to the Schedule of Benefits). You will be responsible for your deductible and the dentist's normal charges in excess of the maximum allowed fee.

Maximum benefit limit

The calendar year maximum benefit for the Dental Plan is \$1,000. The calendar year maximum benefit will apply separately to you and each of your dependents. This is the maximum amount Health Net Life will pay for covered services per calendar year.

Dental Member Services

If you have a question about the benefits of the Dental Plan, just call Health Net Dental's Customer Service at 1-800-880-8113. Representatives will be happy to assist you.

 - n) Stayplates (temporary partial dentures) are limited to the replacement of anterior teeth and only during the healing phase following extractions.
 - o) Benefits for the replacement of an existing fixed partial denture are payable only if the existing bridge:
 - 1) Is more than 5 years old (see the Denture or Bridge Replacement/Addition provision for exceptions);
 - 2) Cannot be made serviceable; and
 - 3) 2 years have elapsed after the member's effective date of coverage under the Dental Plan.
 - A fixed partial denture is the benefit for the replacement of a missing single tooth only if there are no other missing teeth in the same arch.
 - A removable partial denture is the benefit for the replacement of more than 1 missing tooth in the same arch, limited to one per 5 years.

5. Denture or bridge replacement/addition

Health Net Life will not pay for the replacement of a full denture, partial denture, fixed partial denture or for teeth added to a partial denture unless:

- a) 5 years have elapsed since last replacement of the denture or bridge;
- b) The denture or bridge cannot be made serviceable;
- c) The denture or bridge was damaged while in the member's mouth when an injury was suffered while insured under the Policy, and it cannot be made serviceable; and
- d) 2 years have elapsed after the member's effective date of coverage under the Dental Plan. However, the following exceptions will apply:
 - e) Benefits for the replacement of an existing partial denture that is less than 5 years old will be covered if there is a dentally necessary extraction of an additional functioning natural tooth and the partial denture cannot be made serviceable.
 - f) For an existing fixed partial denture that is less than 5 years old, and an existing abutment or a functioning natural tooth within the same arch is extracted, the covered benefit will be a partial denture.

6. Missing teeth limitation

Health Net Life will not pay benefits for replacement of teeth missing on you or your dependents' effective date of coverage for the purpose of the initial placement of a full denture, partial denture or fixed partial denture (bridge), except as follows:

- a) The initial placement of full or partial dentures will be considered a covered dental charge if the placement includes the initial replacement of a functioning natural tooth extracted while the member is insured under the Policy.
- b) The initial placement of a fixed partial denture will be considered a covered dental charge if the placement includes the initial replacement of a functioning natural tooth extracted while the member is insured under the Policy. However, the following restrictions will apply:
 - Benefits will only be covered for the replacement of the teeth extracted while the member is covered under the Policy and the replacement is furnished within 12 months of the date the tooth was first extracted.
 - Benefits will not be covered for the replacement of other teeth that were missing on the member's effective date. Please refer to the Type III: Major Dental Services section of the Policy for further information.

General exclusions

Health Net Life will not pay expenses incurred for any of the following:

1. Treatment that is: a) not included in the Dental Plan Schedule of Benefits; b) not dentally necessary; or c) Experimental in nature.
2. Services and supplies related to the change of vertical dimension, restoration or maintenance of occlusion, re-implantation, splinting and stabilizing teeth, bite registration, bite analysis, attrition, erosion or abrasion, and treatment for myofascial pain disorders (MPD) or temporomandibular joint dysfunction (TMJ).
3. Services and supplies provided primarily for cosmetic purposes.
4. Crowns, inlays, cast restorations or other laboratory prepared restorations on teeth that may be restored with an amalgam or composite resin filling.
5. Athletic mouthguards; denture duplication; infection control; separate charges for acid etch; treatment of jaw fractures; orthognathic surgery; exams required by a third party; travel time; transportation costs; professional advice given on the phone.
6. Implants, related procedures or services involving root form implants.

8. Prescription drugs or any medications are not covered.
9. Services, procedures or supplies for which a charge would not have been made in the absence of insurance.
10. Procedures, services or supplies for which the member does not have to pay, except when payment of such benefits is required by law and then only to the extent required by law.
11. Treatment will be considered a covered service and supply only when the member is eligible for services on the date treatment is started. Payment is based on the start date.
12. Services and supplies obtained while outside the United States, except for emergency dental care.

VISION COVERAGE INCLUDED WITH HEALTH NET INDIVIDUAL & FAMILY PPO PLUS OPTION

IMAGE VISION BENEFITS

Principal benefits and coverages of the Image Health Net Vision plan for vision care provided with PPO Plus plans

Underwritten by Health Net Life Insurance Company and administered by EyeMed Vision Care, Inc.

This benefit is included with Health Net PPO Plus plans.

Image Vision benefits are for individuals and families who want quality, yet affordable, vision coverage.

Vision benefits are not subject to health plan deductible requirements, and do not accumulate toward the maximum calendar year copayment responsibility.

Copayments

At the time you receive services, you will be required to pay the copayment amounts listed in the Schedule of Benefits. The copayment amounts will apply separately to you and each of your dependents.

Maximum Benefit Retail Allowances

After the copayment amounts are satisfied each calendar year, Health Net Life will pay for benefits for covered charges up to the maximum benefit retail allowance, as shown in the Schedule of Benefits. You will be responsible for any charges in excess of the maximum benefit allowance.

A choice of providers

Under the Image Vision Plan, covered services can be obtained from Preferred or Non-preferred Vision Providers. However, if you receive vision services or materials from a Preferred Vision Provider, covered expenses will be paid at a higher level. Certain services or materials may be payable only if obtained from a Preferred Vision Provider, as indicated in the Schedule of Benefits. Preferred Vision Providers have agreed to accept Health Net Life's determination and payment of negotiated rates for covered charges. You will be required to pay applicable copayments and coinsurance amounts and all charges in excess of the maximum benefit retail allowance.

If services or materials are received from Non-preferred Vision Providers, Health Net Life will reimburse covered charges at the maximum benefit retail allowance for covered services, as indicated in the Schedule of Benefits.

Obtaining vision benefits

At the time of your visit, you will be required to pay applicable copayments and coinsurance amounts and all charges in excess of the maximum benefit retail allowances as shown in the Schedule of Benefits.

Preferred vision providers

To get a list of Preferred Providers in your area simply log on to www.healthnet.com and click on Search our Doctor Network. Health Net Life will pay the Preferred Vision Provider any covered charges without you having to submit a claim. See the Policy for details.

Non-preferred vision providers

If you receive benefits from a Non-preferred Vision Provider, you will be responsible for the difference in the maximum benefit retail allowance and the provider's normal fee. You will be required to pay the full cost for the covered service, then submit a claim for reimbursement. See the Policy for details.

Vision Member Services

If you have a question about the benefits of the Image Vision Plan, or need assistance in selecting a Preferred Vision Provider, just call Health Net Vision's Member Services at 1-866-392-6058. Representatives will be happy to assist you.

Second pair

We recognize that many members prefer to have a second pair of frames and lenses as a convenience. The first pair of frames and corrective lenses are covered by the plan; however, we have negotiated with Preferred Vision Providers to extend a 20 percent discount from their reasonable and customary fees for a second pair of frames and corrective lenses (including, but not limited to, prescription sunglasses, VDT prescription in lieu of bifocals, safety glasses, occupational or recreational glasses) at the same time as the first pair of frames and corrective lenses. Of the two pairs of frames and corrective lenses, the more expensive pair will be defined as the "first pair" while the less expensive pair will be considered the "second pair."

Principal exclusions and limitations for Image Vision benefits

The following is a selective listing only. For a comprehensive listing see the Health Net PPO policy

1. Charges for procedures, services or materials that are not included as covered charges.
2. Any portion of a charge in excess of the maximum benefit allowance.
3. Expenses for any non-standard corrective lens materials, including but not limited to the following: coated, dyed, glass lens tints or laminated lenses, blended, or oversize lenses, occupational or recreational lenses, polycarbonate, safety glasses, scratch resistant, UV protection, anti-reflective, or photochromatic/ photosensitive lenses.
4. Non-prescription lenses.
5. Orthoptics, vision training and low vision aids and any associated supplemental testing.
6. Medical or surgical treatment of the eye including, but not limited to, Laser In Situ Keratomileusis (LASIK) and Photorefractive Keratectomy (PRK).

7. Prescription or non-prescription medications.
8. Any eye examination or any corrective eyewear required as a condition of employment.
9. Services or materials which the company determines to be experimental, cosmetic or not medically necessary.
10. Any service or material not prescribed by an ophthalmologist, optometrist or registered dispensing optician.
11. Services and materials furnished in conjunction with excluded services and materials.
12. Services and materials for repair or replacement of broken, lost or stolen lenses, contact lenses or frames.
13. Services and materials that a covered person received during a service interval under any other plan offered by the company or one of the company's affiliates.
14. Charges incurred before a covered person's effective date of coverage under the policy or after such coverage terminates.
15. Services or materials received as a result of disease, defect or injury due to war or an act of war (declared or undeclared), taking part in a riot or insurrection, or committing or attempting to commit a felony.
16. Services and materials obtained while outside the United States, except for emergency vision care.
17. Services or materials resulting from or in the course of your or a dependent's regular occupation for pay or profit for which you or your dependent is entitled to benefits under any worker's compensation law, employer's liability law or similar law. You must promptly claim and notify the company of all such benefits.

18. As follows:

- Charges payable or reimbursable by or through a plan or program of any governmental agency, except if the charge is related to a non-military service disability and treatment is provided by a governmental agency of the United States. However, Health Net Life will always reimburse any state or local medical assistance (Medicaid) agency for covered services and materials;
- Charges not imposed against the person or for which the person is not liable;
- Charges reimbursable by Medicare Part A and Part B. If a person at any time was entitled to enroll in the Medicare program (including part B) but did not do so, his or her benefits under this policy will be reduced by an amount that would have been reimbursed by Medicare, where permitted by law. However, for persons insured under employers who notify the company that they employ 20 or more employees during the previous business year, this exclusion will not apply to an actively working employee and/or his or her spouse who is age 65 or older if the employee elects coverage under this policy instead of coverage under Medicare;

19. Services, procedures or materials for which a charge would not have been made in the absence of insurance.

Prior authorization

Certain vision services require prior authorization by Health Net Life in order to be covered. This means that the vision provider must contact Health Net Life to request that the service be approved before it is provided. Requests for prior authorization will be denied if the requested service is not medically necessary. See the Policy for details.
