

HEALTH PLANS FOR INDIVIDUALS AND FAMILIES

Health insurance and more – for the way you live

Effective January 1, 2009

Health Net®
A BETTER DECISION

What makes Health Net a better decision? Depends on whom you ask. Some people choose us for the benefits we offer. Others for our large networks that offer an array of choice. Still others choose Health Net for our innovative health and wellness programs – like Decision Power.SM

Chances are, whatever is most important to *you*, you'll find it here.

Your Insurance Policy, which you will receive after you enroll, contains the terms and conditions, as well as the governing and exact contractual provisions, of your Health Net coverage. It is important for you to carefully read this document and your Insurance Policy thoroughly once you receive them, especially all sections that apply to those with special health care needs. Health benefits and coverage matrices on pages 11–15 are included to help you compare coverage benefits.

If you enroll for PPO coverage, and you are not satisfied with your coverage after reviewing the Insurance Policy, you may return it within 10 days of receipt. Any premium paid will be returned to you and the Insurance Policy will be considered void from the beginning as if it had never been issued.

Please read the following information so you will know from whom or what group of providers health care may be obtained.

Please note: This brochure should include the Coverage and Exclusions presale disclosure document (see back pocket), which explains general plan exclusions and limitations. Both documents should be read together. If you do not receive the presale disclosure document, you can obtain a copy by contacting your authorized Health Net Agent or your Health Net Sales Representative at **1-800-909-3447, option 2.**

Helpful definitions

In this guide, you'll see words used that are specific to health care. We've defined them here to make everything fast to read and easy to understand.

Allowable Charge

The charge that Participating or Preferred Providers are allowed to charge a Covered Person, based on a contract between Health Net Life Insurance Company (HNL) and such provider. Covered Expenses for services provided by a Participating or Preferred Provider will be based on the Allowable Charge.

Coinsurance

The percentage of covered expenses you pay for covered services, usually after you meet your deductible. These amounts vary by health plan.

Copayment (or copay)

The fixed-dollar fee that a covered person is required to pay for covered services when the services are received in addition to any applicable coinsurance and/or deductible payments. The copayment is due and payable to the provider of care at the time the service is received.

Deductible

The set amount a covered person or family unit pays each calendar year for specified covered expenses before Health Net pays any benefits for those covered expenses.

Out-of-pocket

The maximum amount of copayments, coinsurance and deductibles you must pay for covered services for each calendar year.

Participating or Preferred Providers

Physicians, Hospitals or other Providers of health care who have a written agreement with HNL to participate in the PPO network and have agreed to provide members with health care at a contracted rate (the Allowable Charge). The Covered Person must pay any deductible(s), copayment or coinsurance required, but is not responsible for any amount charged in excess of the Allowable Charge. Participating or Preferred Providers are listed in the Preferred Provider Directory.

PPO (Preferred Provider Organization)

A health care provider arrangement whereby HNL contracts with a group of physicians or other medical care providers who agree to furnish covered services and supplies.

PPO: the freedom to choose, the support to choose wisely

If freedom of choice is what you want, our PPO is the plan for you. You can go to any doctor or hospital in our PPO network – there are more than 13,000 primary physicians, 44,500 specialists and 300 hospitals to choose from. Or you can see a provider not in our network.

- When you choose a **participating** network provider, you pay:
 - A calendar-year deductible, if applicable
 - A fixed copayment or coinsurance after you've met your calendar-year deductible (up to the calendar-year out-of-pocket maximum)

A *coinsurance* is the percentage of your doctor's bill that is your responsibility. When your doctor submits a bill, we pay our portion and send you a statement called an Explanation of Benefits that lists the amount you owe. Your doctor will then bill you for the amount on this statement.

- When you see a **non-participating** provider, you generally pay:
 - A calendar-year deductible
 - A coinsurance after you've met your calendar-year deductible (up to the calendar-year out-of-pocket maximum). Note that the copayment/coinsurance is higher when you go out-of-network to a non-participating provider, which means you'll pay more
 - Charges that exceed allowances for covered services

Some services may be covered only when you receive them from in-network physicians and facilities. And all hospital care (including outpatient procedures) requires pre-certification. Of course, in an emergency, go to the closest emergency facility. Emergency care is available worldwide.

IS A HEALTH NET PPO RIGHT FOR YOU?

Yes, if you want:

- Freedom of choice, no referrals required
- Control over how much you spend – your costs are usually lower when you use our network and participating providers
- Broad network access throughout California. Plus, when traveling, you'll have access to more than 4,700 hospitals and 490,000 providers available nationwide through an arrangement with First Health®, a national PPO network.
- Time savings convenience – no claim forms to file when you use network services

PPO PLAN CHOICES

ValueChoice

Offered at a low monthly premium with a higher annual deductible, this subscriber-only plan provides basic coverage for those who rarely get sick or visit the doctor.

SimpleChoice

The SimpleChoice plans are available with five different coverage options. Most benefits are the same for each coverage option; what changes is the deductible, preventive care copayment, and premium (the amount you pay monthly for plan coverage).

SimpleValue

These are our zero-deductible, subscriber-only plans. Zero-deductible means there is no annual deductible to meet. You pay copayments for doctor visits and coinsurances for other services, where applicable. These plans also offer flexible pharmacy choices: Generic Only for value, or Combo for Generic and Brand prescriptions.

“Subscriber-only” means the plan covers just the individual who is applying for coverage. Multiple family members may apply separately for a subscriber-only plan.

EZ Access HSA: high deductible PPO insurance plans with tax saving opportunities

Health Net's EZ Access plans work just like our PPO plans: you choose whether to see a provider in our network or go to an out-of-network licensed physician or health care professional. When you go out-of-network, you usually pay more for the services you receive. Either way, you don't need a referral from your doctor to see a specialist or go to the hospital.

What's different about HSA-compatible PPOs is that the deductible is higher but you spend less on monthly premiums. Things to know:

- HSA-compatible insurance plans have combined medical and pharmacy deductibles. This means that you pay the full cost of prescriptions and medical care (at our negotiated rates) until your annual deductible has been met.
- The deductible for child and adult preventive care benefits is waived (in-network only). There is a low copayment for preventive care.
- The plan deductible is combined for in-network and out-of-network services.

Plus, you can open an HSA and use tax-free dollars to pay for qualified medical expenses.² Other HSA advantages:

- You have complete control over your health care dollars and can use them when you like.
- Contributions (up to the IRS maximum) and withdrawals are tax-free when used for qualified medical or pharmacy expenses.
- HSA funds can be invested and investment earnings are non-taxable when used for qualified medical expenses.
- Long-term savings, rollover features (no time limit for using the funds) and catch-up contribution for members between the ages of 55 to 65.

HSA-COMPATIBLE PPO PLAN CHOICES

Optimum Advantage HSA

These high-deductible PPO plans work well for people who don't go to the doctor often but who want protection

IS AN HSA-COMPATIBLE PPO RIGHT FOR YOU?

Yes, if you want:

- Freedom of choice, no referrals required
- Control over how much you spend – your costs are lower when you use our network
- Broad network access throughout California. Plus, when traveling, you'll have access to more than 4,700 hospitals and 490,000 providers available nationwide through an arrangement with First Health®, a national PPO network.
- Convenience – no claim forms to file when you use network services
- Tax-saving advantages of a health savings account – a smart way to save, spend and invest your health care dollars.²

against the unexpected. You have a choice of two annual deductible amounts – \$2,500 or \$4,500. The higher the deductible amount, the lower your monthly premium.

With Optimum Advantage HSA plans, there are no surprises or hidden costs, and no complicated copayment/coinsurance structure to figure out. After you meet your calendar year deductible, in-network benefits are paid at 100%. Plus, you have immediate coverage for child and adult preventive care services for which you pay a set copayment.

Once you're enrolled in one of these plans, you may open an HSA at any bank or financial institution that offers them. To make it easy, Health Net has partnered with Bank of America to offer our members an HSA that's easy to administer, quick to set up (within 15 calendar days), and comes with a convenient Bank of America VISA® debit card for account access.

²Federal tax information only. State taxes may apply. Qualified medical expenses include plan deductibles and copayments, as well as services such as vision, dental and prescription drugs. A full list of qualified medical expenses is included in IRS publication 502 – Medical and Dental Expenses, which you can find at www.irs.gov. Enter "502" in the search field.

Important things to know about your medical coverage

Who is eligible?

To be eligible for Health Net Individual & Family PPO, you must: be under the age of 65, not be eligible for Medicare, reside continuously in our service area, and meet our application and underwriting requirements for coverage.

In addition, your spouse or domestic partner, if under age 65, and all your unmarried dependent children under 19 years of age also are eligible (subject to underwriting requirements; the ValueChoice 1500 and SimpleValue plans are available to subscribers only). Unmarried dependent children enrolled in an accredited school as full-time students and under 24 years of age are also eligible, if proof of full-time student status is provided.

Domestic Partner is defined as two adults who have chosen to share one another's lives in an intimate and committed relationship of mutual caring.

A Domestic Partner is a person eligible for coverage provided that the partnership with the Subscriber meets all domestic partnership requirements under California law or another recognized state or local agency. The Domestic Partner and Subscriber must meet the following requirements:

- Both persons have a common residence
- Neither person is married to someone else or is a member of another domestic partnership that has not been terminated, dissolved, or judged a nullity
- The two persons are not related by blood in a way that would prevent them from being married in California
- Both persons are at least 18 years old
- Both persons are members of the same sex, or opposite sex couples if one or both persons is over age 62 and is eligible for Social Security benefits
- Both persons are capable of consenting to the domestic partnership
- Both file a Declaration of Domestic Partnership with the Secretary of State or an equivalent document from

another recognized state or local agency, or both are persons of the same sex who have validly formed a legal union other than marriage in a jurisdiction outside of California which is substantially equivalent to a Domestic Partnership as defined under California law.

Am I eligible for guaranteed issue coverage, without the need for medical underwriting?

The federal Health Insurance Portability and Accountability Act (HIPAA) makes it easier for people covered under existing group health plans to maintain coverage regardless of pre-existing conditions when they change jobs or are unemployed for brief periods of time. California law provides similar and additional protections. Applicants who meet the following requirements are eligible to enroll in a guaranteed issue individual health plan from any health plan that offers individual coverage, including Health Net's Guaranteed PPO plans, without medical underwriting. A health plan cannot reject your application for guaranteed issue individual health coverage if you meet the following requirements, agree to pay the required premiums and live or work in the plan's service area.

To qualify for a HIPAA plan, you must meet the following requirements:

- have completed a total of 18 months of coverage without a significant break (excluding any employer-imposed waiting period) under a group health plan
- the most recent coverage must have been under a group health plan (COBRA and Cal-COBRA coverage are considered group coverage).
- the applicant must not be eligible for coverage under any group health plan, Medicare or Medicaid, and must not have other health insurance coverage.
- the individual's most recent coverage could not have been terminated due to fraud or nonpayment of premiums.
- if COBRA or Cal-COBRA coverage was available, it must have been elected and such coverage must have been exhausted.

If you want to find out if you qualify, contact us so that we can determine your eligibility and tell you about the available HIPAA plans. If you believe your rights under HIPAA have been violated, please contact the California Department of Insurance at 1-800-927-HELP (4357) or TDD 1-800-482-4833 or visit their website at <https://interactive.web.insurance.ca.gov/contactCSD/contactUs.jsp>

How does the monthly billing work?

Your premium must be received by Health Net by the first day of the coverage month. If there are premium increases after the enrollment effective date, you will be notified at least 30 days in advance. You can choose to pay monthly by check, Automatic Bank Draft (ABD) or credit card. A Simple Pay Option form will need to be completed and submitted to Health Net to set up ABD or payment by credit card. If there are changes to the Health Net Individual & Family PPO Policy, including changes in benefits, you will be notified at least 30 days in advance.

Are there any renewal provisions?

Subject to the termination provisions discussed, coverage will remain in effect for each month prepayment fees are received and accepted by Health Net. You will be notified 30 days in advance of any changes in fees, benefits or contract provisions.

Does Health Net coordinate benefits?

There are no Coordination of Benefit provisions for individual plans in the state of California.

Does Health Net cover the cost of participation in clinical trials?

Routine patient care costs for patients diagnosed with cancer who are accepted into phase I, II, III, or IV clinical trials are covered when Medically Necessary, recommended by the Member's treating Physician and authorized by Health Net. The Physician must determine that participation has a meaningful potential to benefit the Member and the trial has therapeutic intent. For further information, please refer to the PPO Policy.

What is the relationship of the involved parties?

Physician groups, contracting physicians, hospitals and other health care providers are not agents or employees of Health Net Life. Health Net Life and each of their

employees are not the agents or employees of any physician group, contract physician, hospital or other health care provider. All of the parties are independent contractors and contract with each other to provide you the covered services or supplies of your coverage option. Members are not liable for any acts or omissions of Health Net Life, their agents or employees, or of physician groups, any physician or hospital, or any other person or organization with which Health Net Life has arranged or will arrange to provide the covered services and supplies of your plan.

What are Severe Mental Illness and Serious Emotional Disturbances of a Child?

Severe Mental Illness includes schizophrenia, schizoaffective disorder, bipolar disorder (manic-depressive illness), major depressive disorders, panic disorder, obsessive-compulsive disorders, pervasive developmental disorder (including Autistic Disorder, Rett's Disorder, Childhood Disintegrative Disorder, Asperger's Disorder and Pervasive Developmental Disorder not otherwise specified to include Atypical Autism, in accordance with the most recent edition of the Diagnostic and Statistical Manual for Mental Disorders), autism, anorexia nervosa, and bulimia nervosa.

Serious emotional disturbances of a child is when a child under the age of 18 has one or more mental disorders identified in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, other than a primary substance abuse disorder or a developmental disorder, that result in behavior inappropriate to the child's age according to expected developmental norms.
