CommunityCare HMO in Gold, Silver and Bronze

Small Group 2.0 continues to offer CommunityCare HMOs to employers in Los Angeles and Orange counties. Available from Health Net of California, Inc., these HMO designs – Gold, Silver and the new Bronze – come with the tailored CommunityCare HMO Network and feature low-priced premiums.

EnhancedCare PPO –

A More Affordable PPO for L.A.

EnhancedCare PPO gives members the best of PPO and HMO coverage – combining the choice and flexibility of a PPO with the care navigation and support of an HMO. By bringing a tailored network design to the PPO experience, this new plan’s price point makes a difference for your customers’ bottom line.

More care choices and cost control

With EnhancedCare PPO, members choose how and where to get care when they need it. They can:

- See their PCP or another doctor in the EnhancedCare Network. No referrals required.
- Use Teladoc to consult with a board-certified doctor by phone, mobile app or Web 24/7 for a \$0 copayment (\$0 copayment applies to the high deductible health plan designs after the deductible is met).
- Get doctor “house calls” for primary, preventive and urgent care through Heal.
- Call the Nurse Advice Line for nurse advice 24/7.
- Visit a retail clinic at a participating CVS.
- Go to an urgent care center for faster service (on average) and a lower copayment than at an emergency room.
- Opt to use out-of-network providers at a higher out-of-pocket cost.

EnhancedCare PPO comes with our new Advanced Choice Pharmacy Network. It includes many pharmacies like CVS, Safeway, Costco, and Vons. Not included: Walgreens.

A copilot for employee health

When they need personalized support, members can use our Health Benefit Navigator team for support in choosing services and making the best use of their plan. This gives members direct dial access to a real copilot for their health. Members may reach their dedicated Health Benefit Navigator team at 1-844-463-8188.

More budget sustainability for employers

EnhancedCare PPO, with its low-cost structure and tailored network, makes it affordable again to offer a PPO. And by giving employees more points of care – like virtual doctor visits – EnhancedCare PPO supports workplace productivity.

The EnhancedCare Network is a tailored network that we’re building and adding to throughout 2018 so that members have a carefully curated selection of provider groups and hospitals near where they live.

Health Net DHMO plans may be purchased separately or as a dual choice with Health Net Dental PPO plans.

Life and AD&D

For many small businesses, an attractive employee benefits package includes Group Term Life and Accidental Death & Dismemberment (AD&D) insurance offering desirable benefit levels. This allows a small business employer to:

- Increase the attractiveness of the company's benefit package to employees.
- Offer employees life insurance benefits at economical rates.

One way employers can enhance their benefits package and minimize administrative costs is to consolidate health and life insurance carriers. Carrier consolidation eliminates unnecessary administrative costs related to managing an employee benefits package.

Health Net Life Insurance Company underwrites Group Term Life Benefit Insurance, Accidental Death & Dismemberment, and Dependent Life Insurance.¹¹

Group Term Life Insurance

Life options

- **Option A** – \$15,000 flat amount for all employees.
- **Option B** – \$25,000 flat amount for all employees (15–100 employees).
- **Option C** – \$50,000 flat amount for all employees (25–100 employees).

Group Life plan features

- **Waiver of premium provision** – A life benefit can be extended during a period of total disability under terms specified in the group *Certificate of Insurance*.
- **Accelerated death benefit** – Provides financial protection to the insured in time of need, while also protecting the interest of the beneficiary. The accelerated benefit is a portion of the basic life insurance amount and is payable in a lump sum.
- **Conversion privilege** – A conversion privilege to whole life insurance is available to certain individuals whose coverage terminates due to reasons specified in the group policy.

Accidental Death & Dismemberment (AD&D)

These benefits are usually included as part of the group life insurance policy. Health Net Life Insurance Company does not offer Accidental Death & Dismemberment benefits on a standalone basis.

- Benefit is payable as a result of an accidental loss of life or any of the physical losses specified in the group policy.
- The maximum benefit amount is equal to the basic life amount shown in the policy.
- This maximum benefit amount is payable for loss of life. It can also be payable for the loss of sight in both eyes, loss of both hands or both feet, or any two or more of these physical losses in the same accident.
- One-half of the maximum benefit amount is payable for loss of one hand, loss of one foot or the loss of sight in one eye.

Decision Power is an integrated program created to engage people in their health. With personalized tools and achievable goals, employees can feel confident in their ability to make positive and lasting behavioral changes.

Through Decision Power, we deliver a personalized and accessible approach to wellness. Here are just a few of the ways we help employees achieve improved wellness:

Focus on early access and prevention

Here at Health Net, we don't wait until people get sick to help out. Our job, always, is to connect your client's employees with the care they need – We want them to use their benefits!

That's why we're doing outreach – phone calls, mailings and more – to encourage our members to get their annual wellness exam. It costs \$0 out-of-pocket and is the best way for people to know their health status. And for Health Net to know how best to meet their health needs.

From there, we can connect people to care and resources to help them be their healthiest. Our resources span the full spectrum of health – from timesaving conveniences to in-depth support.

- Easy access MinuteClinics – a benefit with all HMOs, making it easy to get care for common illnesses, minor injuries (like a sprain) and vaccines.
- Nurse advice line for round-the-clock support.
- Disease management for people living with ongoing health challenges like diabetes, asthma, COPD, heart disease, and heart failure.

Our outreach efforts elevate the core Decision Power priority – to help reduce high-cost service utilization and support workplace productivity by connecting employees with information, resources and support. Boosting health through prevention and early access to care is another way we're doing just that.
