Health Net CommunityCare: Tailored Network

Trusted health care resources

Building tailored, high quality networks that give your clients more value is one of the things Health Net does best. The Health Net CommunityCare network includes Legacy Health, Tuality Healthcare, Adventist Health and other distinguished providers.

By partnering with select providers – in conjunction with designing benefits that encourage cost-effective care – the CommunityCare network creates value and lowers costs for employers. Plus, it gives employees access to trusted health care resources.

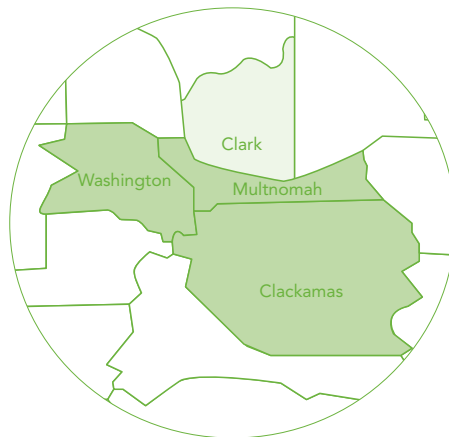

Health Net’s CommunityCare network features more than 600 primary care physicians, more than 2,100 specialists, 9 hospitals and a full complement of ancillary providers and services so your clients and their employees can count on local access to quality services.
