## Dental and vision discounts

When you're in college, every dollar counts. Get more for your health care dollar with the Stanford Student Discount Plan from Optum HealthAllies® discount plan, the easy way to save money on a wide range of vision and dental care needs. For less than \$3.25 per month — about the cost of one latte — you'll get access to discounted rates from a network of participating eye doctors, opticians and dental care professionals.

**The discount plan is not insurance.** As a member, you'll pay for the vision and dental services you purchase, but you'll pay discounted member rates. You'll save up to 10 to 35 percent on most services — sometimes even more.

The Optum HealthAllies® discount program is administered by HealthAllies, Inc., a discount medical plan organization. The discount program is not a qualified health plan under the Affordable Care Act. Optum HealthAllies is NOT insurance. The discount program provides discounts at certain health care providers for medical services. Optum HealthAllies does not make payments directly to the providers of medical services. The program member is obligated to pay for all health care services but will receive a discount from those health care providers who have contracted with the discount plan organization. HealthAllies, Inc. is located at P.O. Box 10340, Glendale, CA 91209.
