

HEALTH NET MEDICARE PART D

2010 Employer Group Formulary (List of Covered Drugs)

**THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS
WE COVER IN THIS PLAN**

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take. To get updated information about the drugs covered by Health Net, please visit our website at www.healthnet.com or call our Customer Service department at the toll-free number listed at the beginning of this booklet.

This document includes Health Net's formulary as of September 1, 2009.

WELCOME TO HEALTH NET

We are glad you have chosen us to be your plan of choice for your prescription needs. This formulary provides valuable information about the prescription drugs we cover, copayment or coinsurance levels and details on how to use your benefit. To quickly find your drug, turn to the index at the end of this booklet. For detailed information on how to read the formulary, turn to page 7.

WHAT IS THE HEALTH NET MEDICARE PART D FORMULARY?

A formulary (also known as a “drug list”) is a list of covered drugs selected by Health Net in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Health Net will generally cover the drugs listed in the formulary as long as the drug is medically necessary, the prescription is filled at a Health Net network pharmacy, and other plan rules are followed. For information on how to fill your prescriptions, please review your Evidence of Coverage (EOC).

CAN THE FORMULARY CHANGE?

Generally, if you are taking a drug on the 2010 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2010 coverage year **except** when a new, less expensive generic drug becomes available and is offered at a lower tier or lower cost to you, or when new information about the safety or effectiveness of a drug is released.

Other types of formulary changes, such as removing a drug from the formulary, will not affect members who are currently taking the drug. It will remain available at the same cost for those members taking it for the remainder of the year. We feel it is important that you have continued access for the remainder of the year to the formulary drugs that were available when you chose our plan, except for

cases in which you can save additional money or if a safer alternative is available.

To get updated information about the drugs covered by Health Net, please visit our website at www.healthnet.com or call our Customer Service department at the toll-free number listed at the beginning of this booklet.

WHAT HAPPENS IF A DRUG IS REMOVED FROM THE FORMULARY?

If we remove a drug from the formulary, move a drug to a more expensive tier, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, then we will notify affected members of the change. This notification will be at least 60 days before the change becomes effective, or when the member requests a refill of the drug, at which time the member may receive a 60-day supply of the drug. If the United States Food and Drug Administration (FDA) deems a drug on the formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from the formulary and provide notice to members who take the drug.

To get updated information about the drugs covered by Health Net, please visit our website at www.healthnet.com or call our Customer Service department at the toll-free number listed at the beginning of this booklet.

WHAT IF MY DRUG IS NOT ON THE FORMULARY?

If your drug is not included in the formulary, you should first contact Customer Service and ask if your drug is covered. If you learn that Health Net does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by Health Net. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Health Net.
- You can ask Health Net to make an exception and cover your drug. See below for information about how to request an exception.

ARE THERE ANY RESTRICTIONS ON MY COVERAGE?

Some drugs may have additional restrictions or limits on coverage. These restrictions and limits may include:

- **Age Limits:** Some drugs may require prior authorization if your age does not meet manufacturer, FDA, or clinical recommendations.
- **Medicare Part B:** Some drugs listed on the formulary are only covered under Medicare Part B. These drugs may be obtained at a pharmacy if you have Part B coverage through Health Net. Please refer to your EOC for the appropriate copayment or coinsurance.
- **Medicare Part B vs. Part D:** For some drugs, their intended use, the way they are administered, and other factors must be reviewed to determine if they qualify for coverage under Medicare Part B or Medicare Part D. Your doctor may need to supply additional information to support that the drug qualifies for coverage under your Medicare Part D benefit. If the drug qualifies for coverage under Medicare Part B and you do not have Medicare Part B coverage through Health Net, the claim will be denied for coverage under Health Net.
- **Gender Limit:** Some drugs are only covered for males or females based on manufacturer, FDA, or clinical recommendations.
- **Limited Distribution:** Some drugs may be subject to limited distribution or restricted access. This means that a drug may only be available at one or a limited number of pharmacies. Limited distribution may be due to the following reasons:
 1. The FDA has restricted distribution of a drug to certain facilities, pharmacies or physicians, or
 2. Certain drugs require special handling, coordination of care, or patient education that cannot be received at a retail pharmacy.

You should talk to your doctor or pharmacist for details about acquiring limited distribution drugs.

- **Non-TrOOP:** Health Net covers some drugs that the Centers for Medicare and Medicaid Services (CMS) excludes from coverage under Part D. The amount paid for these drugs will not accrue toward your true out-of-pocket costs (TrOOP) or Initial Coverage Limit.
- **Prior Authorization:** Some drugs require prior authorization due to coverage, clinical effectiveness, or safety considerations. This means that you or your physician must request approval from Health Net before the drug will be covered.
- **Quantity Limits:** For some drugs, Health Net limits the amount of the drug that we will cover based on manufacturer, FDA, or clinical dosing or treatment recommendations. This may replace your standard days supply limit.
- **Step Therapy:** In some cases, Health Net requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Health Net may not cover Drug B unless you try Drug A first. If Drug A is found in your recent Health Net prescription claims history, we will automatically approve Drug B.
- **30-day Supply:** Certain drugs will not be covered for more than a 30-day supply. This limitation applies at retail, mail order, specialty and home infusion pharmacies.

You can find out if your drug has any restrictions or limits by looking in the Limits column on the formulary. For a complete description of abbreviations found in the Limits column, turn to pages 8 – 9 of this booklet.

You can ask Health Net to make an exception to these restrictions or limits. See the section, “How do I request an exception to the Health Net Medicare Part D Formulary?” for information about how to request an exception.

HOW DO I REQUEST AN EXCEPTION TO THE HEALTH NET MEDICARE PART D FORMULARY?

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover your drug even if it is not on the formulary.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Health Net may limit the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to cover more.
- On the 2-Tier Formulary, you can ask us to provide a higher level of coverage for your drug. If your drug is contained in the Injectable tier on the 2-Tier Formulary, you can ask us to cover it for a brand name (tier 2) copayment. Please note, if we grant your request to cover a drug that is not on the formulary, the drug will be available at a preferred (tier 2) copayment. A higher level of coverage for the drug will not be approved. Also, a higher level of coverage for drugs in the Specialty tier will not be approved.
- On the 3-Tier Formulary, you can ask us to provide a higher level of coverage for your drug. If your drug is contained in the non-preferred tier or the Injectable tier, you can ask us to cover it for a preferred tier copayment. Please note, if we grant your request to cover a drug that is not on the formulary, the drug will be available for a non-preferred copayment. A higher level of coverage for the drug will not be approved. Also, a higher level of coverage for drugs in the Specialty tier will not be approved.

Generally, Health Net will only approve your request for an exception if preferred alternative drugs or utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You may contact us to request an exception. When requesting an exception we require a statement from your physician supporting your request. Generally, we must make our decision within 72 hours of receiving your prescribing physician's supporting statement. You or your physician may request an expedited (fast) exception if you or your physician believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we receive your prescribing physician's supporting statement.

WHICH HEALTH NET MEDICARE PART D FORMULARY APPLIES TO YOU?

This document contains two formularies titled 2-Tier Formulary and 3-Tier Formulary.

FORMULARY TIER DESCRIPTIONS

To determine how much you will be required to pay for a drug, the abbreviations in the table below appear in the Brand Tier and Generic Tier columns on the formulary. The copayment or coinsurance level you will be required to pay is displayed in the copayment/coinsurance column. If you do not know your copayment or coinsurance for each tier, please refer to your Summary of Benefits or EOC.

ABBREVIATION	COPAYMENT/ COINSURANCE	DESCRIPTION
1	Tier 1 copayment	Generally includes preferred generic drugs. May include some preferred brand drugs.
2	Tier 2 copayment	Generally includes preferred brand drugs. May include some generic drugs.
3 (Applies to 3-Tier formulary only)	Tier 3 copayment	Non-preferred generic and brand drugs.
J	Injectable Tier copayment	Lower cost injectable drugs. These drugs are limited to a maximum 30-day supply per fill.
S	Specialty Tier copayment or coinsurance	High-cost oral and injectable drugs. Specialty drugs are limited to a maximum 30-day supply per fill and are not eligible for exceptions for payment at a lower tier.
NF	Non-formulary – If Health Net approves an exception request for a non-formulary drug, the Tier 2 copayment will apply for members on the 2-Tier Formulary and the Tier 3 copayment will apply to members on the 3-Tier Formulary.	Drugs not covered on Health Net’s Medicare Part D formulary. You may request an exception from Health Net to cover these drugs. See the section, “How do I request an exception to the Health Net Medicare Part D formulary?” for information about how to request an exception.

HOW DO I USE THE FORMULARY?

There are two ways to find your drug within the formulary:

Alphabetical Listing

The index at the end of this booklet provides an alphabetical list of all of the drugs included in the formulary. Both brand name drugs and generic drugs are listed in the index. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the index and find the name of your drug in the first column of the list.

Medical Condition

The drugs in the formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents." If you know what your drug is used for and would like to view similar drugs, look for the category name listed in the index. Then turn to the page listed in the index and find the category name in the first column of the list.

HOW DO I READ THE FORMULARY?

If you have trouble finding your drug, turn to the index at the end of this booklet.

Brand and Generic Drug Names

The name of each drug can be found in the first column of the formulary. Brand name drugs are

in uppercase (example: ZOCOR) and generic drugs are in lowercase (example: simvastatin). When there is a brand name drug with a generic equivalent available, the drugs will be listed on the same line with the generic drug in parentheses, for example: ZOCOR (simvastatin). If there is no generic equivalent available, only the brand name will appear.

- Choosing generic drugs may significantly lower your out-of-pocket costs because generic drugs are generally lower in cost than brand name drugs.
- The FDA thoroughly reviews all generic drugs to ensure they are safe and effective. A generic drug has the same active ingredients as the brand name counterpart, but may differ in size, shape, and/or color because it is made by a different manufacturer.

Tier Status

The tier status is shown to the right of the drug name under your corresponding formulary columns. Generally, when there is a brand name drug with a generic equivalent available, the brand name drug will be non-preferred or non-formulary.

Limits

The information in the Limits column tells you if there are any limits or restrictions on your drug. For a complete description of abbreviations found in the Limits column please refer to the Abbreviations table beginning on page 8.

Note: Example only

BRAND DRUG (GENERIC DRUG)	2-TIER FORMULARY		3-TIER FORMULARY		LIMITS
	BRAND TIER	GENERIC TIER	BRAND TIER	GENERIC TIER	
Therapeutic Category Name					
Therapeutic Class Name					
BRAND NAME (generic name)	NF	1	3	1	QL, PA, B/D, 30DS
BRAND NAME	NF		3		LD, ST

Brand drug only;
generic not available

Sample of abbreviations; Turn
to pages 8-9 for a complete
description of abbreviations

ABBREVIATIONS

The table below provides a description of abbreviations that appear in the Limits column on the formulary:

ABBREVIATION	DEFINITION	DESCRIPTION
AL	Age Limit	Some drugs may require prior authorization if your age does not meet manufacturer, FDA, or clinical recommendations.
B	Medicare Part B	Some drugs listed on the formulary are only covered under Medicare Part B. These drugs may be obtained at a pharmacy if you have Part B coverage through Health Net. Please refer to your EOC for the appropriate copayment or coinsurance.
B/D	Medicare Part B vs. Part D	Some drugs may be payable under the Medicare Part B or Part D benefit, depending on the intended use and other Medicare guidelines. Your doctor may need to supply additional information to support that the drug qualifies for coverage under your Medicare Part D benefit. If the drug qualifies for coverage under Medicare Part B and you do not have Medicare Part B coverage through Health Net, the claim will be denied for coverage under Health Net.
GL	Gender Limit	Some drugs are only covered for males or females based on manufacturer, FDA, or clinical recommendations.
LD	Limited Distribution	<p>Some drugs may be subject to limited distribution or restricted access. This means that a drug may only be available at one or a limited number of pharmacies. Limited distribution may be due to the following reasons:</p> <ul style="list-style-type: none"> • The FDA has restricted distribution of a drug to certain facilities, pharmacies or physicians, or • Certain drugs require special handling, coordination of care, or patient education that cannot be received at a retail pharmacy. <p>You should talk to your doctor or pharmacist for details about acquiring limited distribution drugs.</p>

ABBREVIATION	DEFINITION	DESCRIPTION
NT	Non-TrOOP	Health Net covers some drugs that the Centers for Medicare and Medicaid Services (CMS) excludes from coverage under Part D. The amount paid for these drugs will not accrue toward your true out-of-pocket costs (TrOOP) or Initial Coverage Limit.
PA	Prior Authorization	Some drugs require prior authorization due to coverage, clinical effectiveness, or safety considerations. This means that you or your physician must request approval from Health Net before the drug will be covered.
QL	Quantity Limit	<p>For some drugs, Health Net limits the amount of the drug that we will cover based on manufacturer, FDA, clinical dosing or treatment recommendations.</p> <p>This may replace your standard days supply limit.</p>
ST	Step Therapy	<p>In some cases, Health Net requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition.</p> <p>For example, if Drug A and Drug B both treat your medical condition, Health Net may not cover Drug B unless you try Drug A first. If Drug A is found in your recent Health Net prescription claims history, we will automatically approve Drug B.</p>
30DS	30-day supply	Certain drugs will not be covered for more than a 30-day supply. This limitation applies at retail, mail order, specialty and home infusion pharmacies.

HEALTH NET'S TRANSITION PROGRAM

The transition program is designed to ensure continuity of care for new members, existing members who may be subject to formulary changes, and members who experience a level of care change. A level of care change occurs when you are discharged from a hospital or moved to or from a Long Term Care (LTC) facility. The program also allows members in LTC facilities access to a temporary transition supply of drugs.

As a new member in our plan you may be taking drugs that are not on the formulary, or you may be taking a drug that is on the formulary with restrictions or limits. For example, you may need a prior authorization from us before your prescription can be filled. You should talk to your doctor to decide if you should switch to a drug that we cover or request an exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover

your drug in certain cases during the first 90 days you are a member of our plan. This may also apply to renewing members who experience a change in formulary upon annual benefit renewal.

During this time, for each of your drugs that is not on the formulary or your ability to get your drugs is limited, we will cover a one-time temporary 30-day transition supply (unless you have a prescription written for fewer days) when you go to a network pharmacy.

If you are a resident of a long-term care facility, we will cover a temporary 34-day transition supply (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on the formulary or your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 34-day emergency supply of that drug (unless you have a prescription written for fewer days) while you pursue an exception.

FOR MORE INFORMATION

For more detailed information about your Health Net prescription drug coverage, please review your EOC and other plan materials.

If you have questions about Health Net, please call our Customer Service department at the toll-free number listed at the front of this booklet, or visit www.healthnet.com.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week.

TTY/TDD users should call 1-877-486-2048. Or, visit www.medicare.gov.

TRILEPTAL (oxcarbazepine) ORAL	24
TRILEPTAL ORAL	24
TRILIPIX ORAL	32
trimethoprim oral	17

Name	Page
TRINATE (prenatal vit w/ ferrous fumarate-folic acid) ORAL.....	80
TRI-NORINYL 28 (norethindrone-eth estradiol (triphasic)) ORAL	50
TRIOSTAT (lithothyronine sodium) INTRAVENOUS	90
TRIPHASIL 28 (levonorgestrel-eth estradiol (triphasic)) ORAL	50
TRIPOHIST D ORAL	57
TRISENOX INTRAVENOUS.....	39
TRISPEC DMX PEDIATRIC ORAL.....	57
TRISPEC PSE ORAL.....	57
TRISPEC SFX ORAL.....	57
TRITUSS (phenylephrine w/ dm-gg) ORAL	57
TRIZIVIR ORAL	43
TROPHAMINE (amino acid infusion) INTRAVENOUS	83
tropicamide ophthalmic.....	83
TRUSOPT (dorzolamide hcl) OPHTHALMIC.....	86
TRUVADA ORAL.....	43
TUSDEC-DM ORAL	57
TUSNEL ORAL.....	57
TUSNEL PED-C ORAL.....	57
TUSNEL PEDIATRIC ORAL.....	57
TUSNEL-DM PEDIATRIC ORAL.....	57
TUSSAFED ORAL.....	57
TUSSALL (phenylephrine-dexbrompheniramine-dextromethorphan) ORAL	57
TUSSALL-ER (phenylephrine-dexbrompheniramine-dextromethorphan) ORAL	57
TUSS-DA NR ORAL.....	57
TUSSI-12 (chlorpheniramine tannate-carbetapentane tannate) ORAL.....	57
TUSSI-12 S (chlorpheniramine tannate-carbetapentane tannate) ORAL	57
TUSSI-12D ORAL.....	57
TUSSI-12D S ORAL.....	57
TUSSICAPS ORAL	57
TUSSIGON ORAL.....	51
TUSSIONEX PENNKINETIC EXTENDED RELEASE ORAL.....	57
TUSSI-ORGANIDIN DM-S NR (dextromethorphan-guaifenesin) ORAL.....	57
TUSSI-ORGANIDIN-S NR (guaifenesin-codeine) ORAL.....	57
TUSSI-PRES (phenylephrine w/ dm-gg) ORAL	57
TUSSI-PRES PEDIATRIC ORAL	57
TUSSIREX ORAL	57
TUSSO-XR ORAL	57
TUSSO-ZMR ORAL.....	57
TWINJECT INJECTION.....	93
TYGACIL INTRAVENOUS.....	18
TYKERB ORAL.....	38
TYLENOL/CODEINE #3 (acetaminophen w/ codeine) ORAL.....	16
TYLENOL/CODEINE #4 (acetaminophen w/ codeine) ORAL.....	16
TYLOX (oxycodone w/ acetaminophen) ORAL	16
TYSABRI INTRAVENOUS.....	88
TYZEKA ORAL	44
TYZINE NASAL.....	81

Name	Page
U	
ULORIC ORAL.....	70
ULTRACET (tramadol-acetaminophen) ORAL.....	16
ULTRAM (tramadol hcl) ORAL.....	15
ULTRAM ER ORAL.....	15
ULTRASE MT 18 ORAL.....	64
ULTRASE MT 20 ORAL.....	64
ULTRAVATE (halobetasol propionate) EXTERNAL.....	62
UNASYN (ampicillin & sulbactam sodium) INJECTION.....	87
UNIPHYL (theophylline) ORAL.....	22
UNIRETIC (moexipril-hydrochlorothiazide) (12.5/7.5 MG, 12.5/15 MG) ORAL TABS.....	34
UNIRETIC (moexipril-hydrochlorothiazide) 25/15 MG ORAL TABS.....	34
UNIVASC (moexipril hcl) 15 MG ORAL TABS.....	33
UNIVASC (moexipril hcl) 7.5 MG ORAL TABS.....	33
URECHOLINE (bethanechol chloride) ORAL.....	92
URELLE (methenamine-hyosc-methylene blue-sod phos-phenyl s) ORAL.....	92
UREX (methenamine hippurate) ORAL.....	92
URISPAS (flavoxate hcl) ORAL.....	92
UROCIT-K 10 (potassium citrate (alkalinizer)) ORAL.....	69
UROCIT-K 5 (potassium citrate (alkalinizer)) ORAL.....	69
UROXATRAL ORAL.....	70
URSO 250 (ursodiol) ORAL.....	68
URSO FORTE (ursodiol) ORAL.....	68
UVADEX INJECTION.....	39
V	
VAGIFEM VAGINAL.....	93
VALIUM (diazepam) ORAL.....	20
VALTRESX ORAL.....	44
VANACOF CD ORAL.....	58
VANACOF DX ORAL.....	58
VANACOF ORAL.....	58
VANCOMYCIN HCL INTRAVENOUS.....	17
vancomycin hcl intravenous.....	17
VANCOMYCIN HCL ISO-OSMOTIC DEXTROSE INTRAVENOUS.....	17
VANOS EXTERNAL.....	62
VANSPAR (buspirone hcl) ORAL.....	19
VANTAS SUBCUTANEOUS.....	38
VANTIN (cefepodoxime proxetil) ORAL.....	49
VASERETIC (enalapril maleate & hydrochlorothiazide) ORAL TABS.....	34
VASOTEC (enalapril maleate) (2.5 MG, 5 MG, 10 MG, 20 MG) ORAL TABS.....	33
VASOTEC (enalapril maleate) ORAL.....	33
VAZOL-D (brompheniramine & phenyleph) ORAL.....	58
VAZOTAB ORAL.....	58
VAZOTAN ORAL.....	58
VECTIBIX INTRAVENOUS.....	37
VECTICAL EXTERNAL.....	60

Name	Page
VELCADE INTRAVENOUS.....	39
VENLAFAXINE HCL ER (37.5 MG, 225 MG) ORAL TABS	26
VENLAFAXINE HCL ER 150 MG ORAL TABS	26
VENLAFAXINE HCL ER 75 MG ORAL TABS.....	26
VENTAVIS INHALATION.....	47
VENTOLIN HFA(Albuterol Sulfate) INHALATION	22
VERAMYST NASAL.....	81
verapamil hcl intravenous.....	47
VERDESO EXTERNAL.....	62
VEREGEN EXTERNAL.....	59
VERELAN (verapamil hcl) ORAL	47
VERELAN PM (verapamil hcl) ORAL.....	47
VERIPRED 20 ORAL.....	51
VESICARE ORAL.....	92
VEXOL OPHTHALMIC	85
VFEND IV INTRAVENOUS.....	30
VFEND ORAL.....	30
VIBRAMYCIN (doxycycline (monohydrate)) ORAL	89
VIBRAMYCIN 10 MG/ML ORAL SUSPENSION.....	89
VIBRATAB (doxycycline hyclate) 100 MG ORAL TABS.....	89
VICODIN ES (hydrocodone-acetaminophen) ORAL	16
VICOPROFEN (hydrocodone-ibuprofen) ORAL.....	16
VIDAZA INJECTION.....	37
VIDEX EC (didanosine) ORAL.....	43
VIDEX PEDIATRIC ORAL	43
VIGAMOX OPHTHALMIC.....	84
VIMPAT ORAL.....	24
VINATE AZ EXTRA (prenatal vit w/ fe bisglycinate chelate-folic acid) ORAL.....	80
VINBLASTINE SULFATE INTRAVENOUS.....	40
vincristine sulfate intravenous	40
VIOKASE 8 ORAL.....	64
VIRACEPT ORAL.....	43
VIRAMUNE ORAL	43
VIRATAN-DM ORAL CHEW.....	58
VIRAZOLE INHALATION	44
VIREAD ORAL.....	43
VIROPTIC (trifluridine) OPHTHALMIC	84
VISICOL ORAL.....	73
VISTARIL (hydroxyzine pamoate) ORAL	19
VISTIDE INTRAVENOUS.....	44
VITAFOL (iron w/ vitamins) ORAL TABS.....	78
VITAFOL ORAL SYRUP	78
VITAFOL-OB (prenatal vit w/ ferrous fumarate-folic acid) ORAL.....	80
VITAFOL-OB+DHA ORAL.....	80
VITA-PREN ORAL.....	80
VIVA DHA ORAL.....	80
VIVACTIL (protriptyline hcl) ORAL	26

Name	Page
VIVAGLOBIN SUBCUTANEOUS.....	86
VIVELLE-DOT TRANSDERMAL.....	68
VIVITROL INTRAMUSCULAR.....	29
VOLTAREN (diclofenac sodium) 0.1 % OPHTHALMIC SOLN.....	86
VOLTAREN 1 % EXTERNAL GEL.....	59
VOLTAREN-XR (diclofenac sodium) ORAL.....	13
VOSPIRE ER (albuterol sulfate) ORAL.....	22
YTORIN ORAL.....	31
VYVANSE (50 MG, 70 MG) ORAL CAPS.....	11
VYVANSE 30 MG ORAL CAPS.....	11
W	
water for irrigation, sterile irrigation.....	45
WELCHOL ORAL.....	31
WELLBUTRIN (bupropion hcl) ORAL.....	24
WELLBUTRIN SR (bupropion hcl) ORAL.....	24
WELLBUTRIN XL (bupropion hcl) (150 MG, 300 MG) ORAL TABS.....	24
WESTCORT (hydrocortisone valerate) EXTERNAL.....	62
X	
XALATAN OPHTHALMIC.....	86
XANAX (alprazolam) ORAL.....	20
XANAX XR (alprazolam) ORAL.....	20
XELODA ORAL.....	37
XENADERM (trypsin w/ castor oil & peruvian balsam) EXTERNAL.....	62
XENAZINE ORAL.....	88
XENICAL ORAL.....	11
XIBROM OPHTHALMIC.....	86
XIFAXAN ORAL.....	17
XODOL ORAL.....	16
XOLAIR SUBCUTANEOUS.....	21
XOLEGEL EXTERNAL.....	60
XOPENEX CONCENTRATE INHALATION.....	22
XOPENEX HFA INHALATION.....	22
XOPENEX INHALATION.....	22
XYLOCAINE (lidocaine hcl (cardiac)) INTRAVENOUS.....	20
XYLOCAINE (lidocaine hcl) EXTERNAL.....	63
XYLOCAINE JELLY (lidocaine hcl) EXTERNAL.....	63
XYZAL (2.5 MG/5ML, 10 MG/5ML, 20 MG/ML) ORAL SOLN.....	31
XYZAL 5 MG ORAL TABS.....	31
Y	
YASMIN 28 (drospirenone-ethinyl estradiol) ORAL.....	50
YAZ ORAL.....	50
YODEFAN ORAL.....	58
YODEFAN-NF ORAL.....	58
Z	
ZANAFLEX (tizanidine hcl) ORAL.....	81
ZANAFLEX ORAL.....	81

Name	Page
ZANOSAR INTRAVENOUS.....	36
ZANTAC (1 MG/ML, 5 MG/ML) ORAL SUSPENSION	91
ZANTAC (ranitidine hcl) INJECTION	91
ZANTAC (ranitidine hcl) ORAL	91
ZANTAC INTRAVENOUS	91
ZARONTIN (ethosuximide) ORAL.....	24
ZAROXOLYN (metolazone) ORAL	65
ZAVESCA ORAL.....	70
Z-COF 8DM (pseudoephedrine w/ dm-gg) ORAL.....	58
Z-COF DM (pseudoephedrine w/ dm-gg) ORAL.....	58
Z-COF DMX ORAL	58
ZEBETA (bisoprolol fumarate) ORAL	46
ZEGERID ORAL	91
ZELAPAR ORAL	40
ZEMAIRA INTRAVENOUS.....	89
ZEMPLAR INTRAVENOUS	67
ZEMPLAR ORAL	67
ZENAPAX INTRAVENOUS.....	45
ZERIT (stavudine) ORAL	43
ZESTRIL (lisinopril) ORAL.....	33
ZETIA ORAL	32
ZIAC (bisoprolol & hydrochlorothiazide) ORAL.....	34
ZIAGEN ORAL.....	43
ZIANA EXTERNAL.....	59
ZINACEF (cefuroxime sodium) INJECTION.....	48
ZINACEF (cefuroxime sodium) INTRAVENOUS.....	48
ZINACEF IN ISO-OSMOTIC DEXTROSE INTRAVENOUS	48
ZINACEF IN ISO-OSMOTIC DILUENT INTRAVENOUS.....	48
ZINACEF INTRAVENOUS.....	48
ZINECARD (dexrazoxane) INTRAVENOUS.....	39
ZITHROMAX (azithromycin) 100MG/5ML ORAL SUSPENSION	73
ZITHROMAX (azithromycin) 1GM ORAL POWDER PACK.....	73
ZITHROMAX (azithromycin) 200MG/5ML ORAL SUSPENSION	73
ZITHROMAX (azithromycin) 250 MG ORAL TABS.....	73
ZITHROMAX (azithromycin) 500 MG ORAL TABS.....	73
ZITHROMAX (azithromycin) 600 MG ORAL TABS.....	73
ZITHROMAX (azithromycin) INTRAVENOUS.....	73
ZMAX ORAL.....	73
ZOCOR (simvastatin) ORAL.....	32
ZOFRAN (ondansetron hcl) INTRAVENOUS.....	29
ZOFRAN (ondansetron hcl) ORAL.....	29
ZOFRAN ODT (ondansetron) ORAL.....	29
ZOLINZA ORAL.....	39
ZOLOFT (sertraline hcl) (2.5 MG/5ML, 10 MG/5ML, 20 MG/ML) ORAL CONC.....	25
ZOLOFT (sertraline hcl) 100 MG ORAL TABS.....	25
ZOLOFT (sertraline hcl) 25 MG ORAL TABS	25
ZOLOFT (sertraline hcl) 50 MG ORAL TABS	25

Name	Page
ZOMETA INTRAVENOUS.....	66
ZOMIG (2.5 MG, 5 MG) NASAL SOLN.....	74
ZOMIG (2.5 MG, 5 MG) ORAL TABS	74
ZOMIG ZMT ORAL	74
ZONALON (doxepin hcl (antipruritic)) EXTERNAL.....	60
ZONEGRAN (zonisamide) ORAL.....	24
ZORBTIVE SUBCUTANEOUS	66
ZOSTAVAX SUBCUTANEOUS	92
ZOSYN INTRAVENOUS.....	87
ZOTEX (phenylephrine w/ dm-gg) ORAL	58
ZOTEX -GP ORAL.....	58
ZOTEX PEDIATRIC (phenylephrine w/ dm-gg) ORAL.....	58
ZOTEX-C ORAL	58
ZOTEX-D ORAL	58
ZOTEX-DM ORAL.....	58
ZOTEX-G ORAL	58
ZOVIRAX (acyclovir) ORAL.....	44
ZOVIRAX 5 % EXTERNAL CREA	60
Z-TUSS AC ORAL	58
ZYBAN (bupropion hcl (smoking deterrent)) ORAL	89
ZYDONE ORAL	16
ZYFLO CR ORAL.....	21
ZYFLO ORAL	21
ZYLET OPHTHALMIC.....	85
ZYLOPRIM (allopurinol) ORAL	70
ZYMAR OPHTHALMIC	84
ZYPREXA (2.5 MG, 5 MG, 10 MG) ORAL TABS.....	42
ZYPREXA (7.5 MG, 15 MG, 20 MG) ORAL TABS.....	42
ZYPREXA INTRAMUSCULAR.....	42
ZYPREXA ZYDIS (5 MG, 10 MG) ORAL TABS.....	42
ZYPREXA ZYDIS 15 MG ORAL TABS.....	42
ZYVOX INTRAVENOUS.....	18
