# Introduction *How to* Enroll

Use this directory to choose a primary care physician and participating physician group. Primary care physicians are grouped according to city within this guide, and the participating physician group index is located near the back to further help you find a physician. We've also included information about how to enroll either by written form or online, provided information about our services such as Rapid Access,<sup>®</sup> and answered some frequently asked questions. For more details about your plan benefits and terms of your group's coverage, please refer to your Summary of Benefits/Disclosure Form or Evidence of Coverage.

## *Choose your doctor and physician group*

To enroll, you must select a primary care physician. If you are enrolling online, you will need to enter the 10-digit ID number, made up of the physician group and physician ID numbers.

### **By availability of your current doctor**

Refer to the primary care physician index. Available primary care physicians and the pages to reference for further enrollment information are listed in alphabetical order.

### **By location of doctor's office**

Refer to the listing of primary care physicians by city. The name of each primary care physician is grouped in alphabetical order by the city in which his or her office is located.

### **By doctor's physician group affiliation**

Refer to the participating physician group index. The names of Health Net contracting physician groups are in alphabetical order. An overview of affiliated primary care physicians and hospitals is provided for each physician group, in addition to information regarding Rapid Access and Wellness program availability.

### **By doctor's hospital affiliation**

Refer to the hospital index. Hospitals affiliated with Health Net are in alphabetical order. Next to the name of each hospital is a list of affiliated physician groups. From this list, you can choose a physician group and turn to the participating physician group index to select your primary care physician.

**Note:** Updates to this directory are continuously made and we make every effort to ensure accuracy. However, we cannot guarantee this edition is updated in all cases. Please confirm a physician's participation prior to receiving service. If the doctor you're currently seeing is listed in our directory as not accepting new patients, you can continue to see your current physician as a member of Health Net. You can also access up-to-date directory listings over the Internet at [www.healthnet.com/uc](http://www.healthnet.com/uc) > *ProviderSearch*.

**By affiliation with a particular specialist**

Although you can't select a specialist as your primary care physician, you can select a primary care physician who belongs to the same physician group as the specialist. To access a current listing of specialists, visit our website at [www.healthnet.com/uc](http://www.healthnet.com/uc). After you've located the name, find the physician group(s) the specialist is affiliated with, and choose a primary care physician who belongs to the same physician group as the specialist.

# Special Services

***Rapid Access***<sup>®</sup>

Utilize self-referral or obtain direct referrals to specialists with this service. You can directly contact a specialist affiliated with your physician group for consultation or evaluation. (Your physician group must still authorize any procedures the specialist may recommend.) With direct referral, your primary care physician can refer you directly without prior authorization from your physician group.

As of this publication, 49 specialties are represented in the Rapid Access program. Not all physician groups offer access to the same specialties, so check the participating physician group index or call a specific physician group for a listing of specialists available.

**Special note regarding obstetrics/gynecology:** Member self-referral to an OB/GYN is available at all of Health Net's contracting physician groups.

**Note:** Members may self-refer for an annual exam, but only to an OB/GYN in their assigned physician group.

### *Parents-to-be programs*

Health Net members automatically have access to our Early Prenatal Program at their participating physician groups. Moms-to-be can learn how to have a healthy pregnancy and receive additional prenatal education and parenting programs such as Childbirth Preparation, Breastfeeding and Baby Basics. Health Net also offers additional resources through our Decision Power Healthy Pregnancy Maternity Program. Call 1-855-870-BABY (2229) for more information or to enroll in the program.

### *Outpatient surgical facility*

Utilizing outpatient surgical facilities is a safe and cost-effective approach to outpatient surgery performed in a hospital. The choice to use an outpatient surgical facility begins with a thorough physical examination, completion of necessary laboratory tests, and a consultation with your doctor to discuss any related risks. Based on the doctor's discussion with the patient, he or she will select the optimal procedure, anesthesia and choice of facility in which to perform the procedure. Since overnight stays are not permitted at this type of facility, postoperative recovery is done at home. Depending on the procedure, patients should have a responsible adult available to Dr them home and assist them with recovery for approximately 24–48 hours.

**Note:** Some procedures performed in the outpatient setting may require prior authorization, and a copayment is required. Please check with your physician to confirm that your medical group has an arrangement with an outpatient surgical facility. Refer to your Evidence of Coverage or call our Customer Contact Center at 1-800-539-4072.

Also visit [www.healthnet.com/uc](http://www.healthnet.com/uc) for online resources and additional information about topics related to healthy women and children.

## Bariatric Surgery Performance Center

Bariatric surgery is provided for the treatment of morbid obesity. It is covered when medically necessary, authorized by Health Net and performed at one of the following Health Net bariatric surgery performance centers:

<i>Facility name</i>	<i>Address</i>	<i>City</i>	<i>State</i>	<i>ZIP</i>	<i>Phone</i>

# Frequently Asked Questions

## ***What is a participating physician group?***

A participating physician group is a team of physicians from various specialties assisted by nurses, technicians and other health care professionals contracted with Health Net to perform services for Health Net members.

You may notice that some of our physician group listings include the words “Medical Group,” “PMG,” “Independent Physicians Association,” or “IPA” in the physician name. Typically, in the physician groups that include the term medical group or PMG, most of the primary care physicians have their offices at one principal location. In an IPA, the primary care physicians typically practice at different locations.

## ***What is an affiliate office and how does it affect my selection of a primary care physician?***

Affiliate office locations often have limited physician availability and different office hours. It’s also possible that your doctor offers office hours in more than one location. Affiliates will often refer patients to the primary location of a physician group for laboratory and urgent care services.

## ***How is a referral specialist different from a primary care physician?***

Your primary care physician is your main medical provider. He or she is the doctor who is responsible for coordinating all of your medical care and authorizing all specialized treatment or hospitalization. As a member of Health Net, you must obtain a referral from your primary care physician to see a

specialist. Referral specialists are not available for selection as your primary care physician.

## ***What’s the difference between emergency care and urgent care?***

Emergency care is for a sudden, serious and unexpected illness, injury or condition, including severe pain that a reasonable person with an average knowledge of health and medicine would believe requires immediate medical attention. Health Net covers care received from any licensed provider or treatment center anywhere in the world for an emergency situation.

Urgent care is provided for medical conditions that require treatment within several days but are not considered immediately life-threatening. These may include sprains and fractures, a sudden high fever or pneumonia, or a flare-up of a chronic condition such as asthma. Situations requiring urgent care are covered when received from the member’s primary care physician and physician group while in the group’s service area, and from any licensed provider or treatment center while out of the area. All non-emergency care must be provided by or through the member’s primary care physician and physician group.

## ***What is an outpatient surgical facility?***

An outpatient surgical facility is a setting other than a medical or dental office, whose main function is performing surgical procedures on an outpatient basis. It must be licensed as an outpatient clinic according to state and local laws and must meet all requirements of an outpatient clinic providing surgical services. The patient is admitted to and discharged from the facility within the same working day. Overnight stays are not permitted.

Emergency visits are covered regardless of whether or not the hospital belongs to the network.

***Am I allowed to change to a new doctor once I enroll?***

You may switch to another primary care physician in the same physician group at any time and for any reason by calling Health Net at 1-800-539-4072 or by going online to [www.healthnet.com/uc](http://www.healthnet.com/uc). If you want to select a new primary care physician affiliated with a different group, you can make the change on a monthly basis. If you choose a new doctor and physician group before the 15th of the month, you can begin seeing the new doctor anytime after the 1st of the next month. If you choose a new doctor after the 15th, you'll need to wait as long as six weeks (the first of the month after one full month has gone by after making the change) before you can begin seeing the new doctor.

***How can I obtain information on doctors who are in the Health Net network?***

Information is available in our directories, on our website, or by calling the Health Net Customer Contact Center. You can learn whether your doctor is board-certified, where he or she attended medical school and performed the residency, the office address and phone number, whether your doctor participates in a Health Net HMO or Health Net Blue & Gold HMO, the hospital(s) at which your doctor practices, and which languages (in addition to English) that your doctor may speak.

***Where can I find specialist listings?***

Use the ProviderSearch function on Health Net's website at [www.healthnet.com/uc](http://www.healthnet.com/uc), call Member Services at the toll-free number listed on your Health Net ID card, or ask your Health Net contracted physician or physician group.

# *Additional Health Net Information*

***About your Health Net ID card***

After you enroll in Health Net, you will receive a Health Net ID card. This card is what you need to receive all of your care as a Health Net member. Because it's so important, it's a good idea to keep your Health Net ID card with you at all times. If you lose your ID card, call our Customer Contact Center or order a new one online. Go to [www.healthnet.com/uc](http://www.healthnet.com/uc).

***Hospitalization***

Your primary care physician or referral specialist may find it necessary to refer you to a hospital for further care on either an inpatient or outpatient basis. You will usually be hospitalized where your physician has admitting privileges. (See your primary care physician's group listing in this directory for a list of hospitals where he or she has admitting privileges.)

**Note:** Your primary care physician or authorized referral specialist must first be contacted for initial treatment and consultation before you receive any care or treatment through a hospital. Your primary care physician or authorized referral specialist will be responsible for determining the most appropriate site and location for your additional care. Admission to, and treatment rendered by, any hospital listed in this directory must be authorized by your selected primary care physician or authorized referral specialist.

# PARTICIPATING PHYSICIAN GROUP INDEX

The following is a listing of Health Net contracted Participating Physician Groups, arranged in alphabetical order. An overview of services, affiliated Primary Care Physicians and hospitals is provided for each physician group. Information shown for each group also includes any available Rapid Access® services. Further information on Rapid Access can be found at the front of this directory. For a listing of specialists available by physician group, please contact the group directly. A unique number is shown for each physician group. When you complete the enrollment form to become a Health Net member, you will need to identify the group of your choice by writing in this number. After you've selected a physician group, you'll also need to choose a Primary Care Physician. Please refer to the Primary Care Physicians by city listing for more information about affiliated Primary Care Physicians. And for the most-up-to-date directory information, visit the Health Net website at [www.healthnet.com/uc](http://www.healthnet.com/uc).

# ÍNDICE DE GRUPOS MÉDICOS PARTICIPANTES

La siguiente es una lista de los Grupos Médicos Participantes contratados de Health Net, ordenada alfabéticamente. Se brinda una perspectiva general de los servicios, de los Médicos de atención primaria y de los hospitales afiliados, para cada CPG. La información que se muestra para cada grupo también incluye cualquier servicio de Rapid Access® disponible. Puede encontrar más información sobre Rapid Access al comienzo de este directorio. Si desea una lista de especialistas disponibles por grupo médico, comuníquese directamente con el grupo. Para cada CPG se muestra un número único. Cuando usted complete el formulario de inscripción para convertirse en miembro de Health Net, deberá identificar al grupo de su elección, escribiendo ese número. Después de haber elegido un grupo médico, usted deberá elegir también un Médico de Atención Primaria. Si desea más información sobre los Médicos de Atención Primaria afiliados, consulte la lista de Médicos de Atención Primaria por ciudad. Y para obtener la información del directorio más actualizada, visite el sitio Web de Health Net en [www.healthnet.com/uc](http://www.healthnet.com/uc).

# PRIMARY CARE PHYSICIANS BY CITY

The following is a listing of Health Net contracted Primary Care Physicians, grouped in alphabetical order by the city in which their offices are located. The listing shows the physician group(s) with which each physician is affiliated, as well as each physician's unique physician number and each physician group's unique group number. When you complete the enrollment form to become a Health Net member, you will need to identify the Primary Care Physician and physician group of your choice by writing in each of these numbers. For more information about each physician group, see the Participating Physician Group index. If you want to select a Primary Care Physician from a physician group affiliated with a particular hospital, turn to the Hospital index for more information. For the most up-to-date directory listings, visit the Health Net website at [www.healthnet.com/uc](http://www.healthnet.com/uc).

# MÉDICOS DE ATENCIÓN PRIMARIA POR CIUDAD

La siguiente es una lista de los Médicos de Atención Primaria contratados de Health Net, agrupados en orden alfabético por la ciudad en la que se ubican sus consultorios. La lista muestra los grupos médicos a los que está afiliado cada médico, así como también el número del médico, exclusivo de cada uno y el número de grupo médico exclusivo de cada uno. Cuando llene el formulario de inscripción para convertirse en afiliado a Health Net, deberá identificar al Médico de Atención Primaria y al grupo médico de su elección, escribiendo cada uno de estos números. Si desea más información sobre cada grupo médico, consulte el índice de Grupos Médicos Participantes. Si usted elige un Médico de Atención Primaria de un grupo médico afiliado a un hospital en particular, consulte el Índice de hospitales para obtener más información. Para obtener la lista más actualizada del directorio, visite el sitio Web de Health Net en [www.healthnet.com/uc](http://www.healthnet.com/uc).

# HOSPITAL INDEX

The following is a listing of hospitals affiliated with Health Net, arranged in alphabetical order. Information shown for each hospital includes Health Net contracted Participating Physician Groups that are affiliated with that hospital. You will need to choose a physician group to provide your health care services when you enroll as a Health Net member. For more information about each group, see the Participating Physician Group index. You will also need to select a Primary Care Physician from the physician group of your choice. For more information about affiliated Primary Care Physicians, see the Primary Care Physicians by city listing. For the most up-to-date directory listings, visit the Health Net website at [www.healthnet.com/uc](http://www.healthnet.com/uc). For the most complete, list of hospital affiliations, please contact your selected Participating Physician Group or Primary Care Physician.

# ÍNDICE DE HOSPITALES

La siguiente es una lista de los hospitales afiliados a Health Net, ordenada alfabéticamente. La información que se muestra para cada hospital incluye los Grupos Médicos Participantes contratados de Health Net que están afiliados a ese hospital. Cuando usted se inscribe como miembro de Health Net, deberá elegir un grupo médico para que le brinde servicios de atención de la salud. Si desea más información sobre cada grupo, consulte el índice de Grupos Médicos Participantes. También deberá elegir un Médico de atención primaria del grupo médico de su elección. Si desea más información sobre los Médicos de Atención Primaria afiliados, consulte la lista de Médicos de Atención Primaria por ciudad. Para obtener la lista más actualizada del directorio, visite el sitio Web de Health Net en [www.healthnet.com/uc](http://www.healthnet.com/uc). Para obtener la lista de afiliaciones de hospitales más completa, comuníquese con el Grupo Médico Participante o Médico de Atención Primaria que seleccionó.

# GLOSSARY OF TERMS

**Affiliate/satellite offices:** While all physician groups offer a primary location, some groups provide the communities they serve with alternate affiliate or satellite locations. Compared to a physician group's primary location, affiliate locations typically offer only limited physician availability and office hours. In addition, physicians in affiliate locations will often refer patients to the primary location of the physician group for laboratory and urgent care services.

**Authorization:** If you need a special type of care, your doctor will refer you to a specialist. If your doctor's request for referral is approved by your physician group, you will be given a form called an Authorization for Consultant's Services. This form lists the type of care or services that you need and the number of visits that you can schedule. Always check with your primary care physician to make sure all your visits to a specialist are covered by Health Net.

**Direct referral:** With direct referral, your primary care physician can refer you directly to a specialist for consultation and evaluation without prior authorization by your physician group.

**Emergency care:** You need emergency care for a sudden, serious and unexpected illness, injury or condition, including severe pain that a reasonable person with an average knowledge of health and medicine would believe requires immediate medical attention.

**Outpatient Surgical Facility:** An Outpatient Surgical Facility is a setting other than a medical or dental office, whose main function is performing surgical procedures on an outpatient basis. It must be licensed as an outpatient clinic according to state and local laws and must meet all requirements of an outpatient clinic providing surgical services.

# GLOSARIO DE TÉRMINOS

**Consultorios afiliados/sucursales:** Si bien todos los grupos médicos ofrecen una ubicación primaria, algunos grupos brindan a las comunidades en las que prestan servicio ubicaciones afiliadas alternativas o sucursales. En comparación con la ubicación primaria de un grupo médico, las ubicaciones afiliadas generalmente ofrecen sólo disponibilidad médica y horarios de atención limitados. Además, los médicos que se encuentran en las ubicaciones afiliadas, generalmente remitirán a los pacientes a la ubicación primaria del CPG para los servicios de laboratorio y de atención de urgencias.

**Autorización:** Si usted necesita un tipo especial de atención, su médico le remitirá a un especialista. Si su grupo médico aprueba la solicitud de referencia de su médico, se le entregará un formulario llamado Autorización para Servicios de Especialista. Este formulario enumera el tipo de atención o de servicios que usted necesita y la cantidad de consultas que usted puede programar. Consulte siempre con su médico de atención primaria para asegurarse que todas sus consultas con el especialista estén cubiertas por Health Net.

**Referencia directa:** Con una referencia directa, su médico de atención primaria puede referirlo directamente a un especialista para consulta y evaluación sin la autorización previa de su grupo médico.

**Atención de emergencia:** Usted necesita atención de emergencia para una enfermedad, lesión o condición repentina, grave e inesperada, que incluye dolor fuerte, que una persona razonable, con un conocimiento promedio de salud y medicina creería que requiere de atención médica inmediata.

**Centro Quirúrgico Ambulatorio:** Un Centro Quirúrgico Ambulatorio es una instalación distinta a un consultorio médico o dental, cuya principal función es llevar a cabo procedimientos quirúrgicos de manera ambulatoria. Debe contar con una licencia como clínica ambulatoria en conformidad con las leyes locales y estatales y debe cumplir todos los requisitos de una clínica ambulatoria que proporciona servicios quirúrgicos.

**Participating physician group:** A participating physician group is a team of physicians from various specialties assisted by nurses, technicians and other health care professionals affiliated contractually with Health Net.

**Primary Care Physician:** The physician at your physician group who is responsible for performing, prescribing, directing or authorizing all of your health care, including routine, referral and follow-up treatment. If you need a special type of care, your primary care physician will be responsible for referring you to an outside specialist.

**Provider:** This term applies primarily to any facility, physician or other health care professional contracted with Health Net to provide care to members on a preauthorized or contractual basis.

**Rapid Access:** Rapid Access is a service provided by many of Health Net's physician groups. It indicates whether the physician group offers self-referral or direct referral to specialists.

**Referral:** See authorization, direct referral or self referral. Referral specialist: Your primary care physician is responsible for administering your care, and he or she will authorize a referral to an appropriate specialist when necessary. Referral specialists may be either staff or members of the specialty referral panel of your physician group. You may not select a referral specialist physician as your primary care physician.

**Self-referral:** With self-referral, you can contact a specialist affiliated with your physician group directly for a consultation or evaluation. Your physician group must still authorize any procedures the specialist may recommend.

**Urgent care:** When conditions require treatment within several days but are not considered immediately life threatening, they require urgent care. Examples of urgent medical conditions are sprains and fractures. If your primary care physician is not available to see you on a same-day basis, you will be referred to a facility where you can receive the care you need. Many physician groups offer urgent care at the primary location.

**Grupo médico participante:** Un grupo médico participante es un equipo de médicos de varias especialidades apoyado por enfermeras, técnicos y otros profesionales para el cuidado de la salud contratados por Health Net.

**Médico de Atención primaria:** Es el médico dentro de su CPG que es responsable de realizar, recetar, indicar o autorizar toda su atención de la salud, incluyendo los tratamientos de rutina, de referencia y de seguimiento. Si usted necesita un tipo especial de atención, su médico de atención primaria será responsable de su referencia a un especialista externo.

**Proveedor:** Este término se aplica principalmente a cualquier centro de salud, médico u otro profesional para el cuidado de la salud contratado por Health Net, que brinda atención a los afiliados mediante autorizaciones previas o por medio de contratos.

**Rapid Access:** Rapid Access es un servicio proporcionado por muchos grupos médicos de Health Net. Indica si el grupo médico ofrece auto referencias o referencias directas a los especialistas.

**Referencia:** Consulte la autorización, referencia directa o auto referencia. Especialista de referencia: Su médico de atención primaria es responsable de administrar su atención, además de autorizar una referencia a un especialista adecuado, cuando sea necesario. Los especialistas de referencia pueden ser miembros del personal o miembros del panel de referencia a especialidades de su CPG. No puede seleccionar a un médico especialista de referencia como su médico de atención primaria.

**Auto referencia:** Con la auto referencia, usted puede comunicarse con un especialista afiliado a su grupo médico directamente para una consulta o evaluación. Su grupo médico aún debe autorizar cualquier procedimiento que el especialista pudiese recomendarle.

**Atención de urgencia:** Cuando las condiciones requieren tratamiento dentro de varios días pero las mismas no son consideradas como inmediatamente riesgosas para la vida, dichas condiciones requieren atención de urgencia. Los esguinces y las fracturas son ejemplos de condiciones médicas de urgencia. Si su médico de atención primaria no se encuentra disponible para atenderlo el mismo día, usted será referido a un centro de salud donde pueda recibir la atención que necesita. Muchos CPG ofrecen atención de urgencia en la ubicación primaria.
