

Clinical Policy: Immunization Coverage

Reference Number: CA.CP.PHAR.28

Effective Date: 10/18

Last Review Date: 10/19

Line of Business: Medicaid

[Revision Log](#)

See [Important Reminder](#) at the end of this policy for important regulatory and legal information.

Description

Immunizations typically confer active immunity. Exposure to a killed or weakened form of the disease organism stimulates antibody production, allowing the body to more effectively resist or overcome infections caused by said organism. Immunization not only protects the person who receives the immunization, but also those who are not immunized with whom they are in contact.

NOTE: The federal Vaccines For Children (VFC) program provides free vaccines to enrolled physicians. Children younger than 19 years of age may receive vaccines supplied by the VFC program. For more information, please refer to the Medi-Cal Immunizations Provider Manual (see References).

FDA Approved Indication(s)

Immunizations are used to prevent a variety of infectious diseases. They should be started early and continued through the recommended schedule.

Policy/Criteria

Provider must submit documentation (such as office chart notes, lab results or other clinical information) supporting that member has met all approval criteria.

It is the policy of California Health & Wellness[®] and Health Net[®] that routine and travel immunizations are **medically necessary** when the following criteria are met:

I. Initial Approval Criteria

A. Request for Adult Immunization (must meet all):

1. Requested immunization will be given in accordance with the recommendations made by the Advisory Committee on Immunization Practices (ACIP) (*see Appendix C*);
2. If request is for a single antigen which is recommended to be given in a combination vaccine (e.g., mumps, measles, rubella, diphtheria, tetanus, and pertussis), documentation supports medical necessity for administration of the single antigen.

Approval duration: Not applicable

B. Request for Travel Vaccines (must meet all):

CLINICAL POLICY

Immunization Coverage

1. Requested immunization will be given in accordance with the recommendations made by the Advisory Committee on Immunization Practices (ACIP) and Centers for Disease Control and Prevention (CDC) Health Information for International Travel (commonly known as the Yellow Book) (*see Appendix C*);
2. Request is for travel to areas where there is a recognized high risk for exposure based on recent CDC travel guidelines (*see Appendix C*)

Approval duration: one time

II. Continued Therapy:

- A. Routine immunizations – N/A
- B. Travel vaccines – refer to initial criteria

III. Appendices/General Information

Appendix A: Abbreviation/Acronym Key

ACIP: Advisory Committee on Immunization Practices

FDA: Food and Drug Administration

Appendix B: Therapeutic Alternatives

Not applicable

Appendix C: General Information

- ACIP recommendations can be found at: <http://www.cdc.gov/vaccines/hcp/acip-recs/index.html>.
- A summary of the recommended immunization schedules can be found at: <http://www.cdc.gov/vaccines/schedules/hcp/index.html>.
- The Vaccines for Children program provides immunizations at no cost for members between the ages of 0-18 years. Additional information about the Vaccines for Children program can be found at: <http://www.cdc.gov/vaccines/programs/vfc/index.html>.
- CDC Travelers' Health provides information on risk exposure based on destination can be found at: <https://wwwnc.cdc.gov/travel>.

IV. Dosage and Administration

Not applicable

V. Product Availability

Not applicable

Reviews, Revisions, and Approvals	Date	P&T Approval Date
New policy for routine and travel immunizations.	09/18	10/18
Renamed Policy from CA. PHAR.28 to CA.CP.PHAR.28	02/19	02/19
Annual Review. References updated.	09/19	10/19

Important Reminder

This clinical policy has been developed by appropriately experienced and licensed health care professionals based on a review and consideration of currently available generally accepted standards of medical practice; peer-reviewed medical literature; government agency/program approval status; evidence-based guidelines and positions of leading national health professional organizations; views of physicians practicing in relevant clinical areas affected by this clinical policy; and other available clinical information. The Health Plan makes no representations and accepts no liability with respect to the content of any external information used or relied upon in developing this clinical policy. This clinical policy is consistent with standards of medical practice current at the time that this clinical policy was approved. "Health Plan" means a health plan that has adopted this clinical policy and that is operated or administered, in whole or in part, by Centene Management Company, LLC, or any of such health plan's affiliates, as applicable.

CLINICAL POLICY

Immunization Coverage

The purpose of this clinical policy is to provide a guide to medical necessity, which is a component of the guidelines used to assist in making coverage decisions and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage decisions and the administration of benefits are subject to all terms, conditions, exclusions and limitations of the coverage documents (e.g., evidence of coverage, certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal requirements and applicable Health Plan-level administrative policies and procedures.

This clinical policy is effective as of the date determined by the Health Plan. The date of posting may not be the effective date of this clinical policy. This clinical policy may be subject to applicable legal and regulatory requirements relating to provider notification. If there is a discrepancy between the effective date of this clinical policy and any applicable legal or regulatory requirement, the requirements of law and regulation shall govern. The Health Plan retains the right to change, amend or withdraw this clinical policy, and additional clinical policies may be developed and adopted as needed, at any time.

This clinical policy does not constitute medical advice, medical treatment or medical care. It is not intended to dictate to providers how to practice medicine. Providers are expected to exercise professional medical judgment in providing the most appropriate care, and are solely responsible for the medical advice and treatment of members. This clinical policy is not intended to recommend treatment for members. Members should consult with their treating physician in connection with diagnosis and treatment decisions.

Providers referred to in this clinical policy are independent contractors who exercise independent judgment and over whom the Health Plan has no control or right of control. Providers are not agents or employees of the Health Plan.

This clinical policy is the property of the Health Plan. Unauthorized copying, use, and distribution of this clinical policy or any information contained herein are strictly prohibited. Providers, members and their representatives are bound to the terms and conditions expressed herein through the terms of their contracts. Where no such contract exists, providers, members and their representatives agree to be bound by such terms and conditions by providing services to members and/or submitting claims for payment for such services.

Note:

For Medicaid members, when state Medicaid coverage provisions conflict with the coverage provisions in this clinical policy, state Medicaid coverage provisions take precedence. Please refer to the state Medicaid manual for any coverage provisions pertaining to this clinical policy.
