Working with your doctor

When you enroll in the Health Net Access HMO plan, you will need to select a PCP. PCPs specialize in family practice, general practice, internal medicine, or pediatrics. Some OB/GYNs can also be chosen as your PCP if you are pregnant. Look at the PCP section of this directory for OB/GYNs who can be chosen as a PCP. A PCP should be chosen for each member of your family who is enrolling in the plan. A different PCP can be selected for each person.

Your PCP will be the doctor who is usually your first point of contact. He or she provides preventive health care services, like checkups and well-baby care, and coordinates other medical services that you may need. You can change your PCP or a family member's PCP at any time.

You and your family also have direct access to OB/GYNs, including well-woman exams. Referrals aren't required. Just select a participating OB/GYN who is contracted with Health Net and make your appointment.

What is the Hospital Comparison Report?

The online Hospital Comparison Report lets you compare network hospitals based upon the factors that matter to you. Just log in to www.healthnetaccess.com > Then go to *Wellness Center > Compare Hospitals* under "Next Steps."

Cómo trabajar junto con su médico

Cuando usted se inscriba en un plan HMO de Health Net Access, deberá elegir un PCP. Los PCP se especializan en práctica familiar, práctica general, medicina interna o pediatría. Si está embarazada, también puede elegir a ciertos obstetras/ginecólogos como PCP. Consulte la sección sobre PCP en este directorio para saber cuáles son los obstetras/ginecólogos que pueden elegirse como PCP. Se debe elegir un PCP para cada miembro de la familia que se inscribe en el plan. Se puede elegir un PCP distinto para cada persona.

Su PCP es el médico que será generalmente su primer punto de contacto. Él o ella le brindará servicios preventivos de atención de la salud, como por ejemplo exámenes médicos y revisiones pediátricas para bebés sanos, y coordinará los demás servicios médicos que usted pueda necesitar. Usted puede, en cualquier momento, cambiar su PCP o el PCP de alguno de los miembros de la familia.

Usted y su familia también tienen acceso directo a ginecólogos y obstetras, incluyendo exámenes para mujeres sanas. No es necesario tener una referencia. Simplemente elija un ginecólogo/obstetra participante que tenga contrato con Health Net y haga una cita.

¿Qué es el informe de comparación hospitalaria?

El Informe de Comparación Hospitalaria en línea le permite comparar los hospitales de la red basándose en los factores que a usted le interesan. Solo conéctese a www.healthnetaccess.com > Luego vaya a *Wellness Center > Comparar hospitales* bajo "Próximos Pasos."

Emergency visits are covered regardless of whether or not the hospital belongs to the network.

Las consultas de emergencia están cubiertas sin tener en cuenta si el hospital pertenece o no a la red.

What if I need emergency care?

Emergency means a condition or illness which, if not immediately diagnosed and treated, would result in extended or permanent physical impairment or loss of life, and requires the member to seek immediate medical attention necessary for the relief of acute pain, repair of accidental injury, initial treatment of infection, or the relief of illness.

If you feel that you are in an emergency situation, call 911 or go immediately to the nearest hospital emergency room. If you can, contact your PCP as soon as possible. Or have someone else call for you.

Emergency visits are covered regardless of whether or not the hospital belongs to the network. What's more, you are covered for emergency visits anywhere in the world.

Examples of emergencies include:

- Seizure or loss of consciousness
- Uncontrolled bleeding
- Poisoning or overdose of medication
- Broken bone
- Severe pain
- Chest pain
- Shortness of breath
- Sudden paralysis or slurred speech

¿Qué pasa si necesito atención de emergencia?

Una emergencia es una condición o enfermedad que, si no es diagnosticada y tratada de inmediato podría resultar en un deterioro físico prolongado o permanente o en la pérdida de la vida y exige que el afiliado busque atención médica inmediata, necesaria para el alivio del dolor agudo, la atención de una lesión accidental, el tratamiento inicial de una infección o el alivio de una enfermedad.

Si siente que se encuentra ante una emergencia, llame al 911 o vaya inmediatamente a la sala de emergencias del hospital más cercano. Si puede, comuníquese con su PCP tan pronto como sea posible. O haga que otra persona llame por usted.

Las consultas de emergencia están cubiertas sin tener en cuenta si el hospital pertenece o no a la red. Además, usted está cubierto para las consultas de emergencia en cualquier parte del mundo.

Los ejemplos de emergencias incluyen los siguientes:

- Convulsiones o pérdida de conciencia
- Hemorragias no controladas
- Envenenamiento o sobredosis de medicamentos
- Huesos rotos
- Dolor fuerte
- Dolor en el pecho
- Falta de aliento
- Parálisis repentina o problemas de dicción

What about non-emergency care?

When you require medical care right away, but it is not an emergency, call your PCP. He or she will give you instructions about where to get the medical care you need. Or, you can go to a contracted urgent care or in-store clinic facility.

How our provider network works

Health Net Access provider network is carefully made up of quality doctors, hospitals and other medical providers.

One way Health Net Access ensures our members access to quality medical providers, is a screening process called credentialing. The Health Net Access credentialing program establishes criteria for reviewing new and continuing Health Net Access contracted practitioners, including PCPs, hospitals and most other medical providers. This evaluation is conducted in accordance with health plan, state and federal regulatory requirements, and accrediting entity standards. Currently, practitioners are subject to recredentialing within 36 months.

¿Qué tal si obtiene atención que no es de emergencia?

Cuando necesite atención médica inmediata, pero no sea una emergencia, llame a su PCP. Él o ella le dará instrucciones sobre dónde obtener la atención médica que necesita. O bien, puede ir a un centro de atención de urgencia contratado o una clínica para el cuidado de la salud en tiendas.

Cómo funciona nuestra red de proveedores

La red de proveedores de Health Net Access está cuidadosamente conformada por médicos, hospitales y otros proveedores médicos de calidad.

Una de las maneras mediante las que Health Net Access garantiza el acceso de nuestros afiliados a los proveedores médicos de calidad es a través de un proceso de selección llamado otorgamiento de referencias. El programa de otorgamiento de referencias de Health Net Access establece criterios para la revisión de profesionales nuevos contratados por Health Net Access y profesionales que ya trabajan para Health Net, incluyendo médicos de atención primaria, hospitales y la mayoría de los demás proveedores médicos. Esta evaluación se realiza de acuerdo con los requisitos reguladores estatales, federales y del plan de salud, y con las normas de las entidades acreditantes. Actualmente, los profesionales están sujetos a un nuevo otorgamiento de referencias dentro de un período de 36 meses.

Member Services can provide information about your physician's professional education and training qualifications, such as medical school, residency and board certification status.

Primary Care Physicians

PCPs may be family practice, general practice, internal medicine, or pediatrics. Some OB/GYNs can also be chosen as your PCP if you are pregnant. Look at the PCP section of this directory for OB/GYNs who can be chosen as a PCP. The doctors are listed by county and city, then alphabetically by last name.

Along with the doctor's name, several pieces of information are provided, including the year the doctor earned his or her license and the hospitals where they can practice medicine. Symbols next to the doctor's name show whether or not they are accepting new patients, and if they are board certified. You can also find out if a doctor is accepting new patients by calling his or her office.

If you would like more information about your doctor's qualifications, call Member Services at 1-888-788-4408 or TTY/TDD at 1-888-788-4872.

Médicos de Atención Primaria

Los médicos de atención primaria (por sus siglas en inglés, PCP) pueden ser médicos de práctica familiar, práctica general, medicina interna o pediatras. Si está embarazada, también puede elegir a ciertos obstetras/ginecólogos como PCP. Consulte la sección sobre PCP en este directorio para saber cuáles son los obstetras/ginecólogos que pueden elegirse como PCP. Los médicos están enumerados por condado y ciudad, y luego, alfabéticamente, por apellido.

Junto con el nombre del médico se proporcionan distintos tipos de información, incluyendo el año en que obtuvo su licencia dicho médico o los hospitales donde puede practicar la medicina. Los símbolos que aparecen junto al nombre del médico muestran si este está aceptando nuevos pacientes o no y si cuenta con la certificación otorgada por el consejo. También puede averiguar si el médico está aceptando nuevos pacientes llamando a su consultorio.

Si desea obtener más información acerca de las calificaciones de su médico, llame al Departamento de Servicios al Afiliado al 1-888-788-4408. Los usuarios de TTY/TDD deben llamar al 1-888-788-4872.

Hospitals

Your doctor will help you coordinate any hospital care you might need, except for emergencies. Our Hospital Comparison Report lets you compare hospitals based on the factors that matter to you.

At many of our contracted hospitals, we use physicians called hospitalists. These doctors specialize in working with patients in hospital settings. The hospitals where we use hospitalists are indicated with a symbol. For more information about the hospitalists working in a particular hospital call Member Services at 1-888-788-4408 or TTY/TDD at 1-888-788-4872.

Hospitales

Su médico le ayudará a coordinar cualquier tipo de atención hospitalaria que usted pudiera necesitar, excepto las emergencias. Nuestro Informe de Comparación Hospitalaria le permite comparar los hospitales basándose en los factores que a usted le interesan.

En muchos de nuestros hospitales contratados, utilizamos médicos llamados hospitalistas. Dichos médicos se especializan en trabajar con pacientes en entornos hospitalarios. Los hospitales en los que utilizamos hospitalistas se indican con un símbolo. Si desea más información sobre los hospitalistas que trabajan en un hospital en particular, llame a nuestro Departamento de Servicios al Afiliado al 1-888-788-4408. - Many locations have onsite X-ray and laboratory services.
- Most urgent care centers are available without an appointment. You may want to call ahead for hours of operation.

- Reciba tratamiento para enfermedades y lesiones que no son de riesgo vital, tales como un esguince de tobillo, una picadura de insecto, cortes y quemaduras leves, fiebre y otras condiciones.
- Muchos de los centros tienen servicios de rayos X y laboratorio ahí mismo.
- La mayoría de los centros de atención de urgencia están disponibles sin cita. Llame con anticipación para averiguar el horario de atención.
