Health Net Health Plan of Oregon, Inc. (Health Net of Oregon) offers five different specified Medicare Supplemental Plans to meet the needs of Medicare-eligible Oregon residents. This brochure outlines the five plans.

Medicare supplemental coverage can be sold only in specified plans. The chart below shows the benefits included in each plan. Every company that offers Medicare Supplemental Plans must make Plan A available. If the company chooses to offer a supplemental plan other than Plan A, they must also offer Plan C or Plan F.

Some plans may not be available from any company in Oregon.

Health Net of Oregon offers Plan A, Plan F, Plan F with high deductible, Plan K, and Plan M. Plan A contains the basic or Core Benefits. Plan F, Plan F with high deductible, Plan K, and Plan M include the Core Benefits plus additional benefits as outlined in this brochure.

To apply for coverage or to obtain a complete packet, including an application form, please contact your insurance agent or Health Net of Oregon. To speak to a Health Net sales representative, please call 1-800-709-4193.

² After you have reached the out-of-pocket limitation of \$4,960 on annual expenditures under Medicare Parts A and B, Plan K will provide coverage of one hundred percent (100%) of all cost-sharing for the balance of the calendar year.

³ After you have reached the out-of-pocket limitation of \$2,480 on annual expenditures under Medicare Parts A and B, Plan L will provide coverage of one hundred percent (100%) of all cost-sharing for the balance of the calendar year.

⁴ Provides coverage for 100% of the Part B coinsurance, except you pay the lesser of \$20 or the Part B coinsurance for each covered office visit and the lesser of \$50 or the Part B coinsurance for each covered emergency room visit. The emergency room visit copayment is waived if admitted.

Plan A benefits (Core Benefits)

The benefits included in standardized Plan A are called Core Benefits.

For members of Plan A, Health Net of Oregon will pay benefits as follows for services that are covered by Medicare and while the member is covered under this plan:

- **Hospitalization** benefit provides coverage of Part A Medicare-eligible expenses for hospitalization, which are not covered by Medicare, from the 61st day through the 90th day in any Medicare benefit period.

Hospitalization benefit also provides coverage of Part A Medicare-eligible expenses incurred for hospitalization, which are not covered by Medicare, for Medicare lifetime inpatient reserve days.

When Medicare hospital inpatient coverage runs out, including the lifetime reserve days, the hospitalization benefit will provide coverage of the Part A Medicare-eligible expenses for hospitalization, subject to a lifetime maximum benefit of an additional 365 days.

- **Blood** benefit provides coverage under Medicare Part A and B for the reasonable cost of the first three pints of blood, or equivalent quantities of packed red blood cells.
- **Part B coinsurance** provides coverage for the coinsurance amount of Medicare-eligible expenses under Part B, regardless of hospital confinement, subject to the Medicare Part B deductible.
- **Hospice care** benefit provides coverage of cost-sharing for the Part A Medicare-eligible expenses for hospice care and respite care.

Plan F (including Plan F with high deductible) additional benefits

Plan F and Plan F with high deductible include the Core Benefits plus the following additional benefits:

- **Skilled nursing facility care** benefit, providing coverage for the actual billed charges up to the coinsurance amount from the 21st day through the 100th day in a Medicare benefit period for post-hospital skilled nursing facility care eligible under Medicare Part A.
- **Medicare Part A deductible** benefit, providing coverage for 100 percent of the Medicare Part A inpatient hospital deductible amount per benefit period.
- **Medically necessary emergency care** in a foreign country, providing coverage for benefits not covered by Medicare up to 80 percent of the billed charges for Medicare-eligible expenses.

Benefits are for medically necessary emergency hospital, physician and medical care received in a foreign country, when the care would have been covered by Medicare if provided in the United States and when the care began during the first 60 consecutive days

of each trip outside the United States, subject to a calendar year deductible of \$250, and a lifetime maximum benefit of \$50,000.

For purposes of this benefit, “emergency care” means care needed immediately because of an injury or an illness of sudden and unexpected onset.

- **Medicare Part B deductible** benefit, providing coverage for 100 percent of the Medicare Part B deductible amount per calendar year regardless of hospital confinement.
- **Part B Excess Charges** benefit, providing coverage for 100 percent of the difference between the actual Medicare Part B charges as billed, not to exceed any charge limitation established by the Medicare program or state law, and the Medicare-approved Part B charge.

Notice: The annual deductible in Plan F with high deductible shall consist of out-of-pocket expenses, other than premiums, for services covered by the standardized Medicare supplement Plan F, and shall be in addition to any other specific benefit deductibles. The annual deductible for 2016 is \$2,180.

Plan K additional benefits

Plan K includes the Core Benefits plus the following additional benefits:

- **Skilled nursing facility care** benefit, providing coverage for 50 percent of the actual billed charges up to the coinsurance amount from the 21st day through the 100th day in a Medicare benefit period for post-hospital skilled nursing facility care eligible under Medicare Part A.
- **Medicare Part A deductible** benefit, providing coverage for 50 percent of the Medicare Part A inpatient hospital deductible amount per benefit period.
- **Out-of-pocket limitation** After you have reached the out-of-pocket limitation of \$4,960 on annual expenditures under Medicare Parts A and B, Plan K will provide coverage of one hundred percent (100%) of all cost-sharing for the balance of the calendar year.

Plan M additional benefits

Plan M includes the Core Benefits plus the following additional benefits:

- **Skilled nursing facility care** benefit, providing coverage for the actual billed charges up to the coinsurance amount from the 21st day through the 100th day in a Medicare benefit period for post-hospital skilled nursing facility care eligible under Medicare Part A.

- **Medicare Part A deductible** benefit, providing coverage for 50 percent of the Medicare Part A inpatient hospital deductible amount per benefit period.
- **Medically necessary emergency** care in a foreign country, providing coverage for benefits not covered by Medicare up to 80 percent of the billed charges for Medicare-eligible expenses.

Benefits are for medically necessary emergency hospital, physician and medical care received in a foreign country, when the care would have been covered by Medicare if provided in the United States and when the care began during the first 60 consecutive days of each trip outside the United States, subject to a calendar year deductible of \$250, and a lifetime maximum benefit of \$50,000.

For purposes of this benefit, “emergency care” means care needed immediately because of an injury or an illness of sudden and unexpected onset.

Submitting claims

Medicare requires the provider of services to submit claims for covered services directly to Medicare for you. Many providers will also submit claims for balances not covered by Medicare directly to Health Net of Oregon for you.

If the provider bills you directly for the balance, you are responsible for submitting the explanation of Medicare Benefits (EOMB) and an itemized statement to Health Net of Oregon.

Premium information

Health Net of Oregon can only raise your premium rate if we raise the premium for all policies like yours in the state of Oregon.

However, your premium will automatically change effective the first of the month following reaching a different premium classification.
