What do you do when you require emergency or urgent dental care services?

If you need emergency or urgent dental care services, you should immediately contact your selected primary care general dentist for an appointment. All participating dentists will have emergency and urgent dental care services available 24 hours a day, seven days a week. If the primary care general dentist is not available, you may seek emergency or urgent dental care services from any licensed dentist.

If you receive emergency or urgent dental care services from a dentist that is not your primary care general dentist, you must return to your primary care general dentist for follow-up care.

You may also call Health Net Dental's Customer Contact Center at 1-866-249-2382. TTY/TDD: 1-800-855-2880, AT&T Relay Service for the hearing and speech impaired (you need special telephone equipment to use this number). Operating hours are Monday through Friday, 5:00 a.m. to 8:00 p.m., Pacific time. Services provided by a dentist other than the primary care general dentist will be covered only when it is shown that:

- you were not able to get services from your primary care general dentist,
- services were for emergency or urgent dental care,

- services were medically necessary, and
- services are listed as covered benefits under this plan.

You must pay any copayments.

If the above conditions are not met, you will need to pay all billed charges at the dentist's usual fee. If this occurs, you will be notified of the claims denial and your appeal rights. For more information about how to file an appeal, see your Health Net Evidence of Coverage.

If you are outside the service area or more than 35 miles from your primary care general dentist, you may receive emergency or urgent dental care services from any licensed dentist. Please follow the rules under "Reimbursement for emergency or urgent dental care services" in the following section.

Reimbursement for emergency or urgent dental care services

If you see a dentist other than your primary care general dentist for emergency or urgent dental care services, the dentist may ask for payment at the time the service is provided.

Health Net Dental
PO Box 30567
