## Providers

### Getting started in Health Net Cal MediConnect

This section explains key terms you'll see in our Provider and Pharmacy Directory.

The providers in this directory are organized alphabetically by medical group.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports, supplies, prescription drugs, equipment and other services.
  - The term *providers* also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
  - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they

give you. When you see a network provider, you usually pay nothing for covered services.

- A **Primary Care Provider (PCP)** is a doctor who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a **referral** if you need to see a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - **Oncologists** care for patients with cancer.
  - **Cardiologists** care for patients with heart conditions.
  - **Orthopedists** care for patients with certain bone, joint or muscle conditions.
- A **Medical Group** is a group of PCPs, specialists, and other health care providers that work together and are contracted to work with our plan.
- You may need a **referral** to see a specialist or someone that is not your PCP. A **referral** means that your network PCP must give you approval before you can see the other provider. If you don't get a referral, Health Net Cal MediConnect may not cover the service.
  - Referrals from your network PCP are not needed for:
    - » Emergency care;
    - » Urgently needed care;

- » Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; or
- » Services from a women's health specialist.

– Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services, even if they are out of our plan's network.

– More information on referrals is available in Chapter 3 of the Member Handbook.

- You also have access to a Care Coordinator and care team that you help choose.
  - A **Care Coordinator** helps you manage your medical providers and services.
  - Your **Care Team** is a group of people that will get to know your needs and work with you to write a **Personal Care Plan**. Your Care Team will talk with you about the services that are right for you. The goal is to support your health care wishes and help you regain your health and improve your abilities.
  - Your Care Team starts with your Primary Care Provider and Care Coordinator. Other team members, may include a behavioral health or social service expert, physician specialist, or dietician.
  - A **Personal Care Plan** is the list of health care goals you agree to work on with your Care Team. These goals include:

**? If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [www.healthnet.com/calmediconnect](http://www.healthnet.com/calmediconnect).

- Your physical health care;
  - Your mental health care;
  - Long-term services and supports. (These are for people who need help to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine.)
- Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

### Choosing a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider. You may be able to have a specialist act as your PCP. The specialist must be willing and able to provide the care you need. If you need to request a specialist to be your PCP, call our Member Services at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free.

Our plan's PCPs are affiliated with medical groups. When you choose your PCP, you are also choosing the affiliated medical group. This means that your PCP will be referring you to specialists and services that are also affiliated with his or her medical group.

- If there is a particular specialist or hospital that you want to use, it is important to see whether they are affiliated with your PCP's medical group. You can look in this directory, or ask Health Net Cal MediConnect Member Services to check to see if the PCP you want makes referrals to that specialist or uses that hospital.

To choose a PCP, go to the list of providers on page 19 and choose a provider:

- that you use now, *or*
- who has been recommended by someone you trust, *or*
- whose offices are easy for you to get to.

If you want help in choosing a PCP, please call Member Services at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. Or, visit [www.healthnet.com/calmediconnect](http://www.healthnet.com/calmediconnect).

If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask before you get the service or care.

**? If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [www.healthnet.com/calmediconnect](http://www.healthnet.com/calmediconnect).

## Getting long-term services and supports

As a Health Net Cal MediConnect member, you may be able to get long-term services and supports (LTSS), such as Community-Based Adult Services (CBAS), the Multipurpose Senior Services Program (MSSP), and long-term custodial care in nursing facilities. Long-term services and supports are help for people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

These services include Community-Based Adult Services (CBAS).

CBAS is a community-based day health program that provides services to older persons and adults with chronic medical, cognitive, or mental health conditions and/or disabilities that are at risk of needing institutional care.

- ▶ To apply for CBAS, please contact Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free.

Other long-term services and supports provided by Health Net Cal MediConnect include the Multipurpose Senior Services Program (MSSP) and long-term custodial care in nursing facilities. The MSSP provides services for people age 65 and older. With long-term custodial care in nursing facilities, the health plan makes sure that care is

consistent and any transition is well-planned. To find providers of these services, go to page 1605 in this Directory.

A full list of these services is available in Chapter 4 of your Member Handbook.

## Identifying Providers in Health Net Cal MediConnect's Network

You must get all of your covered services from providers within our network that are affiliated with your PCP's medical group. If you go to providers who are not in Health Net Cal MediConnect's network and are not affiliated with your PCP's medical group (without prior authorization or approval from us), you will have to pay the bill.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan or your PCP's medical group if Health Net Cal MediConnect gives you permission first.

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals in the "Getting started in Health Net Cal MediConnect" section of this Directory on page 6.

- You may change providers within the network at any time. If you have been going to one network provider, you do not have to keep going to that same provider. For some providers, you may need a referral from your PCP.

**? If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [www.healthnet.com/calmediconnect](http://www.healthnet.com/calmediconnect).

- Remember, our plan's PCPs are affiliated with medical groups. If you change your PCP, you may also be changing medical groups. When you ask for the change, be sure to tell Member Services whether you are seeing a specialist or getting other covered services that require PCP approval. Member Services will help make sure that you can continue your specialty care and other services when you change your PCP.
- Health Net Cal MediConnect works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide. If you need to see a provider and are not sure if they offer the accommodations you need, Health Net Cal MediConnect can help you. Talk to your Care Coordinator for assistance or call Member Services at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free.

# Mail Order Pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program. The pharmacy must get your approval before shipping any drugs to you.

Typically, you should expect to get your prescription drugs within 10 days from the time that the mail order pharmacy gets the order. Mail-order pharmacies are required to get your approval before shipping or delivering any prescriptions that you did not ask for. If you do not get your prescription drug(s) within this time, or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact us at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday.
