## Providers

### Getting started in Health Net Cal MediConnect

This section explains key terms you’ll see in our Provider and Pharmacy Directory.

- **Providers** are doctors, nurses, pharmacists, therapists, and other people who provide care and services. The term *providers* also includes hospitals, clinics and other places that provide medical services, medical equipment, and long-term services and supports.
- **Services** include medical care, long-term services and supports, services, supplies, prescription drugs, equipment, and other services.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is a doctor who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Even though your PCP is trained to handle most of your common health needs, there may be times when he or she feels you need more specialized treatment. In that case, you may receive a referral (written permission) to see a specialist.

- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - **Oncologists** care for patients with cancer.
  - **Cardiologists** care for patients with heart conditions.
  - **Orthopedists** care for patients with certain bone, joint or muscle conditions.
- You may need a **referral** to see a specialist or someone that is not your PCP. A **referral** means that your network PCP must give you approval before you can see the other provider. If you don't get a referral, Health Net Cal MediConnect may not cover the service.
  - Referrals from your network PCP are not needed for:
    - » Emergency care,
    - » Urgently needed care,
    - » Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area, or
    - » To see a women's health specialist.
  - Additionally, if you are eligible to receive services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services, even if they are out of our plan's network.
- More information on referrals is available in Chapter 3 of the Member Handbook.
- You also have access to a Care Coordinator and care team that you help choose.
  - A **Care Coordinator** helps you manage your medical providers and services.
  - Your **Care Team** is a group of people that will get to know your needs and work with you to help you create a written **Personal Care Plan**. Your Care Team will talk with you about the services that are right for you. The goal is to support your health care wishes and help you regain your health and improve your abilities.
  - Your Care Team starts with your Primary Care Provider and Care Coordinator. Other team members, based on your needs and choices, may include a behavioral health or social service expert, physician specialist, or dietician.
  - A Personal Care Plan is the list of health care goals you agree to work on with your Care Team. These goals include:
    - Your physical health care;
    - Your mental health care;
    - Long-term services and supports. (These are for people who need help to do everyday tasks like taking a

bath, getting dressed, making food, and taking medicine.)

- Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

### **Choosing a Primary Care Provider (PCP)**

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider or a PCP. Under certain conditions, you may also be able to choose a specialist who acts as your PCP. A specialist who chooses to participate as your PCP must be willing and able to provide the care you need. If you need to request a specialist to be your PCP, call our Member Services at 1-855-464-3571.

To choose a PCP, go to the list of providers on page 11 and:

- choose a provider that you use now, *or*
- choose a provider who has been recommended by someone you trust, *or*
- choose a provider whose offices are easy for you to get to.
- If you want help in choosing a

PCP, please call Member Services at 1-855-464-3571, 24 hours a day, 7 days a week. The call is free. TTY 711. Or, visit [www.healthnet.com/calmediconnect](http://www.healthnet.com/calmediconnect).

- **Seeing Medicare doctors.**  
You may be able to keep seeing your current doctors or other providers outside of Health Net Cal MediConnect's network of doctors for up to 6 months if they provide services that Medicare would cover and they agree to work with our plan.
- **Seeing Medi-Cal doctors.**  
You may be able to keep seeing your current doctors or other providers outside of Health Net Cal MediConnect's network of doctors for up to 12 months if they provide services that Medi-Cal would cover and they agree to work with our plan.
- There may be a few providers you will not be able to continue seeing. If you want more information, please call Member Services.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services to ask – before you get the service or care.

### **Getting long-term services and supports**

You may be able to get long-term services and supports (LTSS), such as Community-Based Adult Services (CBAS), In-Home Supportive Services (IHSS), the Multipurpose Senior Services Program (MSSP), and long-term custodial

care in nursing facilities, as a Health Net Cal MediConnect member.

Long-term services and supports are help for people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

These services include Community-Based Adult Services (CBAS) and In-Home Supports and Services.

CBAS is a community-based day health program that provides services to older persons and adults with chronic medical, cognitive or mental health conditions, and/or disabilities that are at risk of needing institutional care.

To apply for CBAS, please contact Health Net Cal MediConnect at 1-855-464-3571, TTY 711.

The In-Home Supportive Services (IHSS) program can provide services so that you can remain safely in your own home. To be eligible, you must be over 65 years of age, or disabled, or blind. IHSS is considered an alternative to out-of-home care, such as nursing homes or board and care facilities.

To apply for IHSS, contact the local county IHSS Office.

The MSSP provides services for people age 65 and older. With long-term custodial care in nursing facilities, the health plan makes sure that care is consistent and any transition is well-planned. To find providers of these services, go to page 989 in this Directory.

A full list of these services is available in Chapter 4 of your Member Handbook.

You can talk with your Care Coordinator or any member of your Care Team about LTSS you may need. For more details on long-term services and supports, please call Member Services at 1-855-464-3571, 24 hours a day, 7 days a week. The call is free. TTY 711.

## Identifying Providers in Health Net Cal MediConnect's Network

You must get all of your covered services from providers within our network. If you go to providers who are not in Health Net Cal MediConnect's network (without prior authorization or approval from us), you will have to pay the bill.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan if Health Net Cal MediConnect gives you permission first.

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals in the “Getting started in Health Net Cal MediConnect” section of this Provider and Pharmacy Directory on page 2.

- You may change providers within the network at any time. If you have been going to one network provider, you do not have to keep going to that same provider. In some cases, you may get covered services from non-network doctors. Even though your PCP is trained to handle most of your common health needs, there may be times when he or she feels you need more specialized treatment. In that case, you may receive written permission to see a specialist.
- Health Net Cal MediConnect works with all the providers in our network to accommodate the needs of people with disabilities. The list of network providers below includes information about the accommodations they provide. If you need to see a provider and are not sure if they offer the accommodations you need, Health Net Cal MediConnect can help you. Talk to your Care Coordinator for assistance or call Member Services at 1-855-464-3571.

## **Finding Health Net Cal MediConnect providers in your area**

This Directory is arranged in sections. Within each section, the providers are listed by state, then by county and city or town. To find a provider near you, look for the county you live in and then the city or town. You may also find a provider alphabetically by name.

If you need assistance finding a provider, call Member Services at 1-855-464-3571. TTY 711.

**? If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY 711) 24 hours a day, 7 days a week. The call is free.

## Pharmacies

This part of the Directory provides a list of pharmacies in Health Net Cal MediConnect's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

We also list pharmacies that are in our network but are outside Los Angeles County. Please call Health Net Cal MediConnect at 1-855-464-3571, 24 hours a day, 7 days a week for additional information.

- Health Net Cal MediConnect members must use network pharmacies to get prescription drugs.

- Some network pharmacies may not be listed in this Directory.
  - Some network pharmacies may have been added or removed from our plan after this Directory was printed.
