# Section 1 – Introduction

This directory provides a list of Health Net Violet Option 1 (PPO), Health Net Violet Option 2 (PPO), Health Net Violet Option 3 (PPO), and Health Net Aqua (PPO)'s network providers. To get detailed information about your health care coverage, please see your *Evidence of Coverage (EOC)*.

This Health Net Violet Option 1, Health Net Violet Option 2, Health Net Violet Option 3, and Health Net Aqua participating provider directory is a list of all Health Net participating providers (and their PCP and hospital affiliations).

Health Net Violet Option 1, Health Net Violet Option 2, Health Net Violet Option 3, and Health Net Aqua members have the freedom to choose any doctor who accepts them as a Medicare patient. Your Health Net Violet Option 1, Health Net Violet Option 2, Health Net Violet Option 3, or Health Net Aqua plan gives you two levels of benefits and many choices of providers. The level of benefits or coverage you receive is based on the provider you choose. The “network providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our

network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider.

- In-Network Coverage – Applies when you receive covered services from providers in our Health Net Violet Option 1, Health Net Violet Option 2, Health Net Violet Option 3, and Health Net Aqua network. Providers and Facilities that are contracted with Health Net Violet Option 1, Health Net Violet Option 2, Health Net Violet Option 3, and Health Net Aqua are called in-network or network providers and facilities. In-network providers are listed in this directory.
- Out-of-Network – Applies when you receive covered services from providers who do not participate in our Health Net Violet Option 1, Health Net Violet Option 2, Health Net Violet Option 3, and Health Net Aqua network. These providers are referred to as out-of-network providers. It is important to note that utilizing an out-of-network facility or provider will typically result in higher out-of-pocket costs for covered services.

Your Health Net Violet Option 1, Health Net Violet Option 2, Health Net Violet Option 3, or Health Net Aqua plan does not require that you select a primary care provider to coordinate your health care. You receive your in-network benefits when you receive covered services from a Health Net Violet Option 1, Health Net Violet Option 2, Health Net Violet Option 3, and Health Net Aqua network

provider and follow any applicable guidelines, such as obtaining prior authorization when it is required. Some in-network services may require prior authorization (approval in advance) from our plan. Prior authorization is recommended, although not required for out-of-network services.

Refer to the Health Net Violet Option 1, Health Net Violet Option 2, Health Net Violet Option 3, or Health Net Aqua EOC to determine which in-network services require prior authorization.

Post-stabilization services are medically necessary covered services related to an emergency medical condition that are provided after you are stabilized in order to maintain the stabilized condition. Health Net covers post-stabilization care following the administration of emergency services to stabilize or evaluate an emergency medical condition. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow. Please refer to your Health Net plan's EOC for more detailed information.

For directories listing other Health Net participating network providers, facilities and/or pharmacies, call our Member Services Department at 1-888-445-8913, (for Health Net Violet Option 1, Health Net Violet Option 2, Health Net Violet Option 3, and Health Net Aqua members), and TTY users should call 711.
