The simple truth

Understanding your benefits is the key to getting the most from your health care coverage

This guide will help you understand the key elements of our HMO Plan. Once you enroll, you will receive an *Evidence of Coverage* (EOC) that will provide you with full details about your Health Net plan.

For more information, please visit our website at **www.healthnet.com/medicareplans**.

Our HMO plans give you access to our network of highly skilled medical providers in your area. You can look forward to choosing a primary care provider (PCP) to work with you and coordinate your care. You can ask for a current Provider Directory or, for an up-to-date list of network providers, visit www.healthnet.com/medicareplans. (Please note that, except for emergency care, urgently needed care when you are out of the network, out-of-area dialysis services, and cases in which our plan authorizes use of out-of-network providers, if you obtain medical care from out-of-plan providers, neither Medicare nor Health Net will be responsible for the costs.)

Most of our Health Net HMO plans also include Part D coverage, which provides you with the ease of having both your medical and prescription drug needs coordinated through a single convenient source.

Our drug plans are designed specifically for Medicare beneficiaries and include a comprehensive selection of affordable generic and brand-name drugs. (Please note that our Health Net Green plan does not include prescription drug coverage.)

You are eligible to enroll in a Health Net Medicare Advantage HMO plan if:

You are entitled to Medicare Part A and enrolled in Medicare Part B. Members must continue to pay their Medicare Part B premium if not otherwise paid for under Medicaid or by another third party.

You permanently reside in the service area of the plan (in other words, your permanent residence is within one of the Health Net HMO service area counties.)

You do not have end-stage renal disease (ESRD). (Exceptions may apply for individuals who develop ESRD while enrolled in a Health Net commercial or group health plan, or a Medicaid plan.)

Coinsurance and copayments

Some benefits require coinsurance cost-sharing, where you pay a percentage of the total cost of a service based on Medicare-allowable costs or Health Net contracted rates. With copayments, you pay a fixed amount at the time of service. Our Member Services team is happy to answer questions about benefit coinsurance or copayments.

Spending safety net

Health Net Medicare Advantage plans help protect you from unexpected costs with a maximum out-of-pocket (MOOP) spending limit. The plan MOOP is a safety net that limits how much the member spends for plan covered services during the year. Member cost-sharing for covered services accumulates up to an annual member out-of-pocket spending limit. Once the limit has been reached, Health Net will pay 100% of covered benefits and services for the remainder of the calendar year. Not all plan services count toward the MOOP.

Prior authorization requirements

Some covered services require prior authorization. Your health care provider usually initiates the process and requests authorization, when required. When specific services are prior authorized by Health Net as medically appropriate, you have the assurance that Health Net will pay for them. If appropriate prior authorizations have not been obtained, services may not be covered or may not be covered in full. The EOC lists prior authorization requirements.

When it comes to your health, there's more than one right answer.
