

3 Easy Steps to Set Up Recurring Premium Payments

Paying your monthly Health Net health coverage premium using our recurring premium payment system gives you control, flexibility and peace of mind. Your premium payments are released from the account of your choice, and your premium will be paid on time every month. No fuss, no worry, no stamps! Follow these three simple steps:

- 1 Log in to your online Health Net account.** Visit www.healthnet.com and click on *Log In*. (If you haven't already set up an account, click on *Register* to get started.)
- 2 Choose a premium payment method.** Go to *Online Bill Pay*, then to *Pay Bill*. When directed to the site of our premium payment vendor, BillMatrix, select *Continue*. Click on *Recurring Settings* and the *Add New* button. Enter the amount of your monthly premium and the information for the account you'd like to use. You can pick any active checking account or debit card that's in your name.
- 3 Pick a day.** You can pick any day to pay, as long as we receive your premium payment in full by **the first of each month**.

That's it!

Need help enrolling in the recurring premium payment program? Log in to your online account and click the FAQ button on the *Online Bill Pay* page.

You can also get help by phone. Call:

- 1-800-522-0088 if you enrolled directly through Health Net.
- 1-888-926-4988 if you enrolled through Covered California.™
