## Requirements Reminder for Routine Vaccinations of Adult Medi-Cal Members at Contracted Pharmacies as of July 1, 2016

The California Department of Health Care Services requires that health plans participating in Managed Medi-Cal allow their adult members to obtain certain routine immunizations at contracted pharmacies. Current California regulations allow pharmacists to administer routine immunizations in compliance with Advisory Committee for Immunization Practices recommendations published by Centers for Disease Control and Prevention. Pharmacists who provide vaccinations to Medi-Cal members must be trained in immunization administration and comply with recordkeeping and reporting requirements, including reporting immunizations to California Immunization Registry at [www.cairweb.org](http://www.cairweb.org).

Medi-Cal members may choose any Health Net or CalViva Health network pharmacy within the CVS Caremark Vaccine Network.

Refer to the table on page 2 for applicable prior authorization requirements and utilization restrictions about age or quantity for routine vaccinations.

**What this means to you:**

- If your pharmacy is in the CVS Caremark Vaccine Network, you can provide vaccines to adult Health Net Medi-Cal and CalViva Health members.
  - Use the pharmacy bulletin from CVS Caremark (August 2016) to see how to submit claims for vaccines and vaccine administration.
  - Medi-Cal members may NOT be charged for covered vaccines or administration fees associated with those vaccines.
- If your pharmacy is NOT in the CVS Caremark Vaccine Network, refer members who request a vaccine to the phone number on the back of their ID card to find a network pharmacy that can provide the vaccine.

**Additional Information:**

- If you experience difficulties call the Caremark Pharmacy Help Desk at 1-800-600-0180.
- If you have questions regarding the information contained in this update call the Health Net Medi-Cal Pharmacy Department at 1-800-867-6564.
- For eligibility questions call Health Net at 1-800-675-6110.
- For prior authorization requests call Health Net at 1-800-867-6564.
- The Health Net Medi-Cal and CalViva Health formularies are available on the Health Net provider website at <https://www.healthnet.com/portal/provider/home.ndo>.
