

# SUBMITTING CLAIMS TO HEALTH NET

*Is Easy With EDI*

Health Net makes every effort to make claims procedures easier for you. Health Net's Electronic Data Interchange (EDI) solutions simplify claims submission for providers in and out of Health Net's national network. Whether online or through a practice management system, vendor or direct data feed, EDI ensures that claims are submitted quickly. With faster receipt of claims, Health Net can reduce claim processing time and expedite payment.

One of the benefits of submitting claims electronically is that you can check eligibility through Health Net's My Health Net Manager tool. My Health Net Manager is an online tool that allows PFFS providers who accept My Health Net Manager's

terms and conditions access to claims status.

Then select Claims Submission and you're on your way.

Use the following payer IDs next time you submit a claim:

- Professional Payer ID: SX185
- Institutional Payer ID: 12X48

## *Health Net's EDI Specialists*

Whether signing up for EDI for the first time, giving it another try or working to increase your electronic claim volume, EDI specialists can be reached via telephone at (800) 868-2505.
