PCN: ADV
RxGrp: RX6270

Commercial

BIN: 004336
PCN: HNET

Reminder: All PSAO Affiliated Pharmacies Must Be Contracted Directly with CVS Caremark Effective March 1

Health Net will discontinue maintaining its own network of contracted pharmacies as of March 1, 2009. Our records show your pharmacies participate in the Health Net pharmacy network for the Medicare Part D and/or Commercial lines of business. As you know, Health Net has terminated all participating pharmacy agreements effective March 1. On March 1, Health Net will utilize CVS Caremark's contracted pharmacy network for all lines of business.

Your affiliate pharmacies that are already contracted with CVS Caremark do not need to take any action. Health Net members will be able to continue using your affiliate pharmacies contracted with CVS Caremark with no disruption. All of your pharmacies must contract directly with CVS Caremark as of March 1 in order to provide services to Health Net members. CVS Caremark will only load pharmacies into its network under your affiliation if the pharmacy is contracted directly with it. Ensure that all of your affiliate pharmacies have their own contracts with CVS Caremark. **Pharmacies wanting to enroll must call the CVS Caremark Network Enrollment line at 1-866-488-4708.**

IMPORTANT INFORMATION

Between now and February 28, continue to process all Health Net transactions as you have in the past. There will be no change to the current BIN, PCN and RxGroup information for Commercial or Medicare Part D after March 1. Reimbursements for dates of service after March 1 will be paid via CVS Caremark check and remittance advices.

ADDITIONAL INFORMATION

For any questions regarding this update, please contact the Health Net Pharmacy Networks department at 1-800-968-9004 or via email at RxNetwork@healthnet.com.
