Amendment to Your Insurance Coverage

(Attach this Amendment to Your Individual and Family EPO Policy)

Please read the following amendment to your Health Net Life Insurance Company (“HNL”) Policy carefully. It contains changes to your health coverage.

THIS AMENDMENT is made part of the *Policy* that has been issued for the coverage effective date of **April 1, 2016 and later**. Unless otherwise indicated herein, all terms initially capitalized herein shall have the same meaning attributed to such terms in the *Policy* and references to applicable sections of the *Policy*. This Amendment, combined with your *Policy*, explain the details of your health care coverage. All other terms and conditions shown in your *Policy* will continue to apply.

The following language has been added to the “Term of *Policy* and Premiums” section of your *Policy*.

PAYMENT OF PREMIUMS

The Policyholder is responsible for payment of Premiums to HNL. Except as required by law, HNL does not accept payments of Premiums on behalf of the Policyholder directly or indirectly from a Hospital, Home Health Care Agency, Hospice, Outpatient Surgical Center, Physician, Qualified Autism Provider, Residential Treatment Center, Skilled Nursing Facility, or other entities or persons which provide Covered Services and Supplies. Upon discovery of such a payment, HNL will return it and inform the Policyholder that the payment is rejected and that the Premium remains due. A 30-day Grace Period will be allowed for payment of the Premium due, beginning on the date that HNL notifies the Policyholder that the payment was rejected. If HNL does not receive payment on or before the last day of the Grace Period, HNL will cancel coverage after the end of the Grace Period. Refer to the “Grace Periods” provision in the “Term of *Policy* and Premiums” section of the *Policy* for further information.

**NOTICE OF PROTECTION PROVIDED BY
CALIFORNIA LIFE AND HEALTH INSURANCE GUARANTEE ASSOCIATION**

This notice provides a brief summary regarding the protections provided to policyholders by the California Life and Health Insurance Guarantee Association (“the Association”). The purpose of the Association is to assure that policyholders will be protected, within certain limits, in the unlikely event that a member insurer of the Association becomes financially unable to meet its obligations. Insurance companies licensed in California to sell life insurance, health insurance, annuities and structured settlement annuities are members of the Association. The protection provided by the Association is not unlimited and is not a substitute for consumers' care in selecting insurers. This protection was created under California law, which determines who and what is covered and the amounts of coverage.

Below is a brief summary of the coverages, exclusions and limits provided by the Association. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations or the rights or obligations of the Association.

COVERAGE

• **Persons Covered**

Generally, an individual is covered by the Association if the insurer was a member of the Association *and* the individual lives in California at the time the insurer is determined by a court to be insolvent. Coverage is also provided to policy beneficiaries, payees or assignees, whether or not they live in California.

• **Amounts of Coverage**

The basic coverage protections provided by the Association are as follows.

• **Life Insurance, Annuities and Structured Settlement Annuities**

For life insurance policies, annuities and structured settlement annuities, the Association will provide the following:

• **Life Insurance**

80% of death benefits but not to exceed \$300,000

80% of cash surrender or withdrawal values but not to exceed \$100,000

• **Annuities and Structured Settlement Annuities**

80% of the present value of annuity benefits, including net cash withdrawal and net cash surrender values but not to exceed \$250,000

The maximum amount of protection provided by the Association to an individual, for *all* life insurance, annuities and structured settlement annuities is \$300,000, regardless of the number of policies or contracts covering the individual.

• **Health Insurance**

The maximum amount of protection provided by the Association to an individual, as of April 1, 2011, is \$470,125. This amount will increase or decrease based upon changes in the health care cost component of the consumer price index to the date on which an insurer becomes an insolvent insurer.

COVERAGE LIMITATIONS AND EXCLUSIONS FROM COVERAGE

The Association may not provide coverage for this policy. Coverage by the Association generally requires residency in California. You should not rely on coverage by the Association in selecting an insurance company or in selecting an insurance policy.

The following policies and persons are among those that are excluded from Association coverage:

- A policy or contract issued by an insurer that was not authorized to do business in California when it issued the policy or contract
- A policy issued by a health care service plan (HMO), a hospital or medical service organization, a charitable organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company, an insurance exchange, or a grants and annuities society
- If the person is provided coverage by the guaranty association of another state.
- Unallocated annuity contracts; that is, contracts which are not issued to and owned by an individual and which do not guaranty annuity benefits to an individual
- Employer and association plans, to the extent they are self-funded or uninsured
- A policy or contract providing any health care benefits under Medicare Part C or Part D
- An annuity issued by an organization that is only licensed to issue charitable gift annuities
- Any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as certain investment elements of a variable life insurance policy or a variable annuity contract
- Any policy of reinsurance unless an assumption certificate was issued
- Interest rate yields (including implied yields) that exceed limits that are specified in Insurance Code Section 1607.02(b)(2)(C).

NOTICES

Insurance companies or their agents are required by law to give or send you this notice. Policyholders with additional questions should first contact their insurer or agent. To learn more about coverages provided by the Association, please visit the Association's website at www.califega.org, or contact either of the following:

Preferred Providers are providers who have agreed to "participate" in HNL's Exclusive Provider Organization program ("EPO"), which is called Health Net EPO. They have agreed to provide the Covered Persons under this *Policy* with Covered Services and Supplies as explained in this *Policy* and accept a special contracted rate, called the "Contracted Rate" as payment in full. The Covered Person's share of costs is based on that contracted rate. Preferred Providers are listed on the HNL website at www.healthnet.com and selecting "Provider Search" or one can contact the Customer Contact Center at the telephone number on the HNL ID Card to obtain a copy of the Preferred Provider Directory at no cost. If Medically Necessary care is not available through a Preferred Provider, HNL will arrange for the required care with available and accessible Out-of-Network Providers.

Out-of-Network Providers have not agreed to participate in the Health Net EPO program. You may obtain Covered Services and Supplies from an Out-of-Network Provider only for Emergency Care or pediatric dental services. THE CONTINUED PARTICIPATION OF ANY ONE PHYSICIAN, HOSPITAL OR OTHER PROVIDER CANNOT BE GUARANTEED. Covered Services and Supplies received from Out-of-Network Providers will be payable at the Preferred Provider level of coverage when medically appropriate care is not available within the network.

Telephone triage or screening services to assess a Covered Person's health concerns and symptoms are available 24 hours per day, 7 days per week by contacting the Customer Contact Center at the telephone number on the HNL ID Card. Health assessments will be performed by a Physician, registered nurse, or other qualified health professional acting within his or her scope of practice and who is trained to screen or triage an insured who may need care, for the purpose of determining the urgency of the Covered Person's need for care and arranging for care in a timely manner appropriate for the nature of the Covered Person's condition.

THE FACT THAT A PHYSICIAN OR OTHER PROVIDER MAY PERFORM, PRESCRIBE, ORDER, RECOMMEND OR APPROVE A SERVICE, SUPPLY OR HOSPITALIZATION DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY, OR MAKE IT A COVERED SERVICE.

HNL applies certain payment policies and rules to determine appropriate reimbursement that may affect Your responsibility (including, but not limited to, rules affecting reductions in reimbursement for charges for multiple procedures, services of an assistant surgeon, unbundled or duplicate items, and services covered by a global charge for the primary procedure). See the "Outpatient Surgery and Services" and "Hospital Stay" portions of the "Schedule of Benefits" section and the "Professional Surgical Services" portion of the "Medical Benefits" section for additional details. Additional information about HNL's reimbursement policies is available on the HNL website at www.healthnet.com or by contacting HNL's Customer Contact Center at the telephone number listed on Your Health Net EPO Identification Card.

Some Hospitals and other providers do not provide one or more of the following services that may be covered under this *Policy* and that the Covered Person might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; Infertility treatments; or abortion. The Covered Person should obtain more information before enrollment by calling his or her prospective doctor, Preferred Provider, or clinic, or call HNL's Customer Contact Center at the telephone number on his or her HNL ID Card, to ensure that the health care services needed can be obtained.

Notice of Right to Examination: If You are not satisfied with Your coverage under this *Policy*, You may return it within 10 days of receipt. The *Policy* must be mailed or delivered to HNL. If the *Policy* is returned to HNL within 10 days of receipt, HNL will refund any Premium paid and the *Policy* will be considered void from the beginning as if it had never been issued.

IF YOU HAVE QUESTIONS ABOUT COVERAGE, PLEASE CONTACT OUR MEMBER SERVICES DEPARTMENT BEFORE YOU RECEIVE SERVICES FROM A PROVIDER.

THE TERMS "YOU" OR "YOUR," WHEN THEY APPEAR IN THIS *POLICY*, REFER TO THE POLICYHOLDER. THE TERMS "WE," "OUR" OR "US," WHEN THEY APPEAR IN THIS *POLICY*, REFER TO HNL. PLEASE REFER TO "POLICYHOLDER" AND "HNL" IN THE "DEFINITIONS" SECTION FOR MORE INFORMATION.

EMERGENCY CARE is any otherwise Covered Service for an acute illness, a new injury or an unforeseen deterioration or complication of an existing illness, injury or condition already known to the person or, if a minor, to the minor's parent or guardian that a reasonable person with an average knowledge of health and medicine (a prudent layperson), would seek if he or she was having serious symptoms, and believed that without immediate treatment, any of the following would occur:

- His or her health would be put in serious danger (and in the case of a pregnant woman, would put the health of her unborn child in danger)
- His or her bodily functions, organs, or parts would become seriously damaged
- His or her bodily organs or parts would seriously malfunction

Emergency Care also includes treatment of severe pain or active labor. Active labor means labor at the time that either of the following would occur:

Emergency Care is also covered when provided by providers who are outside of the EPO network or outside California, including outside the United States. Ambulance services will transport the Covered Person to the nearest 24-hour emergency facility with Physician coverage.

Emergency Care will also include additional screening, examination and evaluation by a Physician (or other health care provider acting within the scope of his or her license) to determine if a psychiatric emergency medical condition exists, and the care and treatment necessary to relieve or eliminate such condition, within the capability of the facility.

A "psychiatric emergency medical condition" means a Mental Disorder that manifests itself by acute symptoms of sufficient severity that it renders the patient as being either of the following:

- An immediate danger to himself or herself or to others.

 - clinical efficacy,
 - therapeutic value or beneficial effects on health outcomes, or
 - benefits beyond any established medical based alternative.
- It is the subject of an active and credible evaluation and does not have final clearance from applicable governmental regulatory bodies (such as the US Food and Drug Administration “FDA”) and unrestricted market approval for use in the treatment of a specified medical condition or the condition for which authorization of the service is requested.
- The most recent peer-reviewed scientific studies published or accepted for publication by nationally recognized medical journals do not conclude, or are inconclusive in finding, that the service is safe and effective for the treatment of the condition for which authorization of the service is requested.

A service is considered Investigational or Experimental if it meets any of the following criteria:

- It is currently the subject of active and credible evaluation (e.g., clinical trials or research) to determine:
 - clinical efficacy,
 - therapeutic value or beneficial effects on health outcomes, or
 - benefits beyond any established medical based alternative.
- It is the subject of an active and credible evaluation and does not have final clearance from applicable governmental regulatory bodies (such as the US Food and Drug Administration “FDA”) and unrestricted market approval for use in the treatment of a specified medical condition or the condition for which authorization of the service is requested.
- The most recent peer-reviewed scientific studies published or accepted for publication by nationally recognized medical journals do not conclude, or are inconclusive in finding, that the service is safe and effective for the treatment of the condition for which authorization of the service is requested.

MAXIMUM ALLOWABLE AMOUNT is the amount on which HNL bases its reimbursement for Covered Services and Supplies received from a Hospital, Skilled Nursing Facility, Home Health Care Agency, for Outpatient surgery or for Emergency Care received during Foreign Travel or Work Assignment, provided by an Out-of-Network Provider, which may be less than the amount billed for those services and supplies. HNL calculates Maximum Allowable Amount as the lesser of the amount billed by the Out-of-Network Provider or the amount determined as set forth herein. Maximum Allowable Amount is not the amount that HNL pays for a Covered Service; the actual payment will be reduced by applicable Coinsurance, Copayments, Deductibles and other applicable amounts set forth in this *Policy*.

- **Services provided by an Out-of-Network Provider are limited to Emergency Care.** For all services which meet the criteria for Emergency Care, the Copayment or Coinsurance will be the amount shown for Preferred Providers in the Schedule of Benefits, even if the services were provided by an Out-of-Network Provider.
- The Maximum Allowable Amount for Out-of-Network Emergency Care will be the greatest of: (1) the amount negotiated with Preferred Providers for the emergency service provided, excluding any in-network Copayment or Coinsurance; (2) the amount calculated using the same method HNL generally uses to determine payments for Out-of-Network providers, excluding any in-network Copayment or Coinsurance; or (3) the amount paid under Medicare Part A or B, excluding any in-network Copayment or Coinsurance.
- Maximum Allowable Amount for Physician services is determined by applying the 85th percentile from the database of Physician charges from the FAIR Health RV Benchmarks or a similar type of database of Physician charges.
- For all other types of services, Maximum Allowable Amount is determined by applying a percentage of what Medicare would allow (known as the Medicare allowable amount). The Maximum Allowable Amount for such services is 190% of the Medicare allowable amount.
- In the event the applicable service or database does not include an amount for the service or supply provided, Maximum Allowable Amount shall be deemed to be 75% of the covered charges billed by the provider. The Maximum Allowable Amount determined under the databases described above may be more or less than 75% of the amount normally charged by the provider for the same services or supplies.
- The Maximum Allowable Amount may also be subject to other limitations on Covered Expenses. See “Schedule of Benefits,” “Plan Benefits” and “General Limitations and Exclusions” sections for specific benefit limitations, maximums, pre-certification requirements and payment policies that limit the amount HNL pays for certain Covered Services and Supplies. HNL uses available guidelines of Medicare and its contractors, other governmental regulatory bodies and nationally recognized medical societies and organizations to assist in its determination as to which services and procedures are eligible for reimbursement.

In addition to the above, from time to time, HNL also contracts with vendors that have contracted fee arrangements with providers (“Third Party Networks”). In the event HNL contracts with a Third Party Network that has a contract with the Out-of-Network Provider, HNL may, at its option, use the rate agreed to by the Third Party

Network as the Maximum Allowable Amount, in which case You will not be responsible for the difference between the Maximum Allowable Amount and the billed charges. You will be responsible for any applicable Deductible, Copayment and/or Coinsurance at the Out-of-Network level.

In addition, HNL may, at its option, refer a claim for Out-of-Network Services to a fee negotiation service to negotiate the Maximum Allowable Amount for the service or supply provided directly with the Out-of-Network Provider. In that situation, if the Out-of-Network Provider agrees to a negotiated Maximum Allowable Amount, You will not be responsible for the difference between the Maximum Allowable Amount and the billed charges. You will be responsible for any applicable Deductible, Copayment and/or Coinsurance at the Out-of-Network level.

In the event that the billed charges for the Out-of-Network Provider are more than the Maximum Allowable Amount, You are responsible for any amounts charged in excess of the Maximum Allowable Amount, except where the Out-of-Network Provider's fee is determined by reference to a Third Party Network agreement or the Out-of-Network Provider agrees to a negotiated Maximum Allowable Amount.

Please note that whenever You obtain Covered Services and Supplies from an Out-of-Network Provider, you are responsible for applicable Deductibles, Copayments and Coinsurance.

For more information on the determination of Maximum Allowable Amount, or for information, services and tools to help you further understand your potential financial responsibilities for Covered Out-of-Network Services and Supplies please log on to www.healthnet.com or contact HNL Customer Service at the number on Your member identification card.

MEDICALLY NECESSARY (OR MEDICAL NECESSITY) means health care services and outpatient Prescription Drug benefits that a Physician, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, or health condition and that are:

- In accordance with generally accepted standards of medical practice;
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease; and
- Not primarily for the convenience of the patient, Physician, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, Physician Specialty Society recommendations, the views of Physicians practicing in relevant clinical areas and any other relevant factors.

For Pediatric Dental Services, Medically Necessary (or Necessary) means Dental Services and supplies under this *Policy* which are based on accepted dental practices to be appropriate and are all of the following:

- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Covered Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy
 - ♦ For treating a life threatening dental disease or condition.

- ◆ Provided in a clinically controlled research setting.
- ◆ Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.
- For orthodontic benefits, when medically necessary to prevent disease and promote oral health, restore oral structures to health and function, and treat emergency conditions.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this *Policy*. The definition of Necessary used in this *Policy* relates only to Benefits under this *Policy* and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Penalties paid for services which were not certified as required will not be applied to the Out-of-Pocket Maximum, and your responsibility for these penalties will continue to apply to these expenses after the Out-of-Pocket Maximum is reached. The Policyholder may terminate this *Policy* by sending a written notice to Health Net Individual Products, P.O. Box 1150, Rancho Cordova, CA 95670. The *Policy* will end at 12:01 a.m. on the date You requested provided reasonable notice of at least 14 days was given or, if reasonable notice was not given, 14 days after receipt of Your written notice unless an earlier date is agreed to by HNL.

If HNL discontinues offering health benefit plans in California, it will provide notice to the Commissioner of Insurance of California and to each affected Policyholder of its intention to discontinue offering health benefit plans to California Policyholders at least 180 days prior to termination of health benefit plan coverage.

If HNL decides to discontinue offering a particular health benefit plan in the market in California, it will:

- a. provide notice to the Commissioner of Insurance of California and each affected Policyholder of its intention to discontinue offering the particular health benefit plan in California;
- b. provide such notice at least 90 days prior to discontinuance of the particular health benefit plan; and
- c. offer to each affected Policyholder whose coverage is being discontinued, the option of replacing the discontinued plan with any other individual plan currently being offered by HNL in California, for which the Policyholder is eligible.

The written notice given by HNL to notify the Policyholder that coverage has terminated will be delivered to or mailed to the Policyholder at his/her last address as shown on HNL's records.

C. RENEWAL PROVISIONS

Subject to the termination provisions described in this *Policy*, coverage will remain in effect for each month Premium fees are received and accepted by HNL. This *Policy* is guaranteed renewable and HNL may only non-renew or cancel coverage for nonpayment of premiums.

D. CHANGES IN PREMIUMS

Premiums may be changed by HNL on at least 60 days written notice to the Policyholder prior to the date of such change. Any change in Premium shall take effect on the first day of the next Calendar Year.

If a governmental authority (a) imposes a tax or fee that is computed on premiums or (b) requires a change in coverage or administrative practice that increases HNL's risk, HNL may amend this *Policy* and increase the premium sufficiently to cover the tax, fee or risk. The effective date shall be the date set forth in a written notice from HNL to the Policyholder. The effective date shall become effective only upon renewal on the first day of the Calendar Year.

If this *Policy* is terminated for any reason, the Policyholder shall be liable for all Premiums for any time this *Policy* is in force.

E. GRACE PERIODS

A Grace Period of 30 days will be allowed for payment of any Premium due, except the first one. During this period the *Policy* will remain in force (subject to the right of the HNL to cancel in accordance with the termination provision above). If the Policyholder fails to pay the required Premium when due, coverage could be canceled after a 30-day grace period. On or before the Premium due date, HNL will provide notification of the 30-day grace period. During the 30-day grace period, HNL must continue your coverage under this plan. If HNL does not receive payment of the delinquent subscription charges within the 30-day grace period, coverage will be terminated at the end of the grace period. The Policyholder will be responsible for the full cost of any Medical Services rendered after the Covered Person's date of termination. The Policyholder shall not be permitted to unilaterally reinstate coverage through the submission of Premium payments after the date on which this Evidence of Coverage has been terminated pursuant to this provision. Refer to "Reinstatement" below for further information. Premium payments received by HNL following expiration of the Grace Period shall be returned to the Policyholder, and the Policyholder shall not be entitled to further coverage hereunder.

F. REINSTATEMENT

If any renewal premium be not paid within the time granted the Policyholder for payment, a subsequent acceptance of premium by HNL or by any agent duly authorized by HNL to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the *Policy*; provided, however, that if HNL or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the *Policy* will be reinstated upon approval of such application by HNL or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless HNL has previously notified the Policyholder in writing of its disapproval of such application. The Policyholder and HNL shall have the same rights thereunder as they had under the *Policy* immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement.

ELIGIBILITY AND ENROLLMENT

This *Policy* is subject to the **Guaranteed Availability and Guaranteed Renewability rules of the Affordable Care Act (ACA)**.

HNL establishes the conditions of eligibility that must be met in order to be eligible for coverage and continuing coverage under this *Policy*. In order to receive coverage under this *Policy*, the Policyholder and each of the Policyholder's Dependents that apply for coverage must (a) continually reside in Our Service Area; (b) not be incarcerated; and (c) apply for enrollment during an open enrollment period or during a special enrollment period as defined below under "Special Enrollment Periods." Open enrollment takes place November 1, 2015 to January 31, 2016, inclusive, then annually on and after January 1, 2016, from November 1 to January 31 of the following year, inclusive. If you have end-stage renal disease and are eligible for Medicare, you remain eligible for enrollment in this plan until you are enrolled in Medicare. The Notice of Acceptance indicates the names of applicants who have been accepted for coverage, the Effective Date thereof and the Deductible selected.

Policyholders covered under this *Policy* may also enroll Dependents who satisfy the eligibility requirements for enrollment. The following types of Dependents describe those who may enroll in this *Policy*:

- Spouse: The legal spouse, as defined by California law.
- Domestic Partner: The registered Domestic Partner, as defined by California law.
- Children: The children of the Policyholder or the Policyholder's spouse or Domestic Partner (including legally adopted children, stepchildren and wards, as defined in the following provision), under 26 years of age.
- Wards: Children for whom the Policyholder or the Policyholder's spouse or Domestic Partner is a court-appointed guardian.
- Other child: Any child that You have assumed a parent-child relationship, in lieu of a parent-child relationship described above, as indicated by intentional assumption of parental status, or assumption of parental duties by You, as certified by You at the time of enrollment of the child, and annually thereafter up to the age of 26 unless the child is disabled.

Disabled children 26 years of age and older.

Children who reach age 26 are eligible to continue coverage if all of the following conditions apply:

- The child is incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition; and
- The child is chiefly dependent upon the Policyholder for support and maintenance.

If the Policyholder is *enrolling* a disabled child for new coverage, he or she must provide HNL with proof of incapacity and dependency within 60 days of the date the Policyholder receives a request for such information about the dependent child from HNL.

HNL must provide the Policyholder notice at least 90 days prior to the date his or her enrolled child reaches the age limit at which the Dependent child's coverage will terminate. The Policyholder must provide HNL with proof of his or her child's incapacity and dependency during the period commencing 60 days before and ending 60 days after the Dependent Child's 26th birthday in order to continue coverage for a disabled child past the age limit. Coverage will continue until HNL makes a determination as to the child's disability and dependency.

The Policyholder must provide the proof of incapacity and dependency at no cost to HNL.

Following the disabled child's 28th birthday and no more often than annually thereafter, HNL may request that the Policyholder provide satisfactory evidence of the child's disability, and the Policyholder shall have 60 days to respond. A disabled child may remain covered by this plan for as long as he or she remains incapacitated and continues to meet the eligibility criteria described above.

Application for Coverage (Enrollment) and Effective Date for Newly Eligible Dependents

You are entitled to add newly eligible Dependents (subject to the applicable Premium payment) to this Policy as shown below:

- An application to add coverage for a newly married spouse or Domestic Partner will only be considered if we receive a completed application within sixty (60) days of marriage or Declaration of Domestic Partnership. Coverage shall begin on the first day of the month following plan selection. Other Dependents may also be added to the Policy.
- A newly adopted child, or a child who is being adopted, becomes eligible on the date the Policyholder or his or her spouse or Domestic Partner receives physical custody of the child or the date of adoption or placement of adoption.

At the Policyholder's option, coverage begins effective either on (a) the date the Policyholder or his or her spouse or Domestic Partner receives physical custody of the child or the date of adoption or placement of adoption, or (b) on the first day of the month following the date the Policyholder or his or her spouse or Domestic Partner receives physical custody of the child or the date of adoption or placement of adoption. Coverage will continue for 31 days from the date of eligibility. The Policyholder must enroll the child before the 60th day for coverage to continue beyond the first 31 days.

- Coverage for newborn children will be effective upon birth and will continue during the first thirty-one (31) days following birth. However, coverage after thirty-one (31) days is contingent upon the Policyholder enrolling the newborn within sixty (60) days following birth. Alternatively, the Policyholder may elect for coverage to begin on the first day of the month following the date of birth.
- If a court has ordered the Policyholder to provide coverage for an eligible Dependent, coverage will begin on the date the court order is effective or, at the option of the Policyholder, a date following enrollment. The Policyholder must enroll the eligible Dependent within sixty (60) days of the effective date of the court order and pay any required Premiums.

Special Enrollment Periods

In addition to the open enrollment period, You and/or Your dependent are eligible to enroll in this plan within 60 days of certain events, including but not limited to the following:

- Lost coverage in a plan with minimum essential coverage (coverage becomes effective the first of the following month after loss of coverage), not including loss due to non-payment of premiums or situations allowing for a rescission (fraud or intentional misrepresentation of material fact);
- Gained or became a Dependent;
- Were mandated to be covered as a dependent due to a valid state or federal court order;
- Were released from incarceration;
- Had a material provision of a health coverage contract substantially violated by the health coverage issuer;
- Gained access to new health benefit plans as a result of a permanent move;
- Were receiving services under another health benefit plan from a contracting provider, who no longer participates in that health plan, for any of the following conditions: (a) An acute condition (a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration.) Completion of covered services shall be provided for the duration of the acute condition; (b) A serious chronic condition (a medical condition due to a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration.) Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by HNL in consultation with the Covered Person and the terminated provider and consistent with good professional practice, not to exceed 12 months from the contract termination date or 12 months from the effective date of coverage for a new Covered Person; (c) A pregnancy (the three trimesters of pregnancy and the immediate postpartum peri-

od.) Completion of covered services shall be provided for the duration of the pregnancy; (d) A terminal illness (an incurable or irreversible condition that has a high probability of causing death within one year or less.) Completion of covered services shall be provided for the duration of a terminal illness, which may exceed 12 months from the contract termination date or 12 months from the effective date of coverage for a new Covered Person; (e) The care of a newborn between birth and age 36 months. Completion of covered services under this provision shall not exceed 12 months from the contract termination date or 12 months from the effective date of coverage for a new Covered Person; or (f) Performance of a surgery or other procedure that has been recommended and documented by the provider to occur within 180 days of the contract's termination date or within 180 days of the effective date of coverage for a new Covered Person;

- Demonstrate to the Exchange (Covered California), with respect to health benefit plans offered through Covered California, or the California Department of Insurance, with respect to health benefit plans offered outside the Exchange that You or Your Dependent did not enroll in a health benefit plan during the immediately preceding enrollment period available to You or Your Dependent because You or Your Dependent were misinformed about being covered under minimum essential coverage;
- Are a member of the reserve forces of the United States military returning from active duty or a member of the California National Guard returning from active duty under Title 32 of United States Code;

"Minimum essential coverage" is the type of coverage an individual needs to have to meet the individual responsibility requirement under the Affordable Care Act. This includes individual market policies, job-based coverage, Medicare, Medicaid, CHIP, TRICARE and certain other coverage.

MEDICAL BENEFITS

The services and supplies described below will be covered for the Medically Necessary treatment of a covered illness, injury or condition. These benefits are subject to all provisions of this *Policy*.

In addition, many of the Covered Services or Supplies listed herein are subject to Certification in many instances, prior to the expenses being incurred. If Certification is not obtained, the available benefits will be reduced. Please refer to the "Certification Requirements" section of this *Policy* for further details.

An expense is incurred on the date the Covered Person receives the service or supply for which the charge is made. HNL shall not pay for expenses incurred for any services or supplies in excess of any visit or benefits maximum described in the "Schedule of Benefits" section or elsewhere in the *Policy*, nor for any service or supply excluded herein.

The fact that a Physician or other provider may perform, prescribe, order, recommend or approve a service, supply or hospitalization does not, in itself, make it Medically Necessary, or make it a covered service.

HNL will not make benefit payments for any Covered Person that exceed any of the benefit limits shown in the "Schedule of Benefits" section.

This Plan provides benefits required by the Newborns' and Mothers' Health Protection Act of 1996 and the Women's Health and Cancer Rights Act of 1998.

NOTE: Please read this description of plan benefits carefully. Please, also read the "Schedule of Benefits" section regarding the Covered Person's out of pocket expenses and "General Limitations and Exclusions," for details of any restrictions placed on the benefits.

HOW COVERED EXPENSES ARE DETERMINED

HNL will pay for Covered Expenses a Covered Person incurs under this plan. Covered Expenses are based on the maximum charge HNL will accept for each type of provider, not necessarily the amount a Physician or other health care provider bills for the service or supply. Other limitations on Covered Expenses may apply. See "Schedule of Benefits," "Medical Benefits" and "General Exclusions and Limitations" sections for specific benefit limitations, maximums, pre-certification requirements and payment policies that limit the amount HNL pays for certain Covered Services and Supplies.

Preferred Providers

The maximum amount of Covered Expenses for a service or supply provided by a Preferred Provider is the lesser of the billed charge or the amount contracted in advance by HNL, referred to in this *Policy* as the Contracted Rate.

Since the Preferred Provider has agreed to accept the Contracted Rate as payment in full, the Covered Person will not be responsible for any amount billed in excess of the Contracted Rate. However, he or she is responsible for any applicable Deductible(s), Copayments or Coinsurance payment required. The Covered Person is always responsible for services or supplies not covered by this plan.

Out-Of-Network Providers

You may obtain Covered Services and Supplies from an Out-of-Network Provider only for Emergency Care or pediatric dental services.

The maximum amount HNL will pay for Covered Expenses when services or supplies are received from an Out-of-Network Provider is the lesser of the billed charge or the Maximum Allowable Amount as defined in the "Definitions" section.

Since the Out-of-Network Provider has **not** agreed to accept the Maximum Allowable Amount as payment in full, the amount billed by the Out-of-Network Provider may exceed the Maximum Allowable Amount. The Covered Person will need to pay that excess amount, in addition to any applicable Deductible(s), Copayments or Coinsurance payment required. The Covered Person is always responsible for services or supplies not covered by this plan. Once the Maximum Allowable Amount is determined, the amount that HNL pays an Out-of-Network Provider and the amount which will be Your responsibility are determined as follows:

- HNL pays an Out-of-Network Provider an amount equal to the Maximum Allowable Amount, less any Deductible(s), Copayments and/or Coinsurance applicable to the Covered Expense for the service or supply that You receive.
- The portion of the Maximum Allowable Amount that will be Your responsibility is any Deductible(s), Copayments and/or Coinsurance applicable to the Covered Expense for the service or supply that You receive.

Unless the Out-of-Network Provider has agreed to accept the Maximum Allowable Amount as payment in full, as described in the definition of Maximum Allowable Amount, the amount billed by the Out-of-Network Provider may exceed the Maximum Allowable Amount. You will be responsible for that excess amount, in addition to any applicable Deductible(s), Copayments and/or Coinsurance payment required. In addition, You are always responsible for services or supplies not covered by this plan.

Important Note: Even if a Hospital is a Preferred Provider, the Covered Person should not assume that all Physicians and other individual providers of health care are Preferred Providers. Covered Persons should request that all provider services be performed by Preferred Providers whenever the Covered Person enters a Hospital.

OUT-OF-POCKET LIMITS ON EXPENSES

When the Covered Person's total Copayments, Coinsurance, Calendar Year Deductible payments for the medical, Prescription Drug, pediatric vision and pediatric dental benefits, during any Calendar Year, equal the Out-of-Pocket Maximum set forth in the "Schedule of Benefits" section, no further Deductibles, Copayments or Coinsurance will be required from that Covered Person for the remainder of that Calendar Year. (See the "Schedule of Benefits" section for exceptions.)

MEDICAL DEDUCTIBLES

- After HNL determines the amount of Covered Expenses, HNL will subtract the applicable Deductible(s) and either the Copayment or the Coinsurance that applies to the covered service or supply. HNL will then pay up to the benefit limit shown in the "Schedule of Benefits" section.
- Only Covered Expenses will be applied to the satisfaction of the Deductible(s) shown in this *Policy*.
- Expenses incurred under the Prescription Drug Benefit will not be applied to the Calendar Year Deductible.

HNL uses guidelines of Medicare and its contractors, other governmental regulatory bodies and nationally recognized medical societies and organizations to assist in its determination as to which services and procedures are eligible for reimbursement. HNL uses available Medicare guidelines to determine the circumstances under which claims for assistant surgeon services and co-surgeon and team surgeon services will be eligible for reimbursement, in accordance with HNL's normal claims filing requirements.

When adjudicating claims for Covered Services for the postoperative global period for surgical procedures, HNL applies Medicare's global surgery periods to the American Medical Association defined Surgical Package. The Surgical Package includes typical postoperative care. These criteria include consideration of the time period for recovery following surgery and the need for any subsequent services or procedures which are part of routine postoperative care.

When multiple procedures are performed at the same time, Covered Expenses include the Contracted Rate or Maximum Allowable Amount (as applicable) for the first (or major) procedure and one-half the Contracted Rate or Maximum Allowable Amount for each additional procedure. HNL uses available Medicare guidelines to determine the circumstances under which claims for multiple surgeries will be eligible for reimbursement, in accordance with HNL's normal claims filing requirements. No benefit is payable for incidental surgical procedures, such as an appendectomy performed during gall bladder surgery.

HNL uses available Medicare guidelines to determine which services and procedures are eligible for payment separately or as part of a bundled package, including but not limited to, which items are separate professional or technical components of services and procedures. HNL also uses proprietary guidelines to identify potential billing inaccuracies.

Payment of benefits for surgical expenses will be reduced as set forth in this *Policy* if Certification is not obtained for the surgery.

Benefits will be provided for Hospital services when it is necessary to perform dental services in a Hospital, either as an Inpatient or an Outpatient, due to an unrelated medical condition which would threaten the Covered Person's health if the dental services are not performed and when use of the Hospital setting has been ordered by both a medical doctor and a dentist. Certification will be required.

The transplant must be Medically Necessary and the Covered Person must qualify for the transplant. Please refer to the "Certification Requirements" section for information on how to obtain Certification.

HNL has a specific network of designated Transplant Performance Centers to perform organ, tissue and stem cell transplants. Your Physician can provide You with information about this network. You will be directed to a Transplant Performance Center at the time Certification is obtained. Preferred Providers that are not designated as part of HNL's network of Transplant Performance Centers are considered Out-of-Network Providers and are not covered.

Medically Necessary services, in connection with organ, tissue or stem cell transplants, are covered as follows:

- For the Covered Person who receives the transplant, and
- For the donor (whether or not a Covered Person). Benefits are reduced by any amounts paid or payable by the donor's own coverage. Only Medically Necessary services related to the organ donation are covered, including, but not limited to harvesting the organ, tissue or bone marrow and treatment of complications.

Evaluation of potential candidates is subject to the Certification Requirement. More than one evaluation (including tests) at more than one transplant center will not be authorized unless it is Medically Necessary. Organ, tissue and stem cell transplants will be covered regardless of the Covered Person's human immunodeficiency virus (HIV) status.

Organ donation extends and enhances lives and is an option that a Covered Person may want to consider. For more information on organ donation, including how to elect to be an organ donor, please contact the Customer Contact Center at the telephone number on Your HNL ID Card, or visit the Department of Health and Human Services organ donation website at www.organdonor.gov.

If a Covered Person receives services which are not Certified by HNL for an organ, tissue or stem cell transplant, he or she will incur the Non-Certification penalties described in the "Schedule of Benefits" section.

Travel expenses and hotel accommodations associated with organ, tissue and stem cell transplants are not covered.

If you disagree with a determination by HNL, you can appeal the determination. The complaint and appeals process, including independent medical review from the California Department of Insurance, is described in the "Grievance and Appeals Process" and "Independent Medical Review of Grievances Involving a Disputed Health Care Service" sections of this *Policy*. You may also call HNL at the telephone number on your ID card

NEED IMMEDIATE ATTENTION

Emergency Care

HNL uses a prudent layperson standard to determine whether the criteria for Emergency Care have been met. HNL applies the prudent layperson standard to evaluate the necessity of medical services which a Covered Person accesses in connection with a condition that the Covered Person perceives to be an emergency situation. Please refer to "Emergency Care" in the "Definitions" section to see how the prudent layperson standard applies to the definition of "Emergency Care."

Emergency Care is available and accessible to all Covered Persons through the EPO network 24 hours a day, seven days a week. Emergency Care is also covered when provided by providers who are outside of the EPO network or outside California, including outside the United States. See "Foreign Travel or Work Assignment" in the "General Provisions" section for more details. Please see the "Schedule of Benefits" for the applicable Copayments.

Urgent Care

Through a Preferred Provider, urgent care is covered as long as services would have otherwise been covered under this *Policy*. Through an Out-of-Network Provider, urgent care is restricted to the United States and only covered if (a) services are received while the Covered Person is not within a reasonable distance of an urgent care facility in the EPO network, and (b) the Covered Person reasonably believes that the Covered Person or the Covered Person's unborn child's health would seriously deteriorate if treatment was delayed until return. Urgent Care-related follow up care is not covered Out-of-Network.

Ambulance Services

Air or ground Ambulance and Ambulance transport services provided through a Preferred Provider or an Out-of-Network Provider as a result of a **911** emergency response system call will be covered, when either of the following conditions apply:

- The request was made for an emergency medical condition and Ambulance transport services were required; or
- The Covered Person reasonably believed that his or her medical condition was an emergency medical condition and required Ambulance transport services.

PREGNANCY

*The coverage described below meets requirements for Hospital length of stay under the **Newborns' and Mothers' Health Protection Act of 1996**, which requires that:*

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Hospital and Professional Services will be covered, including prenatal and postnatal care, and delivery. Covered Expenses include prenatal diagnostic procedures in the case of high-risk pregnancies.

Birthing Center services are covered when authorized by HNL and provided by a Preferred Provider. A Birthing Center is a homelike facility accredited by the Commission for Accreditation of Birth Centers (CABC) that is equipped, staffed and operated to provide maternity-related care, including prenatal, labor, delivery and postpartum care. Services provided by other than a CABC-accredited designated center will not be covered.

Preventive services for pregnancy, as listed in the U.S. Preventive Services Task Force A&B recommendations and Health Resources and Services Administration's ("HRSA") Women's Preventive Service are covered as Preventive Care Services.

When a Covered Person gives birth to a child in a Hospital, the Covered Person is entitled to benefits for 48 hours of Inpatient care following a vaginal delivery or 96 hours following a cesarean section delivery. Longer stays in the Hospital and cesarean sections must be certified.

The Covered Person's Physician will not be required to obtain Certification for a Hospital stay that is equal to or less than 48 hours following vaginal delivery or 96 hours following cesarean section. Longer stays in the Hospital and scheduled cesarean sections must be certified.

If the Covered Person is discharged earlier than 48 hours after a vaginal delivery or 96 hours after a cesarean section, the Covered Person's Physician may arrange a home visit during the first 48 hours following discharge by a licensed health care provider whose scope of practice includes postpartum care and newborn care. This home visit does not require Certification.

HNL care managers are available to coordinate care for high-risk pregnancy. Covered Persons can contact a care manager by calling the treatment review telephone number listed on the Health Net EPO Identification Card.

Additionally, this *Policy* covers terminations of pregnancy (Medically Necessary or elective).

Breastfeeding support, supplies and counseling, as supported by the Health Resources and Services Administration (HRSA) guidelines, are covered as preventive care.

Please notify HNL at the time of the first prenatal visit.

Network and Non-Network Benefits

Network Benefits - these Benefits apply when you choose to obtain Covered Dental Services from a Network Dental Provider. You generally are required to pay less to the provider than you would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will you be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, you must obtain all Covered Dental Services directly from or through a Network Dental Provider.

You must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. You can verify the participation status by calling us and/or the provider. If necessary, we can provide assistance in referring you to Network Dental Provider.

We will make available to you a *Directory of Network Dental Providers*. You can also call *Customer Service* to determine which providers participate in the Network. The telephone number for *Customer Service* is on your ID card.

Non-Network Benefits - these Benefits apply when you decide to obtain Covered Dental Services from non-Network Dental Providers. You generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on our contracted fee(s) for Covered Dental Services with a Network Dental Provider in the same geographic area for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the contracted fee(s). As a result, you may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee(s). In addition, when you obtain Covered Dental Services from non-Network Dental Providers, you must file a claim with us to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment, for a dental disease does not mean that the procedure or treatment is a Covered Dental Service under this *Policy*.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, you may notify us of such treatment before treatment begins and receive a pre-treatment estimate. If you desire a pre-treatment estimate, you or your Dental Provider should send a notice to us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

We will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of Benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the *Policy*.

A pre-treatment estimate of Benefits is not an agreement to pay for expenses. This procedure lets you know in advance approximately what portion of the expenses will be considered for payment.

Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this subsection when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Not excluded as described in "*Pediatric Dental Exclusions*" of this subsection below.

Network Benefits:

Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between us and the provider rather than a percentage of the provider's billed charge. Our negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge you or us for any service or supply that is not Necessary as determined by us. If you agree to receive a service or supply that is not Necessary the Network provider may charge you. However, these charges will not be considered Covered Dental Services and Benefits will not be payable.

Non-Network Benefits:

Benefits for Eligible Dental Expenses from non-Network providers are determined as a percentage of our contracted fee(s) for Covered Dental Services with a Network Dental Provider in the same geographic area. You must pay the amount by which the non-Network provider's billed charge exceeds the Eligible Dental Expense.

SPECIFIC PROVISIONS

Customer Contact Center Interpreter Services

HNL's Customer Contact Center has bilingual staff and interpreter services for additional languages to handle Covered Person language needs. Examples of interpretive services provided include explaining benefits, filing a grievance and answering questions related to Your health plan in the Covered Person's preferred language. Also, our Customer Contact Center staff can help You find a health care provider who speaks Your language. Call the Customer Contact Center number on Your HNL ID card for this free service. HNL discourages the use of family members and friends as interpreters and strongly discourages the use of minors as interpreters at all medical points of contact where a covered benefit or service is received. Language assistance is available at all medical points of contact where a covered benefit or service is accessed. You do not have to use family members or friends as interpreters. If You cannot locate a health care provider who meets Your language needs, You can request to have an interpreter available at no charge.

HNL is committed to treating Covered Persons in a manner that respects their rights, recognizes their specific needs and maintains a mutually respectful relationship. In order to communicate this commitment, HNL has adopted these Covered Persons' rights and responsibilities. These rights and responsibilities apply to Covered Persons' relationships with HNL, its contracting practitioners and providers, and all other health care professionals providing care to its Covered Persons.

Covered Persons have the right to:

- Receive information about HNL, its services, its practitioners and providers and Covered Persons' rights and responsibilities;
- Be treated with respect and recognition of their dignity and right to privacy;

- Follow plans and instructions for care that they have agreed-upon on with their practitioners; and
- Be aware of their health problems and participate in developing mutually agreed-upon treatment goals to the degree possible.

Grievance and Appeals Process

Appeal, complaint or grievance means any dissatisfaction expressed by You or Your representative concerning a problem with HNL, a medical provider or Your coverage under this *Policy*, including an adverse benefit determina-

- Any reduction or termination of an approved ongoing course of treatment to be provided over a period of time or number of treatments before the end of such period of time or number of treatments. If there is an adverse benefit determination, the Covered Person will be notified sufficiently in advance of the reduction or termination to allow time to appeal and obtain a determination on review of that adverse benefit determination before the benefit is reduced or terminated.
- Rescission of coverage, even if it does not have an adverse effect on a particular benefit at that time; or
- Determination of an individual's eligibility to participate in this HNL plan; or
- Determination that a benefit is not covered; or
- An exclusion or limitation of an otherwise covered benefit based on a source-of-injury exclusion; or

The grievance and appeal process as it pertains to a urgent care claim dispute that is based on a Medical Necessity determination, is a 72-hour process from the time of the initial request was received by HNL, until the close of the case with the Covered Person. If a claim-related dispute resolution determination cannot be issued within the initial 72-hour period, HNL will still provide the Covered Person with a complete response based on the facts as then known by HNL within the initial 72-hour period. However, for urgent care claims involving the extension of an ongoing course of treatment, the process will be 24 hours from the time of the initial request.

The grievance and appeal process as it pertains to a claim dispute that is based on a non-urgent pre-service Medical Necessity determination, is a 5-business day process from the date the initial request was received by HNL, until the close of the case with the Covered Person. If a claim-related dispute resolution determination cannot be issued within the initial 5-business day period, HNL will still provide the Covered Person with a complete response based on the facts as then known by HNL within the initial 5-business day period.

The grievance and appeal process as it pertains to a claim dispute that is not based on a Medical Necessity determination, is a 15-calendar day process from the date the initial request was received by HNL, until the close of the case with the Covered Person. If a claim-related dispute resolution determination cannot be issued within the initial 15-calendar day period, HNL will still provide the Covered Person with a complete response based on the facts as then known by HNL within the initial 15-calendar day period. All other non-claim disputes are processed within 30 calendar days. Receipt date is defined as the earliest HNL stamp date or practitioner receipt date noted on the document. If any case exceeds the 15-day or 30-day time limit, a letter is sent to the Covered Person by the 15th or 30th calendar day informing him or her of the reason for the pended status.

There is no requirement that You participate in HNL's grievance or appeals process before requesting Independent Medical Review (IMR) for denials. In such cases, You may contact the California Department of Insurance (CDI) to request an IMR of the denial.

Independent Medical Review of Grievances Involving a Disputed Health Care Service

The Covered Person may request an independent medical review ("IMR") of disputed health care services from the Department of Insurance ("Department") if he or she believes that health care services eligible for coverage and payment under his or her HNL plan have been improperly denied, modified, or delayed by HNL. A "Disputed Health Care Service" is any health care service eligible for coverage and payment under the Covered Person's HNL plan that has been denied, modified, or delayed by HNL, in whole or in part because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available. The Covered Person pays no application or processing fees of any kind for IMR. The Covered Person has the right to provide information in support of the request for IMR. HNL will provide the Covered Person with an IMR application form and HNL's grievance response letter that states its position on the Disputed Health Care Service. A decision not to participate in the IMR process may cause the Covered Person to forfeit any statutory right to pursue legal action against HNL regarding the Disputed Health Care Service.

Eligibility

The Covered Person's application for IMR will be reviewed by the Department to confirm that it meets all the eligibility requirements of the law for IMR which are set out below:

- 1.(A) The Covered Person's provider has recommended a health care service as Medically Necessary, or
 - (B) The Covered Person has received urgent or Emergency Care that a provider determined to have been Medically Necessary
 - (C) In the absence of the provider recommendation described in 1.(A) above, or the receipt of urgent or Emergency Care described in 1.(B) above, the Covered Person has been seen by a Physician for the diagnosis or treatment of the medical condition for which he or she seeks IMR;
2. The Disputed Health Care Service has been denied, modified, or delayed by HNL, based in whole or in part on a decision that the health care service is not Medically Necessary; and
3. The Covered Person has filed a grievance with HNL and the disputed decision is upheld by HNL or the grievance remains unresolved after 30 days. Within the next six months, the Covered Person may apply to the Department for IMR, or later, if the Department agrees to extend the application deadline. If the Covered Person's grievance requires expedited review he or she may bring it immediately to the Department's attention. The Department may waive the requirement that the Covered Person follow HNL's grievance process in extraordinary and compelling cases.

If the Covered Person's case is eligible for IMR, the dispute will be submitted to a medical specialist who will make an independent determination of whether or not the care is Medically Necessary. The Covered Person will receive a copy of the assessment made in his or her case from the IMR. If the IMR determines the service is

Medically Necessary, HNL will provide benefits for the Disputed Health Care Service in accordance with the terms and conditions of this *Policy*. If the case is not eligible for IMR, the Department will advise the Covered Person of his or her alternatives.

For non-urgent cases, the IMR organization designated by the Department must provide its determination within 30 days of receipt of the application for review and the supporting documents.

If there is an imminent and serious threat to the health of the Covered Person, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of the Covered Person's health, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the Department of Insurance may waive the requirement that the Covered Person follow the insurer's grievance process in extraordinary and compelling cases, where the commissioner finds that the Covered Person has acted reasonably.

For more information regarding the IMR process, or to request an application form, please call HNL's the Customer Contact Center at the telephone number on Your HNL ID card.

Independent Medical Review of Investigational or Experimental Therapies

HNL does not cover Experimental or Investigational drugs, devices, procedures or therapies. However, if HNL denies or delays coverage for requested treatment on the basis that it is Experimental or Investigational and the Covered Person meets the eligibility criteria set out below, the Covered Person may request an independent medical review ("IMR") of HNL's decision from the Department of Insurance.

Eligibility

- The Covered Person must have a life-threatening or seriously debilitating condition.
- The Covered Person's Physician must certify to HNL that he or she has a life-threatening or seriously debilitating condition for which standard therapies have not been effective in improving the Covered Person's condition or are otherwise medically inappropriate, and there is no more beneficial therapy covered by HNL.
- Either (a) the Covered Person's contracting Physician has recommended a drug, device, procedure, or other therapy that the Physician certifies in writing is likely to be more beneficial to the Covered Person than any available standard therapies, or (b) the Covered Person, or the Covered Person's Physician who is a licensed, board-certified or board-eligible Physician qualified to practice in the area of practice appropriate to treat the Covered Person's condition, has requested a therapy that, based on two documents from the medical and scientific evidence, as defined below, is likely to be more beneficial for the Covered Person than any available standard therapy. The Physician certification shall include a statement of the evidence relied upon by the Physician in certifying his or her recommendation. Nothing in this provision shall be construed to require HNL to pay for the services of a noncontracting Physician that are not otherwise covered pursuant to the contract.
- The Covered Person has been denied coverage by HNL for the recommended or requested therapy.
- If not for HNL's determination that the recommended or requested treatment is Experimental or Investigational, it would be covered.

For purposes of this provision, "life-threatening" means either or both of the following:

- Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted.
- Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

For purposes of this provision, "seriously debilitating" means diseases or conditions that cause major irreversible morbidity.

For purposes of this provision, "medical and scientific evidence" means the following sources:

1. Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.

2. Peer-reviewed literature, biomedical compendia and other medical literature that meet the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline and MEDLARS database of Health Services Technology Assessment Research (HSTAR).
3. Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act.
4. Either of the following reference compendia:
 - a. The American Hospital Formulary Service's Drug Information.
 - b. The American Dental Association Accepted Dental Therapeutics.
5. Any of the following reference compendia, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen:
 - a. The Elsevier Gold Standard's Clinical Pharmacology.
 - b. The National Comprehensive Cancer Network Drug and Biologics Compendium.
 - c. The Thomson Micromedex DrugDex.
6. Findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Health Care Financing Administration, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services.
7. Peer-reviewed abstracts accepted for presentation at major medical association meetings.

If there is an imminent and serious threat to the health of the Covered Person, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of the Covered Person's health, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the Department of Insurance may waive the requirement that the Covered Person follow the insurer's grievance process in extraordinary and compelling cases, where the commissioner finds that the Covered Person has acted reasonably.

If HNL denies coverage of the recommended or requested therapy and the Covered Person meets the eligibility requirements, HNL will notify the Covered Person within five business days of its decision and his or her opportunity to request an external review of HNL's decision through IMR. HNL will provide the Covered Person with an application form to request an IMR of HNL's decision. The IMR process is in addition to any other procedures or remedies that may be available. The Covered Person pays no application or processing fees of any kind for IMR. The Covered Person has the right to provide information in support of his or her request for IMR. If the Covered Person's Physician determines that the proposed therapy should begin promptly, he or she may request expedited review and the experts on the IMR panel will render a decision within seven days of the request. If the IMR panel recommends that HNL cover the recommended or requested therapy, coverage for the services will be subject to the terms and conditions generally applicable to other benefits to which You are entitled. A decision not to participate in the IMR process may cause the Covered Person to forfeit any statutory right to pursue legal action against HNL regarding the denial of the recommended or requested therapy. For more information, please call the Customer Contact Center at the telephone number on Your HNL ID Card.

A. ARBITRATION

As a condition to becoming a HNL Policyholder, You agree to submit all disputes You may have with HNL to final and binding arbitration. Likewise, HNL agrees to arbitrate all such disputes. This mutual agreement to arbitrate disputes means that both You and HNL are bound to use binding arbitration as the final means of resolving disputes that may arise between the parties, and thereby the parties agree to forego any right they may have to a jury trial on such disputes. However, no remedies that otherwise would be available to either party in a court of law will be forfeited by virtue of this agreement to use and be bound by HNL's binding arbitration process. This agreement to arbitrate shall be enforced even if a party to the arbitration is also involved in another action or proceeding with a third party arising out of the same matter.

Sometimes disputes or disagreements may arise between HNL and You (including Your enrolled Dependents, heirs or personal representatives) regarding the construction, interpretation, performance or breach of this *Policy*, or regarding other matters relating to or arising out of Your HNL membership. Typically such disputes are handled and resolved through the HNL Grievance, Appeal and Independent Medical Review process described above. However, in the event that a dispute is not resolved in that process, HNL uses binding Arbitration as the final method for resolving all such disputes, whether stated in tort, contract or otherwise, and whether or not other parties such as employer groups, health care providers, or their agents or employees, are also involved. In addition, disputes with HNL involving alleged professional liability or medical malpractice (that is, whether any medical services rendered were unnecessary or unauthorized or were improperly, negligently or incompetently rendered) also must be submitted to binding arbitration.

HNL's binding arbitration process is conducted by mutually acceptable arbitrator(s) selected by the parties. The Federal Arbitration Act, 9 U.S.C. § 1, et seq., will govern arbitrations under this process. In the event that the total amount of damages claimed is \$200,000 or less (\$50,000 or less with respect to disputes with HNL involving alleged professional liability or medical malpractice), the parties shall, within 30 days of submission of the demand for arbitration to HNL, appoint a mutually acceptable single neutral arbitrator who shall hear and decide the case and have no jurisdiction to award more than \$200,000 or \$50,000, whichever is applicable. In the event that total amount of damages is over \$200,000 or \$50,000, whichever is applicable, the parties shall, within 30 days of submission of the demand for arbitration to HNL, appoint a mutually acceptable panel of three neutral arbitrators (unless the parties mutually agree to one arbitrator), who shall hear and decide the case.

If the parties fail to reach an agreement during this time frame, then, in accordance with California Insurance Code 10123.19(b), either party may apply to a Court of Competent Jurisdiction for appointment of the arbitrator(s) to hear and decide the matter. When a petition is made to the court to appoint a neutral arbitrator, the court shall nominate five persons from lists of persons supplied jointly by the parties to the arbitration or obtained from a governmental agency concerned with arbitration or private disinterested association concerned with arbitration. The parties to the agreement who seek arbitration and against whom arbitration is sought may within five days of receipt of notice of the nominees from the court jointly select the arbitrator whether or not the arbitrator is among the nominees. If the parties fail to select an arbitrator within the five-day period, the court shall appoint the arbitrator from the nominees.

Arbitration can be initiated by submitting a demand for arbitration to HNL at the address provided below. The demand must have a clear statement of the facts, the relief sought and a dollar amount.

HNL Insurance Company
Attention: Litigation Administrator
P.O. Box 4504
Woodland Hills, CA 91356-4505

The arbitrator is required to follow applicable state or federal law. The arbitrator may interpret this *Policy*, but will not have any power to change, modify or refuse to enforce any of its terms, nor will the arbitrator have the authority to make any award that would not be available in a court of law. At the conclusion of the arbitration, the arbitrator will issue a written opinion and award setting forth findings of fact and conclusions of law. The award will be final and binding on all parties except to the extent that state or federal law provide for judicial review of arbitration proceedings.

The parties will share equally the arbitrator's fees and expenses of administration involved in the arbitration. Each party also will be responsible for their own attorneys' fees. In cases of extreme hardship to a Covered Person, HNL may assume all or portion of a Covered Person's share of the fees and expenses of the arbitration. Upon written notice by the Covered Person requesting a hardship application, HNL will forward the request to an independent professional dispute resolution organization for a determination. Such request for hardship should be submitted to the Litigation Administrator at the address provided above.

B. RECOVERY OF BENEFITS PAID BY HNL WHEN THE COVERED PERSON IS INJURED:

If the Covered Person is ever injured through the actions of another person or him or herself (responsible party), HNL will provide benefits for all Covered Services and Supplies the Covered Person receives through this *Policy*. However, if the Covered Person receives money or is entitled to receive money because of the Covered Person's injuries, whether through a settlement, judgment or any other payment associated with the Covered Person's injuries, HNL or the medical providers retain the right to recover the value of any services provided to the Covered Person under this *Policy*.

As used throughout this provision, the term responsible party means any party actually or potentially responsible for making any payment to a Covered Person due to a Covered Person's injury, illness or condition. The term responsible party includes the liability insurer of such party or any insurance coverage.

Some examples of how the Covered Person could be injured through the actions of a responsible party are:

- The Covered Person was in a car accident; or
- The Covered Person slips and falls in a store.

HNL's rights of recovery apply to any and all recoveries made by the Covered Person or on the Covered Person's behalf from the following sources, including but not limited to:

- Payments made by a third party or any insurance company on behalf of a third party;
- Uninsured or underinsured motorist coverage;
- Personal injury protection, no fault or any other first party coverage;
- Workers Compensation or Disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners' insurance coverage, umbrella coverage; and
- Any other payments from any other source received as compensation for the responsible party's actions.

By accepting benefits under this Plan, the Covered Person acknowledges that HNL has a right of reimbursement that attaches when this Plan has paid for health care benefits for expenses incurred due to the actions of a responsible party and the Covered Person or his or her representative recovers or is entitled to recover any amounts from a responsible party.

Under California law, HNL's legal right to reimbursement creates a health care lien on any recovery.

By accepting benefits under this Plan, the Covered Person also grants HNL an assignment of his or her right to recover medical expenses from any medical payment coverage available to the extent of the full cost of all covered services provided by the Plan and the Covered Person specifically directs such medical payments carriers to directly reimburse the plan on his or her behalf.

Steps the Covered Person Must Take

If the Covered Person is injured because of a responsible party, he or she must cooperate with HNL's and the medical providers' efforts to obtain reimbursement, including:

- Telling HNL and the medical providers, the name and address of the responsible party, if the Covered Person knows it, the name and address of his or her lawyer, if he or she is using a lawyer, the name and address of any insurance company involved with his or her injuries and describing how the injuries were caused;
- Completing any paperwork that HNL or the medical providers may reasonably require to assist in enforcing the lien;
- Promptly responding to inquiries from the lienholders about the status of the case and any settlement discussions;
- Notifying the lienholders immediately upon the Covered Person or his or her lawyer receiving any money from the responsible parties, any insurance companies, or any other source;

- Pay the health care lien from any recovery, settlement or judgment, or other source of compensation and all reimbursement due HNL for the full cost of benefits paid under the Plan that are associated with injuries through a responsible party regardless of whether specifically identified as recovery for medical expenses and regardless of whether the Covered Person is made whole or fully compensated for his or her loss;
- Do nothing to prejudice HNL's rights as set forth above. This includes, but is not limited to, refraining from any attempts to reduce or exclude from settlement or recovery the full cost of all benefits paid by the plan; and;
- Hold any money that the Covered Person or his or her lawyer receives from the responsible parties or, from any other source, in trust, and reimbursing HNL and the medical providers for the amount of the lien as soon as he or she is paid.

How the Amount of the Covered Person Reimbursement is Determined

The following section is not applicable to Workers' Compensation liens and may not apply to certain ERISA plans, Hospital liens, Medicare plans and certain other programs and may be modified by written agreement.*

- The Covered Person's reimbursement to HNL or the medical provider under this lien is based on the value of the services received and the costs of perfecting this lien. For the purposes of determining the lien amount, the value of the services depends on how the provider was paid, as summarized below, and will be calculated in accordance with California Civil Code Section 3040, or as otherwise permitted by law. The amount of the reimbursement owed to HNL or the medical provider will be reduced by the percentage that the recovery is reduced if a judge, jury or arbitrator determines that the Covered Person was responsible for some portion of his or her injuries.
- The amount of the reimbursement owed HNL or the medical provider will also be reduced by a pro rata share for any legal fees or costs paid from money the Covered Person received.
- The amount the Covered Person will be required to reimburse HNL or the medical provider for services received under this plan will not exceed one-third on the money the Covered Person received if he or she engages a lawyer, or one-half of the money received if a lawyer is not engaged.

** Reimbursement related to Workers' Compensation benefits, ERISA plans, Hospital liens, Medicare and other programs not covered by California Civil Code, Section 3040 will be determined in accordance with the provisions of this Policy and applicable law.*

C. SURROGACY ARRANGEMENTS

A Surrogacy Arrangement is an arrangement in which a woman agrees to become pregnant and to carry the child for another person or persons who intend to raise the child.

Your Responsibility for Payment to HNL

If You enter into a surrogacy arrangement, You must pay Us for Covered Services and Supplies You receive related to conception, pregnancy, or delivery in connection with that arrangement ("Surrogacy Health Services"), except that the amount You must pay will not exceed the payments You and/or any of Your family members are entitled to receive under the surrogacy arrangement. You also agree to pay Us for the Covered Services and Supplies that any child born pursuant to the surrogacy arrangement receives at the time of birth or in the initial Hospital stay, *except* that if You provide proof of valid insurance coverage for the child in advance of delivery or if the intended parents make payment arrangements acceptable to HNL in advance of delivery, You will not be responsible for the payment of the child's medical expenses.

Assignment of Your Surrogacy Payments

By accepting Surrogacy Health Services, You automatically assign to Us Your right to receive payments that are payable to You or Your chosen payee under the surrogacy arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and/or any escrow account or trust established to hold those payments. Those payments shall first be applied to satisfy our lien. The assignment and Our lien will not exceed the total amount of Your obligation to Us under the preceding paragraph.

Duty to Cooperate

Within 30 days after entering into a surrogacy arrangement, You must send written notice of the arrangement, including the names and addresses of the other parties to the arrangement to include any escrow agent or trustee, and a copy of any contracts or other documents explaining the arrangement as well as the account number for any escrow account or trust, to:

Surrogacy Third Party Liability –Product Support
The Rawlings Company
One Eden Parkway
LaGrange, KY 40031-8100

You must complete and send Us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for Us to determine the existence of any rights we may have under this “Surrogacy Arrangements” provision and/or to determine the existence of (or accounting for funds contained in) any escrow account or trust established pursuant to Your surrogacy arrangement and to satisfy HNL’s rights.

You must do nothing to prejudice the health plan’s recovery rights.

You must also provide Us the contact and insurance information for the persons who intend to raise the child and whose insurance will cover the child at birth.

You may not agree to waive, release, or reduce our rights under this provision without Our prior, written consent. If Your estate, parent, guardian, or conservator asserts a claim against a third party based on the surrogacy arrangement, Your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to Our liens and other rights to the same extent as if You had asserted the claim against the third party. We may assign our rights to enforce Our liens and other rights.

D. HEALTH CARE PLAN FRAUD

Health care plan fraud is a felony that can be prosecuted. Any person who knowingly presents false or fraudulent claim for the payment of a loss is guilty of a crime and may be subject to fines and confinement in state prison.

Policyholder Responsibility

The Policyholder must:

- File accurate claims. If someone else, such as the Policyholder’s spouse, Domestic Partner or another Dependent, files claims on Your behalf, You should review the form before You sign it;
- Review the explanation of benefits (EOB) form when it is returned to You. Make certain that benefits have been paid correctly based on Your knowledge of the expenses incurred and the services rendered;
- Never allow another person to seek medical treatment under Your identity. If Your ID Card is lost, You should report the loss to Us immediately; and
- Provide complete and accurate information on claims forms and any other information forms. Attempt to answer all questions to the best of Your knowledge.

To maintain the integrity of Your health plan, We encourage You to notify Us whenever a provider:

- bills You for services or treatments that You have never received;
- asks You to sign a blank claim form; or
- asks You to undergo tests that You feel are not needed.

If You are concerned about any of the charges that appear on a bill or Explanation of Benefits form, or if You know of or suspect any illegal activity, call Our toll-free hotline at the number shown on Your HNL ID card. All calls are strictly confidential.

E. CONFIDENTIALITY OF MEDICAL RECORDS

A STATEMENT DESCRIBING HNL'S POLICIES AND PROCEDURES FOR PRESERVING THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE FURNISHED TO THE COVERED PERSON UPON REQUEST.

F. SECOND MEDICAL OPINION

When requested by a Covered Person or participating health professional who is treating a Covered Person, We will authorize a second opinion by an appropriately qualified health care professional. When a Covered Person requests a second opinion, he or she will be responsible for any applicable Copayment or Coinsurance. Reasons for a second opinion include, but are not limited to, the following:

- If the Covered Person questions the reasonableness or necessity of recommended surgical procedures.
- If the Covered Person questions a diagnosis or plan of care for a condition that threatens loss of life, loss of limb, loss of bodily function, or substantial impairment, including, but not limited to, a serious Chronic condition.
- If clinical indications are not clear or are complex and confusing, a diagnosis is in doubt due to conflicting test results, or the treating health professional is unable to diagnose the condition and the Covered Person requests an additional diagnosis.
- If the treatment plan in progress is not improving the medical condition of the Covered Person within an appropriate period of time given the diagnosis and plan of care, and Covered Person requests a second opinion regarding the diagnosis or continuance of the treatment.
- If the Covered Person has attempted to follow the plan of care or consulted with the initial provider concerning serious concerns about the diagnosis or plan of care.

As used above, an appropriately qualified health care professional is a Physician or a Specialist who is acting within his or her scope of practice and who possesses a clinical background, including training and expertise, related to the particular illness, injury, condition or conditions associated with the request for a second opinion.

If the Covered Person or participating health professional who is treating the Covered Person requests a second opinion, an authorization or denial shall be provided in an expeditious manner. When the Covered Person's condition is such that he or she faces an imminent and serious threat to his or her health, including, but not limited to, the potential loss of life, limb or other major bodily function, or lack of timeliness that would be detrimental to the Covered Person's life or health or could jeopardize the insured's ability to regain maximum function, then the second opinion shall be rendered in a timely fashion appropriate to the nature of the Covered Person's condition, not to exceed 72 hours after HNL's receipt of the request, whenever possible.

To request an authorization for a second opinion, contact the Customer Contact Center at the telephone number on the HNL ID card. We will review the request in accordance with HNL's procedures and timelines as stated in the second opinion policy. For more information on the second opinion policy, please contact the Customer Contact Center.

If We deny a request by a Covered Person for a second opinion, We will notify the Covered Person in writing of the reasons for the denial and will inform the Covered Person of the right to dispute the denial, and the procedures for exercising that right.

The expert medical reviewer also advises HNL when patients require quick determinations of coverage, when there is no guiding principle for certain technologies or when the complexity of a patient's medical condition requires expert evaluation. If HNL denies, modifies or delays coverage for Your requested treatment on the basis that it is Experimental or Investigational, You may request an independent medical review (IMR) of HNL's decision from the Department of Insurance. 9. **PRESCRIPTION DRUG** is a drug or medicine which, according to federal law, can be obtained only by a Prescription Drug Order and is required to bear a label which says, "Caution, Federal Law Prohibits Dispensing Without a Prescription," or is restricted to prescription dispensing by state law. Insulin is also included.
10. **PRESCRIPTION DRUG ALLOWABLE CHARGE** is the charge that Participating Pharmacies and the mail service program have agreed to charge Covered Persons, based on a contract between HNL and such provider.
11. **PRESCRIPTION DRUG COVERED EXPENSES** are the maximum charges HNL will allow for each Prescription Drug Order. The amount of Prescription Drug Covered Expenses varies by whether a Nonparticipating Pharmacy dispenses the order. It is not necessarily the amount the pharmacy will bill. Any expense incurred which exceeds the following amounts is not a Prescription Drug Covered Expense: (a) for Prescription Drug Orders dispensed from a Participating Pharmacy, or through the mail service program, the Prescription Drug Allowable Charge; or (b) for Prescription Drug Orders dispensed by a Nonparticipating Pharmacy, the lesser of the Maximum Allowable Cost or the Average Wholesale Price.

12. **PRESCRIPTION DRUG ORDER** is a written or oral order or refill notice for a specific drug, strength and dosage form (such as a tablet, liquid, syrup or capsule) directly related to the treatment of an illness or injury and which is issued by the attending Physician within the scope of his or her professional license.
13. **PRIOR AUTHORIZATION** is HNL's approval process for certain Prescription Drugs that require pre-approval. Physicians must obtain HNL's Prior Authorization before certain drugs will be covered.
14. **NONPARTICIPATING PHARMACY** is a facility not authorized by HNL to be a Participating Pharmacy.
15. **SPECIALTY DRUGS** are specific Prescription Drugs used to treat complex or chronic conditions and usually require close monitoring. These drugs may require special handling, special manufacturing processes, and may have limited pharmacy availability or distribution. Specialty Drugs include drugs that have a significantly higher cost than traditional pharmacy benefit drugs and may be self-administered orally, topically, by inhalation, or by injection (either subcutaneously or intramuscularly). Specialty Drugs can be found in the Health Net Essential Rx Drug List. Some Specialty Drugs require Prior Authorization from HNL and must be dispensed through the Specialty Pharmacy Vendor when indicated on the Essential Rx Drug List to be covered.
16. **SPECIALTY PHARMACY VENDOR** is a pharmacy contracted with HNL specifically to provide injectable medications.
17. **TIER I DRUGS** are most Generic Drugs and low-cost preferred Brand Name Drugs listed in the Health Net Essential Rx Drug List and are not excluded or limited from coverage.
18. **TIER II DRUGS** are non-preferred Generic Drugs, preferred Brand Name Drugs, insulin and diabetic supplies listed in the Health Net Essential Rx Drug List and are not excluded or limited from coverage.
19. **TIER III DRUGS** are non-preferred Brand Name Drugs, , drugs listed as Tier III Drugs in the Essential Rx Drug List, Brand Name Drugs with a generic equivalent (when Medically Necessary) that are not listed on the Essential Rx Drug List or Prescription Drugs that are not listed in the Health Net Essential Rx Drug List, which are not excluded or limited from coverage. Some Tier III Drugs require Prior Authorization from HNL in order to be covered.

In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or HNL's usage recommendation. If this is the case, the amount of medication dispensed may be less than a 30-consecutive-calendar day supply.

B. BENEFITS

Each Covered Person must satisfy the Pharmacy Deductible for Tier II, Tier III and Tier IV Drugs before benefits for Prescription Drugs become payable by HNL. Refer to the "Schedule of Benefits" section for details. If a Covered Person is in a family of two or more members, he or she will reach the Pharmacy Deductible either when the Covered Person meets the amount for any one Covered Person, or when the entire family reaches the family amount.

Outpatient Prescription Drug Benefits shall be provided if a Covered Person, while covered under this *Policy*, incurs an expense for Prescription Drugs which were prescribed by any Physician who is a Preferred Provider. HNL will pay the Prescription Drug Covered Expense (less any applicable Deductible, Copayment or Coinsurance) up to the benefit maximums as stated in the "Schedule of Benefits" section.

When the Covered Person meets the Out-of-Pocket Maximum in a Calendar Year, no further Prescription Drug Copayment or Coinsurance will be required from that Covered Person for the remainder of the year. Refer to the "Schedule of Benefits" section under "Outpatient Prescription Drug Benefits," for more details.

Coverage includes disposable devices that are Medically Necessary for the administration of a covered outpatient Prescription Drug.

Health Net Essential Rx Drug List (also known as Essential Rx Drug List)

HNL developed the Essential Rx Drug List to identify the safest and most effective medications for HNL Covered Persons while attempting to maintain affordable pharmacy benefits. We specifically suggest to all Preferred Providers that they refer to this Essential Rx Drug List when choosing drugs for patients who are HNL Covered Persons. When Your Physician prescribes medications listed in the Essential Rx Drug List, it is ensured that You are receiving a high quality and high value prescription medication. In addition, the Essential Rx Drug List identifies whether a Generic version of a Brand Name Drug exists, and whether the drug requires Prior Authorization.

HNL also covers drugs that are not on the Essential Rx Drug List at the Tier III Drug Copayment level. If a drug is not on the Essential Rx Drug List, and is not specifically excluded from coverage, Prior Authorization is required as shown in "Prior Authorization Process" below.

Diabetic Drugs and Supplies on the Essential Rx Drug List

Prescription Drugs for the treatment of diabetes (including insulin) are covered as stated in the Essential Rx Drug List. Diabetic supplies are also covered, including, but not limited to, specific brands of pen delivery systems, specific brands of disposable insulin needles and syringes, disposable insulin pen needles, specific brands of blood glucose monitors and test strips (specific brand only), Ketone test strips, lancet puncture devices and lancets used in monitoring blood glucose levels. Refer to the "Schedule of Benefits" section for details about the supply amounts that are covered at the applicable Copayment, after satisfying the Pharmacy Deductible.

Preventive Drugs and Women's Contraceptives

Preventive drugs, including smoking cessation drugs, and women's contraceptives are covered as shown in the "Schedule of Benefits" section of this Policy. Covered preventive drugs are over-the-counter drugs or Prescription Drugs that are used for preventive health purposes per the U.S. Preventive Services Task Force A and B recommendations.

Covered contraceptives through this Pharmacy benefit are all FDA-approved contraceptives for women that are either available over-the-counter or are only available with a Prescription Drug Order, including, but not limited to, diaphragms, sponges, female condoms, cervical caps and spermicide. Women's contraceptives that are covered under this Prescription Drug benefit include vaginal, oral, transdermal and emergency contraceptives. For a complete list of contraceptive products covered under the Prescription Drug benefit, please refer to the Essential Rx Drug List.

Over-the-counter preventive drugs and women's contraceptives that are covered under this Plan require a Prescription Drug Order. You must present the Prescription Drug Order at a Health Net Participating Pharmacy to obtain such drugs or contraceptives.

Intrauterine devices (IUDs), injectable and implantable contraceptives are covered as a medical benefit when administered by a Physician. Please refer to the "Medical Benefits" section, under the headings "Preventive Care Services" and "Family Planning" for information regarding contraceptives covered under the medical benefit.

Specialty Drugs

Specialty Drugs listed in the Health Net Essential Rx Drug List are covered when Prior Authorization is obtained from HNL and the drugs are dispensed through HNL's Specialty Pharmacy Vendor. These drugs include self-administered injectable and other drugs that have significantly higher cost than traditional pharmacy benefit drugs. Please note that needles and syringes required to administer the self-injected medications are covered only when obtained through the Specialty Pharmacy Vendor.

Self-administered injectable medications are defined as drugs that are:

- Medically Necessary;
- Administered by the patient or family member; either subcutaneously or intramuscularly;
- Deemed safe for self-administration as determined by HNL's Pharmacy and Therapeutics Committee;
- Included in the Health Net Essential Rx Drug List; and
- Shown on the Essential Rx Drug List as requiring Prior Authorization.

Certain specified *Specialty Drugs or drugs with limited distribution* must be obtained through a contracted specialty pharmacy. These specified Specialty Drugs that must be obtained through the specialty pharmacy program are limited up to a 30-day supply. The specialty pharmacy program will deliver Your medication to You by mail or common carrier. These drugs are subject to the applicable Copayments or Coinsurances listed under "Outpatient Prescription Drugs" in the "Schedule of Benefits."

If You are out of a Specialty Drug which must be obtained through the specialty pharmacy program, HNL will authorize an override of the specialty pharmacy program requirement for 72-hours, or until the next business day following a holiday or weekend, to allow You to get an emergency supply of medication if Your doctor decides that it is appropriate and Medically Necessary. You may have to pay the applicable Copayment.

Smoking Cessation Coverage

Over-the-counter drugs and drugs that require a prescription in order to be dispensed for the relief of nicotine withdrawal symptoms are covered.

Smoking cessation programs are covered by HNL. For information regarding smoking cessation behavioral modification support programs available through HNL, contact the Customer Contact Center at the telephone number on the HNL ID card or visit Our website at www.healthnet.com.

Tier I Drugs (Generic Drugs) and Tier II Drugs (Preferred Brand Name Drugs)

Prescription Drugs listed in the Health Net Essential Rx Drug List are covered, when dispensed by Participating Pharmacies and prescribed by a Physician, an authorized referral specialist or an emergent or urgent care Physician. Some Prescription Drugs require Prior Authorization from HNL to be covered.

Tier III Drugs (non-preferred Brand Name Drugs, drugs listed as Tier III Drugs in the Essential Rx Drug List, Brand Name Drugs with a generic equivalent (when Medically Necessary) that are not listed on the Essential Rx Drug List or drugs not listed in the Essential Rx Drug List)

Tier III Drugs are covered. Some Prescription Drugs that are not on the Essential Rx Drug List require Prior Authorization from HNL to be covered.

In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or HNL's usage recommendation. If this is the case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply.

Off-Label Drugs

A Prescription Drug prescribed for a use that is not stated in the indications and usage information published by the manufacturer is covered only if the drug meets all of the following coverage criteria:

1. The drug is approved by the Food and Drug Administration; AND
2. The drug meets one of the following conditions:
 - A. The drug is prescribed by a participating licensed health care professional for the treatment of a life-threatening condition; OR
 - B. The drug is prescribed by a participating licensed health care professional for the treatment of a chronic and seriously debilitating condition, the drug is Medically Necessary to treat such condition and the drug is either on the Essential Rx Drug List or Prior Authorization by HNL has been obtained; AND
3. The drug is recognized for treatment of the life-threatening or chronic and seriously debilitating condition by one of the following:
 - A. The American Hospital Formulary Service Drug Information; OR
 - B. One of the following compendia, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer therapeutic regimen:
 - i. The Elsevier Gold Standard's Clinical Pharmacology.
 - ii. The National Comprehensive Cancer Network Drug and Biologics Compendium.
 - iii. The Thomson Micromedex DrugDex; OR
 - C. Two articles from major peer reviewed medical journals that present data supporting the proposed off-label use or uses as generally safe and effective unless there is clear and convincing contradictory evidence presented in a major peer reviewed medical journal.

The following definitions apply to the terms mentioned in this provision only.

"Life-threatening" means either or both of the following:

1. Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted;
2. Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

"Chronic and seriously debilitating" refers to diseases or conditions that require ongoing treatment to maintain remission or prevent deterioration and cause significant long-term morbidity.

Any coverage required for Off-Label Drugs shall also include Medically Necessary services associated with the administration of a drug, subject to the conditions of the *Policy*.

C. PRIOR AUTHORIZATION PROCESS:

Prior Authorization status is included in the Essential Rx Drug List. The Essential Rx Drug List identifies which drugs require Prior Authorization. A Physician must get approval from HNL before writing a Prescription Drug Order for a drug that is listed as requiring Prior Authorization, in order for the drug to be covered by HNL. You may refer to our website at www.healthnet.com to review the drugs that require a Prior Authorization as noted in the Essential Rx Drug List.

Requests for Prior Authorization may be submitted electronically or by telephone or facsimile. Urgent requests from Physicians (including pain medications for terminally ill Covered Persons) for authorization will be determined as soon as possible, not to exceed 24 hours, after HNL's receipt of the request. Routine requests from Physicians are determined in a timely fashion, not to exceed 2 business days or 72 hours following receipt of the request, whichever is less, as appropriate and Medically Necessary, for the nature of the Covered Person's condition after HNL's receipt of the request.

If a drug is not on the Essential Rx Drug List, and is not specifically excluded from coverage, your Physician can ask for an exception. To request an exception, your Physician can submit a Prior Authorization request along with a statement supporting the request. Requests for Prior Authorization may be submitted electronically or by telephone or facsimile. If we approve an exception for a drug that is not on the Essential Rx Drug List, the non-preferred Brand Name Drug tier (Tier III) or Specialty Copayment applies. If You are suffering from a condition that may seriously jeopardize Your life, health, or ability to regain maximum function, or if You are undergoing a current course of treatment using a drug that is not on the Essential Rx Drug List, then You, Your designee or Your Physician can request an expedited review. Expedited requests for prior authorization will be processed within 24 hours after HNL's receipt of the request.

If a drug is eliminated from the Essential Rx Drug List, HNL will continue to cover the drug for Covered Persons who were taking the drug when it was eliminated, provided that the drug is appropriately prescribed and is safe and effective for treating the Covered Person's medical condition.

You may use the Prior Authorization process to obtain coverage at no cost for a prescription contraceptive that is not on the Essential Rx Drug List or the brand name equivalent of a covered generic contraceptive that is unavailable. HNL will cover the contraceptive if the Your Physician determines that it is Medically Necessary and submits a Prior Authorization request. This request is not subject to denial by HNL.

HNL will evaluate the submitted information upon receiving Your Physician's request for Prior Authorization and make a determination based on established clinical criteria for the particular medication. The criteria used for Prior Authorization are developed and based on input from the Health Net Pharmacy and Therapeutics Committee as well as Physician experts. Your Physician may contact HNL to obtain the usage guidelines for specific medications.

Once a medication is approved, its authorization becomes effective immediately. The approval will be for the duration of the prescription, including refills.

If you do not receive Prior Authorization for a medication, You will need to pay the full cost of the Prescription Drug dispensed and submit a claim to HNL for reimbursement. You will be reimbursed at HNL's contracted rate less the Copayment or Coinsurance shown in the "Schedule of Benefits" section. You will be subject to a penalty of 50% of the Average Wholesale Price if Prior Authorization was not obtained, except for Emergency or Urgently Needed care.

If you are denied Prior Authorization, you may request an independent review or go through the binding arbitration remedy set forth in the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" and "Arbitration" provisions of the "Specific Provisions" section of this *Policy*.

D. WHO IS ON THE HEALTH NET PHARMACY AND THERAPEUTICS COMMITTEE AND HOW ARE DECISIONS MADE?

The Committee is made up of actively practicing Physicians of various medical specialties from HNL contracting Physician groups, as well as clinical pharmacists. Voting members are recruited from contracting Physician groups throughout California based on their experience, knowledge and expertise. In addition, the Pharmacy and Therapeutics Committee frequently consults with other medical experts to provide additional input to the Committee. A vote is taken before a drug is added to the Essential Rx Drug List. The voting members are not employees of HNL. This ensures that decisions are unbiased and without conflict of interest.

E. PRESCRIPTION DRUGS DISPENSED BY A PARTICIPATING PHARMACY

You must purchase covered drugs at a Participating Pharmacy under this Plan.

HNL is contracted with many major pharmacy chains, supermarket based pharmacies and privately owned neighborhood pharmacies in California.

To find a conveniently located Participating Pharmacy, please visit Our website at www.healthnet.com or call the Customer Contact Center at the telephone number on the HNL ID Card. The Covered Person, upon presentation of a valid Health Net EPO Identification Card which indicates coverage for Prescription Drugs, shall be entitled to have a Prescription Drug Order filled by a Participating Pharmacy for up to a 30 consecutive calendar day supply per prescription, subject to the following:

(If the Health Net EPO Identification Card has not been received or if it has been lost, refer to the subsection titled "When the Health Net EPO Identification Card is Not in the Covered Person's Possession" below.)

- a. **IF A GENERIC DRUG IS DISPENSED** by a Participating Pharmacy, after satisfying the Pharmacy Deductible, the Covered Person must pay the Participating Pharmacy the Copayment specified in the "Schedule of Benefits" for each Generic Drug dispensed.
- b. **IF A BRAND NAME DRUG IS DISPENSED** by a Participating Pharmacy and there is an equivalent Generic Drug available, the Covered Person must obtain Prior Authorization and after satisfying the Pharmacy Deductible, pay the Pharmacy Deductible and any Copayment specified in the "Schedule of Benefits."

A Covered Person may avoid paying this additional amount by requesting that the Tier I Generic Drug be substituted.

F. SPECIALTY DRUGS DISPENSED BY THE SPECIALTY PHARMACY VENDOR

Specialty Drugs must be obtained through the Specialty Pharmacy Vendor. Once the Prior Authorization request has been approved by HNL, HNL will forward the prescription order to the Specialty Pharmacy Vendor. The Specialty Pharmacy Vendor may contact You directly to coordinate the delivery of Your medications.

The Specialty Pharmacy Vendor may dispense up to a 30-consecutive-calendar-day supply for each Prescription Drug Order or for each refill at the appropriate time interval. In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or HNL's usage recommendation. If this is the case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply.

G. PRESCRIPTION DRUGS DISPENSED BY A NONPARTICIPATING PHARMACY

There are **no benefits** for Prescription Drugs which are dispensed by Nonparticipating Pharmacies. The only exception are those Prescription Drugs used in conjunction with Emergency Care.

H. PRESCRIPTION DRUGS DISPENSED THROUGH THE MAIL SERVICE PRESCRIPTION DRUG PROGRAM

If the Covered Person's prescription is for a Maintenance Drug, the Covered Person shall be entitled to have a Prescription Drug Order filled through a mail delivery program selected by HNL. Through this program a Covered Person can receive, through the mail, up to a 90-day supply of a Maintenance Drug when so prescribed. In some cases a 90-consecutive calendar day supply of medication may not be an appropriate drug treatment plan, according to FDA or HNL usage guidelines. After satisfying the Pharmacy Deductible, the applicable mail order Copayments or the mail order pharmacy's retail charge, whichever is less, will be required.

To use this program, the Covered Person must place an order through the mail by completing a Prescription Mail Order Form. It must be accompanied by the original Prescription Drug Order, not a copy. The Prescription Mail Order Form and an explanation of how to use the program will be provided by HNL upon request. Please call The Customer Contact Center at the telephone number shown on Your HNL ID Card.

When a Brand Name Drug is dispensed, but there is an equivalent Generic Drug available, the Covered Person will need Prior Authorization and will be billed the Pharmacy Deductible and any Copayment specified in the "Schedule of Benefits."

A Covered Person may avoid paying this additional amount by requesting that the Generic Drug be substituted.

Note:

Maintenance Drugs may also be obtained at a CVS retail pharmacy for up to a 90 day supply under the mail order program benefits. Maintenance drugs are also available for up to a 30 days supply from any participating retail pharmacy.

Schedule II narcotic drugs and Specialty Drugs are not covered through the mail order program. Refer to the "Exclusions" section below for more information.

Specialty Drugs are only covered when dispensed through the Specialty Pharmacy Vendor, as described above, and are not covered through any other mail-order prescription drug program.

I. WHEN THE HEALTH NET EPO IDENTIFICATION CARD IS NOT IN THE COVERED PERSON'S POSSESSION

If the Covered Person needs to have a Prescription Drug Order filled by a Participating Pharmacy and has not received a Health Net EPO Identification Card, or it has been lost, the Covered Person must pay the cost of the drug(s). The Covered Person may then be entitled to reimbursement minus the applicable Copayment. After the Health Net EPO Identification Card has been received, the Covered Person must file a claim. Claim forms will be provided by HNL upon request.

J. GENERAL PROVISIONS

The following "General Provisions" apply to the coverage provided under this section. Other General Provisions appearing within this *Policy* also apply.

- Expense must be incurred on or after the Covered Person's Effective Date of coverage under this *Policy* and prior to termination of such coverage. An expense will be considered to have been incurred on the date that the Prescription Drug is dispensed.
- The amount of Prescription Drugs (including insulin) which may be dispensed per Prescription Drug Order or refill at a pharmacy will be in quantities normally prescribed by a Physician up to and including a thirty (30) consecutive calendar day supply, provided that a 30-consecutive calendar day supply is within the FDA's guidelines for indicated usage. This 30-consecutive calendar day maximum is applicable to all forms of the Prescription Drug, including pills, vials, ampoules, tubes, manufacturer's packages or inhalers.
- Up to a 90 consecutive calendar day supply of Maintenance Drugs (see the "Definitions" subsection above) may be dispensed through the Mail Service Prescription Drug Program. Prescription Drugs that are not Maintenance Drugs will also be dispensed by the mail order program, but the quantity dispensed may be less than a 90 day quantity. For information, the Covered Person should call the mail order program at **1-888-858-2951**.
- Compounded Drugs are prescription orders that have at least one ingredient that is Federal Legend or state restricted in a therapeutic amount as Medically Necessary and are combined or manufactured by the pharmacist and placed in an ointment, capsule, tablet, solution, suppository, cream or other form and require a prescription order for dispensing. Compounded Drugs (that use FDA approved drugs for an FDA approved indication) are covered if at least one of the ingredients is on the Essential Rx Drug List and there is no similar commercially available product. Refer to the "Off-Label Drugs" provision in this section for information about FDA approved drugs for off-label use. Coverage for Compounded Drugs requires the Tier III Drug Copayment and is subject to Prior Authorization by HNL and Medical Necessity.
- Any Participating Pharmacy furnishing benefits to the Covered Person does so as an independent contractor and HNL shall not be liable for any claim or demand on account of damages arising out of or in any manner connected with any injuries suffered by the Covered Person.
- HNL shall not be liable for any claim or demand on account of damages arising out of or in any manner connected with the manufacturing, compounding, dispensing or use of any Prescription Drug covered under this *Policy*.
- HNL retains the right to replace any third-party contracting agency through which Covered Persons may be required to obtain Prescription Drugs. If HNL should replace any such third-party contracting agency, the Policyholder would be notified of all new procedures. HNL also retains the right to modify the program with due notice to Covered Persons.

K. EXCLUSIONS:

In addition to any applicable "General Exclusions and Limitations" contained elsewhere in this *Policy*, the following "Exclusions" shall apply to the coverage described under this "Outpatient Prescription Drugs" section.

Note: Services or supplies excluded under the Outpatient Prescription Drug Benefit may be covered under Your medical benefits portion of this *Policy*. Please refer to the "Medical Benefits" section for more information.

- Prescription Drugs which are covered by any other benefits provided by this *Policy*, including any drugs provided for outpatient infusion therapy, delivered or administered to the patient by the attending Physician, or billed by a Hospital or Skilled Nursing Facility, are not covered.
- Drugs prescribed for a condition or treatment that is not covered by this *Policy*. However, the *Policy* does cover Medically Necessary drugs for a medical condition directly related to noncovered services when complications exceed routine follow-up care (such as life-threatening complications of cosmetic surgery).
- Services or supplies for which the Covered Person is not legally required to pay.
- Services or supplies for which no charge is made.
- Medical equipment and supplies (including insulin), that are available without a prescription, are covered only when prescribed by a Physician for the management and treatment of diabetes, for preventive purposes in accordance with the U.S. Preventive Services Task Force A and B recommendations, or for female contraception. In addition, disposable devices that are Medically Necessary for the administration of a covered outpatient Prescription Drug are covered.

Any other non-prescription drugs, equipment or supplies which can be purchased without a Prescription Drug Order, even if a Physician writes a Prescription for such drug, equipment or supply unless specifically listed on the Essential Rx Drug List. These are commonly called over-the-counter drugs. Insulin is an exception to this rule. However, if a higher dosage form of a non-prescription drug or over-the-counter drug is only available by prescription, that higher dosage drug will be covered.

If a drug that is previously available by prescription becomes available in an over-the-counter (OTC) form in the same prescription strength, this drug will only be covered when Medically Necessary and Prior Authorization is obtained from HNL.

- Drugs prescribed for cosmetic or enhancement purposes, including and not limited to those intended to treat wrinkles, baldness or conditions of hair loss, athletic performance, anti-aging and mental performance are not covered. Examples of these drugs that are excluded when prescribed for such conditions include, but are not limited to, Latisse, Renova, Vaniqua, Propecia or Lustra. This exclusion does not exclude coverage for drugs when pre-authorized as Medically Necessary to treat a diagnosed medical condition affecting memory, including but not limited to, Alzheimer's dementia, Medically Necessary drugs to treat sexual dysfunction and Medically Necessary Drugs to treat morbid obesity.
- Cosmetics and health or beauty aids.
- Weight-loss aids, however drugs for the treatment of morbid obesity are covered.
- Drugs used as dietary or nutritional supplements (including vitamins and nutritional supplements), even when prescribed in combination with a prescription drug product, unless listed in the Essential Rx Drug List. Phenylketonuria (PKU) is covered under the medical benefit (see the "Phenylketonuria" provision of the "Medical Benefits" section).
- Drugs when prescribed to shorten the duration of the common cold.
- Allergy desensitization products are not covered as Prescription Drugs, whether administered by injection or drops placed in the nose or mouth (transmucosal absorption), for the purpose of treating allergies by desensitization (to lessen or end the person's allergic reactions). (These products are sometimes described as "allergy serum.") Allergy serum is covered as a medical benefit. See the "Visits to a Health Care Provider's Office or Clinic" portion of the "Schedule of Benefits" section and the "Allergy Testing and Treatment" provision in the "Medical Benefits" section.
- Prescription Drugs or medicines delivered or administered to the patient by the attending Physician, or which are billed by a Hospital or Skilled Nursing Facility, or are covered under another section of this *Policy*.
- Hypodermic syringes and needles are limited to specific brands of insulin needles, syringes and specific brands of pen devices. In addition, disposable devices that are Medically Necessary for the administration of a covered outpatient Prescription Drug are covered. Needles and syringes required to administer self-injected medications (other than insulin) will be provided through Our Specialty Pharmacy Vendor under the medical benefit. All other syringes and needles are not covered.
- Medications limited by law to Investigational use, prescribed for Experimental purposes or prescribed for indications not approved by the Food and Drug Administration (unless the drug is being prescribed or administered by a

licensed health care professional for the treatment of a life-threatening or chronic and seriously debilitating condition and the Off-Label use of the drug for that purpose has generally been recognized as safe and effective as described in this section) unless independent review deems them appropriate as described in the "Independent Medical Review of Investigational or Experimental Therapies" portion of the "Specific Provisions" section of this *Policy*.

- Self-administered injectable drugs are covered under the medical benefit. Surgically implanted drugs are covered under the medical benefit (see the "Surgically Implanted Drugs" provision in the "Medical Benefits" section). However, self-administered injectable drugs, as described in the Essential Rx Drug List, are covered.
- Drugs on the Essential Rx Drug List when Medically Necessary for treating sexual dysfunction are limited to a maximum of 8 doses in any 30 day period.
- Lost, stolen or damaged drugs are not covered. The Covered Person will have to pay the retail price for replacing them.
- Schedule II narcotic drugs are not covered through mail order. Schedule II drugs are drugs classified by the Federal Drug Enforcement Administration as having a high abuse risk but also safe and accepted medical uses in the United States.
- Supply amounts for prescriptions that exceed the Food and Drug Administration's (FDA) or HNL's indicated usage recommendation unless Medically Necessary and Prior Authorization is obtained from HNL.
- Some drugs are subject to specific quantity limitations per Copayment or Coinsurance, whichever is applicable, based on recommendations for use by the FDA or HNL's usage guidelines. Medications taken on an "as-needed" basis may have a Copayment or Coinsurance based on a specific quantity, standard package, vial, ampoule, tube, or other standard unit. In such a case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply. If Medically Necessary, Your Physician may request a larger quantity from HNL.
- Individual doses of medication dispensed in plastic, unit does, or foil packages (unit dose packaging) and dosage forms used for convenience, unless Medically Necessary or only available in that form.
- Unit dose or "bubble" packaging (an individual dose of medication dispensed in plastic or foil packages).
- Drugs used for diagnostic purposes are not covered. Diagnostic drugs are covered under the medical benefit when Medically Necessary.
- Irrigation solutions and saline solutions are not covered.

B. TERM OF *POLICY* AND TERMINATION

Coverage for this *Policy* will commence on the date set forth in the Notice of Acceptance. This *Policy* shall remain in effect subject to the payment of Premiums as required, and subject to the right of HNL and the Policyholder to terminate it in accordance with the terms of the *Policy*.

The following describes the termination provisions of this *Policy*:

Coverage under this *Policy* will automatically terminate on the earliest to occur of the following dates:

- If any Premium as specified in the Notice of Acceptance is not paid before the end of the Grace Period, this *Policy* will terminate effective on midnight of the last day of the 30 day Grace Period. The Policyholder is liable for all Premiums due for the period coverage is in force.
- If the Policyholder ceases to be eligible according to the eligibility provisions of this *Policy*, coverage will be terminated for the Policyholder and any enrolled Dependents effective on midnight of the last day of the month in which loss of eligibility occurred.
- If a Dependent ceases to be eligible according to the eligibility provisions of this *Policy*, coverage will be terminated only for that person effective on midnight of the last day of the month in which loss of eligibility occurred.
- On midnight of the last day of the month in which entry of the final decree of dissolution of marriage, annulment or termination of domestic partnership occurs, a spouse or Domestic Partner shall cease to be an eligible Dependent. - If the Policyholder's coverage under the Health Net Life Company PPO health insurance policy ceases.

B. TERMINATION UPON NOTICE

HNL may terminate this *Policy* at any time by giving the Policyholder at least 30 days advance notice.

C. RENEWAL PROVISIONS

Subject to the termination provisions described in this *Policy*, coverage will remain in effect for each month Premium fees are received and accepted by HNL.

D. CHANGES IN PREMIUMS

Premiums may be changed by HNL on at least 60 days written notice to the Policyholder prior to the date of such change. Any change in Premium shall take effect on the first day of the next month following the expiration of the notice period.

If a governmental authority (a) imposes a tax or fee that is computed on premiums or (b) requires a change in coverage or administrative practice that increases HNL's risk, HNL may amend this *Policy* and increase the premium sufficiently to cover the tax, fee or risk. The effective date shall be the date set forth in a written notice from HNL to the Policyholder. The effective date shall not be earlier than the date that the tax, fee or required change in coverage or administrative practice is imposed by the governmental authority.

Premium changes due to legislative or regulatory requirements will become effective on the effective date of such changes.

If this *Policy* is terminated for any reason, the Policyholder shall be liable for all Premiums for any time this *Policy* is in force.

E. GRACE PERIODS

A Grace Period of 30 days will be allowed for payment of any Premium due, after the first one. During this period the *Policy* will remain in force (subject to the right of the HNL to cancel in accordance with the termination provision above). If the Policyholder fails to pay the required Premium when due, coverage could be canceled after a 30-day grace period. On or before the Premium due date, HNL will provide notification of the 30-day grace period. During the 30-day grace period, HNL must continue your coverage under this plan. If HNL does not receive payment of the delinquent subscription charges within the 30-day grace period, coverage will be terminated at the end of the grace period. The Policyholder will be responsible for the full cost of any Dental or Vision Services rendered after the Covered Person's date of termination. The Policyholder shall not be permitted to unilaterally reinstate coverage through the submission of Premium payments after the date on which this *Policy* has been terminated pursuant to this provision. Refer to "Reinstatement" below for further information. Premium payments received by HNL following expiration of the Grace Period shall be returned to the Policyholder, and the Policyholder shall not be entitled to further coverage hereunder.

F. REINSTATEMENT

If any renewal premium be not paid with the time granted the Policyholder for payment, a subsequent acceptance of premium by HNL or by any agent duly authorized by HNL to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the *Policy*; provided, however, that if HNL or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the *Policy* will be reinstated upon approval of such application by HNL or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless HNL has previously notified the Policyholder in writing of its disapproval of such application. The reinstated *Policy* shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than 10 days after such date. In all other respects the Policyholder and HNL shall have the same rights thereunder as they had under the *Policy* immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement.

G. EXTENDED COVERAGE

A 30 day temporary extension of coverage, only for the services shown below when given in connection with a procedure in progress, will be granted to a Covered Person on the date the person's coverage is terminated if termination is not voluntary. Benefits will be extended until the earlier of: (a.) the end of the 30 day period; or (b.) the date the Covered Person becomes covered under a succeeding policy or contract providing coverage or services for similar dental procedures.

Benefits will be covered for: (a) a procedure in progress or dental procedure that was recommended in writing and began, in connection with a specific dental disease of a Covered Person while the *Policy* was in effect, by the attending dentist; (b) an appliance, or modification to an appliance, for which the impression was taken prior to the termination of coverage; or (c) a crown, bridge or gold restoration, for which the tooth was prepared prior to the termination of coverage.

ELIGIBILITY AND ENROLLMENT

This *Policy* describes the vision and dental coverage (for Covered Persons age 19 and over) which is provided in conjunction with the health care coverage provided by HNL, under the Policy between HNL and the Covered Person.

The term of coverage under this *Policy* coincides with the term of coverage under the Covered Person's health plan with HNL. Coverage under this *Policy* will commence, renew and terminate consistent with the commencement, renewal and termination provisions set forth in the Policy for the Covered Person's health plan with HNL.

HNL establishes the conditions of eligibility that must be met in order to be eligible for coverage and continuing coverage under this Policy. In order to receive coverage under this Policy, the Policyholder and each of the Policyholder's Dependents that apply for coverage must continually reside in Our Service Area. The Notice of Acceptance indicates the names of applicants who have been accepted for coverage, the Effective Date thereof and the Deductible selected.

Policyholders and Dependents covered under this *Policy* must be age 19 or older. Individuals under age 19 may access pediatric vision and dental benefits as part of a medical policy that is compliant with the Affordable Care Act.

Policyholders covered under this *Policy* may also enroll Dependents who satisfy the eligibility requirements for enrollment. The following types of Dependents describe those who may enroll in this *Policy*:

- Spouse: The legal spouse, as defined by California law. (The term "spouse" also includes the Policyholder's Domestic Partner as defined.)
- Children: The children of the Policyholder or the Policyholder's spouse (including legally adopted children, stepchildren and wards, as defined in the following provision), under 26 years of age.
- Wards: Children for whom the Policyholder or the Policyholder's spouse is a court-appointed guardian.
- Other child: Any child that You have assumed a parent-child relationship, in lieu of a parent-child relationship described above, as indicated by intentional assumption of parental status, or assumption of parental duties by You, as certified by You at the time of enrollment of the child, and annually thereafter up to the age of 26 unless the child is disabled. This does not include foster children.

Application for Coverage (Enrollment) and Effective Date for Newly Eligible Dependents

You are entitled to add newly eligible Dependents (subject to the applicable Premium payment) to this Policy as shown below:

- An application to add coverage for a newly married spouse or Domestic Partner will only be considered if We receive a completed application within sixty (60) days of marriage or Declaration of Domestic Partnership. Evidence of Insurability will be required at the time of the new spouse or Domestic Partner's enrollment. Coverage shall begin on the date indicated on the Notice of Acceptance for the new enrollee.
- A newly adopted child, or a child who is being adopted, becomes eligible on the date the Policyholder or his or her spouse or Domestic Partner receives physical custody of the child.

Coverage begins automatically and will continue for 30 days from the date of eligibility. The Policyholder must enroll the child before the 60th day for coverage to continue beyond the first 30 days.

- If a court has ordered the Policyholder to provide coverage for an eligible Dependent, coverage will be effective for the first thirty (30) days following the date of the court order. To continue coverage after thirty (30) days, the Policyholder must enroll the eligible Dependent within sixty (60) days of the date of the court order and pay any required Premiums.

Benefits

Vision services are covered as shown in the "Vision Plan Schedule of Benefits" portion of this section. Covered Services can be provided by both Preferred and non-Preferred Providers. However, if a Covered Person receives vision services and Materials from a Preferred Provider, covered expenses will usually be paid at a higher level, as shown in the Vision Plan Schedule of Benefits. Certain services or Materials may be payable under this *Policy* only if the service or Material is furnished by a Preferred Provider. If this is the case, it will be indicated in the Vision Plan Schedule of Benefits. It is the Covered Person's responsibility to determine if a Vision Care Provider is a Preferred Provider at the time the service or Material is provided.

When the Covered Person receives Benefits from a Preferred Vision Provider he or she will pay a percentage of covered expenses or any amount in excess of the Maximum Benefit Allowance as stated in the Vision Plan Schedule of Benefits in this *Policy*. HNL pays the Preferred Vision Provider without You having to submit a claim. HNL arranges for the provision of vision services by contracting with Preferred Vision Providers to serve the Covered Persons in an organized and cost-effective manner.

When the Covered Person receives Benefits from a non-Preferred Vision Provider he or she is responsible for the difference in the Maximum Benefit Allowance and the provider's normal fee. The Covered Person is required to pay the full cost for the Covered Services, then submit a claim for reimbursement. Payment will be made directly to the Covered Person unless otherwise directed by the Covered Person.

If You have any questions regarding the Benefits described in this section, please contact the Customer Contact Center at **1-866-392-6058**.

Procedures For Using Preferred Vision Providers

To obtain Covered Services from a Preferred Vision Provider under this vision plan, the Covered Person must follow the steps below:

- 1. Obtain a Directory of Preferred Providers.** A Directory of Preferred Providers has been included with this *Policy*. If You lose the attached directory or need an updated directory, please contact the Customer Contact Center at **1-800-933-3684**.
- 2. Select a Preferred Vision Provider.** The Covered Person selects a Preferred Vision Provider from the Directory of Preferred Providers. HNL's Customer Contact Center can provide assistance in the selection of a Preferred Vision Provider.
- 3. Schedule an appointment for a complete vision examination with the Vision Provider.** The Covered Person calls the Vision Provider to schedule an appointment for a complete vision examination.

4. **Attend appointment and receive complete vision examination.** The Covered Person presents his or her HNL Identification Card to the Vision Provider at the time of the scheduled appointment. In accordance with professionally recognized standards of practice, the Covered Person will receive a complete vision examination, including an analysis of the eyes and related structures to determine the presence of vision problems or other abnormalities. The Vision Provider will provide a diagnosis and treatment plan, as appropriate.
5. **Obtain corrective eyeglass lenses, if necessary.** If the examination results in corrective lenses being prescribed for the first time, or if the Covered Person is a current wearer of corrective lenses and needs new lenses, the Covered Person may obtain the correctives lenses from either the examining Preferred Vision Provider or another Vision Provider of his or her choice. The dispensing Preferred Vision Provider will provide quality eyeglasses in accordance with the prescription of the examining Preferred Vision Provider. The Vision Provider will assist in the selection of a frame, verify the accuracy of the finished lenses and fit and adjust the frame. The Covered Person will be required to pay all charges in excess of the allowances shown in the Vision Plan Benefit Schedule for Materials at this time.

Coverage for prescriptions for contact lenses is subject to Medical Necessity and all applicable exclusions and limitations. Generally, coverage for contact lenses will only be authorized for the following circumstances:

- a) to correct extreme visual acuity problems that cannot be corrected (to 20/70 in the better eye) with eyeglass lenses,
- b) following cataract surgery resulting in Aphakia,
- c) for Anisometropia of 4.0 diopters or greater, or
- d) for Keratoconus, or other corneal irregularities.

A Covered Person may elect non-Medically Necessary contact lenses in lieu of all other Materials Benefits. Refer to the Vision Plan Schedule of Benefits for Benefits, exclusions and limitation information.

Choice of Preferred Vision Provider

The Directory of Preferred Providers is a listing of Preferred Vision Providers currently contracting with HNL in Your area. However, it is subject to change as new providers contract with HNL and some Preferred Vision Providers contract ends. The current participation status of any provider can be determined by calling HNL's Customer Contact Center at **1-866-392-6058**.

HNL compensates its Preferred Vision Providers on a discounted "fee-for-service" basis. HNL does not compensate Preferred Vision Providers with bonuses or financial incentives in connection with the amount of services the Covered Person may receive under this *Policy*. Therefore, there are no inducements to delay, reduce, limit or deny necessary and appropriate care. If further information is needed the Covered Person may contact HNL's Customer Contact Center or his or her Preferred Vision Provider.

Deductibles

Deductibles are a Covered Person's financial responsibility for Benefits paid to the Vision Care Provider at the time services are rendered. The specific Deductible amounts are listed in the Vision Plan Schedule of Benefits.

Covered Person's Liability For Payment

Covered Persons are responsible for any applicable charges and for payment for non-Covered Services and Materials in excess of specified Benefit limitations. If HNL does not pay a Preferred Vision Provider for Covered Services, the Covered Person will not be liable to the provider for any sums owed by HNL. But if HNL does not pay a non-Preferred Vision Provider, the Covered Person may be liable for payment.

Upon termination of any Preferred Vision Provider contract, HNL shall be liable for payment of Covered Services rendered by such Preferred Vision Provider (other than any Deductible or Covered Charges in excess of the Maximum Benefit Allowance) to a Covered Person who retains eligibility under this *Policy* or by operation of law who is under the care of such Preferred Vision Provider at the time of such termination, until the Covered Services being rendered to the Covered Person by such Preferred Vision Provider are completed, unless HNL makes reasonable and medically appropriate provision for the assumption of such services by another Preferred Vision Provider. A Covered Person may elect to continue care with the provider whose contract was terminated by HNL

if at the time of termination, the Covered Person was receiving care for an acute or serious chronic condition. If a Covered Person has questions about or wishes to request continuity of care, he or she should contact HNL's Customer Contact Center.

Grievance Procedures

1. General Information

If a Covered Person is not satisfied with the manner in which HNL has made a determination under this *Policy*, such as denial of a claim, he or she is required to initiate complaint procedures through HNL's internal complaint process. This process must be completed before requesting arbitration for final and binding resolution of the complaint.

If a complaint concerns malpractice on part of a Vision Care Provider or the quality of care given by a Vision Care Provider, the Covered Person should, if appropriate, attempt to resolve the complaint directly with the Vision Care Provider.

2. First Step – Internal Review

If, after discussion with the Member Service Department, a Covered Person is dissatisfied with HNL's determination of a policy or procedure, or a review of a denied claim, he or she may appeal the determination by calling or writing HNL's Complaint and Appeals unit at the following address:

HNL Insurance Company
P.O. Box 10348
Van Nuys, CA 91410-0348
1-800-933-3684

HNL can assist the Covered Person in writing with his or her complaint or appeal, or can provide the Covered Person with a complaint and appeal form. The complaint or appeal should include any additional information that HNL should consider and an itemized statement as to the amount in dispute.

HNL will notify the Covered Person in writing of the results of the review and the basis of the decision within 15 days of receipt of the complaint. HNL will advise the Covered Person if additional time is required.

3. Final Step – Neutral, Binding Arbitration

If a Covered Person does not agree with HNL's final determination, he or she can request neutral, binding arbitration in accordance with the California Arbitration Act.

Arbitration is the final process for resolving any dispute between the Covered Person and HNL, which arises out of or relates to coverage under this *Policy*.

As a condition of coverage under this *Policy*, You understand and agree that any all disputes or disagreements arising out of or relating to the *Policy*, or the breach thereof, that are not resolved by the parties must be submitted to final and binding Arbitration in accordance with the California Arbitration Act (California Code of Civil Procedure Sections 1280, et seq.) in lieu of a jury or court trial, with the express stipulation that the arbitrators shall strictly abide by the terms of this *Policy* and shall strictly apply rules of law applicable thereto. The written demand for arbitration shall contain a detailed statement of the matter and facts. The arbitration shall be conducted in California at a mutually agreed location by a single, neutral arbitrator who is licensed to practice law. The decision of the arbitrator shall be final and binding. Judgment upon the award rendered by the arbitrators may be entered in any court having jurisdiction. Each party (You and HNL) shall undertake to promptly notify the other party as to any claims or disputes it might have arising out of or relating the *Contract*. Arbitration must be filed within two years of the date the party discovers, or reasonably should have discovered under the circumstances, the existence of the claim. **California Department of Insurance**

Coordination of Dental Plan Benefits

If any Covered Services under this Policy are also payable under health or other dental insurance or other health coverage, We will not make payment under this dental Policy until after We determine what benefits are paid or payable by the health insurance or other dental or health coverage plan. This coordination of benefits (COB) provision applies when a person has health or dental coverage under more than one Coverage Plan. "Coverage Plan" is defined below. The order of benefit determination rules below determine which Coverage Plan will pay as the primary Coverage Plan. The primary Coverage Plan that pays first pays without regard to the possibility that another Coverage Plan may cover some expenses. A secondary Coverage Plan pays after the primary Coverage Plan and may reduce the benefits it pays so that payments from all group Coverage Plans do not exceed 100% of the total allowable expense. When two or more Coverage Plans pay benefits, the rules for determining the order of payment are as follows:

- A. The primary Coverage Plan pays or provides its benefits as if the secondary Coverage Plan or Coverage Plans did not exist.
- B. A Coverage Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage will be excess to any other parts of the Coverage Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Coverage Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Coverage Plan to provide out-of network benefits.
- C. A Coverage Plan may consider the benefits paid or provided by another Coverage Plan in determining its benefits only when it is secondary to that other Coverage Plan.
- D. The first of the following rules that describes which Coverage Plan pays its benefits before another Coverage Plan is the rule to use.
 1. Non-Dependent or Dependent. The Coverage Plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the Coverage Plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of

federal law, Medicare is secondary to the Coverage Plan covering the person as a dependent; and primary to the Coverage Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Coverage Plans is reversed so that the Coverage Plan covering the person as an employee, member, subscriber or retiree is secondary and the other Coverage Plan is primary.

2. Child Covered Under More Than One Plan. The order of benefits when a child is covered by more than one Coverage Plan is:
 - a. The primary Coverage Plan is the Coverage Plan of the parent whose birthday is earlier in the year if:
 - 1.) The parents are married;
 - 2.) The parents are not separated (whether or not they ever have been married); or
 - 3.) A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage. If both parents have the same birthday, the Coverage Plan that covered either of the parents longer is primary.
 - b. If the specific terms of a court decree state that one of the parents is responsible for the child's health or dental care expenses or health or dental care coverage and the Coverage Plan of that parent has actual knowledge of those terms, that Coverage Plan is primary. This rule applies to claim determination periods or Coverage Plan years commencing after the Coverage Plan is given notice of the court decree.
 - c. If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - 1.) The Coverage Plan of the custodial parent;
 - 2.) The Coverage Plan of the spouse of the custodial parent;
 - 3.) The Coverage Plan of the noncustodial parent; and then
 - 4.) The Coverage Plan of the spouse of the noncustodial parent.

As used above, "Coverage Plan" were a contract or insurance policy which provides coverage for dental care services.

Whenever HNL has made payments in excess of the benefits payable under this *Policy*, HNL has the right to recover the excess from any person to, or for, or with respect to whom, such payments were made, or from any other insurers, health care service plans or other organizations.

If HNL pays benefits for expenses incurred on account of a Covered Person, the Policyholder or any other person that was paid must make a refund to HNL if:

- All or some of the expenses were not paid by the Policyholder or his or her Dependents or did not legally have to be paid.

- All or some of the expenses were recovered from or paid by a source other than this *Policy*. This includes payments made as a result of claims against a third party of negligence, wrongful acts or omissions.

If the refund is due from another person or organization that was paid, the Policyholder and his or her Dependents agree to help HNL get the refund when requested.
